PREFACE

THE *Yearbook* was first published in 1914. Before its advent the official University Calendars were the only authentic sources of information regarding the personnel, organization, regulations and recent activities of Universities. When Universities were few and University men took but little interest in affairs of any except their own, the Calendars sufficed ; but there are now seventy-four Universities in the British Commonwealth and each takes a growing interest in the others. In the *Yearbook* such information has been collected as may be of interest to members of other Universities and Colleges, to Government Departments, clubs, school-masters and the public generally.

For a variety of reasons the Executive Council decided that publication of the *Yearbook* should be temporarily suspended after the issue in 1941 of the Supplement to the *Yearbook* of 1940. With the resumption of publication in 1947 of the *Yearbook*, after a gap of seven years, some of the Appendices which were included in the pre-war editions were omitted owing to restrictions in paper supplies. In this edition, however, it has been possible to reinstate an appendix dealing with post-graduate scholarships and awards principally tenable in the Universities of the United Kingdom, and to insert for the first time an appendix on the work of the Inter-University Council for Higher Education in the Colonies with which a number of University Colleges in Colonial territories is affiliated.

The sections dealing with the Universities of Great Britain and Ireland, of Canada, of Australia, of South Africa, of India, and of Pakistan, are prefaced by introductory chapters treating briefly of their history, regulations and practice. The thanks of the Executive Council are due to those who have generously assisted in the revision of these chapters.

The information given under each University comprises :

(1) A directory of the officers and members of the staff of the University. This directory gives the degrees held by the teachers as well as the University by which they were granted, except where the degrees are those awarded by the University upon whose staff the teacher is serving. These degrees are indicated by being placed last. In cases where honorary degrees are too numerous to specify, the names of the Universities by which they were conferred are likewise omitted. With the exception of honours conferred by H.M. the King and by the French

Republic, titles other than degrees are omitted, unless they throw light upon the standing of their holders in the subjects which they profess.

(2) General Information.

(3) Reports of events of outstanding interest which occurred during the previous academic year.

For purposes of reference there are an Index of Names and a General Index.

The Executive Council of the Universities Bureau desire to acknowledge the assistance given by Universities as well as other Institutions and Government Departments in the revision of the *Yearbook*, but cannot accept responsibility for omissions or inaccuracies in the information supplied.

At the final meeting of the Congress of 1912 the delegates resolved that steps be taken for the formation in London of a Bureau of Information for the Universities of the Empire. In the spring of 1919 the Government offered a non-recurrent grant of £5000 to enable the Committee to secure and furnish premises suitable for the wide activities which the Bureau had developed, on condition that the Universities of the Empire undertook to provide funds adequate to its maintenance, and the Bureau was incorporated under licence of the Board of Trade. The Committee thereupon purchased the lease of No. 50 Russell Square. In 1930 the lease of these premises was sold and new offices were built at 88A Gower Street (in Torrington Place), W.C.1, on a site the lease of which was taken from the University of London. At the Fourth Quinquennial Congress of Universities of the Empire, held in Edinburgh in July 1931—the Second having been held at Oxford in 1921 and the Third at Cambridge in 1926—new Articles of Association for the re-organization of the Bureau were considered by the delegates of the 69 Universities represented, and, subject to certain amendments, approved. The Articles were submitted in September 1931 to the Board of Trade, which accorded its approval, subject to the deletion from Article 3 of the following proviso: " Provided that the powers of the Association shall not be exercised in any such way as to purport to restrict the powers and duties exercised by the constituent members under the several charters, statutes, regulations and other instruments of their self-government."

The Articles were approved at an Extraordinary General Meeting of the Association held on September 24, 1932. At the same Meeting the Association expressed its adherence to the principles of policy stated in this proviso.

At Extraordinary Meetings of the Association held in Cambridge on July 14, 1936, in London on January 12, 1940, minor amendments of Schedule A were approved. Further minor alterations in Schedule A, as well as certain changes in the Articles of Association were made at an Extraordinary General Meeting held at Oxford in July 1948. As a result of a Special Resolution at this meeting the name of the Association was changed from " The Universities Bureau of the British Empire " to " The Association of Universities of the British Commonwealth ." The Memorandum and Articles of Association immediately follow.

MEMORANDUM AND ARTICLES OF ASSOCIATION OF THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH

(The word " Limited " being omitted by Licence of the Board of Trade)

MEMORANDUM OF ASSOCIATION

1. The name of the Association is " THE ASSOCIATION OF UNIVERSITIES OF THE BRITISH COMMONWEALTH."

2. The registered office of the Association will be situate in England.

3. The objects for which the Association is established are :—

- (1) To take over and accept by way of gift or otherwise such of the assets and property of the unincorporated Universities Bureau of the British Empire, established in 1912, as the Association may lawfully acquire and to carry on and continue the undertaking and activities of the said Bureau.
- (2) To collect and distribute information from time to time on matters of interest to the Universities of the British Empire.
- (3) To arrange conferences and congresses and otherwise to facilitate communication and the interchange of information between the said Universities and between them and the Governments and other public bodies and learned institutions and societies of the British Empire and the Governments, Universities and other bodies of foreign countries.
- (4) To facilitate the interchange of students and teachers between the said Universities and between them and the Universities of foreign countries.
- (5) To establish and maintain a central office in London which shall serve, amongst other things, as a secretariat for the standing Committee of Vice-Chancellors and Principals of Universities in the United Kingdom and for any other Committees which the Universities may from time to time appoint.
- (6) To establish and maintain offices in any other parts of the United Kingdom or in any state, colony, or dependency of the British Empire or in any foreign country or state, to form centres and secretariats for the work and activities of the Association.
- (7) To print, publish and circulate handbooks, periodicals, circulars, leaflets and other publications with a view to making known and to furnishing and disseminating information about and encouraging interest in the objects, work and activities of the Association in any part of the world, and generally in connexion with the carrying out of its objects.

- (8) To invite and collect subscriptions and donations to the funds of the Association by any lawful means.
- (9) To co-operate with other associations having similar objects with a view to the promotion of the objects of this Association.
- (10) To make, accept, endorse, discount and execute promissory notes, bills of exchange and other negotiable instruments
- (11) To invest the moneys of the Association not immediately required for the purposes of the Association in or upon such securities and in such manner as may from time to time be deemed expedient, provided that moneys subject or representing property subject to the jurisdiction of the Charity Commissioners or Board of Education shall not be invested except in such securities and with such sanction (if any) as may for the time being be required by law.
- (12) To borrow or raise money for the purposes of or in connexion with the Association's objects and to secure the same by mortgage or charge of any property of the Association or by the issue of debentures or debenture stock, charged on its undertaking or otherwise, or in any other manner as may be deemed expedient.
- (13) To do all such other things as may be thought calculated to promote the interests and well-being of the Universities of the British Empire or any of them.
- (14) To do all such other things as may be incidental or conducive to the attainment of the above objects or any of them.

Provided that the Association shall not support with its funds any object or endeavour to impose on or procure to be observed by its Members or others any regulation, restriction or condition which if an object of the Association would make it a Trade Union.

Provided also that in case the Association shall take or hold any property subject to the jurisdiction of the Charity Commissioners or Board of Education for England and Wales, the Association shall not sell, mortgage, charge or lease the same without such authority, approval or consent as may be required by law, and as regards any such property the Managers or Trustees of the Association shall be chargeable for such property as may come into their hands, and shall be answerable and accountable for their own acts, receipts, neglects and defaults, and for the due administration of such property in the same manner and to the same extent as they would as such Managers or Trustees have been if no incorporation had been effected; and the incorporation of the Association shall not diminish or impair any control or authority exercisable by the Chancery Division, the Charity Commissioners or the Board of Education over such Managers or Trustees, but they shall, as regards any such property, be subject jointly and separately to such control or authority as if the Association were not incorporated. In case the Association shall take or hold any property which may be subject to any trusts, the Association shall only deal with the same in such manner as allowed by law having regard to such trusts.

4. The income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association as set forth in this Memorandum of Association ; and no portion thereof shall be paid or transferred directly or indirectly by way of dividend, bonus, or otherwise howsoever by way of profit, to the Members of the Association.

Provided that nothing herein shall prevent the payment, in good faith, of reasonable and proper remuneration to any officer or servant of the Association, or to any Member of the Association, in return for any services actually rendered to the Association, nor prevent the payment of interest at a rate not exceeding 5 per cent per annum on money lent or reasonable and proper rent for premises demised or let by any Member to the Association ; but so that no Member of the Executive Committee or Governing Body of the Association shall be appointed to any salaried office of the Association, or any office of the Association paid by fees, and that no remuneration or other benefit in money or money's worth shall be given by the Association to any Member of such Committee or Governing Body except repayment of out-of-pocket expenses and interest at the rate aforesaid on money lent or reasonable and proper rent for premises demised or let to the Association : Provided that the provision last aforesaid shall not apply to any payment to any railway, gas, electric lighting, water, cable or telephone company of which a Member of the Executive Committee or Governing Body may be a Member or any other company in which such Member shall not hold more than one-hundredth part of the capital, and such Member shall not be bound to account for any share of profits he may receive in respect of any such payment.

5. No addition, alteration, or amendment shall be made to or in the regulations contained in the Articles of Association for the time being in force, unless the same shall have been previously submitted to and approved by the Board of Trade.

6. The 3rd and 4th Paragraphs of this Memorandum contain conditions on which a licence is granted by the Board of Trade to the Association in pursuance of Section 20 of the Companies (Consolidation) Act, 1908.

7. The liability of the Members is limited.

8. Every Member of the Association undertakes to contribute to the assets of the Association, in the event of the same being wound up during the time that he is a Member, or within one year afterwards, for payment of the debts and liabilities of the Association contracted before the time at which he ceases to be a Member, and of the costs, charges and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding One Pound.

9. If upon the winding up or dissolution of the Association there remains, after the satisfaction of all its debts and liabilities, any property whatsoever, the same shall not be paid to or distributed among the Members of the Association, but shall be given or transferred to some other institution or institutions having objects similar to the objects of the Association, and which shall prohibit the distribution of

its or their income and property amongst its or their Members to an extent at least as great as is imposed on the Association under or by virtue of Clause 4 hereof, such institution or institutions to be determined by the Members of the Association at or before the time of dissolution, or in default thereof by such Judge of the High Court of Justice as may have or acquire jurisdiction in the matter, and if and so far as effect cannot be given to the aforesaid provision then to some charitable object.

10 True accounts shall be kept of the sums of money received and expended by the Association, and the matter in respect of which such receipts and expenditure take place, and of the property, credits and liabilities of the Association; and, subject to any reasonable restrictions as to the time and manner of inspecting the same that may be imposed in accordance with the regulations of the Association for the time being, shall be open to the inspection of the Members. Once at least in every year the accounts of the Association shall be examined and the correctness of the balance-sheet ascertained by one or more properly qualified Auditor or Auditors.

ARTICLES OF ASSOCIATION

PRELIMINARY

1. The number of the Members of the Association is declared not to exceed 100, but the Council may at any time register an increase in the number of the Members.

2. These Articles shall be construed with reference to the provisions of the Companies Act, 1929, and terms used in these Articles shall be taken as having the same respective meanings as they have when used in that Act.

3. The Association is established for the purposes expressed in the Memorandum of Association.

MEMBERSHIP

4. The Members of the Association shall consist of corporate bodies with the following status :—

- (a) *Ordinary Members* who shall be (i.) such of the Universities specified in Schedule A attached to these Articles as sign the undertaking required by Article 5, and (ii.) such Universities situate within the British Empire, which may be hereafter incorporated, as are admitted members by the Council in accordance with such regulations as may be framed by the Council in this behalf.
- (b) *Associate Members* who shall be such Universities in mandated territories and such other institutions being University Colleges or Colleges of Universities within the Empire (being corporate bodies), as may hereafter be admitted members by the Council under such conditions of membership as may be prescribed by the Council in this behalf.
- (c) *Such other classes of members* (consisting of corporate bodies) as may from time to time be admitted by the Council under such

conditions of membership as may be prescribed by the Council in this behalf

5. Every Member shall sign an undertaking in such form as the Council may require to observe and perform all the conditions and provisions of the regulations of the Association for the time being in force, and thereupon the name of such Member shall be entered in the register of Members of the Association.

6. Ordinary Members shall have full rights of membership. Other Members shall be entitled to such of the privileges and benefits of the Association as may be assigned to them from time to time by the Council.

7. Every Member shall nominate a person to act as its representative. Such nomination shall be in writing and shall be deposited at the registered office of the Association. Such representative shall have the right on behalf of the Member to exercise all such rights of membership as may have been assigned to such Member by these Articles or by Regulations framed by the Council. A Member may from time to time in writing revoke the nomination of such representative, and nominate another representative in his place.

7a. The representative of any Member may nominate in writing deposited with the Secretary a deputy to act for him during any period for which he gives notice in such writing that he will be absent from the United Kingdom; during such period for the purposes of these Articles any deputy so nominated shall be entitled to act as if he were the representative, and the Association shall be entitled to treat him as the representative, and anything done or suffered by him shall be deemed to have been done or suffered by the representative, whether (should the representative be at the time one of the persons appointed to the Executive Council) in relation to the business of the Executive Council or otherwise.

8. Any Member may withdraw from the Association by giving notice in writing to the Secretary before the expiration of any financial year, and on paying with such notice any unpaid subscription for the current year. Thereupon such Member shall be deemed to have ceased to be a Member from the date of the expiration of such financial year.

9. Upon the retirement of any Member by notice as stated in Article 8 the Member shall not be entitled to any repayment of any subscription or any part thereof paid for the current year.

10. The rights of any Member shall not be transferable and shall cease upon the Member failing to pay the annual subscription within twelve months of its becoming due. Any such Member may be re-admitted to membership upon payment of the subscription for the year during which its membership lapsed.

DUTIES OF MEMBERS

11. Every Member of the Association shall be bound :—

(a) To pay to the Association such minimum annual subscriptions for the various classes of members as may be fixed by the Association at its first General Meeting after the adoption of these Articles, and as may subsequently be fixed from time to time at

Extraordinary Meetings held during the progress of Quinquennial Congresses, under the provisions of Article 35.

- (b) To observe the provisions of these presents and of the Memorandum of Association and all the bye-laws, rules and regulations of the Association for the time being in force.

COUNCIL OF THE ASSOCIATION

12. The Executive of the Association shall be a Council consisting of 21 persons chosen from the representatives of Ordinary Members as follows.—

Member Universities of Great Britain and Ireland	9 representatives
“ “ Canada	3 “
“ “ Australia	2 “
“ “ New Zealand	1 representative
“ “ South Africa	2 representatives
“ “ India	2 “
“ “ Pakistan	1 representative
“ “ other parts of the British Empire	1 representative

13. The Members of the Council shall be appointed by the Association in General Meeting for a period of one year on the respective nominations of the Ordinary Members of the Association for the several territories specified in Article 12.

14. The office of a Member of the Council shall *ipso facto* be vacated if his appointment as a representative of a Member is withdrawn by the Member appointing him, or if the Corporation appointing him ceases to be a Member of the Association.

15. Casual vacancies shall be filled by the Council from amongst the representatives nominated by Ordinary Members under the provisions of Article 7. The person so appointed shall hold office until the Annual Meeting next after his appointment, but he shall then be eligible for re-election if nominated in accordance with the terms of Article 13.

16. No act or resolution of the Council shall be invalidated by reason of the existence of any vacancy or vacancies among Members of the Council, but if the number of Members of the Council shall be reduced below 13 the continuing Members may act for the purpose only of filling vacancies or summoning a General Meeting of the Association.

17. The Council shall manage and control all matters relating to the management and organization of the Association and may exercise all such powers of the Association as are not by the Companies Act, 1929, or by these Articles required to be exercised by the Association in General Meeting, subject nevertheless to any regulation of these Articles, to the provisions of the said Act, and to such regulations being not inconsistent with the aforesaid regulations or provisions, as may be prescribed by the Association in General Meeting; but no regulation made by the Association in General Meeting shall invalidate any prior act of the Council which would have been valid if that regulation had not been made.

18. The Council may appoint, in consultation with the appropriate groups of Universities, special Committees to study and report on questions of interest to the Universities in more than one region of the Empire and shall provide the necessary secretarial assistance for such Committees, but if such assistance involves exceptional expenditure, they may make it a condition of providing such assistance that a special subvention be made by the Universities concerned.

19. The Council shall study and report on, either by means of special Committees or otherwise as may be appropriate in each case, any questions referred to them by any Conference or Congress of Universities, but if exceptional expenditure is involved they may make it a condition of undertaking the inquiry that a special subvention be made by the Universities concerned.

20. The Council may elect a Chairman of their meetings and determine the period for which he is to hold office, but if no such Chairman is elected, or if he should not be present at the commencement of any meeting of the Council, the members of the Council shall select a Chairman from those present for that meeting.

21. The Chairman of the Council may at any time, and the Secretary upon the request of six Members of the Council shall, convene a meeting of the Council. In the case of a meeting convened at the request of six Members the notice of meeting shall state the character of the business to be discussed, and only business of which notice shall have been so given shall be discussed at that meeting. Each Member of the Council shall name an address in the United Kingdom at which all notices shall be served upon him, and all notices served at such address shall be deemed to be well served. Questions arising at any meeting of the Council shall be decided by a majority of Members present and voting at such meeting. In the event of the votes being equally divided the Chairman shall have a second or casting vote.

22. The quorum for a meeting of the Council shall be five.

23. A meeting of the Council for the time being at which a quorum is present shall be competent to exercise all or any of the authorities, powers and discretions by or under the Articles of Association for the time being vested in or exercisable by the Council generally.

24. The Council may delegate such of its powers as it considers desirable to any Committee consisting of Members of the Council.

25. The meetings and proceedings of any such Committee shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Council, so far as the same are applicable thereto.

26. The Council may from time to time appoint a Secretary of the Association and any other officers or servants who may be required for the performance of the business of the Association or of the Council, and may from time to time appoint a temporary substitute for the Secretary who, in the absence of the Secretary, shall be deemed to be the Secretary.

27. All acts done by any meeting of the Council or by any person acting as a Member of the Council shall notwithstanding that it shall be afterwards discovered that there was some defect in the appointment of the Council or persons acting as aforesaid, or that they or any of

them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Member of the Council.

28. Without prejudice to the generality of the powers conferred upon the Council by Article 17 the Council may from time to time frame regulations (a) generally to give effect to the provisions of the Memorandum of Association and of these Articles and (b) particularly for the following purposes :—

- (1) for admitting Universities which may hereafter become corporations ;
- (2) for admitting as Associate members Corporations which are Universities in mandated territories and other institutions being University Colleges or Colleges of Universities within the Empire ;
- (3) for assigning privileges of membership to (a) Associate members and (b) other classes of members ;
- (4) for prescribing a form to be signed by members prior to admission as members ;
- (5) for prescribing the manner in which the groups of Universities referred to in Article 12 shall appoint representatives ;
- (6) for managing the business and defining the duties of the Association ;
- (7) for delegating to Committees of the Council such of its powers as are not inconsistent with the provisions of these Articles ;
- (8) for fixing the manner of the appointment of the special Committees referred to in Articles 18 and 19 ;
- (9) for arranging for the provision of secretarial assistance to such Committees ; and for assessing any exceptional expenditure involved and distributing it amongst Universities concerned ;
- (10) for determining the period for which the Chairman of the Council is to hold office ;
- (11) for defining the manner in which the minutes of business transacted at meetings of the Association are to be recorded ;
- (12) for providing for the custody of the seal and for determining the officer of the Association other than the Secretary who may countersign instruments to which the seal is attached ;
- (13) for prescribing the form in which instruments appointing proxies shall be framed ;
- (14) for prescribing the books of account which have to be maintained in accordance with the provisions of Article 60 ;
- (15) for prescribing the place at which such books of account shall be kept.

Provided always that no regulation made by the Council shall have any validity or effect if it amounts to or involves such an alteration of or addition to these Articles as could only lawfully be made by Special Resolution.

MINUTES

29. The Council shall cause minutes to be duly entered in books provided for the purpose of all business transacted at General and Extraordinary Meetings and at meetings of the Council and Committees thereof.

30. Any such minutes of any meeting of the Council or of Committees thereof, or of the Association, if purporting to be signed by the Chairman of such meeting, or by the Chairman of the next succeeding meeting, shall be conclusive evidence of the matters stated in such minutes.

31. The Council shall submit to the Annual General Meeting of the Association a report of its work and activities during the preceding year.

SEAL

32. The Council shall provide for the safe custody of the seal, and the seal shall never be used except by the authority of the Council previously given, and in the presence of a Member of the Council, who shall sign every instrument to which the seal is affixed, and every such instrument shall be countersigned by the Secretary or some other person appointed by the Council.

GENERAL MEETINGS

33. A General Meeting of the Association shall be held once at least in every calendar year in London or such other University town and at such time as may be determined by the Council provided that a General Meeting shall be held within not more than fifteen months after the holding of the last General Meeting.

34. The above-mentioned General Meetings shall be called Ordinary Meetings, all other General Meetings shall be called Extraordinary Meetings.

35. An Extraordinary Meeting of the Association shall be held during the progress of each Quinquennial Congress of Universities of the Empire or within three days of the commencement or termination of that Congress.

36. Notwithstanding any provisions to the contrary in these Articles the Chairman shall have power at any Extraordinary Meeting summoned under the provisions of Article 35 to place on the agenda matters which have been the subject of a resolution passed by the delegates at the Quinquennial Congress during which the Extraordinary Meeting is being held.

37. The Council may whenever it thinks fit, and it shall upon a requisition made in writing and signed by Members entitled to vote representing not less than one-tenth of the total voting rights of all the Members having at the date of the requisition a right to vote at General Meetings of the Association, convene an Extraordinary Meeting. The Secretary shall at any time when required by the Chairman of the Council summon an Extraordinary Meeting.

38. Any requisition made by the Members of the Association entitled to vote as aforesaid shall express the object of the meeting proposed to be called and shall be left at the registered office of the Association.

39. Upon the receipt of such requisition the Council shall forthwith proceed to convene an Extraordinary Meeting, and if they neglect to do so for twenty-one days from the time of the requisition being so left

the requisitionists or any of them representing more than one-half of the total voting rights of all of them may themselves convene the meeting in the same manner, as nearly as possible, as that in which meetings are to be convened by the Council.

40. The business of an Ordinary Meeting shall be :—

- (a) To receive and consider the accounts, the balance sheet and the reports of the Council and the Auditors;
- (b) To appoint an Auditor or Auditors and fix his or their remuneration.
- (c) To appoint the Members of Council in accordance with the provisions of Article 13.

All other business transacted at an Ordinary Meeting and all business transacted at an Extraordinary Meeting shall be deemed special. If any Member has any proposal or any matter which he wishes to make or bring before an Ordinary Meeting he shall give fourteen days' written notice thereof to the Secretary.

41. Subject to the provisions of Section 117 (2) of the Companies Act, 1929, relating to Special Resolutions, twenty-eight days' notice at the least (or in the case of a meeting convened pursuant to a requisition of Members fourteen days' notice at the least) exclusive of the day of giving the notice but inclusive of the day of the meeting, specifying the place, the day and hour of meeting and (in case of special business) the general nature of such business, shall be given by notice to the Members in manner hereinafter stated with reference to the giving of notices, but the accidental omission to give such notice to or the non-receipt of such notice by any Member shall not invalidate the proceedings of any meeting. It shall not be necessary to give notice of a meeting to a representative of a Member who has no registered address in the United Kingdom.

42. Except as otherwise provided by these presents no business shall be transacted at any General Meeting unless a quorum of Members entitled to vote is present at the time when the meeting proceeds to business.

43. A quorum shall consist of ten Ordinary Members.

44. If within half-an-hour from the time appointed for a meeting ten Ordinary Members entitled to vote are not present the meeting if convened upon a requisition of Members shall be dissolved, but in any other case it shall stand adjourned to a place to be fixed by the Chairman and to a date to be fixed by the Chairman not earlier than two weeks and not later than one month after the date of the original meeting, and if at such adjourned meeting a quorum is not present but two or more Ordinary Members entitled to vote are present the Members present entitled to vote shall be a quorum and may transact the business for which the original meeting was called.

45. At any adjourned General Meeting the Ordinary Members present entitled to vote being two or more in number shall have the power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place had a sufficient number of Members entitled to vote been present at such meeting. Notice of the time and place fixed by the Chairman for an adjourned

meeting shall be given to all Members entitled to receive notices of meetings

46. The Chairman of the Council shall be the Chairman of every General Meeting, but if within fifteen minutes from the time appointed for holding the meeting he is not present the Members present at the meeting and entitled to vote shall choose a Member entitled to vote to act as Chairman in his place.

47. The Chairman may upon the resolution of the meeting adjourn any meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

48. No poll shall be demanded on the appointment of a Chairman or on a question of adjournment

49. At any General Meeting unless a poll is demanded by at least two Members entitled to vote a declaration by the Chairman that a resolution has been carried or has been carried unanimously or by a particular majority or lost or not carried by a particular majority and an entry to that effect in the book of proceedings of the Association shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

50. If a poll is demanded by two or more Members entitled to vote it shall be taken in such manner as the Chairman directs, and he shall have power to take the poll at once at the meeting or to adjourn the meeting for a reasonable time not exceeding fourteen days for the purpose of taking such poll, and the result of such poll shall be deemed to be the resolution of the Association in General Meeting. In case of an equality of votes at any General Meeting the Chairman shall be entitled to a second vote or casting vote.

51. Minutes of all resolutions and proceedings at General Meetings, signed by any person purporting to be the Chairman of the Meeting at which such Minutes were signed as correctly recorded, shall be conclusive evidence of the facts therein stated.

52. Nothing in these Articles shall preclude the Council from inviting any member of the teaching or administrative staff of a corporation or institution, which is an Ordinary Member or an Associate Member, to attend a General or Extraordinary Meeting of the Association, or any meeting of the Council or Committees thereof, provided that any person so attending any meeting shall not be entitled to vote at such meeting or to participate in any discussion on any subject other than that for the discussion of which he has been invited to attend.

VOTES AT GENERAL MEETINGS

53. Every Member entitled to vote represented directly or by proxy shall have one vote and no more at a General Meeting except the Chairman, who shall, in case of an equality of votes, have a second or casting vote.

54. Votes may be given either personally by the representative of a Member or by proxy given by such representative.

report shall, not less than seven days before the date of the meeting, be sent to all persons entitled to receive notices of General Meetings of the Association.

AUDIT

64. Auditors shall be appointed and their duties regulated in accordance with Sections 132, 133 and 134 of the Companies Act, 1929.

NOTICES

65. A notice may be given by the Association to any Member either personally to the representative of such Member or by sending it by post to such representative to his address in the United Kingdom. Every representative of a Member shall furnish to the Association an address in the United Kingdom at which notices may be served.

66. Where a notice is sent by post, service of the notice shall be deemed to be effected by properly addressing, prepaying and posting a letter containing the notice, and, unless the contrary is proved, to have been effected on the day succeeding that on which it was posted.

UNIVERSITIES OF GREAT BRITAIN AND IRELAND

HISTORICAL AND GENERAL SUMMARY

UNIVERSITIES were the outcome of the great intellectual revival which affected Europe in the twelfth and thirteenth centuries. Shortly after the Schools of Bologna and Paris had developed into what we now term Universities, similar seats of learning arose at Oxford and Cambridge, the nucleus of organization being, as at Paris, a corporation of masters—not, as at Bologna, a corporation of students—and many of the students being boys of fourteen or even younger. Instruction was in the form of lectures by licensed teachers. To the Seven Liberal Arts of the mediæval schools (the “trivium”—grammar, logic and rhetoric, and the “quadrivium”—arithmetic, geometry, music and astronomy) the Universities added the three higher “Faculties” of theology, law and medicine in order to provide complete preparation for the learned professions. The Scottish Universities, except Edinburgh, were founded in the fifteenth century, but the country had not been greatly influenced by the Revival of Learning, and although the earliest Reformers were in touch with continental scholars, and some attempts were made to introduce the New Learning into the schools and universities, the mediæval scholastic tradition remained paramount in St. Andrews and Glasgow until the seventeenth century. Aberdeen was more receptive to *renaissance* influences. The University of Edinburgh originated in a College established by the Town Council in 1583. Trinity College, Dublin, was founded by Queen Elizabeth in 1591 on the lines of the Oxford and Cambridge colleges.

After the Reformation a demand arose in England for education of a more secular type, but the Acts of Uniformity (1559 and 1662) and similar measures stereotyped the schools and universities as clerical and theological institutions, and by the latter half of the eighteenth century the teaching in the Universities had become mainly traditional and formal and they were rapidly losing their hold on the national life.

Readjustment to modern conditions took place in the course of the nineteenth century. Already in 1779 Protestant Dissenters, and in 1791 Roman Catholics, had been emancipated from the ban against their following the teaching profession. The few denominational tests retained by the older Universities were abolished in 1871.

Oxford in 1800 established a system of written examinations for the bachelorship, and Cambridge, in 1824, the classical Tripos. Soon afterwards both Universities instituted non-classical Honour examinations. The University Commissioners of 1850 and 1877 made provision at Oxford and Cambridge for the endowment of the teaching of modern subjects, and the throwing open of scholarships to students of such subjects removed practically all obligations to take orders in the Church of England and did much to make the Universities accessible to all classes of the community.

Pursuant to the recommendations made by the Royal Commission of 1919, important constitutional and other changes have been effected at Oxford and Cambridge by the Statutory Commissioners appointed in 1923. See the sections relating to these Universities in the 1929 *Yearbook*.

In 1836 a charter was granted to the University of London empowering it to grant degrees to the students of University College (founded on an undenominational basis as the "University of London" in 1826) and King's College (founded in 1829) and of such other institutions as might become affiliated for purposes of examination. The University was reconstituted in 1900. The University of Durham, which in its original conception followed closely the lines of Oxford, was founded under an Act of Parliament in 1832 and received its charter in 1837. It was partly endowed out of the funds of the See and Chapter of Durham. The Colleges in which the other English Universities originated were founded as follows: Owens College, Manchester, 1851; Yorkshire College, Leeds, 1874; University College, Bristol, 1876; Firth College, Sheffield, 1879; Mason College, Birmingham, 1880; University College, Liverpool, 1881; the University Extension College, in conjunction with the Schools of Science and Art, Reading, in 1892. Created to minister to local needs and supported largely by local benefactions, they were naturally closely associated with local industries, and from the first laid stress upon the study of mathematical, scientific and modern subjects. Reading differs from the others in having been established in a town of comparatively small size (population less than 100,000), in the prominence given to work bearing on the agricultural and associated industries and in its policy of making residence in college or hostel the rule for its students. The Royal College of Science and the Royal School of Mines originated in a Technical School formed in 1851 in connexion with a Museum of Practical Geology. They, with the City and Guilds (Engineering) College, founded in 1881, became integral parts of the Imperial College of Science and Technology which was established in 1907 with the declared purpose of giving the highest specialized instruction and providing for research in the various branches of science, especially in its applications to industry.

A University of Wales was projected early in the fifteenth century, and the project was revived in Cromwell's time, but it did not materialize until 1893. The constituent colleges at Aberystwyth, Cardiff, Bangor, and Swansea were founded in 1872, 1883, 1884 and 1920 respectively. They are thoroughly indigenous to the Principality, much of the funds having been collected in very small sums from

workpeople at the doors of churches and chapels. The Welsh National School of Medicine at Cardiff was incorporated in the University in 1931.

The two modern Irish Universities both date from 1909. In 1850 a Royal Charter was granted to the recently established Queen's Colleges of Belfast, Cork and Galway, constituting them a Federal University, which was absorbed in 1880 in the Royal University. University College, Dublin, representing the Catholic University established by the Irish Bishops in 1854, became with the Cork and Galway Colleges in 1909 constituents of the National University of Ireland, while Queen's College, Belfast, became the Queen's University of Belfast.

A characteristic of British Universities, as compared with those of the Continent of Europe, has from the earliest days been the provision of colleges or halls of residence, in which students live as members of a community, with the privileges of social intercourse and subject to the mutual influence which corporate life exerts.

Women were first admitted to Degrees by the University of London in 1878. Bedford College had already been founded in 1849; the three other colleges for women in connexion with the University of London were founded, Westfield in 1882, Holloway in 1886 and King's in 1892. The last was merged in King's College, London, in 1915. King's College of Household and Social Science was founded in 1908 as a department of King's College for Women, and became a separate "School" of London University in 1928. At Oxford, Lady Margaret Hall was opened in 1878, Somerville in 1879, St. Hugh's in 1886 and St. Hilda's in 1893. Of the Cambridge colleges, Girton originated at Hitchin in 1869 and was removed to the near neighbourhood of Cambridge in 1873. Newnham was founded in 1880. Cambridge admitted women informally to Tripos examinations in 1872 and to the titles of degrees in 1923; in 1926 women were declared eligible to university teaching posts and therefore to membership of boards of faculties. In December 1947 proposals to amend the Statutes were approved, so that women should be admissible to membership of the University on the same terms as men. Oxford admitted them to examinations in 1884, to degrees and full membership in 1920 and to university teaching posts in 1927. Women have been admitted to the Universities of Scotland since 1892, Durham since 1896, Dublin since 1904 and to all the modern Universities from their foundation.

Unlike those of most other countries, the Universities of the United Kingdom have been, since their origin, independent of State control, although for many years they have been in receipt of State aid.

Up to the year 1913-14 the Board of Education presented to Parliament a Report supplying information in regard to University institutions in England and Wales which were in receipt of grants from the Board. In July 1919, the Chancellor of the Exchequer appointed a Standing Committee "to enquire into the financial needs of University Education in the United Kingdom and to advise the Government as to the application of any grants that may be made by Parliament towards meeting them." Up to the year 1939, this Committee annually published a statistical abstract of student and financial figures relating to

Universities and University Colleges, and reported quinquennially on their financial needs and progress.

On its constitution as the University Grants Committee in July 1919 an amount of £1,000,000 (including Ireland) was made available for distribution to Universities and University Colleges. From that date onwards there were periodic increases in the amount of the grant, which stood at an annual sum of £2,149,000 (excluding Ireland), for the period ending March 31, 1940. The annual grants were maintained unchanged during the War.

Before the end of the War, much consideration was given to the post-war problems which were likely to beset the Universities and Colleges. In the autumn of 1943, the Committee was reconstituted and additional members were appointed. Large increases were made in the financial provision in the Civil Estimate for Universities and University Colleges in 1945 and 1946 (£5,900,000 in 1945-46, £9,450,000 in 1946-47, this sum including a revote of £1,200,000 not spent in the preceding year, and £11,875,000 in 1947-48). Consequently the Committee has been able during these years to distribute largely increased annual grants to the institutions and to embark on a programme of substantial capital grants.

In July 1946 the Chancellor of the Exchequer announced in Parliament new terms of reference for the University Grants Committee, in order that, "in this new phase of rapid expansion and planned development of our universities, the committee should play a more positive and influential part than in the past." The Committee's new terms of reference were as follows:—

"To inquire into the financial needs of university education in Great Britain; to advise the Government as to the application of any grants made by Parliament towards meeting them; to collect, examine, and make available information on matters relating to University education at home and abroad; and to assist, in consultation with the universities and other bodies concerned, the preparation and execution of such plans for the development of the universities as may from time to time be required in order to ensure that they are fully adequate to national needs."

In the year 1947-48 the estimated grants to be paid by the Ministry of Education to the University Training Departments under the Ministry's Regulations for the Training of Teachers, amount to £198,518.

In 1947-48 Local Education Authorities' estimated grants to Universities amount to £661,000 (approx.).

For information regarding scholarships, *see* p. 16.

The academic year is divided into three terms, which run from about October 1 to the middle of December; middle of January to end of March; middle of April to end of June or beginning of July.

The Constitution and certain other characteristics of the Scottish Universities are described on pp. 390-394.

DEGREES CONFERRED BY THE UNIVERSITIES OF GREAT BRITAIN
AND IRELAND

The older Universities have developed out of the Universities of the Middle Ages under the compulsion of internal forces, with very little influence from outside. The historical continuity of their evolution and their individual independence account for certain customs and usages in which they differ one from another and from Universities in other lands. Their titles of degrees afford an illustration of this. A University of the Middle Ages was a Guild of learned men. Teaching was the craft of the Guild, whose fellowship carried with it the right to teach. An admitted aspirant for fellowship was termed a bachelor. The members of the Guild recognized his apprenticeship after submitting him to certain tests or, as we should term them, examinations. After gaining some experience in teaching, and successfully maintaining a thesis in public disputation, the bachelor attained to his degree. Admitted into the Guild, with its *jus ubique docendi*, he was known indifferently as doctor, master or professor. Still following this ancient usage, the degree in Scotland is the mastership, M.A. In Oxford, Cambridge and Dublin, where the examination for the bachelorship grew to be the determining test, the mastership, which carries with it all the privileges of membership of the Guild or Senate, follows without further examination after an interval of two or three years, but in no case less than six years from matriculation. For convenience in standardizing the attainments of their alumni, modern Universities have divided the degree into stages—usually described as the "first" and the "higher" degrees—Bachelorship, Mastership and Doctorate. The conferment of a first degree now marks the satisfactory completion of a three or four years' University course.

At Oxford and Cambridge the Faculty of Arts is not subdivided. B.A. is the "first degree," whether the course leading to it be literary or scientific. At Oxford the B.Litt. and B.Sc. are awarded for special study and research, like the M.Litt. and M.Sc. of Cambridge. At Cambridge there is no B.Litt. or B.Sc. At St. Andrews the B.Phil. or the B.Litt. may be taken either conjointly with or after the M.A. In Trinity College, Dublin, a B.Sc. course, including no classical language, was introduced in 1926, but it is expected that most Science students will continue to take the B.A., which remains the primary degree, and must be obtained before proceeding to any other degree except Mus.B., Mus.D., B.Sc. and Ph.D.

At all other Universities a course in Arts leads to the B.A. (in Scotland, M.A.), in Science to the B.Sc. and similarly to other titles in other departments of knowledge.

Each of the Faculties of Theology, Law, Medicine and Music has its own bachelor's degree (v. *infra*).

The first degree may be obtained in most Faculties either as an ordinary degree or with Honours.

In addition, at all Universities, Diplomas and Certificates are granted in a variety of subjects (*see* the several Universities).

The signatures of the titles of the Degrees conferred in the various Faculties are set forth below—the more usual signature being ordinarily

placed first. Fuller details will be found under the several Universities and in the Introductory Chapter relating to the Scottish Universities.

Faculty of Arts and Cognate Subjects

First Degrees

Bachelor of Arts. B.A. (all Universities except Scottish).

Master of Arts. M.A. (Scottish Universities only).

Administration. B.A. (Admin.) Manchester.

Architecture. B.A. Cambridge; B.Arch. Durham, Liverpool, Wales, N.U.I.; B.A. (Arch.) London; B.A. (Hons. in Architecture) Manchester, Sheffield.

Commerce. B.Com. (in addition, B.Com. with specialisation in Russian Studies, B.Com. (Geography), B.Com. (Social Study) and B.Com. (Social and Political Science) at Birmingham); B.Comm. Dublin, N.U.I.; B.A.Com. Bristol, Manchester.

Economic and Social Studies. B.A. (Econ.) Manchester, Sheffield; B.A. (Hons. in Economics) Birmingham.

Fine Art. B.A. Reading

Literature. B.Litt. St. Andrews. (With or after M.A.)

Philosophy. B.Phil. St. Andrews. (After M.A.)

Theology. B.A. (Theol.) Manchester.

Faculty of Science and Cognate Subjects

First Degrees

Bachelor of Science. B.Sc.

Agriculture. B.Sc. (Agr.) London, Reading, Aberdeen, Edinburgh, Glasgow; B.A. Cambridge; B.Agr. Belfast; Agr.B. Dublin; B.Agr.Sc. N.U.I.

Applied Chemistry. B.Sc. (App. Chem.).

Applied Science. B.Sc. (App. Sc.) (as distinguished from the B.Sc. Pure Science). See also p. 392.

Architecture. B.Sc. (Arch.) Glasgow. See also Arts Degrees.

Dairying. B.Sc. (Dairying) Reading, N.U.I.

Domestic Science. B.Sc. (Dom. Sc.) Bristol.

Economics. B.Sc. (Econ.) London, Belfast.

Engineering. B.Sc., B.Sc. (Eng.); B.A. Cambridge, Oxford; B.Eng. Liverpool, Sheffield; B.Sc.Tech. Manchester; B.A.I. Dublin; B.E. N.U.I.

Estate Management. B.A. Cambridge; B.Sc. (Est. Man.).

Forestry. B.Sc. (For.); Agr. (Forest) B. Dublin.

Horticulture. B.Sc. (Hort.) London, Reading.

Household and Social Science. B.Sc. (H. and S.S.) London (Internal students only).

Industrial Fermentation. B.Sc. Birmingham; B.Sc.Tech. Manchester.

Metallurgy. B.Sc.; B.Eng. Liverpool; B.Sc.Tech. Manchester; B.Met. Sheffield.

Mining Engineering. B.Sc.; B.Eng. Sheffield; B.Sc.Tech. Manchester.

Naval Architecture. B.Sc.; B.Eng. Liverpool.

Oil Engineering and Refining. B.Sc. Birmingham, London.

Technology. B.Sc.Tech. Manchester, Sheffield.

Textile Technology. B.Sc. (Textiles) Leeds; B.Sc.Tech. Manchester; B.Sc. (Text. Tech.) Belfast.

General Honours Degrees in Arts

Birmingham—Honours are awarded in the General B.A. Examination, where sufficient merit is shown

Bristol has abolished the distinction between the Ordinary degree and the degree with Honours. The degree of B.A. is now conferred as a General degree or as a Special degree; Honours may be awarded with either.

Leeds—There are at present no General Honours degree Courses for B.A. with Honours (without division into Classes) in General Studies may be awarded to candidates for Ordinary degree whose performance is of sufficient merit.

Liverpool has abolished the distinction between the Ordinary degree and the degree with Honours. The degree of B.A. is now conferred either as a degree in General Studies or as a degree in Special Studies in one of the Schools of the Faculty. Honours may be awarded in both General and Special Studies.

Manchester—An Honours School of Combined Subjects has been instituted, under which a candidate can offer any *two* of the following: a Language, Ancient or Modern; English; History; Geography; Philosophy; Psychology

Reading—Composite Honours Schools are available in Philosophy and English Literature, Greek and English Literature, Latin and English Literature, Social and Economic Psychology, Social and Economic Philosophy.

Sheffield—Honours are awarded in the General B.A. Examination.

General Honours Degrees in Science

Bristol—An Honours Degree in General Science has been instituted in *either* (a) two main subjects and two subsidiary subjects *or* (b) two main subjects, a subsidiary subject and an intermediate subject *or* (c) three main subjects.

Durham—A General Honours Degree in Science has been instituted, courses being available at King's College, Newcastle upon Tyne.

Leeds—Candidates for the degree of B.Sc. with General Honours attend approved courses for at least 3 yrs. and pass examinations in two subjects at General Honours standard *and* in either (a) one other subject at subsidiary (2 yr.) standard *or* (b) two other subjects at introductory (1 yr.) standard.

Liverpool—General Science is included among the Honours Schools of the Faculty.

London—Honours are awarded in the B.Sc. General Examination.

Manchester—An Honours Degree in General Science may be conferred in any one of the following sections (i.) Chemistry, Physics and Maths., (ii.) (a) Botany, Zoology and Chemistry, (b) Zoology, Botany and Geology; (iii.) Geography and Geology or Botany or Zoology; (iv.) Maths. and Physics with Elem. Botany and Zoology; (v.) Chemistry and Physiology with Elem. Physics and Zoology; (vi.) Anatomy and Physiology.

Reading—Successful candidates in the Final Examination for B.Sc. (General) (three science subjects) may qualify for a degree with Honours (General) in the first or second class. Normally students in the Faculty of Science follow the course for B.Sc. (General) before entering on the course for B.Sc. (Special).

Sheffield—Honours are awarded in the General B.Sc. Examination.

Higher Degrees in the Faculties of Arts, Science and Cognate Subjects

Bachelorships

B.Litt., B.Sc. Awarded at Oxford for special study and research. Students reading for the B.Sc. may change over in the middle of their course to the D.Phil. (*q.v.*), or *vice versa*.

B.Phil. Awarded at Oxford to persons who have kept six terms statutory residence and have satisfied the examiners in an examn. in Philosophy or in Politics or in Economics (which may include a thesis on an approved subject).

B.Litt. Dublin. Obtained by Thesis. Candidates must have at least one year's standing as B.A.

B.Ed.; Ed.B. Scottish Universities. Two years after a first degree.

Masterships

M.A. At Cambridge a Bachelor of Arts may, without further examination, proceed to the M.A. at the close of the 6th yr. after the end of his first term; at Oxford in the twenty-first term after matriculation; at Dublin 3 yrs. after passing the B.A. examination. At Durham a B.A. with 1st or 2nd class hon., or with another degree and the Diploma in Theology of Durham, are admitted to the M.A. without examination if of 3 yrs.' standing from B.A.; other B.A.s must pass the M.A. examination or submit a thesis. At Sheffield the M.A. may be conferred on a B.A. with Honours or a B.Mus. of the University of not less than 1 yr.'s standing who has presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by the Faculty, a written examination in matters relevant to the subject of the thesis; and on other B.A.s of the University and on graduates of other Universities subject to specified conditions. Other Universities exact a further period of study from their own graduates, followed by the presentation of a thesis, or an examination, or both, of 1 yr. at

Birmingham, Leeds, Belfast and the N.U.I., of 1 yr. from graduates with Honours, and 2 yrs. from others, at Manchester and Wales; of 2 yrs. from all graduates at Bristol, Liverpool, London and Reading. Graduates of approved Universities can, under certain conditions, obtain the Mastership after 1 yr. of advanced study and research at N.U.I.; after 2 yrs. at Bristol, Leeds, Liverpool, London, Manchester, Reading and Wales (thesis required) and after 3 yrs. at Sheffield. At London a thesis is required from Internal students in all branches, except English, Oriental Languages, Mathematics and Geography, in which it is optional, and an examination. At Bristol, Leeds, Liverpool and Manchester persons who have not graduated can obtain the M.A. degree after a course of advanced study and research extending, usually, over 3 years.

M.Sc. This degree is not conferred by Oxford or any of the Scottish Universities. At Cambridge the degree is conferred upon students admitted to a course of research extending over not less than 2 yrs. and after submission of a dissertation. At Durham it can be obtained by graduates, B.Sc., of 2 yrs.' standing, after examination or thesis. At Birmingham, Bristol and Leeds, by graduates, B.Sc. with Honours, of 1 yr.'s standing (other Bachelors of any Faculty of 2 yrs.' standing), after research (thesis required). At Liverpool, by graduates, B.Sc., with Honours, after 1 yr.'s higher study; by graduates, Ordinary B.Sc., subject to completing 1 yr.'s study and on passing a prescribed examn., after 1 yr.'s higher study; B.Sc., second year of residence, subject to completing 1 yr.'s study and on passing a prescribed examn., after 2 yrs.' higher study; graduates in other Faculties and graduates of other Univs., after 1-3 yrs.' higher study; non-graduates, suitably qualified, after 3 yrs.' higher study. Theses required in all cases. At London, by Internal students of 1 yr.'s or 2 yrs.', by External students of 2 yrs.' standing from B.Sc., by thesis or written examination. At Manchester, by graduates, B.Sc. of 1 yr.'s standing, after thesis and examination (at the discretion of the Faculty). At Sheffield, by graduates, B.Sc. of the University, who have attended the University for not less than one further year, presented a thesis approved by the Faculty concerned, passed an oral examination and, if required by Faculty, a written examination in matters relevant to the subject of the thesis; it may also be obtained without further residence by graduates, B.Sc. of the University of not less than 2 yrs.' standing, who have presented a thesis approved by the Faculty and passed an oral examination. At Reading, by graduates of the University after 2 yrs.' research and submission of thesis. The M.Sc. Wales may be conferred on a graduate in Science of the University of Wales or of another approved University, 2 yrs. required from a Pass graduate, 1 from an Honours graduate. Graduates of other Universities must pursue a scheme of research in a constituent College of the University for not less than 2 yrs. A thesis is required from all candidates. At all Universities awarding the degree graduates of approved Universities are accepted as candidates. The period of study prescribed is 2 yrs. with the following exceptions—Liverpool 1-3 yrs., Belfast 1-2 yrs. and N.U.I. 1 yr.

Other Titles of Mastership conferred by various Universities

M.A. (Admin.) (Manchester); M.Agr. (Belfast); M.Agr.Sc. (N.U.I.); M.A. (Arch.) (London); M.Arch. (Liverpool, N.U.I.); M.A.I. (Dublin); M.Comm. (N.U.I.); M.Com. (Birmingham, Durham, Leeds, Liverpool, London); M.A. (Com.) (Manchester); M.A. (Econ.) (Manchester); M.Ed. (Durham, Leeds, Manchester); M.Econ.Sc. (N.U.I.); M.Eng. (Liverpool, Sheffield); M.Litt. (Cambridge, Durham); M.Met. (Sheffield); M.Sc. (Agriculture) (Reading); M.Sc. (Dairying) (Reading, N.U.I.); M.Sc. (Econ.) (Belfast); M.Sc. (Horticulture) (Reading); M.Sc.Tech. (Manchester, Sheffield); M.Th. (London).

Doctorates

The Doctorate in Letters or in Science (Litt.D., D.Lit., D.Litt., Sc.D., D.Sc.) is conferred upon Masters of Arts or Science (in certain cases, Bachelors) or Doctors of Philosophy of the University awarding the degree distinguished by their contributions to the advancement of learning or science. The claim to the degree must be based either upon a special thesis, as at London, or upon published works. In certain Universities the Faculty may require the applicant to appear for examination. An applicant for the Doctorate must be of the following standing: Birmingham, 5 yrs. from B.A. or B.Sc., 3 from M.A. or M.Sc.; Bristol, 6 yrs. from B.A., 4 from M.A. or M.Sc., 3 from Ph.D.; Cambridge, 8 yrs. from B.A.; Durham, 10 yrs. from B.A. (D.Litt.), 6 yrs. from B.Sc. or 4 from M.Sc. or Ph.D. (D.Sc.); Leeds, 6 yrs. from B.A. or B.Sc.; Liverpool, 7 yrs. from B.A. (Litt.D.), 6 yrs. from B.Sc. (D.Sc.), 5 yrs. from M.Eng. or Ph.D. Eng. (D.Eng.); London, at any time after obtaining M.A., M.Sc. or Ph.D.; Manchester, at any time after M.A. or Ph.D. (Litt.D.), 4 yrs. from M.Sc., M.Sc.Tech. or Ph.D. (D.Sc.); Oxford, 30 terms from matriculation for M.A.s, names on books of a Society for 20 terms for holders of B.Litt., B.Sc. or Ph.D.; Reading, 6 yrs. from B.A. or B.Sc., 4 from M.A. or M.Sc., 3 from Ph.D.; Sheffield, 5 yrs. from B.A. or B.Sc.; Wales, 10 yrs. from B.A. or B.Sc.; Scottish Univs., 5 yrs. from M.A.; Belfast, 6 yrs. from B.A. (D.Lit.), 3 yrs. from Bachelor's degree in any Faculty (D.Sc.); Dublin, 3 yrs. from B.A. (Litt.D.), 3 yrs. from B.A. or B.Sc. (Sc.D.); N.U.I., 15 terms from B.A. (D.Litt.), 15 terms from Bachelor's degree in any Faculty (D.Sc.).

Certain Universities permit graduates of approved Universities with degrees substantially equivalent to those required from their own graduates to become candidates for doctorates in Letters and Science after a period of research at the University awarding the degree, under the following conditions: Bristol (D.Sc. only), 3 yrs.' research; Manchester (D.Sc. only), 2 yrs.' research, 4 yrs.' standing from first degree; Reading, 4 yrs.' research, 7 yrs.' standing from first degree; Scottish Univs., research during 2 winter sessions, 5 yrs.' standing from first degree; N.U.I., 6 terms' research.

Degrees in the Faculty of Divinity

B.D. After examination in the Scottish Universities and the Universities of London, Manchester and Wales. At Birmingham after attend-

ing a prescribed course of study for not less than two academic sessions at the Univ.; passing an examination and presentation of a thesis on an approved subject. Candidates should be graduates of Birmingham or of another approved University. After examination (waived in the case of graduates in Theological Studies) and submission of a thesis at Leeds; graduates of other Universities being required to attend at Leeds courses for 2 yrs. After examination and submission of a thesis at Durham and Dublin. At Cambridge after submission of a dissertation or published works. After examination and the submission of a dissertation and published works at Oxford. At London the course must extend over 3 yrs., subsequent to matriculation. In Scotland a candidate must be M.A. of a Scottish University who has taken a theological course in a specially recognized institution, or a graduate of an approved University who has taken a complete theological course of at least 2 yrs. in the University conferring the degree; at Dublin a B.A. of 3 yrs.' standing; at Durham he must be either a Durham graduate of 3 yrs.' standing or a graduate of another University and the holder of the Durham Diploma in Theology; in Wales, a graduate who, subsequent to graduation, has studied for 3 yrs. at one of the Associated Theological Colleges or Schools of Theology of the University; at Cambridge, a candidate who is a graduate of the University of not less than 5 yrs.' standing from admission to his first degree; at Oxford the degree is open to Oxford M.A.s and graduates of other Universities (degree not conferred until they are 26) who have followed a course of study in Christian Theology extending over 6 terms and resided at the University during 6 terms. The B.D. may be taken with Hons. at some Universities.

D.D. In Scotland the degree is conferred *honoris causa tantum*. At London it is conferred upon Bachelors of Divinity who took Honours in at least one subject, on presentation of published work, or of a thesis, followed by an examination if the examiners so desire. At other Universities it is conferred in consideration of published works or a dissertation (and, at Oxford, a *viva voce* examination, if the judges so desire). The requisite standing is, at Cambridge, 3 yrs. from B.D.; Dublin, 8 yrs. from B.A.; Durham, 10 yrs. from B.A.; Manchester, 4 yrs. from B.D. (or 6 yrs. for Bachelors of Divinity of other Universities who have studied for 2 yrs. at Manchester); Oxford, 14 yrs. from matriculation, or, if he was admitted to the degree of B.D. as a graduate of another University, the candidate must have attained the age of 33; Wales, 6 yrs. from B.D.

Degrees in the Faculty of Law

LL.B. At the Universities of Birmingham, Bristol, Durham, Leeds, Liverpool, London, Manchester, Sheffield, Wales and Belfast the course for the LL.B. extends over 3 yrs. from matriculation (with honours, 4 yrs. in some cases). At Cambridge students who have obtained Honours in Part I. or II. of the Law Tripos are admitted to the LL.B. examination not earlier than the tenth term after their first, and other approved students are also admitted subject to regulations regarding residence and study. At Aberdeen, Edinburgh and Glasgow candidates

must be graduates of approved Universities and pursue a course of study for 3 yrs. At Dublin they must be graduates of Dublin, Cambridge or Oxford and pass two examinations in Law. At N.U.I. they must pursue an approved course of study for at least 2 yrs. subsequent to obtaining the Degree of Bachelor of Arts of the University.

The Universities of Oxford and St. Andrews do not confer the degree of LL.B. and the University of Reading confers no degrees in Law.

B.C.L. (Durham and Oxford). At Durham candidates must be Bachelors of Arts of the University of 2 yrs' standing. At Oxford they must be graduates and keep residence for 6 terms (Bachelors of Arts of the University, 12 terms from matriculation).

B.L. (Aberdeen, Edinburgh, Glasgow and St. Andrews). Candidates must pass the Preliminary or an equivalent examination and pursue an approved course of study for 3 yrs.

LL.M. Conferred by Birmingham, Bristol, Durham, Leeds, Liverpool, London, Manchester, Sheffield, Wales on graduates of the University and of approved Universities; by Cambridge on LL.B.s of the University of 2 yrs.' standing, by thesis. *Graduates of the University*. At Leeds and Sheffield, on LL.B.s of 1 yr.'s standing, at Durham and Manchester, of 2 yrs.' standing, on presentation of thesis. By examination at Birmingham and Wales after 1 yr.'s study, at London after 1 yr.'s study for Internal students and 2 yrs.' for External. At Liverpool, by graduates, LL.B. with Honours, after 2 yrs.' study; by graduates, Ordinary LL.B., and graduates of other Univs., subject to passing a prescribed examn. or by presenting an approved dissertation, after 2 yrs' study (non-graduates, approved dissertation, after 3 yrs.' study). *Graduates of approved Universities*: Birmingham, after 1 yr.'s study, by examination; Bristol, Durham, Leeds, Manchester and Wales, after 2 yrs' study, by thesis; Liverpool, 2 yrs.' study, by examination or thesis; Sheffield, 2 yrs.' study, by examination and thesis; London, 2 yrs.' study, by examination.

LL.D. or D.C.L. (Oxford, Durham). By the Scottish Universities the Doctorate is awarded only *honoris causa tantum*. Other Universities, unless the degree be awarded *honoris causa*, require the submission of a thesis, dissertation or published works, and may require attendance at an examination; in Dublin a candidate may elect to undergo examination in lieu of offering a thesis, etc. The requisite standing for the Doctorate is, at London, any time after the LL.M. or Ph.D.; Manchester, 2 yrs. from LL.M.; Belfast, 3 yrs. from LL.B. if thesis; Dublin, 3 yrs. from B.A. of Dublin, Oxford or Cambridge; Manchester, 4 yrs. from LL.B.; Sheffield, 4 yrs. from LL.B. or Ph.D. in Faculty of Law; N.U.I., 5 yrs. from LL.B.; Birmingham, 5 yrs. from LL.B. or 3 yrs. from LL.M.; Oxford (D.C.L.), 5 yrs. from B.C.L.; Cambridge, 8 yrs. from first Cambridge degree; Bristol, 4 yrs. from LL.M.; Liverpool, 5 yrs. from LL.M.; Leeds, 6 yrs. from LL.B.; Durham (D.C.L.), 10 yrs. from B.A.; Wales, 10 yrs. from graduation or 3 yrs. from LL.M. or 2 yrs. from Ph.D.

Degrees in the Faculties of Medicine and Surgery and Cognate Subjects

M.B., B.M. (Oxford), **Ch.B., B.Chir.** (Cambridge), **B.Ch.** (Oxford, Wales, Belfast, Dublin, N.U.I.), **B.S.** (Durham, London). (Obtainable as an ordinary degree or with Hons.) The regulations for these degrees are practically uniform. Satisfactory attendance is required during at least 5 yrs. at courses of study and hospital practice. Four examinations (in some Universities grouped as three or two) must be passed. All examinations must be passed at the University granting the degree, except at Birmingham, Bristol, Durham, Liverpool, London, Oxford (Senior students), the Scottish Universities and Dublin (for S. African students only), where a candidate may be exempted from the first examination in Chemistry, Physics and Biology if he has passed an equivalent examination elsewhere. At St. Andrews similar exemption may be obtained from the second examination in Anatomy and Physiology. Study in the University for at least 3 yrs. is required (2 yrs., Scottish Universities, Leeds, Manchester), except for External degrees of the University of London, where candidates study for $4\frac{1}{2}$ yrs. (after the First Professional Examination), at any recognized Medical School, 1 yr. of which must be spent in the United Kingdom. The Universities of Oxford and Cambridge exact 3 yrs.' residence, but allow students to do any or all of their clinical work at other recognized medical schools. At Oxford, Dublin, Wales, candidates must graduate B.A. (or B.Sc. Wales) before admission to a medical degree. The B.A.O. and the M.A.O. (Obstetrics) are conferred by Belfast, Dublin and N.U.I. The University of Reading does not confer degrees in Medicine.

M.D. or D.M. (Oxford). Candidates must be Bachelors of Medicine and Surgery of the University of, ordinarily, 2 yrs.' standing (Manchester and Scottish Universities, 1 yr.'s standing; Birmingham, graduates M.B., Ch.B. of 2 yrs.' standing; Liverpool, graduates M.B., Ch.B., by thesis, 2 yrs.' standing; by examn. after 5 yrs. from taking M.B., Ch.B.; Belfast, 3 yrs.' or 2 yrs. from B.A. or B.Sc. with M.B.; Dublin, of M.A. standing; Cambridge, 8 yrs. from admission to first Cambridge degree; Oxford, 10 yrs. from matriculation). A dissertation is compulsory at most Universities, followed by an examination, unless the examiners pronounce the dissertation to be of such merit as to render further examination unnecessary. At Birmingham graduates of other Univs. who have taken at least 3 yrs. of curriculum in Birmingham Med. School, after 2 yrs.' approved postgraduate study; others must have been engaged in approved postgraduate study for 3 yrs.

Ch.M., M.Ch., M.S. (London and Durham), **M.Chir.** (Cambridge). Regulations somewhat similar to those for M.D. At Liverpool, open to (a) graduates in Medicine of Liverpool or an approved Univ. (b) graduates in a Faculty other than Medicine of Liverpool or an approved Univ. who hold a medical qualification registrable in Great Britain. The **M.Ch.(Orth.)** is granted by Liverpool; open to (a) graduates in Medicine of Liverpool or an approved Univ. (b) graduates in a Faculty other than Medicine of Liverpool or an approved Univ., who are Fellows of the R.C.S. of England, Edinburgh Ireland, Australia or Canada, or of the

American College of Surgeons. Attendance at Liverpool of 12 or 15 mths before examination is required. In addition to the M.S. Durham grants a **D.Ch.** open to candidates who subsequent to having obtained a registrable qualification have devoted 3 yrs. (including at least one in the University) to the study of surgery and ancillary subjects.

Degree of **M.Rad.** (in either Radio-diagnosis or in Radiotherapy), Liverpool. Open to (a) graduates in Medicine of Liverpool or an approved Univ.; (b) graduates in a Faculty other than Medicine of Liverpool or an approved Univ who hold in addition an approved higher medical qualification.

Degrees in Dentistry—**B.D.S.**, **B.Ch.D.** (Leeds), **B.Dent.Sc.** (Dublin)—are granted by all Universities except Cambridge, Oxford, Reading, Wales, Aberdeen, Edinburgh and Glasgow (period of study generally about 5 yrs.). Diplomas in Dental Surgery—**L.D.S.**—are awarded by the Universities of Birmingham, Bristol, Durham, Leeds, Liverpool, Manchester, Sheffield, St. Andrews and Belfast (period of study generally 4 yrs.). The degree of Master of Dental Surgery—**M.D.S.**, **M.Ch.D.** (Leeds), **M.Dent.Sc.** (Dublin)—is awarded by all Universities granting a first degree, except London. Candidates must generally be Bachelors of Dental Surgery of 1 to 3 yrs.' standing and must present a thesis and/or undergo an examination. At Leeds, in addition to having been admitted to the degree of Bachelor of Dental Surgery at least 1 yr. previously, candidates must also have obtained a registrable medical qualification. The University of London awards the degree of M.S. in Dental Surgery. In order to be admitted to the examination candidates must first have obtained the degrees of Bachelor of Medicine and Surgery. The University of Manchester confers the degree of **D.D.S.** on graduates in Dental Surgery (or graduates in Medicine and Surgery or in Science, who hold an approved dental qualification) of the University of 2 yrs.' standing, after 2 yrs.' approved study and research and submission of thesis.

Degrees in Pharmacy are conferred by London and Wales (**B.Pharm.**), by Manchester and Glasgow (**B.Sc. in Pharmacy**), by Leeds (**B.Sc. in Pharmacy and Pharmacology**) and by Belfast (**B.Sc. in Pharmaceutics**). The course extends over 3 yrs. except at Glasgow, where it extends over 4 yrs. and leads to an Honours degree.

Degrees in Public Health are conferred by Durham (**B.Hy.** and **D.Hy.**) and by Glasgow and N.U.I. (**B.Sc.** and **D.Sc. in Public Health**). Candidates for the Bachelor's degrees must be graduates in medicine of 2 yrs.' standing; the **D.Hy.** and **D.Sc.** (N.U.I.) are conferred 2 yrs. after the Bachelor's degree and the **D.Sc.** (Glasgow) 5 yrs. after the Bachelor's degree.

Degrees in Veterinary Science are awarded by Liverpool (**B.V.Sc.**, **M.V.Sc.** after 2 yrs.' further study and **D.V.Sc.** 3 yrs. after **M.V.Sc.** for published contributions to science), London (**B.Sc. in Veterinary Science**, **M.Sc.** 1 or 2 yrs. later by examination and **D.Sc.** open to Masters for original contributions to advancement of science) and Edinburgh (**B.Sc. in Veterinary Science** and **D.Sc.** 3 yrs. later by thesis).

Degrees in the Faculty of Music

Mus.B., B.Mus., Mus.Bac. At Birmingham, Cambridge, Leeds, London, Manchester, Wales, Edinburgh, Glasgow, Dublin, and N.U.I. students must pass the same Entrance examination (Matriculation, Previous, or Preliminary) as students in Arts; with, at Birmingham, where the degree is an Honours degree, an examination in theory and in execution. At Durham they are admitted on a *testamur* as Students of Music. At Oxford they must pass Responsions. At Sheffield they must pass the Intermediate Examination for the B.A. degree. In Wales they must attend an intermediate class in Arts or Science in addition to the Music course. Residence is not obligatory at London, Dublin or Durham. At Edinburgh students must study Music in the University for one whole winter session. As a rule, the course extends over 3 yrs. with two, or three, examinations, including an exercise for the Final examination. Honours in this degree are obtainable at Birmingham, Manchester, Edinburgh, Glasgow and Wales.

Mus.M., M.Mus. At Cambridge and Wales conferred on Bachelors of Music (and Bachelors of Arts with Honours in Music at Wales) of the University of ordinarily 2 yrs.' standing after examination and submission of an exercise; at Birmingham on Bachelors of Music of Birmingham and other approved Universities after 1 yr. of approved study or research, examination and submission of 3 original compositions or thesis.

Mus.D., D.Mus., Mus.Doc. Conferred after examination and submission of original composition or thesis on Bachelors of Music of the University—London (2 yrs.' standing), Oxford and Edinburgh (3 yrs.' standing—Oxford also on M.A.s), Manchester (4 yrs.' standing, after 1 yr.'s further study), Birmingham, Durham, Sheffield, Glasgow and N.U.I. (5 yrs.' standing—Birmingham also 3 yrs. from M.Mus.). Cambridge, 8 yrs.' standing from first Cambridge degree, in recognition of distinction as composer. Wales, 10 yrs.' standing or 2 yrs. after M.Mus., on submission of original composition. The doctorate is conferred on graduates of approved Universities by Durham (same conditions as for graduates of the University), Manchester (2 yrs.' study at the University) and Glasgow (3 yrs.' study at the University).

Doctor of Philosophy

In May 1917 representatives of the Universities and University Colleges met in conference to devise measures for the further encouragement of Postgraduate Study and Research. It was resolved that it was desirable that a degree should be instituted carrying the title of Doctor (Ph.D., D.Phil. Oxford), obtainable by graduates of British and foreign Universities after a course of advanced study and research. The conditions and regulations for such a degree were further considered at adjourned meetings held on May 10, 1918, Jan. 24, 1919, and March 14, 1919. All the Universities of the United Kingdom now confer the degree of Philosophiæ Doctor. Candidates entering upon a course of advanced study and research for the Ph.D. must be at least 21 (Birmingham, Bristol, Cambridge, Durham, Liverpool, Oxford, Sheffield, Wales,

Reading, St. Andrews, Dublin—no minimum age) ; must ordinarily be graduates either of the University or of some other approved University; must have pursued their studies at a University or Universities for a period of at least 3 yrs. (Durham—2) ; must produce evidence of fitness for the proposed course of study and research. The course extends over 2 yrs. at most Universities ; at Cambridge, Liverpool, Reading, Sheffield, Aberdeen, Glasgow, St. Andrews and N.U.I., the prescribed course of study is 3 yrs., which may under certain conditions be reduced to 2 yrs. Candidates on completion of research must present thesis and submit to oral examination on thesis. The degree is granted in any faculty in which the University is prepared to receive advanced students.

A candidate for the degree of Ph.D., as an External student of the University of London, must have graduated in the Faculty of Theology, Arts, Laws, Music, Science, Engineering, or Economics in that University not less than 2 academic yrs. previously.

LAMBETH DEGREES

Under the Peter Pence Act (25 Henry VIII. Chapter 21) the Archbishop of Canterbury has power to grant degrees which previous to the Reformation were obtained from Rome. The degrees generally conferred are those of D.D., Mus.Doc. and B.D.

STUDENTS

The number of full-time students in Universities and University Colleges in receipt of Treasury Grant is given by the University Grants Committee for the year 1946-47 as 68,452, including 18,688 women. To these must be added the students of the Irish Universities and of certain schools of the University of London not included in the Returns of the University Grants Committee, making a total of about 77,898. These statistics do not include the students of the institutions, other than Universities and University Colleges, in which professional education of university grade is given in Theology, Teaching, Agriculture, Mining, etc.; nor students reading privately for the External degrees of the University of London, for the Bar, etc. This makes comparison with statistics of other countries difficult, as does also the fact that the work of the higher forms of many of our secondary and public schools corresponds with the earlier stages of the work done in Colleges and collegiate departments of some foreign Universities, *e.g.* in America.

For information regarding admission as an undergraduate from home and abroad and school examinations, *see* Appendix I. For recognition of study at other Universities—(a) as undergraduates, *see* Appendix I.; (b) as graduates, *see under* the several Universities and Appendix I. For fees and other charges, *see under* the several Universities.

SCHOLARSHIPS

Few countries offer a richer variety than Great Britain of facilities for access to the highest forms of education. The lead of the "pious founder" has been followed by City companies and pro-

fessional bodies, and, since the Education Act of 1902 brought higher education within the purview of Local Authorities, by the State. The response to the principle which found expression in the words of Mr. Fisher's Education Act of 1918, that "children and young persons should not be debarred by inability to pay fees from receiving the benefits of any form of education by which they are capable of profiting," has been so remarkable that L.E.A.s are now assisting more students to take courses at Universities than they were helping to obtain Secondary education before the Act of 1902 was passed. The number of scholarships available and their variety, as regards conditions of tenure, put any attempt to give a comprehensive list out of the question. Those in search of assistance should apply for their Local Education Authority's Scholarship Handbook.* The main agencies in England and Wales by which scholars are assisted to attend Universities are as follows (awards from public funds are classified in the order of the probable number given annually): (i.) *Local Education Authorities*. The majority of awards are given to candidates who have done good work in College Scholarship and the Higher School Certificate Examinations, though some Authorities hold examinations of their own or grant assistance upon a consideration of school records. (ii.) "*Open*" *Scholarships awarded by Universities, Colleges of Universities or University Colleges*. A brief note of scholarships open to graduates will be found in the general information regarding each University. No particulars are readily available to show the total number of entrance scholarships and exhibitions awarded annually. (iii.) *University Supplemental Awards*. These Awards, which were introduced by the Ministry in 1946, bring the total funds available to the holder of an open University Scholarship or Exhibition up to the level of the funds available to a State Scholar. Some 1200 University Scholarships or Exhibitions, which satisfy the requirements of open competition, level of attainment and titular value, qualify for supplementation by the Ministry; not all these awards are made in any one year. (iv.) *State Scholarships*. These Scholarships are awarded annually by the Ministry of Education to boys and girls in full-time attendance at Secondary Schools, on the recommendations of the Bodies that conduct the Higher Certificate Examinations. Since 1946, the maintenance grant payable to State Scholars from the Ministry, which was formerly limited to £100, is assessed, subject to financial circumstances, to cover the whole cost of maintenance during the academic year. Grants towards the cost of maintenance during vacations may be made in cases of real need. In 1947, the number of State Scholarships offered was increased from 360 to 750. (v.) *Technical State Scholarships and Mature State Scholarships*. These two new types of award were introduced by the Ministry of Education in 1947. They assist students who have taken full-time and

* Some of the Scholarship Handbooks, e.g. that published by the London County Council (P. S. King & Son, Ltd., 14 Gt. Smith St., Westminster, S.W.1, price 3d.), include a great deal of information in regard to general sources of assistance open to the whole country, as well as that available for persons resident in a particular area.

part-time courses in establishments of further education to follow a degree course. 100 Technical Scholarships were approved in 1947; they are assessed on the same lines as the State Scholarships. 20 Mature Scholarships were offered; these are awarded to older students and are, therefore, assessed on rather more generous lines. (vi.) *Science Awards and Art Awards*. The Science Awards are made on the result of a special examination conducted by the Ministry of Education and are tenable at the Imperial College of Science and Technology. The Art Awards are offered on the results of the entrance examination to the Royal College of Art. (vii.) *Charities and Trusts unattached to Schools, but with power to offer Exhibitions under their Instruments of Government*. The number of educational charities in the country is extremely large. Information about the scholarships available in any particular area can usually be obtained by application to the L.E.A., and particulars will be found in the Annual Register and Digest. The exhibitions offered from these sources usually supplement other awards. Whitworth Scholarships for Engineering students are administered by the Ministry of Education.

In Ireland conditions are similar. For Scholarships in Scotland, see P. 393.

ADULT EDUCATION

University Extension Courses have been promoted by the Universities of Cambridge, Oxford and London for the last 60 years. At Cambridge they were known as local lectures and were initiated in 1873. Oxford and London took up the work soon afterwards, and since then the other Universities and University Colleges have followed suit. These courses number several hundreds and vary in length from 6 to 25 lectures. In 1926 the Universities Extra-mural Consultative Committee was established to consider, especially from the point of view of administration, the many aspects of extra-mural work now undertaken by the Universities, and to contribute towards the formation of a common policy. Each University and independent University College of England and Wales is represented by one member, generally the chief executive officer of the Extra-mural Department, and certain persons are co-opted. An Annual Report is printed giving a tabular statement of University Extension Courses and other activities of University Extra-mural Departments.

In 1903 *The Workers' Educational Association* was founded. In 1907 relations were established with Oxford University. Since that date relations have been established with all the Universities and University Colleges, and there are joint committees composed of representatives of the University or College and the W.E.A., which promote Three-Year Tutorial Classes, Advanced Tutorial Classes, Vacation Courses, etc. Most of these classes and courses are recognized by the Ministry of Education for purposes of grant under the Further Education Grant Regulations, 1946.

The *National Foundation for Adult Education*, 79 Wimpole Street, London, W.1., Tel.: WE1.beck 3177 (Secy.: E. M. Hutchinson, M.A.), is defined by its constitution as a Central Body for Adult Education in

which all substantial interests are nationally focussed. It is an independent and consultative body, established to advise on the liberal education of adults and to promote understanding between bodies engaged in adult education with a view to their co-operation wherever possible on matters of common interest. It convenes an annual conference and brings together the associated bodies on the council not less than twice a year. While it is not a "providing" body, the Foundation encourages enquiry and experiment in adult education and publishes or encourages publication of results. A quarterly bulletin and periodical supplements are issued under the title *Foundation Papers*. The Foundation serves as a centre of information in regard to all aspects of adult educational work and may undertake such other functions as its council may, with the consent of the associated bodies, determine.

Membership is confined to corporate bodies, including providing bodies in receipt of grants from the Ministry of Education, national bodies directly providing an adult education service but not in receipt of grants for this work from the Ministry of Education, and such national bodies associated with adult education work, but not covered by the previous definitions, as the council of the Foundation may determine. The bodies eligible for corporate membership are thus the Universities and University Colleges, the Local Education Authorities and a wide range of voluntary agencies.

The *British Institute of Adult Education*, 29 Tavistock Square, London, W.C.1, is an association of individuals concerned with or interested in the problems of adult education. It numbers among its members tutors and administrators from the Universities, the voluntary agencies, the Local Education Authorities and from industry. Its work includes the promotion and undertaking of research into the problems of the history, principles, technique and organization of adult education; the carrying out of pioneer experiment in method, etc.; the collection and distribution of information on all matters relevant to adult education; the publication of material relevant to its field; and the organization of conferences and meetings to promote discussion, facilitate the exchange of experience and focus public attention on the problems of adult education. At these conferences are represented Local Education Authorities, Universities, Voluntary Associations and the Ministry of Education.

Publications. *Adult Education*—a quarterly review of adult education in England (issued Sept., Dec., March and June, 6s. 6d. p.a. post free). *Life and Leisure Pamphlets*, 6d. each, still available: 2. The Sociological Background of Adult Education in Rural Districts; 7. Education for an Age of Plenty; 9. Newbattle Abbey College and what it is accomplishing. *The Historian's Scrapbook*, 3s. 6d.

Exhibitions. One of the most successful experiments has been the "Art for the People" scheme planned to give the smaller towns and villages an opportunity of seeing travelling art exhibitions. The themes dealt with have included design, needlework, typography and architecture. The Institute has also a large collection of first-class repro-

ductions which are circulated to educational bodies, factories, training colleges, etc.

COMMITTEE OF VICE-CHANCELLORS AND PRINCIPALS

In May 1918 Mr. Balfour summoned at the Foreign Office a Conference of representatives of all the Universities for the purpose of putting before them a proposal that on the invitation of the Government of the United States a Universities' Mission should be sent to America. At this meeting Mr. Balfour took the opportunity of pressing upon the Universities the desirability of establishing a representative body to which matters of interest to the Universities might be referred by Government Departments. He urged the necessity of the creation of "an organ of expression" which would voice the desires and aspirations of the British Universities and represent them in their relations with the Universities of other nations. At a subsequent meeting the Conference resolved that "it is desirable in the interests of the Universities and of the nation that steps be taken to promote co-operation and mutual consultation among the Universities of Great Britain and Ireland, and, further, that the Vice-Chancellor or Principal of each University or a deputy appointed by him, together with the Executive Committee of the Universities Bureau, be appointed a 'Standing Committee' to consider any matters of common interest arising out of the proceedings of this Conference or submitted to it by the Government, and to report from time to time to the Conference."

The Standing Committee of Vice-Chancellors dealt with a number of subjects of common interest to the Universities, which are mentioned in previous issues of the *Yearbook*.

In 1929 the Standing Committee of Vice-Chancellors was dissolved and a Consultative Committee of Vice-Chancellors and Principals was established in its place, the members of which are appointed by the several Universities and by one of the five University Colleges in rotation. The deliberations of this Committee now cover all subjects of common interest to Universities. Conferences of the Home Universities were held in Sept. 1946 and in Sept. 1947.

The Universities Bureau acts as the Secretariat of the Committee of Vice-Chancellors and Principals.

The subjects discussed by the Committee during the year 1946-47 are to be found in the Annual Report of the Executive Council of the Universities Bureau.

THE CITY OF BIRMINGHAM COMMERCIAL COLLEGE. Students may attend
classes in the College and pass the exams. prescribed for the degree of B.Com.

at the end of the First Year's Courses without attendance at the University. Full-time attendance at Univ. Classes is required during the subsequent two sessions leading to the completion of the requirements for the Degree

GENERAL INFORMATION

The University, formerly the Mason College founded by Sir Josiah Mason in 1880, was incorporated by Royal Charter in 1900. The Charter prescribes instruction in all branches of a liberal education, and such instruction especially as may be of service in the manufactures, commerce and industrial pursuits of the Midlands. The Faculties of Arts and Law are still housed in the buildings of Mason College in the centre of the city; the Faculties of Science and Commerce are in the main University buildings at Edgbaston opened in 1909. The Faculty of Medicine is housed in the Medical School on the Hospitals Centre site at Edgbaston, opened in July 1938.

FACULTIES: Arts, Commerce and Social Sci., Law, Science, Medicine. Deans: Prof. R. Pascal, Prof. P. Sargant Florence, Prof. Smalley-Baker, Prof. F. H. Garner, Sir Leonard G. Parsons.

Institute of Education (including Department of Education); Departments of Malting and Brewing and other Industrial Fermentation Processes; Social Study. Connected with the Medical Faculty is a School of Dentistry and a Department of Social Medicine.

LIBRARY, about 313,000 vols. *Special Collections:* A large collection of Scientific, Medical and other Periodicals: Books on Neoplatonism, Ruskin, Grillparzer, Plautus and Terence, John Humphreys (History and Local Archaeology), J. H. Poynting (Early Works on Physics), James Ward (Philosophy), J. H. Muirhead (Philosophy), Sir Oliver Lodge (Physics, Theology, etc.), Hensleigh Wedgwood (Philology). Sargant, rich in French economic literature of *circa* 1830-60; Jesse Collings, some 350 books on agric. and land problems; Bunce, rich in nineteenth-century biography; Corbett, Holliday, art and archaeology; large collection of musical works. **MUSEUMS:** Anat., Dent., Geol., Zool., Mining, Herbarium (Bot.), Path., Physiol.

LABORATORIES: Chemical (special organic, phys., electro-chem., analytical, and public health depts.); Physics (including Electron Physics), Biol., Engin. (including Electrical, Mechanical, Civil and Chemical), Metallurgy, Mining (exceptionally well equipped, expl. coal-mine), Brewing; Power-station supplying whole Univ. with lighting, heat and power; Physiol.; Pathol.; Cancer Research; Research in Mental Disease; Bacteriol. A small OBSERVATORY is attached to the dept. of Physics. **HOSPITALS** (1050 beds) available for clinics—Birmingham United (General and Queen Elizabeth) and many special.

ADVISORY BOARD FOR MENTAL DISEASE RESEARCH (the University and contributing authorities in the Midlands). *Honorary Director*—Prof. P. C. P. Cloake, M.D., B.S., B.Sc., D.P.M., F.R.C.P. *Research Officer*—Franz Schutz, M.D. Vienna.

ADMISSION. See Appendix I.

DEGREES. B.A., B.Mus., B.D., M.A., M.Mus., D.Litt., D.Mus.; B.Sc. (in pure Science; in Engineering—Mech., Civ., Elec., Chemical, Petroleum; in Industrial Fermentation; in Metallurgy; in Mining—Coal and Metal); M.Sc., D.Sc.; M.B., Ch.B., B.D.S., M.D., Ch.M., M.D.S.; B.Com., also B.Com. (Social Study); B.Com. (Social and Political Science); B.Com. (Geography); B.Com. with Specialization in Russian Studies, M.Com.; LL.B., LL.M., LL.D.; Ph.D. (in any Faculty).

No degree can be obtained without attendance upon prescribed courses in

the Univ. extending over at least 3 academic yrs. after matricn. except in the case of graduates of other approved Univs., who are, under certain conditions, admitted to the 1 yr. courses for the M.A. and M.Sc. and to 2 yr. courses for the B.Sc. (courses in technical subjects), B.Com., Ph.D. (v. p. 15), M.D., or Ch.M. B.A., with Honours, may be obtained in any one of the following Special Schools: Classics, Engl., French, German, Italian, Russian, Spanish, Hist.; Philos., Maths., Geog., Econ., Theol.; Linguistics. Honours are also awarded in the General B.A. Examn., where sufficient merit is shown.

There is an Honours School of Music in which B.Mus. (Hons.) can be obtained. Candidates must have satisfied the conditions for entry upon a degree course, have passed or obtained exemption from the Intermediate Arts Examination (in which Music has been passed as a Principal Subject), and must satisfy the Prof. of Music that they have an adequate power of performance on some musical instrument.

In the B.Com. courses one-third of the student's time may, if he chooses, be devoted to work in Applied Science. There is a 4 yrs.' B.Com. course for students entering at Inter. B.Sc. standard, the first 2 yrs. in the Faculty of Science and the remaining 2 yrs. in the Faculty of Commerce.

B.Sc. Honours in Pure Science (3 yrs.) may be taken in all subjects in the Faculty. There are Honour Schools in Maths., Mathematical Physics, Physics, Chem., Zool., Bot., Bact., Geol., Geog., Geol. with Geog., combined course in Anat. and Physiol. In Applied Science the B.Sc. courses (Pass and Honours) in Engin. (Mech., Civil, Elect. and Chemical), in Mining and in Metallurgy and the Hons. Course in Industrial Fermentation cover 4 yrs. Those in Mining involve practical work underground.

Subject to certain provisos, graduates of Oxford who have obtained the Oxford Diploma in Scientific Engin. and Mining Subjects are eligible for the B.Sc. degree in Engin., Mining or Metall., and graduates of Oxford with Hons. in the Final Honour School of Nat. Sci. (Eng. Sci.) or of Cambridge with 1st or 2nd class in Mech. Sci. Trip. are eligible for the B.Sc. degree in Mining after 2 yrs.' study at Birmingham.

Med. students may spend their first yr. at any school or schools of Med. recognized by the Univ., and the Senate may recognize examns. passed therein as exempting from the 1st Med. examn. They may obtain the B.Sc. as well as their Med. degrees by devoting 7 yrs. instead of 6 to study in the Univ.

The M.A., M.Com., M.Sc. and M.Mus. involve at least 1 yr. of study after completing the course for the Bachelor's degree.

The M.A. may be taken in Educn. as well as in the ordinary Arts subjects.

The D.Litt., D.Mus., D.Sc., or LL.D. may be taken 3 yrs. after the M.A., M.Mus., M.Sc. or LL.M., or 5 yrs. after the corresponding Bachelor's degree.

Advanced Standing. Candidates who, before admission, pass certain examns. of other approved Univs. and Examining Bodies may be permitted to take the final examn. for the B.Sc. (Hons.) at the end of their 2nd yr., and to do advanced or research work in their 3rd yr.

DIPLOMAS. *Psychology of Childhood*, 1 yr. for graduates and other approved persons; *Public Health* (Certificate and Diploma), 1 yr. for Medical Practitioners registered in the Medical Register, otherwise than by virtue of Defence Regulation 32 B., for at least 2 yrs. previously; *Educational Psychology*, 1 yr. Postgrad., for grads. of approved Univs. who have obtained B.A. or B.Sc. Hons. in Psychol. or who have pursued approved courses in Psychol. and who have had not less than 1 yr.'s teaching experience; *Dentistry*, 6 yrs.; *Commerce*, 1 yr. for graduates of approved Univs. subject to approval by Faculty; *Public Administration*, 1 yr., for graduates (in any Faculty) of Univs. in the United Kingdom; *Social Study*, 1 yr. for graduates preparing for work in the Social

Services; Higher Diploma in *Social Study*, 1 yr. after ordinary Diploma for graduates and other approved persons; *Malting and Brewing*, 3 yrs., graduates 1 yr.; *Theology*, 1 full-time or 2 part-time academic sessions for graduates of approved Univs. or suitably qualified non-graduates.

A Joint *Coal-mining* Diploma of the Univs. of Oxford and Birmingham may be taken by Oxford graduates in Engineering who, after 4 months' practical experience in coal-mining, pursue courses covering one session in this Univ. A similar Joint Diploma of Camb. and Birm. is given.

CERTIFICATES. Teachers (1 yr. and 2 yr. courses), Malting and Brewing (2 yrs.), Malting (2 yrs.), Industrial Nursing—1 yr. course arranged jointly by the Birmingham Accident Hospital and the University; Social Study, 2 yrs., for non-graduates.

RESEARCH. A joint standing committee of Senate and Council co-ordinates research work in all faculties, formulates policies of research, obtains funds and co-operates with Govt. agencies and external bodies. Trust Funds amount to £46,098. There are special committees for research in Mental Diseases and in Cancer.

FEES. Matricn., £2. *Total Inclusive Fees payable for following Bachelors' Degrees, Diplomas and Certificates: For Bachelors' Degrees, including Intermediate or First Yr. Course—B.A. or B.Mus., £136; B.D. (2 yrs.' graduate course), £56; B.Sc. (Pure Sci.), £102-£129, B.Sc. Appl. Sci. (Engin., Metall., Mining, Chem. Engin.), £231; Indust. Fermentation, £163; M.B., Ch.B., £270; B.D.S., £355; B.Com., £121. 10s.; B.Com. (Soc Study), £106; B.Com. for qualified Science Students, £149; LL.B., £54. For Diplomas and Certificates—L.D.S., £325; Diploma in Public Health, including Certif., £67: 4s., excluding Certif., £45: 17s.; Certif. in Public Health, £26: 12s.; Certif. in Educ., 1 yr. course, £43, 2 yrs.' course, £73: 8s.; Diploma in Psychol. of Childhood, £43; Postgraduate Diploma in Educational Psychol., £55; Diploma in Theol. POSTGRADUATE AND RESEARCH SCHOLARSHIPS. 6 open to all Faculties; 30 in Sci.; 12 in Arts (1 of them reserved for Music); 2 in Com.; 3 in Law; also a Travelling Studentship (£300 for 1 yr.) biennially for research in Path.; 1 (£90) annually in one of the Facs. of Med., Com., or Law. Some of these are open to graduates of other Univs., but preference is always given to Birmingham graduates. There are also a number of open Fellowships and Research Studentships.

RESIDENCE. For women there is a Hall of Residence—Univ. House (Warden: Janet Carpenter, M.A.), Edgbaston Park Rd. (152 students), with grounds of 3½ acres. For men—Chancellor's Hall (Warden: P. C. Hordern, A.F.C., M.A.), Augustus Road, Edgbaston (96 students), with grounds of 7 acres. Fees: Women, 70 guineas to 85 guineas per session; Men, £75 to £87 per session.

APPOINTMENTS BOARD. Secy.—P. C. Hordern, A.F.C., M.A., The University, Edmund Street, Birmingham; Asst. Secy., P. F. Vowles, M.A.

* The Total Inclusive Fees cover membership of the Guild of Undergraduates Union, all Univ. Lecture and Laboratory fees, pupilage in Dental Mechanics, Clin. and Examn. fees.

GUILD OF GRADUATES. The Guild is entitled to appoint one representative for every 250 of its members to serve on the University Court of Governors, the present number of representatives being 28. One representative of the Guild is a member of the University Council. A *Register of Graduates* and a *News Letter* are circulated annually to all members.

UNIVERSITY BOARD OF ADULT EDUCATION. The Board supervises all the extra-mural work of the University. Public Lectures, University Extension Courses, Tutorial and Sessional Classes are held in Birmingham and at Centres throughout the West Midlands. There is a Joint Committee for work with the Workers' Educational Association.

PUBLICATIONS. *Calendar* (Oct.), Faculty and Departmental syllabuses and pamphlets, Regulations for Higher Degrees and Postgraduate Diplomas (during the Summer Term); *Report of University Research Committee*, including a bibliography of the research work published during the session (Feb.); *The Mermaid*; *Queen's Medical Magazine*; *Historical Journal*; *Shakespeare Survey*; Scholarship Pamphlet.

An Appeal Fund was launched in May 1944 and donations and promises to date amount to £1,022,000.

* Instalment under Deed of Covenant.

NEW BUILDINGS. An extension to the Physics Dept. is in progress and work has also been started on the first instalment of new buildings for the Depts. of Mech. and Elect. Engineering. To meet the immediate additional requirements of other Depts. on the Edgbaston Site, prefabricated huts are in course of erection. Preliminary plans are being prepared for proposed buildings in connection with the main development scheme to the North of University Road on the Edgbaston Site; also for a hostel for 144 men and one for approx. 150 women. Plans for the building of an Animal House for the Dept. of Anatomy at the Medical School are well advanced and work on the foundations will shortly commence.

NEW DEPARTMENTS. Principles of Engineering Production, with 1 full-time Professor; Medical Statistics and Human Genetics, with 1 full-time Professor, 2 full-time Lecturers and a full-time Officer-in-Charge of Records; Neurological Studies with 1 half-time Professor of Neurology, acting as Head of the Dept., and 2 part-time Lecturers; 1 full-time Professor of Psychiatry to be appointed.

NEW POSTS. Professorships in Principles of Engineering Production, Medical Statistics and Human Genetics, Neurology (half-time), Therapeutics (part-time), Gastroenterology (part-time), Dental Prosthetics, English Lang., Finance and Economics, Econ. Hist., Accounting and Admin. Readerships in Theoretical Metallurgy and in Medicine. First Assistants in Medicine and Obstetrics. Lectureships in Chem. (2), Industrial Fermentation (1), Mech. Engin. (2), Elect. Engin. (1), Chem. Engin. (1), Metallurgy (1), Mining (2), Classics (1), Archaeol. (1), Music (1), Education (2), Pathol. (1), Bacteriol. (2), Medicine (1), Surgery (1), Social Medicine (2), Med. Statistics (1), Dental Prosthetics (1), Industrial Economics (1), Econ. Hist. (1). Research Fellows in Metallurgy (2), Chem. Engin. (2), Physiol. (1), Pharmacol. (1), Social Medicine (1), Anat. (1), Tutors in Extra-Mural Dept. (4), Social Study (1). Assistant Lectureships in Botany (1), Zoology (1), Mathematical Physics (1), Physics (2), Chem. (2), Geol. (1), Brewing (1), Metallurgy (1), Chem. Engin. (1), Classics (1), English (1), German (1), Spanish (1), Russian (2), Philos. (1), Geog. (1), Anat. (1), Pathol. (1). Other posts: Radiographer (Anat.). Officer-in-Charge of Records (Medical Statistics). Asst. Sec. Appointments Board. Admissions Tutors for Faculties of Science and Arts and Social Study Students.

NEW COURSES AND CHANGES IN REGULATIONS. *Faculty of Science.* (a) Anat. and Physiol. now taken as a Combined Course for Ordinary degree of B.Sc. instead of as separate subjects. (b) Hons. Degree in Combined Course in Anat. and Physiol. instituted, replacing separate Hons. Schools in these subjects. *Faculty of Arts.* (a) Hons. courses in Theol. and Linguistics instituted. (b) Course for Diploma in Educational Psychol. instituted. (c) Title of Diploma in Educn. changed to Certificate in Educn. (d) Regns. governing award of B.A. with Hons. in Grouped Subjects withdrawn and Degree abolished. Hons. now awarded in special Honours Schools, or in the General B.A. Degree to students whose work is of sufficient merit. *Faculty of Medicine.* (a) Curricula of Depts. of Anat. and Physiol. fused into a single Syllabus and taken as a combined subject for the Second M.B., Ch.B. Examn. instead of separate subjects. (b) Courses in Neurol., Psychiatry, Med. Statistics and Gastroenterol. instituted. (c) Regns. governing award of M.D. in State Medicine withdrawn and degree abolished. (d) Regns. governing award of degrees of M.D. and Ch.M. under revision. (e) Course for Diploma for Sister Tutors abandoned. (f) Regn. requiring a candidate for the degree of Ph.D. in Faculty of Medicine to possess a Medical degree rescinded. (g) Fourth Year Medical

Course in Operative Surgery discontinued in accordance with recommendation of G.M.C. One year postgraduate course in Orthodontics instituted. Two new "Special Subjects" for final B.D.S. examn. inaugurated, viz.: Prosthesis in Dentistry and Oral Surg. Third L.D.S. examn. taken in three parts instead of two parts. *Faculty of Commerce.* (a) Course for degree of B.Com. (Social Study) instituted; intending Candidates interviewed by a Committee as to their suitability for Social work. Priority normally given to older and more experienced applicants. (b) Course for degree of B.Com. with specialization in Russian Studies instituted. In connexion with the course three main considerations have been kept in view: the importance of understanding the institutions and economic system of the U.S.S.R.; the importance of gaining this understanding as part of a wider education in economics, industrial organization, accounting, law and government; and the likelihood that students will enter the Univ. unable to read the Russian Language. (c) Title of degree of B.Com. (Hons. Social Science) changed to B.Com. (Social and Political Science). (d) Certificate instead of a Diploma awarded for 2 yrs.' Course for non-graduates in Social Study Dept. (e) Matriculation Credit now required in Maths. for following degree courses: B.Com., B.Com. (Social Study), B.Com. (Social and Political Science).

OTHER DEVELOPMENTS. (a) An Institute of Education has been established with Professor M. V. C. Jeffreys as its Director. The Institute, of which the former Dept. of Education is the nucleus, has seven Training Colleges in the West Midlands as constituent members and ten other Institutions as associate members. Some responsibility for the training of all teachers in the area will be undertaken; Educational Research will also be of primary importance. (b) It has been decided that the laboratory work, for many years undertaken in the Dept. of Bacteriology on behalf of Local Authorities, shall be transferred to the Ministry of Health as soon as the National Laboratory Service under the new Health Act can function in this region.

EXTRA-MURAL WORK. The class programme showed a considerable expansion during the year. In co-operation with Oxford Univ., new Extension centres were opened at Worcester, Coventry and Shrewsbury. A 6 weeks' Postgraduate School for overseas students was held at Stratford-upon-Avon. With the co-operation of Local Authorities, University Weeks were held in Hereford, Worcester and in Shropshire.

VISITS OF TEACHERS FROM OTHER UNIVERSITIES. Prof. E. Perroy, Univs. of Paris and Lille (4 Lectures)—Subjects: (a) "The French Resistance Movement"; (b) "The Economic Crisis of the 14th century"; (c) "The Current Political Situation in France"; (d) "The Use of History." Dr. Heselhaus, Munster, Subject: "Droste Hulshoff." Prof. R. Firth, London, (Mason Lecture), Subject: "Social Anthropology." Prof. K. S. Latourette, Prof. of Missions and Oriental History, Yale Univ. (The Edward Cadbury Lecture), Subject: "The Christian Outlook." Prof. Walter Johnson, Univ. of Chicago, U.S.A.—(a) "Main trends in the development of the U.S.A."; (b) Course of lectures for Extra-Mural Department—"The U.S.A. as a World Power."

VISITS OF MEMBERS OF STAFF TO OTHER UNIVERSITIES. Prof. A. S. C. Ross, course of Lectures at Univ. of Göttingen—Subject: "Auriturian Legend." Prof. Stacey Ward, delivered Westman Memorial Lecture to the Chemical Institute of Canada. Prof. M. Stacey, an account of some of his recent Researches given to the American Chemical Soc. Mr. R. H. Thomas, Cologne Univ. (3 Lectures) Subjects: (a) "Die Einheitschule in England—in Deutschland"; (b) "Die Volksbildung in England—in Deutschland"; (c)

"Das Englische Erziehungsgesetz von 1844." Prof. J. A. Hawgood, (1) 3 lectures on each of following subjects, given at Univs. of Innsbruck, Vienna and Graz: (a) "The Citizens and Democratic Government in Britain To-day"; (b) "The Atlantic Basin in Modern World History—Transoceanic Immigrations of the Nineteenth and Twentieth Centuries"; (2) following lectures given at various Universities and Colleges in the U.S.A.: (a) "Is Britain a Democracy"; (b) "Recent British Legislation and Legislative Projects"; (c) "The Question of Germany's Future"; (d) "Problems of Government in the Danubian Countries"; (e) "The British Colonial Office and Colonial Administrative System"; (f) "The British Foreign Service and Proposals for its Reform and Reorganization."

RETIREMENTS. Prof. J. G. Smith (Vice-Principal, Dean of the Fac. of Commerce and Prof. of Finance), Miss M. E. Hirst (Lectr. in Classics).

RESIGNATIONS Mr. S. Dobryn (Lectr. in Russian), on appt. to Chair of Russian at Univ. of Manchester; Dr. T. G. Hunter (Lectr. in Chem. Engin.) on appt. to Chair of Chem. Engin. at Univ. of Sydney; Dr. F. J. Llewellyn (I.C.I. Research Fellow) on appt. to Chair of Chemistry at Univ. Coll., Auckland; Mr. N. M. McElwee (Lectr. in Elect. GENERAL INFORMATION

The Bristol Medical School, founded in 1833, merged with the University College which was established in 1876. The College was dissolved and the University received its Charter in 1909. Its main buildings, opened in 1925, occupy a commanding site between the City and the residential districts, cost £500,000; the H. H. Wills Physics Laboratory, opened in 1927, cost £200,000. The Faculty of Engineering is housed in the Merchant Venturers' Technical College, and a grant for the maintenance of the Faculty is made by the Society of Merchant Venturers. Canynge Hall, within easy reach of the University, accommodates the Departments of Preventive Medicine and Pathology.

LIBRARIES, 148,750 vols. LABORATORIES: Scientific, Medical, and Engineering, all equipped for purposes of research. Hospitals available for clinical study, Bristol Royal Hospital (682 beds); Bristol Royal Hospital for Sick Children and Women (103); Bristol Eye Hospital (76); Southmead Hospital (575), in all, 1436 beds.

FACULTIES AND DEANS. Arts, Prof. W. Beare (Latin); Science, Prof. W. F. Whittard (Geol.); Medicine, Prof. C. B. Perry (Med.); Engineering, Prof. A. Robertson (Eng.); Law, Prof. M. M. Lewis (Law).

DEPARTMENTS. Education (places for approx. 300 men and women students); Agriculture and Horticulture; Preventive Medicine.

ADMISSION. See Appendix I.

DEGREE COURSES. B.A., B.A. (Com.), B.Sc., B.Sc. in Engineering, LL.B.—3 yrs., including at least 2 in the Univ.; Honours in Arts (General and Special degrees), Pure Science and General Science—4 yrs., except for those who enter with Higher School Certif.; B.Sc. in Domestic Science—4 yrs.; by research in case of a graduate of another Univ.—2 yrs.; M.B., Ch.B.—5 yrs., after passing a Prelim. Science examn. in Chem. and Physics; B.D.S.—4½ yrs., after passing a Prelim. Science examn. in Chem. and Physics, including at least 3 in the Univ.

Instruction given in Theological subjects in the Associated Colleges to undergraduates of the Univ. by the Principal or teachers mentioned above

GENERAL INFORMATION

The legislative and executive authority of the Univ. is vested in the REGENT HOUSE, which comprises those Univ. Officers, Fellows of Colls., and others, who are concerned with its teaching and administrative work. A meeting of the Regent House is called a *Congregation*.

There is a right of appeal against a decision of the Regent House, on the motion of at least one-third of its members, to the SENATE, which consists of graduates of six or seven years' standing from their first term of residence, who have taken a degree of Doctor or Master, or the degree of Bachelor of Divinity. In order to be successful an appeal must be sustained by a majority prescribed by statute. The Senate elects the Chancellor and certain other officers, confers degrees, and holds meetings for the discussion of proposals.

Changes of statute can be made by the Univ. with the approval of the Privy Council and Parliament.

Many executive duties, and the duty of sanctioning the submission of resolutions (called *Graces*) to a Congregation, are entrusted to the *Council of the Senate*, which is elected by the Regent House.

The titular presiding officer at a Congregation, and the Chairman of the Council, is the Chancellor, who is by custom a non-resident distinguished in public life. His duties are in fact performed by the Vice-Chancellor, who is a Head of a College, appointed annually, in theory by the Regent House, in practice by the Council. It is customary for the Vice-Chancellorship not to be held for more than two years in succession by one person.

There are numerous *Boards* and *Syndicates* for dealing with the various branches of University business: the most important of them are the *General Board of the Faculties*, whose duty it is to advise the Univ. as to educational policy and to supervise and co-ordinate the work of the Faculties, and the *Financial Board*, whose duty it is to supervise the finance of all spending departments.

There are twenty Faculties, a Faculty being a body of persons furthering the study of a subject or group of subjects. The organization of teaching, research and examinations in the various subjects is in the hands of the several Faculty Boards, subject to the control of the General Board. A Faculty Board is in part composed of members elected by the Faculty. Some of the Faculties are divided into Departments, under a Head, generally a Professor, who is responsible for the management of his Department. There are also some Departments independent of a Faculty.

For an outline of the statutes which became operative in 1926, v. *Yearbook* 1932, p. 66.

The INCOME of the Univ. is derived from the endowments of specific posts, from general endowment (though to a small extent only), from the fees of students, from the statutable contributions of Colls. and from a Treasury Grant.

DISCIPLINE outside the walls of the Colls. is maintained by the Proctors.

The Univ. TEACHING OFFICERS are the Professors, Readers, Univ. Lecturers, Univ. Demonstrators, Asst. Directors of Research, and certain specified officers. They, as well as most of the administrative officers, are required to join the Federated Superannuation System for Univs. The retiring age is 65.

The COLLEGES are self-governing corporate bodies distinct from the Univ., owning and managing their separate property, the corporators being the Head and Fellows. Their powers are, however, limited by their statutes, which cannot be altered by them without notice to the Univ. and approval

by the Privy Council. The functions of the Colls. in regard to students are to provide lodging, corporate life, and personal tuition, while the function of the Univ. is to provide public instruction by means of lectures and demonstrations, examinations leading to degrees, and facilities for research. The affairs of the Colls. are, however, closely interwoven with those of the Univ. Most of the Fellows of Colls. are Univ. officers, indeed the statutes require that a certain proportion of the Fellowships of each Coll. shall be held by Univ. officers. And each Coll. is required by statute to contribute a certain fraction of its income to the funds of the Univ., the scale of contribution being graduated according to the College revenues.

The Colls. also maintain Fellowships for the furtherance of research, and a large number of Scholarships. The title of scholar is awarded on purely intellectual grounds, but, as at Oxford, no Coll. emolument other than an allowance for rooms is paid to an undergraduate scholar unless he satisfies the Coll. that his circumstances justify the payment.

NON-COLLEGIATE STUDENTS reside in licensed lodgings or in "Houses" recognized by the Non-Collegiate Students' Board. Such students may, by becoming members of Fitzwilliam House, obtain opportunities for taking part in communal life (dining in Hall, belonging to athletic clubs, etc.) similar to those enjoyed by members of Colleges.

WOMEN STUDENTS. Subject to the condition, to some extent relaxed in respect of the years 1945-49, that the joint number of women students receiving instruction in the Univ. shall not exceed five hundred, the students of the Women's Colls. (Girton and Newnham) are admitted to instruction and examinations in the Univ. and to the titles of degrees, including research degrees. Women who have received, or are qualified to receive, titles of degrees share with men graduates, under the Representation of the People Acts 1918 to 1928, the privilege of voting for the election of the two Burgesses who represent the Univ. in the House of Commons. Women are eligible for all Univ. teaching offices and for membership of Faculties and Faculty Boards, but cannot become members of the Senate or Regent House. From 1872 women were informally admitted to Tripos examns. in the Univ., and from 1881 have been formally admitted to the Previous Examn., the Tripos examns., and certain examns. in Med. and Music. They were subsequently admitted to the courses and examns. for the Diplomas in Agric., Horticulture, Forestry, Geog. and Education. In Oct. 1921 the Grace admitting them to titular degrees was passed. Under the New Statutes in Oct. 1926 women became eligible for all Univ. teaching offices, and in the following year were enabled to compete on the same footing as men for Univ. Studentships, Scholarships and Prizes, except where specially excluded. Since 1934 they have been admitted to all courses of study alike. In Dec. 1947 proposals to amend the Statutes were approved, subject to the consent of the King-in-Council, that women should be admissible to membership of the Univ. on the same terms as men.

ADMISSION. *See* Appendix I.

NON-MEMBERS OF THE UNIVERSITY. A teacher of subjects pertaining to a Faculty or Dept., or a person pursuing research upon such subjects, may be admitted to courses of instruction by the Chairman of the Faculty or the Head of the Dept., paying such fees, if any, as may be determined in each case. In some special cases the approval of the Council of the Senate is required.

A candidate for a Diploma or Certificate which is open to non-members may attend courses leading thereto, paying, in addition to the fees proper to the courses, a single fee of a guinea and a half.

Under the same conditions as to fees, other non-members may attend courses

by leave of the Council of the Senate, normally not for more than two terms. Applicants, before making their arrangements to come to Cambridge, should inform the Registry of their scholastic or academic status, subjects of study, proposed length of sojourn, and reasons for not joining the Univ. or one of the Women's Colleges, as leave is not automatically given.

If it is doubtful which of the preceding paragraphs is relevant, enquiry should be made of the Registry.

INCORPORATION. Students who before admission as members of the Univ. have kept terms by *bona fide* residence at Ox. or Dub. (Trinity College) are, subject to certain provisos, allowed terms corresponding to those which they have so kept; a graduate of Ox. or Dub. (Trinity College) who took a degree or degrees after having duly qualified himself therefor not only by having passed the examns., etc., required, but by having kept his terms by residence in his own Univ., may be admitted on certain conditions to the same degree or degrees in Camb. Women graduates of Ox. or Dub. (Trinity College) may be admitted by incorporation to the title of the same degree or degrees in Camb. By leave of the Oxford authorities a term or terms needed for an Oxford degree may be kept at Cambridge.

TERMS. In order that a term may be counted towards qualifying for a degree, a student must reside in Cambridge (*i.e.* within a circle of 3 miles radius from Gt. St. Mary's Church) during three-fourths of the term. Full terms: 1947-48—Oct. 7 to Dec. 5; Jan. 13 to March 13; April 20 to June 11. 1948-1949—Oct. 8 to Dec. 6; Jan. 12 to March 12; April 19 to June 10.

DEGREES. B.A., M.A.; M.Litt., Litt.D.; M.Sc., Sc.D.; B.D., D.D.; LL.B., LL.M., LL.D.; M.B. and B.Chir., M.Chir., M.D.; Mus.B., Mus.M., Mus.D.; Ph.D.

MEASURES DUE TO THE WAR. Regulations have been made under which approved National Service will be recognized in lieu of terms of residence and/or exemption from the Previous Examination. The general effect is to enable students to obtain degrees after completing the examinations appropriate to two years of residence if they have previously or subsequently been engaged on approved National Service. But the following will not be recognized: (1) Service performed by a student born on or after 1.1.29; (2) any service begun on or after 1.1.47 by a student who matriculated after 24.6.46; (3) any service begun on or after 1.1.47 by a student who has matriculated before 24.6.46, unless that service was not begun voluntarily, or as a result of failure to satisfy the conditions for continued deferment by the University Joint Recruiting Board.

ARTS. The qualifications for the B.A. are: (i.) 9 terms' residence; (ii.) passing or being exempted from the *Previous Examn.*; (iii.) passing the examns. for the Ordinary Degree or a Tripos examn. or examns.

Exemption from (i.) to the extent of 3 terms can be obtained by students entitled to the privileges of *affiliation* (v. App. I.).

(ii.) The *Previous Examn.* includes Latin or Greek, one other language, Maths., and English. Subject to certain provisos, natives of Asia or Africa who are not of European parentage may substitute papers in Arabic, Chinese, Sansk. or Pali for the Latin papers. For details and exemptions, see Appendix I.

(iii.) Ordinary Degree: (All students must follow an honours course or a course for a Certificate of Proficiency in their first year). (a) First year hon. examn. or an examn. for a Cert. of Proficiency, followed by two of these Special Examns. Latin, Greek, History, Law, English, each lang. regularly included in the Mod. and Mediæval Langs. and Oriental Langs. Triposes, Geog., Moral Science, Maths., each whole subject of Part I. of the Natural Sciences Tripos, and

Military Studies. Or (b) the Examns. in *Agriculture* and *Estate Management*. Or (c) the Examns. in *Architectural Studies*. Or (d) the Examns. in *Engineering Studies*. Or (e) the Examns. in *Christian Theology*.

Certain combinations of (a), (b), (c), (d) and (e) are allowed, and also certain combinations of parts of (a) with parts of the course for the M.B. or the Mus.B., or with parts of a Tripos course.

Honours Degree: obtained by passing in one or more of the following Triposes: Archæological and Anthropological, Classical, Economics, English, Geog., Hist., Law, Maths., Mech. Sciences, Mod. and Med. Langs., Moral Scis., Music, Nat. Scis., Oriental Langs., Theol.

A Bachelor may be admitted Master of Arts at the end of 6 yrs. from the end of his 1st term, provided that not less than 2 yrs. have elapsed from his admission as B.A.

DIVINITY. A graduate proceeds to the B.D. when he is of not less than 5 yrs.' standing from his first degree, either (1) by submitting an original dissertation composed by himself on some subject connected with Biblical Criticism, Exegesis or History, or with the Nature and Grounds of Christian Belief, or with Dogmatic Theology, or with the study of other Religions in relation to the Christian Religion, or with Ecclesiastical History, Literature or Antiquities, or with the Philosophy of Religion, or (2) by specifying his published works on one or more of these subjects. He is required to satisfy the Degree Committee, either by his dissertation, etc., or otherwise, that he possesses a competent knowledge of Christian Theology. A B.D. of 3 yrs.' standing proceeds to the D.D. by submitting published works or a printed dissertation on the same subjects as those for the B.D.

LAW. A student who has kept 9 terms and obtained hons. in both parts of the Law Tripos, or Hons. in some other Tripos and subsequently Hons. in either part of the Law Tripos, is entitled to proceed to the degree of B.A. To qualify for the LL.B. it is necessary to pass the LL.B. examn. after having kept 9 terms and obtained hons. in Pt. I. or Pt. II. of the Law Tripos, or passed in either Part at the hons. standard, or taken the degree of B.A. and qualified for practice as a barrister or solicitor in England or Ireland, or as an advocate or law agent in Scotland. (For an Affiliated Student these requirements may be modified.) A LL.B. may, not less than 6 yrs. after the end of his 1st term and not less than 2 yrs. since his admission, ask leave to submit a dissertation on some branch of law or of the hist. or philosophy of law, and, if such dissertation is approved, he may be admitted to the Degree of LL.M. Any graduate may be admitted LL.D., not less than 8 yrs. after admission to his 1st degree, if he has published one or more original contributions, approved for the purpose, to the advancement of the science or study of Law.

MEDICINE. The qualifications for the M.B. and B.Chir. are: (i.) 9 terms' residence; (ii.) passing (or exemption from) the *Previous Examn.* (iii.) 5 yrs.' Med. study; (iv.) passing in due order several examns. (of which one must be a Tripos examn.). Admission to certain examns. is conditnl. on proof of diligent attendance on prescribed courses of lectures and practical work. Admission to the Final M.B. is conditnl. on proof of 5 yrs.' Med. study, of which 2 yrs. 9 mos. must have been spent in hospl. practice, and diligent attendance on prescribed courses of instruction and practical work. A graduate of the Univ., on submission of a thesis or dissertation, may be admitted M.D. when 8 yrs. have elapsed since admission to his first degree. A person who has graduated M.B., B.Chir. may be a candidate for the M.Chir. Degree Examn. when 2 yrs. have elapsed since passing the Final M.B. Examn. Overseas examns. exempting

from the 1st M.B. (except Part IV.): examns. for B.Sc. of Univ. of S. Africa (subject for subject); 1st yr. examn. for M.B. and Ch.B. or B.Sc. of Univ. of Cape Town or Witwatersrand; 1st examn. for med. degrees in Univ. of Adel., Melb. or Syd., or 1st examn. in Science in Univ. of Queensland, W. Aust. or Tasm.

A School of Clinical Research and Postgraduate Teaching, to be known as the Medical School, has been constituted and there will be closer relations between the Univ. and Addenbrooke's Hospital. The Univ. has assumed responsibility for the biochemical and pathological services of the hospital.

MUSIC. The qualifications for the Mus.B. include (i.) 9 terms' residence; (ii.) passing (or exemption from) the *Previous Examn.*; (iii.) passing an examn. in two parts whereof the first may not be taken before the 2nd term, nor the 2nd before the 8th term. In 1949 new regulations will require candidates for the Mus.B. to pass two sections of the Mus.B. Examn. after obtaining honours or the honours standard in a part of the Music Tripos. The Mus.M. may be taken after at least 3 yrs. have elapsed since admission as Mus.B. and after passing the prescribed examn.

Graduates of not less than 8 yrs.' standing from admission to their first degree who have given proof of distinction in musical composition may be candidates for the Mus.D.

The Ph.D., v. *infra* Research Students.

The Sc.D. and Litt.D. Either degree is open to a graduate of the University of not less than 8 yrs.' standing from admission to his first degree. These degrees are granted in consideration of published original contributions to the advancement of Science or Learning.

DIPLOMAS. In addition to degrees, which are for the most part conferred only on its own members, the Univ. grants Diplomas, which are restricted, or almost restricted, to members of the Univ.—Agric., Agric. Sc., Anthropol., Architect., Class. Archæol., Comparative Legal Studies, Internat. Law, Economics, Education, General Archæol., Mathematical Statistics and Oriental Langs., the diplomas in Anthropol., General Archæol. and Orient. Langs. being open to non-members in certain exceptional circumstances only. *Certificates* of competent knowledge of certain foreign langs., open to members of the Univ. only, are awarded. *Certificates of Proficiency* in Agriculture, Estate Management, Architectural Studies, Christian Theology and Engineering Studies are awarded to those who proceed to the Ordinary B.A. by way of the examn. in those subjects. A *Divinity Testimonium* is granted on proof of diligent attendance at 6 courses of lectures.

The Joint Coal Mining Diploma of the Univs. of Cambridge and Birmingham enables Cambridge graduates in Engineering to shorten by 1 yr. the period of training at Birmingham otherwise required. It is approved by the Board of Trade.

The Diploma in Anthropology may be obtained after residence for one term only by Officers of any of the Public Services of the Empire, not ordinarily resident in the British Isles, having exceptional qualifications, or by Missionaries who have served abroad.

The Diploma in General Archæology may be obtained, after instruction in Cambridge during an academical year, by persons approved in virtue of archæological experience in the field or of other qualifications.

The Course of MILITARY STUDIES arranged by the Univ. Board of Milit. Studies (Secy.—F. M. Edwards, M.A. Qu., 1 Silver St.) is for the time being in

abeyance. The Air Squadron and Officers' (now Senior) Training Corps continue to operate. During the War, the holder of Cert. B who was recommended for a Commission was exempted from service in an Other Ranks Training Unit. Cert. A (Infantry) had to be obtained before a candidate could be enrolled in a Technical Unit.

THE DEPARTMENT OF EDUCATION (Prof. of Educn.—G. R. Owst, Litt.D. Emn.; Secy. to the Dept.—F. F. C. Edmonds, M.A. Qu.), 17 Brookside, Cambridge, is under the general control of the Education Syndicate.

Four-year students devote their first 3 yrs. to reading for a degree and the 4th yr. to professional training. Postgraduate students not previously attached to the Dept. may also enter for the 1 yr.'s professional course.

Examns. for the *Certificate* in Education, held in June and Dec., are open to students of certain colleges, and also to other graduate teachers who have had at least a yr.'s experience in a Secondary or similar approved school.

There is also the Cambridge Training College for Women (Postgraduate) (Principal—Miss E. M. Verini, M.A. Ox.), which admits women graduates to a course of professional training in preparation for teaching. Students take the examn. for the Cambridge Certificate in Education. Recognized students receive the usual Ministry of Education grants. Total number of students, about 65.

For HOLY ORDERS in the Church of England Cambridge graduates are trained at Ridley Hall, founded in 1879 (Principal—Rev. S. F. Allison, M.A. Jes.); or at Westcott House, founded in 1881 (Principal—Rev. K. M. Carey, B.A.). Other theological colleges recognized by the Univ. as Houses of Residence for students: Westminster Coll., founded 1844 (Principal—Rev. W. A. L. Elmslie, B.D., Chr., Presbyterian); Cheshunt Coll., founded 1768 (President—Prof. A. V. Murray, B.D. Joh., mainly Congregational); St. Edmund's House, founded in 1896 (Rector—Rev. R. Corboy, M.A. Chr., Roman Catholic); and Wesley House, founded 1924 (Principal—Rev. R. N. Flew, B.D. Trin. H., Methodist). Cheshunt and Westminster Colleges were moved from Cheshunt and London in 1905 and 1899 respectively.

RESEARCH STUDENTS. Each application for admission must be made to the Secretary of the Board of Research Studies, and must be accompanied by (i.) a diploma or other certif. of graduation at a Univ.; (ii.) a statement as to the course of research which the applicant desires to pursue, together with evidence of qualification, attainments and previous study; (iii.) a statement of the degree, if any, for which the applicant wishes to be a candidate; (iv.) a certif. or declaration of the applicant's age at the date of application. In exceptional cases persons who are not graduates may be admitted. The application is not granted unless it appears that (a) the course of research can conveniently be pursued within the Univ., and (b) that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course. Before admission he is required to become a member of a College, or a Non-Collegiate Student.

Secretary of the Board of Research Studies: W. J. Sartain, M.A. Selw. Correspondence should be addressed to the Secretary at the Old Schools, Cambridge.

A Research Student pursues his course under direction and supervision, prescribed by the Degree Committee of the Faculty concerned. If he should wish to obtain a degree elsewhere he may, after he has pursued his studies in the Univ. for not less than 2 terms with regularity and industry, receive a *Certificate* to that effect signed by his supervisor and by the V.-C. After a course extending over 2 yrs. and residence in the Univ. for at least 6 terms (Cambridge

graduates, 3 terms) after admission as a Research Student, the M.Sc. or M.Litt. degree may be obtained. For the Ph.D. degree (v. p. 15) 3 yrs. are ordinarily required. One year of the 3 yrs.' course may be remitted if the applicant satisfies the Board of Research Studies that he has done at least a yr.'s satisfactory research work before admission to Cambridge Univ. For any degree 6 terms' residence is essential.

UNIVERSITY SCHOLARSHIPS AND STUDENTSHIPS, ETC., number about 60, and are worth about £7000 p.a. In almost every instance they are open only to persons who have graduated in this Univ., or have kept a certain number of terms. For details see *Student's Handbook* (Univ. Press), which also gives details of College *Entrance Scholarships*.

DOMINION AND COLONIAL EXHIBITIONS. In view of the difficulties experienced by Dominion and Colonial students in competing for scholarships and exhbns. in the open examn. held each Dec., Trinity Coll. is prepared to consider applications made by Dominion and Colonial Univs. on behalf of their students for the grant of exhbns.; value £40 a yr. either more or less according to holder's financial circumstances. Candidates must apply through the principal authority of their Univ. Applications for next award must reach the Senior Tutor, Trinity Coll., by May 1, 1949, from whom particulars should be obtained.

EXPENSES. Since each student, in addition to Univ. fees, pays bills to a College (or to the Non-Collegiate Body), and the charges vary from College to College, a concise general estimate gives only a rough indication, which may be supplemented by particulars obtained from the College of the student's choice; but the total annual expenditure of a student, *exclusive of initial, occasional and additional expenses*, may be fairly estimated at about £235, although on the one hand it is possible by great care to live upon less, and on the other hand a larger expenditure will often enable the student to obtain greater advantages from a University career.

The items on which this estimate is based, including guesses as to personal expenses, are: Univ. fees (capitation tax), £5:5s.; Lecture fees, £18 to £25 according to the subject; College fees, £34 to £50 (tuition, £21 to £27; establishment charge, £12 to £15; College dues, £1 to £8); board and lodging, £80 to £182 (rooms and service, £30 to £54; food expenses, £41 to £107; fuel, £6 to £12; laundry, £3 to £9); personal expenses, £51 to £112 (books, travelling, tradesmen—including tailor, etc., clubs and societies). The excluded initial expenses are caution-money, £12 to £30, which is returned when the student leaves the University (in certain Colleges caution-money takes the form of a payment in advance, term by term, towards the next term's bill), College admission fee (£2 to £5), matricn. £5, furniture, linen, china, etc., £15 to £65, and cap, gown and surplice, £2 to £4:10s. The "occasional" fees are for examns., about £12, and degree fees, £3. The "additional" expenses (which may be heavy, especially if much private tuition has to be allowed for) are laboratory fees for technical and scientific subjects (an additional £10 to about £25), long vacation expenses and private tuition.

THE UNIVERSITY APPOINTMENTS BOARD is concerned with appointments of all kinds (Secy.—O. V. Guy, C.B.E., D.S.O., M.C., M.A.; Asst. Secs.—A. L. Maycock, M.C., M.A. (Education); W. N. C. van Grutten, O.B.E., M.C., M.A. (Engineering); P. T. Sinker, M.A. (Commerce). Address: Lensfield House, Lensfield Rd. *Telegrams*—Appointments, Cambridge. Telephone—54242/3.

Employment in the years 1939-46 was abnormal; the number of appts. reported in the year ended Dec. 31, 1947, was 694 (Government Service and Local Govt., 78; Educn., 221 of which 28 were of a temporary nature; Com-

merce and Industry, 386 of which 194 required qualifications in Engin. or Nat. Sci.; Miscellaneous, 9).

In addition long vacation employment was found for 147 men, mainly in technical industry.

CAMBRIDGE UNIVERSITY WOMEN'S APPOINTMENTS BOARD. Secretary—Mrs. K. M. Baxter, M.A. (Newn.), 18 Brookside, Cambridge. (Tel. 2629.) Interviews by appointment only.

The UNIVERSITY LIBRARY contains over 1,500,000 vols., including many early printed books, and over 10,000 MSS. and 230,000 maps. It is entitled under the Copyright Act to a copy of every book published in Gt. Britain and Ireland, and a large number of foreign books and periodicals are acquired by purchase. It contains, amongst others, the following remarkable collections: Acton library (mediæval, ecclesiastical and modern history, 60,000 vols.); W. G. Aston's Japanese library; Sir T. Wade's Chinese books; J. W. Clark collection (Cambridge books, pamphlets, papers, etc.). The annual budget is about £40,000.

Each College has a library. Some are interesting survivals of mediæval rooms kept in the state in which they were originally arranged. Among special collections in College libraries are: in Christ's College the Robertson Smith collection of Oriental books, many of which are connected with Semitic literature; in Gonville and Caius College 800 MSS., 60 *incunabula*, heraldic collections of Dr. John Knight (17th cent.), 1300 books and controversial pamphlets of Dr. Wm. Branthwaite (d. 1619), Norfolk and Suffolk topographical and genealogical works; in Girton College small collections of Oriental books, chiefly Sanskrit (Cowell) and Hebrew (Frere—printed catalogue), and Botany books and pamphlets (Ethel Sargent).

DEPARTMENTAL LIBRARIES. In the Old Schools (formerly the University Library) are now housed the following: The Squire Law Library; the Seeley Historical Library; the English Library; the Modern Languages Library (including the Beit Library of German books); the Moral Sciences Library. The Marshall Library of Economics is in Downing Street. The Oriental Languages Library (including the Bendall Sanskrit books) and the Music School are in what was formerly the Balfour Laboratory in Downing Place. In the Arts School are the library of the Philosophical Society and the Mathematical Institute.

MUSEUMS. (a) Art and Archæology.

The Fitzwilliam Museum (Director—C. Winter, M.A. Trin.) contains a large and valuable collection of paintings, drawings, engravings, Egyptian and Greek antiquities, ceramics, coins, illustrated MSS., autographs, early printed books, and music.

The Museum of Classical Archæology (Curator—Prof. A. W. Lawrence, M.A. Jes.) contains a collection of casts illustrating the history of Greek sculpture.

The Museum of Archæology and of Ethnology (Curator—T. T. Paterson, M.A., Ph.D. Trin.) has a large and increasing collection, including Saxon urns and ornaments, casts of Central American monuments, Egyptian stone implements, unique Fijian collections, and numerous others resulting from scientific expeditions by Cambridge men.

(b) Science.

The Museums of Science include museums, laboratories, lecture-rooms, classrooms, and workshops for Agric., Anat., Biochem., Bot., Chem., Engin. (including Engine-room, Elasticity, Elec., and Hydraulic Labs., and drawing office), Exper. Physics, Hum. Anat., Ethnol., Medicine, Mineralogy, Path., Physiol., Psychol., Zool.

The Museum of Zoology (Director—F. R. Parrington, M.A. Sid.) includes very complete series of vertebrates and invertebrates, a series of invertebrata from Naples, valuable collection of Polyzoa, extensive collection of marine animals from Pacific and Indian Oceans, and an important collection illustrating heredity, protective resemblance and mimicry.

The Sedgwick Museum of Geology (Curator—A. G. Brighton, M.A. Chr.) includes a fine collection of British and foreign building stones lately added to the Economic section.

LABORATORIES AND FIELD STATIONS.

Mathematical Laboratory (Director—M. V. Wilkes, M.A., Ph.D. Joh.).

The Zoological Laboratory, in addition to providing for the ordinary work of the Dept. and for research, affords special facilities for the study of diseases of animals and of economic entomology.

Low Temperature Station for Research in Biochemistry and Biophysics (Superintendent—E. C. Bate-Smith, Ph.D. Cai.).

The Botanic Garden (Director—H. Gilbert-Carter, M.B., Ch.B. Edin., M.A. Trin.).

The Scott Polar Research Institute, Lensfield Rd. (Director—Rev. W. L. S. Fleming, M.A. Trin. H.).

Dept. of Genetics, Storey's Way (Director—Prof. R. A. Fisher, Sc.D. Cai.).

The Molteno Institute of Biology and Parasitology, Downing St. (Director—Prof. D. Keilin, M.A. Magd.).

Research Institutes attached to the School of Agriculture :

Animal Nutrition Institute.

Plant Breeding Institute (Acting Director—G. D. H. Bell, Ph.D. Selw.).

Horticultural Research Station (Director—D. Boyes, M.A. Emm.).

Institute of Animal Pathology (Director—Prof. W. I. B. Beveridge, M.A. Jes.).

Provincial Economics Advisory Service (Economist—A. W. Menzies-Kitchen, Ph.D. Cath.).

A SCHOOL OF PATHOLOGY was endowed by the Rockefeller Foundation (£133,000) and Ernest Gates (£33,000) in 1924.

THE OBSERVATORIES (Director—Prof. R. O. Redman, M.A., Ph.D. Joh.) are about a mile from Cambridge. The older Obs. has a meridian circle of 8½ in. aperture; the Northumberland equatorial 12 in. aperture; the Sheepshanks photographic equatorial 12½ in.; a number of smaller instruments, and a good library.

THE SOLAR PHYSICS OBSERVATORY, standing close to the older Obs., has the Newall telescope (25 in.), McClean coelostat and spectrograph, Huggins telescopes, etc. The Univ. has taken over charge (for the Govt.) of the Solar Physics Obs. formerly at South Kensington, receiving a grant-in-aid.

THE OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly exams. and awards certificates—Higher and School—which exempt the holder, under certain conditions, from Responsions and the Previous Examination, the Matric. exams. of London, the Northern and other English Univs., and the Preliminary exams. of various professional bodies, etc. The Regulations of the Board are published by the Ox. and Camb. Univ. Presses (post free 1s. 6d.). Secretaries: at Cambridge—A. E. E. McKenzie, M.A. Trin., 10 Trumpington St.; at Oxford—G. J. R. Potter, M.A., 74 High St.

THE CAMBRIDGE LOCAL EXAMINATIONS SYNDICATE, instituted in 1858, holds yearly School Certif. and Higher School Certif. Exams. in July at centres in

Gt. Britain ; a School Certif. Examn. is also held in Dec. School Certif. and Higher School Certif. Examns. are held yearly in Dec. at oversea centres, notably in India, Malaya, W. Indies and Africa. The Oversea Jr. School Certif. is held in Dec. only. The Examns. in English for students whose mother tongue is not English, which include the Certif. of Proficiency* and the Lower Certif., are held in June and Dec. at home and overseas ; the examn. for the Diploma of English Studies is held in Dec. only. The Examn. for the Cambridge Certif. in Religious Knowledge is held in July only. Regns. may be obtained from Syndicate Buildings, Cambridge ; Secretary : J. L. Brereton, M.A. ; Assistant Secretaries : T. S. Wyatt, M.A., A. V. Hardy, M.A.

The School Certif. and Higher School Certif. exempt the holder, under certain conditions, from the Previous Examn. and Responses, the Matricn., Intermediate and First Medical Examns. of London and other Univs., and the Prelim. Examns. of various professional bodies. The Certif. of Proficiency in English exempts the holder from the entrance test in English at certain Universities.

The BOARD OF EXTRA-MURAL STUDIES undertakes non-vocational education of adults, mainly in the Eastern Counties, and also in a few centres further afield which still remain. It co-operates closely with the Workers' Educational Association, and with other voluntary associations and with Local Education Authorities in the arrangement of its teaching work. Not only are such bodies represented on the Board, but wide consultation, as required by the Education Act, 1944, takes place through the Regional Consultative Council for Adult Education in the Eastern Counties, which was established in 1945.

The teaching of the Board consists mainly of : (a) University Tutorial Classes, extending over 3 winter sessions, (b) University Sessional Classes, usually of 20-24 meetings ; (c) University Extension Lecture Courses, usually of 10-12 meetings. Such courses were started in 1873 and frequently attract large audiences ; (d) other short courses, many of a pioneer type.

Boxes of books recommended by tutors are supplied for each course and class.

Staff. The Board employs a number of part-time lecturers and tutors, and has a staff of 15 full-time tutors and lecturers, including Resident Tutors in seven country areas who, in addition to teaching, exercise a general supervision over the work of the Board and assist in the development of adult education in those areas.

In 1946-47 provision was made for : 14 Univ. Tutorial Classes, 60 Univ. Sessional Classes, 84 Univ. Extension Courses, 95 Pioneer Courses.

Bursaries. The Board has revived the practice, suspended during the War, of awarding bursaries to men and women in the adult education movement who have shown themselves to be capable of profiting by a course of Univ. study, but who, for one reason or another, have not had the opportunity. In 1947-48 five such adult students are in residence.

Summer Schools. The Board hold Vacation Courses, including (a) Summer School, in co-operation with the W.E.A., mainly for W.E.A. students, held annually. In 1947 this included a training course for potential tutors in adult education, and a "Refresher" Course in experimental psychology. (b) University Extension Summer Meeting—until 1939 held in Cambridge and Oxford in alternate years. (c) Vacation Courses for students from overseas, both from Europe and the U.S.A. and other English-speaking countries.

* The Univ. of London also awards a Certificate of Proficiency in English, v. p. 153.

(d) Summer Schools in co-operation with Scientific Departments of the Univ.—e.g. Metal Physics in 1947.

Details of the above may be obtained from the Secretary, G. F. Hickson, M.A., Stuart House, Cambridge.

DIVISIONS OF THE UNIVERSITY

Durham Colleges: *see* p. 92.

King's College, Newcastle upon Tyne: *see* p. 96.

AFFILIATED COLLEGES

A. Colleges in which students may matriculate, keep terms, and pass exams., and so qualify without coming to England for the B.A., M.A., B.D., D.D., B.C.L. and D.C.L. degrees:

CODRINGTON COLLEGE, BARBADOS. Trustees (under the will of Christopher Codrington, who died in 1710)—The Society for the Propagation of the Gospel; Visitor—The Lord Bishop of Barbados; Principal—Rev. C. A. Sayer, B.A.; Prof. of Theology—Rev. R. J. Siderfin, B.D.; Prof. of Classics—Vacant; Prof. of Medicine—E. B. Carter, M.D., C.M.

FOURAH BAY COLLEGE, SIERRA LEONE. Founded in 1827 by the Church Missionary Society. In 1918 the Wesleyan Missionary Society became associated with the C.M.S. in the control of the College. Visitor—The Bishop of Sierra Leone; Deputy Visitors—The Chief Justice, the Colonial Secretary; Principal—Dr. F. H. Hilliard; 13 Tutors.

B. SUNDERLAND TECHNICAL COLLEGE. Founded in 1901. By the Durham University Act of 1908 this College was to be affiliated in the Schools of Engineering and Electrical Engineering when the equipment and staff should be deemed adequate. The affiliation took place in 1930, and in 1931 certain members of the staff were accorded the status of "Recognized Teachers"

in the University. The College is represented on Senate and on the Board of the Faculty of Applied Science. Principal—D. A. Wrangham, M.Sc., Sen. Wh. Sc., D.I.C.

ASSOCIATED COLLEGES

Under arrangements now being terminated, students have been able to take in these Colleges courses extending over three years, which qualify for the L.Th. No further students for the L.Th. may be admitted. Nine terms kept in one of these Colleges, after passing the Matriculation Examination, may be counted in lieu of six of the terms required for the B.A., if the student has obtained the L.Th.

GENERAL INFORMATION

The University was established in 1832. The College of Medicine, founded in Newcastle in 1834, was associated with the University first in 1852 and more closely in 1870. The Durham College of Physical Science, later Armstrong College, was founded in 1871 in Newcastle as a part of the University. The reconstitution of 1908 brought the Durham Colleges, the College of Medicine and Armstrong College into a closer relationship. The reconstitution of 1937 carried the process further, establishing a central financial control. It also merged the two Newcastle Colleges in King's College, Newcastle upon Tyne.

The University now consists of the Durham and Newcastle Divisions, *v. infra*. Three colleges elsewhere are affiliated to it and eighteen other colleges have hitherto been associated with it for study in Theology, *v. supra*.

GENERAL INFORMATION

The University of Durham College of Medicine was originally founded in 1834 and became associated with the University of Durham in 1852. Armstrong College, Newcastle upon Tyne, was founded in 1871, as a part of the University of Durham. In 1937 the two Colleges were merged to form King's College, Newcastle upon Tyne, in the University of Durham.

LIBRARY, 169,196 vols., 53,482 pamphlets (including the Medical libraries). There are also departmental libraries. Special collections: English Bibles from 1535; Heslop, English dictionaries (277 vols.); Kepier, fifteenth- to eighteenth-century printed books, mostly classics (600 vols.); Merz, philosophical, mathematical and general (3940 vols.); Spence Watson, early English texts (564 vols.); Oriental, with special reference to India (2762 vols. and 2082 pamphlets); Gilchrist, Agricultural (529 vols.); Gertrude Bell, Oriental (1963 vols.).

MUSEUMS. Anat., Hygiene, Mat. Med., Path., Dental, Zool., Geol., Mineral., Chem., Mining, Technological specimens.

LABORATORIES with special facilities for research in Engin. and Hydr., Elect. Eng. and Mining; special branches of Chem., Physics, Geol., Bot. and Agric.; Marine Biol. (Dove Marine Lab., Cullercoats).

The Agric. Dept. manages the College Farm at Nafferton and undertakes the scientific control of Cockle Park, the Northumberland County Experimental Station; it also has the use of other County and Crown estates for teaching, research and demonstration purposes.

ADMISSION. See Appendix I.

DEGREE COURSES, ETC. Complete Courses for degrees in Arts, Architecture, Medicine, Surgery, Hygiene, Dental Surgery, Science, Applied Science, Law, Commerce, Social Studies and Town and Country Planning; for Univ.

Diplomas in Education, Youth Service, Public Health, Psychiatry, Fine Art, Art Teaching, Architecture, Town Planning, Agriculture, Mining, Commerce, Public Administration; for the Univ. Licence in Dental Surgery, the Univ. Certificate in Social Studies, and also for College Certificates in Fine Art, Architecture and Town Planning.

Instruction in Clinical Medicine and Surgery is given in the Royal Victoria Infirmary (700 beds) and other hospitals; in Practical Midwifery and Clinical Gynaecology at the Princess Mary Maternity Hospital; in Clinical Dental Surgery in the Newcastle upon Tyne Dental Hospital. The Pathological Museum provides an exceptional collection of specimens prepared by modern methods. Postgraduate medical and dental teaching is supervised by committees representing the College and associated hospitals. Research facilities are available in the various departments.

The Applied Science courses are in Agriculture, Engineering (Mechanical, Marine, Civil or Electrical), Naval Architecture, Mining, Metallurgy and Fuel Technology.

The Teachers' Training Dept. is available for both Elementary and Secondary School Work.

Under the Tutorial System, each student in faculties other than medicine is assigned on entry to a tutor, who is responsible for advising him on his course and generally looking after his interests. The Dean of Medicine performs similar duties in the Medical School.

UNIVERSITY DIPLOMAS. Fine Art (4 yrs.); Principles of the Teaching of Art (1 yr. after Fine Art Diploma or other approved qualification); Architecture (5 yrs.); Town Planning (1 yr. after Certificate); Mining (3 yrs.); Commerce (2 yrs.); Public Administration (2 yrs.); Public Health (2 yrs.).

COLLEGE CERTIFICATES. Fine Art (4 yrs.); Architecture (5 yrs.); Town Planning (2 yrs.); Youth Service (1 yr.); Education (1 yr. after graduation); Certificate in Social Studies (2 yrs.).

For admission to study for the University Diplomas in Mining, Commerce, Public Administration, or for the Certificate in Fine Art, no regular entrance examn. is required; for the Diploma in Fine Art an entrance examn. accepted for the purpose of matriculation is required.

FEES: Faculties other than Medicine:

MUSEUMS: Dyeing, Materia Med., Path., Textile, Zool. LABORATORIES: Agricultural Chemistry, Biochemistry, Biomolecular Structure, Botany, Chem. Engin., Chemistry, Coal Gas and Fuel Tech., Colour Chem. and Dyeing, Engin. (Elec., Civ., Mech.), Geol., Leather Industries (including Procter Internat. Research), Maths., Metallurgy, Mining, Path. and Bacteriology, Cancer, Pharmacy and Pharmacol., Physics, Physiol., Textile, Zool. OBSERVATORY, 18½" reflector telescope. HOSPITALS available for Clinics: Infirmary (673 beds) and several others; Asylum (2435 inmates).

FACULTIES. Arts (including Theology), Economics and Commerce, Law, Science, Technology [including Agric., Coal Gas and Fuel with Metallurgy, Chem. Engineering, Colour Chemistry and Dyeing, Engineering (Civ., Elec., Mech.), Leather Industries, Mining, Textile Industries], Medicine (including Dentistry and Pharmacy). *Deans*: Prof. H. Orton (Arts), Prof. A. J. Brown (Econ. and Commerce), Prof. J. D. I. Hughes (Law), F. A. Long (Science), Profs. N. M. Comber (Technology), M. J. Stewart (Medicine). *Tutor of Women Students*: Kathleen M. Knights, B.A. Camb.

In connexion with each of the technological departments there is an Advisory Committee, which includes representatives of the industry concerned.

ADMISSION. See Appendix I.

DEGREES. Obtainable after a 3 yrs.' course from matricn. —B.A., B.Mus., B.Sc. (Honours degree usually 4 yrs.), LL.B., B.Com. (which may be taken with an Applied Science as one of the principal subjects), 3 yrs. for degree, or 4 yrs. including Diploma of Printing Dept. of Leeds Tech. Coll.; M.B., Ch.B., B.Ch.D. ½ to 6 yrs.

General Honours B.Sc. degree and B.A. degree with Honours in General Studies are conferred (v. p. 7).

Mining students receive practical instruction in mines under arrangements made with local owners, but the courses are not intended to supersede the usual apprenticeship.

Hons. students of Mod. Langs. (French, German, Russian, Spanish) normally spend 3rd term of 2nd yr. at some approved foreign Univ.

Supplementary Textile studies may be combined with a B.A. or B.Com. course. Any of the Tech. subjects may be taken in a B.Sc. course. The Law Dept. prepares students for the Bar and Solicitors' examns. as well as for the Univ. degrees.

HIGHER DEGREES. B.D., M.A., LL.M., M.Com., M.D., Ch.M., 1 yr.; M.Ed., M.Sc., 2 yrs. (for holders of Hons. B.Sc., 1 yr. after the bachelorship). Graduates of approved Univs. (including the chief Univs. of the world; each case is considered on its merits) may obtain the M.A., Ph.D. (v. p. 15), or M.Sc. by 2 yrs. of research. Graduates of this Univ. may obtain the Litt.D. or D.Sc. 6 yrs. after graduation.

Graduates of other Univs. who have been admitted to degrees of equal or similar rank in Leeds may, in proceeding to higher degrees, count their standing as graduates from the date of original graduation.

DIPLOMAS. Animal Biology, Commerce, Education, Fuel and Metallurgy,

Refractory Materials, Gas Engineering, Geography, Textiles, 1 yr. (sometimes 2) after graduation. Educational Administration, Public Administration, 2 winter sessions. Biblical Studies, Hebrew, Spanish, 2 yrs. part-time. Social Organization and Public Services, 2 yrs. (1 for graduates). Engineering (Civil, Electrical, Gas, Mechanical, Mining), Fuel and Metallurgy, Mining and Metallurgy, Dyeing, Leather, Textile Industries, 3 yrs., reducible under certain conditions to 2. Agriculture, 3 yrs. (2nd and 3rd yrs. 2 winter terms only). Colour Chemistry, 4 yrs. Part-time for apprentices: Gas Engineering, Fuel and Metallurgy, 4 yrs.; Colour Chemistry and Dyeing, 5 yrs. Public Health, 2 yrs. after graduation. Psychological Medicine, 3 yrs. Nursing, involving 4 yrs.' hospital training and 3 mos.' lectures. Dental Surgery, 4 yrs. including 2 in Univ.

. FEES. Matricn., £2. Registration, £2 (£5 for overseas students). Composition fees for tuition (including Union): Arts, £35 a session; Law, £15: 11s.; Science, £43; Technology, £47 (special materials charge in addition of £10 for overseas students in Textile Dept.); Agric. Degree, 1st session, £43, 2nd and 3rd sessions (and 4th if required), £47; Agric. Dipl., 1st session, £32, 2nd and 3rd sessions, £20: 13: 4. Course for Dipl. in Educn., £40 p.a.; Dipl. in Social Organization, £30 p.a. Medicine: complete course for M.B., including Pre-registration course, hosp. practice and maternity hostel residence, £343. Dentistry (including hosp. practice and pupilage): Dipl., £265; Degree, £285. Research fee, £18 a session. Examns.: Arts, Science, etc., £6; B.Ch.D., £16; graduation fee, £7; Medicine (including graduation), £25; L.D.S., £16; conferment fee, £6.

POSTGRADUATE SCHOLARSHIPS, ETC. A number of open fellowships and scholarships for research in Science, Technology and Med. Also, for graduates of the Univ., Fellowships, Scholarships, or Grants, of varying amount, awarded normally for 2 yrs.; £125 for higher Humanistic study, for graduates of Leeds or Sheffield.

RESIDENCE. Four hostels for men, Devonshire Hall (Warden. Hywel Evans); Lyddon Hall (Warden: C. A. Smith); Woodsley Hall (Warden: Prof. H. S. Ruse) and Church Lane House (Warden:), fees £85 for 32 weeks; three for women, Weetwood Hall (Warden: Mrs. Redman King); Oxley Hall (Warden: Miss Lettice M. GENERAL INFORMATION

University College, Liverpool, founded by Royal Charter 1881, was admitted into the Victoria University, Manchester, in 1884. In 1903 the University of Liverpool was established by Royal Charter and the College was absorbed in it.

LIBRARY, MUSEUMS, ETC. The library of the Univ. contains about 250,000 vols. The most important collections received by gift or bequest are those of Thomas Glazebrook Rylands (1900), rich in early geography, astronomy, mathematics and British local history; of William Noble (1912), containing most of the finely printed books published in England since about 1880; and of R. A. Scott Macfie (1935), entirely devoted to the Gypsies. The Library possesses a small but fairly representative collection of mediæval manuscripts, including an important text of *Piers Plowman*, and about 250 incunabula. Special bibliographies have been issued. In addition there are numerous Class Libraries in the Faculty of Arts and a Departmental Library of Music.

The following are the principal MUSEUMS AND LABORATORIES: Appl. Maths., Anat., Archæol., Archit., Bact., Biochem., Bot., Chem., Physical and Electro-Chem., Elect. Engin., Embryol. and Genetics, Engin., Geol., Public Health, Child Health, Laryngology, Materna Medica, Med., Trop. Med. (including museum, animal houses, and specially warmed glass insectarium, and research labs. at Liverpool and Sierra Leone), Chemotherapy, Obst. and Gynæc., Oceanog., Ophth., Path., Physics, Physiol. and Histol., Radio-diagnosis, Radiotherapy, Surg. Path., Tidal Research, Toxicology, Vet. Anat. and Path., Vet. Hosp. in Liverpool and a Vet. Field Station and Hosp. in Wirral, Zool. The Port Erin (Isle of Man) Marine Biol. Lab. has been transferred to the Univ. by an Act of Tynwald. HOSPITALS available for Clinics, 4 general (now incorpor-

ated in one body), 17 special and 4 municipal hospitals. The trade of the port ensures frequent cases of infection. Special wards for Trop. Diseases. Expeditions to Tropical countries organized for investigation or advice. Suitably qualified persons may enter the Labs. for research at prescribed fees.

FACULTIES. The several Incorporated Institutions, Departments and Schools of the University, together with other Institutions having Recognized Teachers, are referred to on pp. 159-249 below.

University teaching is organized under 3 categories: (1) conducted by the Univ. itself; (2) conducted by the several "Schools of the Univ."; (3) conducted at the other Institutions at which there are "Recognized Teachers of the Univ." For explanation of these terms, *see* below.

GENERAL INFORMATION

The University authorities desire that it should be clearly understood that they can accept no responsibility for any information concerning examns. or procedure except such as is contained in their own official Regns. These can always be obtained on application at the Univ. offices.

The Univ. was constituted by Royal Charter in 1836 as a body empowered to grant degrees to students of approved institutions after examination, and, until 1900, its work was confined to the examination of students. The system whereby entrance to its examns. was restricted to students of certain affiliated Colleges was abolished, except for examns. in Medicine, in 1858. In 1878 its degrees were thrown open to women, London being the first of the Univs. of Great Britain to adopt this policy.

In 1900 the Univ. was reconstituted so as to strengthen the ties between it and the institutions engaged in Higher Education within a radius of 30 miles. The Senate was empowered to admit as *Schools of the University* institutions situated within the administrative county of London and not carried on for the private gain or profit of the owners which provide education of Univ. standard, and required to obtain reports at prescribed intervals on the efficiency of such schools. A special form of recognition could be given to an institution within the same area founded for research or the cultivation of any special branch of science or learning, and the Lister Institute of Preventive Medicine, the Maudsley Hospital, the School of Pharmacy and the School of Oriental and African Studies have been admitted in this category.

The two original Colleges of the Univ. have been incorporated in it, the University Coll. in 1905 and King's Coll. in 1908, the Senate taking over the responsibility for their administration.

Further changes in the constitution of the Univ. were made by the Statutes under the University of London Act of 1926. These Statutes came into force in March 1929. The most important change was the creation of a new body known as the Court, which is responsible for the finances of the Univ.

COURT. Under the Statutes, the Court has the custody, control and disposition of all the property, funds and investments of the Univ. and controls its finances. One of its most important duties is to distribute among the Schools the grants received for the purpose from the Government, the London County Council and other bodies. Prior to the reconstitution the Government grant had been allocated to Schools by the University Grants Committee.

The Court is also responsible for the development of the Bloomsbury site and the Buildings.

SENATE. Under the Statutes the Senate is the supreme governing and executive body of the Univ. in all academic matters. It has power to recognize as Teachers of the Univ. any members of the teaching staff of public educational institutions, whether Schools of the Univ. or not. Matriculated students of Schools of the Univ. or studying under such *Recognized Teachers* are eligible under certain conditions for registration as *Internal Students*, and are allowed, after pursuing Approved Courses of Study, to enter for the "Internal" examns. of the Univ. *External Students* may pursue their studies where and how they please, and are admitted, without any conditions as to attendance at Approved Courses but after a specified period of Registration, to examns. for degrees in all subjects except Medicine, Pharmacy, Mining, Engineering and Architecture. The examns. for Internal and External students are in some cases separate, in others identical.

LIBRARIES. The libraries belonging to the Univ. of London contain in the aggregate c. 834,000 vols. and pamphlets distributed in three chief centres, as follows: (1) *The University Library* (over 438,000 vols. and pamphlets), which provides a free lending library for students and well-equipped research libraries for postgraduate students, incl. the Goldsmiths' Library of Econ. Literature, foremost, on the historical side, among the econ. libraries of the country (c. 60,000 vols. and pamphlets), and the Durning-

Lawrence Library containing an important collection of books by and about Sir Francis Bacon and a good working library on Shakespeare, including the four folios. The Library contains also a Periodicals Room, receiving over 1500 periodicals, and a Music Library comprising scores and books on music, a pianola, gramophones, and collections of records and pianola rolls. (2) *Univ. Coll.*, Gower Street (c. 400,000 vols. and pamphlets), incl. the General Library, a series of separate "seminar" libraries (known as the Arts Libraries), the Science Library, the Med. Sciences Library and the Law Library. (3) *King's Coll.*, Strand (c. 96,000 vols. and pamphlets), incl. a general library and several special collections. The libraries of the Institute of Historical Research, the Courtauld Institute, the Warburg Institute, the Francis Galton Laboratory, the Commerce Degree Bureau, and a small students' library at Goldsmiths' Coll., New Cross, are also the property of the Univ.

There are also important specialized and general libraries belonging to the Schools and Institns. of the Univ., incl. those of the Med. Schools, the London School of Hygiene and Trop. Medicine, the School of Oriental and African Studies, and the London School of Economics.

Full particulars of these libraries above are included in R. A. Rye: *Students' Guide to the Libraries of London* (v. *infra*—Publications).

MUSEUMS. Among the many Museums which, in addition to those belonging to the Schools and Institns. of the Univ., are accessible to students in London are the British Museum (Antiq. and Nat. Hist.); Horniman (Anthrop. and Zool.); London; Parkes (Sanitary Science); Practical Geol.; Roy. Archit. Soc.'s; Roy. Coll. of Surgeons'; Science, S. Kensington (Mech., Nav. and Struct. Engin., Phys., Maths., Chem., Physiog., Geol. and Biol.); Sir John Soane's (Art and Antiquarian); Victoria and Albert, S. Kensington (Archit. and Sculpture, etc.).

LABORATORIES See under the several Colleges.

FACULTIES AND DEANS. Theology, Rev. Prof. S. Cave (New Coll.). Arts, Prof. F. Norman (King's Coll.). Laws, Prof. H. Potter (King's Coll.). Music, Dr. G. Oldroyd (Trinity Coll. of Music). Medicine, Mr. J. B. Hunter (King's Coll. Hospl.). Science, Dr. O. L. Brady (Univ. Coll.). Engineering, Prof. R. O. Kapp (Univ. Coll.) Economics and Political Science, Prof. F. A. Hayek (Lond. Sch. of Econ.).

COMMITTEES OF THE SENATE. The five standing Committees are—The Academic Council, the Council for External Students, the Collegiate Council, the University Extension and Tutorial Classes Council and the Matricn. and School Examinations Council. There are about 35 other Committees, besides the 51 Boards of Studies.

TERMS for Univ. and Inter-collegiate courses, 1947-48: Oct. 8-Dec. 17; Jan. 14-March 24, April 21-June 30.

DEGREES. B.D., M.Th., D.D.; B.A., M.A., D.Lit.; LL.B., LL.M., LL.D.; B.Mus., D.Mus.; M.B., B.S., M.D., M.S.; B.D.S.; B.Pharm.; B.Sc., M.Sc., D.Sc.; B.Com., M.Com.; Ph.D. (in all Faculties).

The B.Sc. and D.Sc. are granted in the Faculties of Science (including Agric., Hortic., Vet. Sc., and, for Internal students, Household and Social Science—B.Sc. only), Engineering, and Economics (including Estate Management); the M.Sc. in Science (including Agric., Hortic., Vet. Sc., and, for Internal students, Household and Social Science), Engineering, and Economics (including Estate Management).

ADMISSION. See Appendix I.

EXTERNAL students preparing for the Bachelorship undergo Intermediate and Final examns. at intervals prescribed in the Regns., and approximating (except in Med., Dental Surgery and Vet. Sc.) to 3 yrs. in all. All External students (except, for the present, those overseas) are required to register for each examn., and all must previously have matriculated. Copies of all Regns. may be obtained gratis and post free from the External Registrar.

An External student who has been absent through illness from part of the Final examn. for a First Degree may apply to the Univ. for an Aegrotat Degree.

EXTERNAL EXAMINATIONS OVERSEAS. Certain of the examns. of the Univ. for External students are held not only in London and at Provincial centres within Great Britain, but also at centres in the Dominions and Colonies and in some foreign countries. In India, only the examns. in the Faculty of Theol. are held for civilians; but other examns. may be held for military personnel. The Matricn. examn. and the examns. in Theol., in Arts, in Laws, and in Economics have been held at about 150 overseas centres. The Univ. Examns. in Science have also been held under special arrangements at 25 overseas centres.

An INTERNAL student before being allowed to enter as such for any examn. must, unless specially exempted, have attended Instruction courses in all the subjects thereof. For a first degree in any Faculty he must have completed an Approved Course of Study extending over at least 3 yrs. which must, ordinarily, have been continuously pursued, but not necessarily all at one institution. A minimum number of hours of attendance is as a rule prescribed for each course, and a reduction is allowed in the case of an evening student who is certified by an employer to be engaged in his service for not less than 25 hours a week. The Intern. course generally extends over 1 yr. As a general rule, Hons. may be taken at the Final examns. A course of study extending over not more than 1 yr. taken in another Univ. approved for the purpose subsequently to a student's passing the Intern. may be accepted subject to regns. in lieu of a course taken in this Univ.

An Internal student who has been absent through illness from part of the Final examn. for a First Degree may apply to the Univ. for an Aegrotat Degree.

Any person who has passed the Intern. examn. as an *External* student may be allowed to take the Final examn. for the first degree after having attended for 2 yrs. as an Internal student an approved course of study for it, but the degree is not conferred till after a further yr.'s course of approved study.

The following is a brief summary of the Regulations. There are many exceptions and exemptions in regard to which reference should be made to the *Regulations* published by the University.

ARTS. In the Intern. examn. 3 subjects must be taken including 2 langs., of which one must be Latin or Greek. Natives of Asia or Africa may apply for permission to substitute for Latin or Greek—Classical Arabic, Classical Armenian, Classical Persian, Sanskrit, Pali, Classical Hebrew or Classical Chinese. In the Final examn. for the B.A. (General) Degree 3 subjects must be taken. The B.A. Honours Degree may be taken in any of the following branches: Classical Chinese, Classics, Greek, Latin, Hebrew and Aramaic (including Syriac), Hist., Geog., Maths., Philos., Psychol., Sociol., Hist. of Art, English, French, German, Italian, Portuguese, Spanish, Slavonic Studies, Indo-Aryan, Modern Chinese, Modern Japanese, Malay, Sinhalese, Tamil, Turkish, Arabic, Persian, Japanese, also Celtic for External students, and, for Internal students, Dutch, Scandinavian Langs., Bengali, Burmese, Gujarati, Hindi, Marathi, Urdu, Anthropol.

The B.A. course in Archit. for Internal students extends over 5 yrs., but

graduates of approved Univs. may be exempted from such part of the earlier yrs.' courses of study and examns. as the Senate may determine

The M.A. is conferred in Archæol., Class. Hist., Maths., Mediæval and Mod. Langs., Oriental Langs., Philos., Educn., Geog. and, for Internal students only, in Anthropol., Comp. Philol., Modern Greek, Hist. of Art, Psychol., Slavonic Studies and Sociology. Internal students are required (except in Maths.) to submit a thesis. In some cases candidates must have taken Hons. at the B.A. examn. External students may take the M.A. examn. 2 yrs. after graduation in Arts. Candidates may only take 1 branch or section at a time. In most there is an oral examn.

The D.Lit. is open to M.A.s and Ph.D.s only, and is conferred for original work.

Diplomas. Teacher's, 1 yr. postgraduate (also for External students); Librarianship, 2 yrs. for day students, 3-5 yrs. for evening students; Fine Art, 3 yrs. Academic Diplomas in Town Planning and Civic Archit. or Civic Engin., 2 evenings a week for 2 terms or 1 day a week for 3 terms; Archive Admin., 1 yr. for whole-time students or 3-5 yrs. for part-time students; Hist. of Art, 1 yr. postgraduate; Geography, 2 yrs. (also for External students); Slavonic and East European Studies, 2 yrs.; Academic Postgraduate Dips. in Archæol., Comparative Philol., Military Studies, Phonetics, Psychol. and Anthropol., 2 yrs. For Diplomas in the Humanities, v. University Extension, *infra*.

SCIENCE. For the Interm. examn. Pure or Applied Maths. or Physics or Chemistry must be taken with 2 other subjects. For Final (General) examn. any 3 of the following may be selected: Pure Maths., App. Maths., Astron., Physics, Chem., Geol., Bot., Zool., Physiol., Psych., Anthropol., Milit. Studies, Geog., Human Anat. and Morph., and Logic and Method (Ext. students), Statistics (Int. students). For B.Sc. (Special) examn. a student selects 1 principal and (except in case of Human Anat. and Morphol. or Maths.) 1 subsidiary subject or two or more ancillary subjects. Honours may be awarded at both B.Sc. (General) and B.Sc. (Special) examn. For the M.Sc. for Internal students a thesis may be submitted or a written examn. may be taken.

For the Degree in Agric. the Interm. examn. includes Chem., Bot., Zool. and one alternative subject; the Final is in 2 parts, Pt. I. including Sciences in relation to Agriculture and Pt. II. Professional subjects. In Horticulture the subjects for the Interm. are Chem., Bot., Zool., Geol. or Applied Physics, and Garden Operations; for the Final, Pt. I. Principles of Hortic., Pt. II. Practice of Hortic. For the Degree in Vet. Sc. there are 4 examns. to be taken in their proper order. Bachelors of Science (Agric. or Vet. Sc.) are held to be eligible for the ordinary D.Sc. For the Degree in Household and Social Science there are 3 examns.: 1st Interm. (Phys., Inorg. Chem., Biol., and Social and Econ. Hist.); 2nd (Chem.—Org. and Phys., Gen. and Econ. Biol., Principles of Econ.); and Final (App. Chem., Physiol. and Biochem., Hygiene and Bacteriol., and Household Work).

Diplomas. Academic Postgraduate Dip. in Bacteriology, 1 yr.; External Dip. in Biology, 1 yr.

THEOLOGY. The Interm. course is in New Testament Greek, and 4. of the following: Classical Greek, Elementary Hebrew, Latin, Ancient Hist., General Ethics, Ethics (set book), General Psychology, Psychology of Religion; the Final in Old Test., New Test., Bibl. and Hist. Theol., Church Hist., Philos. Introd. to Theol., and a selected subject. The M.Th. Examn. is open to those who have obtained Honours at the B.D. examn. or who have obtained a Pass at the B.D. examn. and have passed a further qualifying examn. Any one of the following subjects may be offered:—Hebrew and Aramaic, including Syriac;

Greek New Test. and Apocrypha; Church Hist.; Biblical and Historical Theol.; the Study of Religion.

Candidates for the D.D. Degree must have obtained the B.D. Degree and have passed the M.Th. Examn. and must submit original work.

Diplomas. Academic Dip. in Theol., 2 yrs. (also for External students).

LAW. The subjects of the Intern. course are Rom. Private Law, Const. Law, Engl. Legal System, Elements of Law of Contract. The LL.B. Examn. is in two parts and candidates must normally pass Part I. before entering for Part II. Part I. consists of 4 papers. Part II. consists of a paper on Jurisprudence and Legal Theory and 3 papers chosen from a list of 15 alternative subjects. Candidates for the LL.M. may either be examined by six papers or submit a dissertation and be examined by three papers. Candidates for the LL.D. must hold the LL.M. or the Ph.D. degree in the Faculty of Laws.

MEDICINE. The course extends normally over 5½ yrs. In the first yr. courses in Inorg. Chem., Phys. and Genl. Biol. in preparation for the 1st examn. for Med. degrees are taken. The 2nd and 3rd yrs. are devoted to Hum. Anat., Physiol. and Pharmacol. The 2nd examn. is normally taken 18 mos. after passing the 1st. The Final course for the M.B., B.S. degrees falls into 3 Parts as follows: Part I.—Pathology, Hygiene and Forensic Medicine; Part II.—Medicine, Applied Pharmacology and Therapeutics; Part III.—Surg., and Obstetrics and Gynaecology. The Parts may be taken separately or together, but degrees are not conferred until candidates have passed in all Parts.

Institutions outside the U.K. and Irish Free State, certificates from which for the complete course of Med. educn., including Clin. Med. and Surg. preparatory to the M.B., B.S. degrees for External students, are accepted by the Univ. of London: Univs. of Dalhousie, McGill, Adel. (with Infirmary), Melb. (with Melb. and Alfred Hospls.), Syd. (with Infirmary and Prince Alfred Hospl.), N.Z. (with Dunedin Hospl.); following Indian Med. Colleges—Grant (Bombay), Seth Gordhandas Sunderdas (Bombay), Bengal (Calcutta), Lahore, Madras; Med. Coll., Colombo; Univ. of Malta; Sch. of Med., Cairo.

The M.D. may be taken in any of the following: Med., Path., Psych. Med., Midw. and Dis. of Women, Hygiene, Trop. Med.

The M.S. may be taken in Surg., Dent. Surg., Ophth., or Laryn, Ot., and Rhin.

For the M.D. or M.S. a thesis or published work may be submitted in place of part of the examination.

The course for the B.D.S. extends normally over 5 yrs.—there are 4 examns. The subjects of the Final examn. are Med., Surg., Pharm. and Mat. Med., Pathol. and Bacteriol., Dental Surg. and Orthodontics.

B.Pharm. The Final Examination is in two Parts. Pt. I. is taken at the end of the 2nd yr.'s course, and includes Pharmaceutics, Pharm. Chem., Pharmacognosy, and Pharmacology. Pt. II. is taken at the end of the 3rd yr.'s course, and consists of any 2 of the following:—Pharm. Chem., Pharmacognosy, Pharmacology, Genl. Pharmaceutics or Pharm. Engineering.

Diplomas. Academic Postgraduate Diplomas in Clinical Path. (also for External students), Public Health (also for External students), 1 yr.; in Dietetics, 2 terms and 6 mos.' practical work; in Medical Radiology, 2 yrs. Diplomas. Academic Dip. in Public Administration, normally 2 yrs. (also for External Students).

MILITARY EDUCATION. Military Studies is one of the optional subjects for the Intern. and Final B.A. and B.Sc. (General) examns. An Academic Dip. in Military Studies is awarded.

AIR SQUADRON. The Univ. of London Air Squadron was founded in 1935 by the Air Ministry with the assistance of the Univ. Authorities. Its main object is to promote a serious interest in flying and its allied subjects. Applications for membership should be addressed to the Chief Instructor, U. of L. Air Squadron, Exhibition Rd., London, S.W.7.

POSTGRADUATE STUDY AND RESEARCH. In most of the Colleges and Schools of the Univ. special arrangements are made for Research students, and the facilities offered are not restricted to Internal graduates of the Univ. External graduates and graduates of, and persons who have passed the degree examns. of, other approved Univs. are allowed, under certain conditions, to enter as Internal students for the degree of Bachelor or of Ph.D. in the several Faculties, and for the degree of M.Th., M.A., LL.M. or M.Sc. Every candidate must submit evidence of graduation, etc., together with a certificate from the authorities of the College, School or Institution at which he proposes to study, stating that the student is, in their opinion, a fit person to undertake the proposed course of study and research, and that they are willing to supervise his work. An Oversea student may himself submit an application on the prescribed form, and the Univ. will, if so requested, advise as to the selection of the College, School or Institution at which, and Teacher under whom, he should study. Application for such advice should be addressed to the Academic Registrar. Oversea students should apply for registration before coming to

London, and their applications should reach the Univ. by May 1, or, if from Australia or New Zealand, March 1, to enable them, should their applications be successful, to enter upon their course of study in Oct., *i.e.* at the beginning of the session. Students whose applications are approved are required to pursue a course extending over at least 2 yrs.

An Internal student who is a candidate for the Ph.D. degree must have graduated in the Univ. or have been registered as a candidate for the degree after passing approved examns. for a degree in another Univ. An Internal student is further required to pursue a course of study of not less than 2 yrs.' full-time, or 4 yrs.' part-time, training in research and research methods. Any graduate of the Univ. may become a candidate for the Ph.D. degree in his first degree Faculty as an External student on receiving the approval of the Council for External students.

FEES. Matricn.—2½ gs.; Examn. and Graduation—12 gs. (Med., 29 gs.) for first Degree. Other Degree fees, 10 to 20 gs. Tuition, *see* the sections relating to the several colleges.

STUDENTSHIPS AND SCHOLARSHIPS. Studentships are awarded by the Senate in aid of advanced work or research. These include one of £130 p.a. for 1 yr., open to students of Univ. Coll. in Maths.; £100 and £140 in Arts; £60 in Econ.; £200 for the man or woman who, being resident in London and a graduate of the Univ., has done most in the preceding 5 yrs. to advance Medical Art or Science; £200 for a graduate of a British Univ. for the promotion of postgraduate research; a number of *Travelling Studentships*, value decided individually, and 20 Univ. Studentships of £250 each, open to Internal and External graduates in all faculties; *Duveen Travelling Studentship* of £550 for research in Oto-Rhino-Laryngology. Three Scholarships of £50 each for 1 yr. are awarded annually for proficiency in Oriental Langs. The Scholarships Pamphlet, obtainable post free on application to the Univ., gives details of many others.

ADVISORY SERVICE FOR EXTERNAL STUDENTS. Any External Student who is duly registered for an external examn. and experiences any difficulty in connexion with the appropriate studies may apply to the External Registrar for guidance. Such guidance may take the form of detailed schemes of study or personal discussion with an Adviser. For preliminary consideration there is no fee, but for detailed study scheme a fee of 1 to 5 guineas is charged.

THE COMMERCE DEGREE BUREAU exists to help in their studies External (especially extra-London) students proposing to take the Commerce Degree examns., to assist in the employment of Commerce Degree students and graduates at home and abroad, to provide a reference and lending library for students, and generally to promote the value and usefulness of the Commerce degree. The Bureau is administered by a Board of Governors. Prospectus and enquiry forms obtainable on application to the Secretary, Senate House, W.C.1.

THE UNIVERSITY APPOINTMENTS BOARD exists to obtain appointments for graduates. Secretary, L. E. Ball, O.B.E., B.Sc., Senate House, W.C.1.

RESIDENCE. Hostels recognized by the Senate: Canterbury Hall, Cartwright Gardens, W.C.1, for 200 women students; Connaught Hall of Residence, 16-20 Torrington Square, W.C.1, for 60 men students; College Hall, Malet Street, W.C.1, for 130 women students; King's Coll. UNIVERSITY EXTENSION. The work of the University Extension and Tutorial Classes Council may be considered to fall under the following heads: (a) Univ. Extension Lectures; (b) Tutorial Classes, (c) Holiday Courses for Foreign Students; (d) Examn. for the Certif. of Proficiency in Religious Knowledge; (e) Examns. for Certificates of Proficiency in English; (f) Examns. for Certif. of Proficiency in Czech, Danish, Dutch, French, German, Italian, Norwegian, Polish, Russian, Serbo-Croat, Spanish and Swedish; (g) Examn. for Certif. of Proficiency in Diction and Drama; (h) Examn. for Certif. of Proficiency in Natural History; (i) Examns. for Diplomas in Hist., Lit., Econ., Social Studies, Hist. of Art, Biblical and Religious Studies, and International Affairs; (j) Examn. for Postgrad. Diploma in Psychological Med.; (k) Examn. for Diploma in Dramatic Art; (l) Examns. for Diploma in Nursing and Sister-Tutor's Diploma; (m) Examn. for Diploma in Theory and Practice of Phys. Educn.; (n) Examn. for Diploma in Theology; (o) Examn. for Diploma in Public Administration.

(a) *Univ. Extension Lectures* have been carried on by the Univ. since 1902 (prior to that, 1876-1902, by the London Society for the Extension of Univ. Teaching). Courses are held, at approved centres, on Hist., Lit., Econ., Social Studies, Study of the Bible, Philos., Psychol., Painting, Architecture, Nat. Sc., Music, International Affairs, Public Administration, Central and Local Govt. A discussion class is held in connexion with each lecture, and students are encouraged to do regular written work for the lectr. An examn. for certifs. may be held at the end of each Sessional (24 or 25 lectures) or Terminal (10 or 12 lectures) course. A few short courses (5 or 6 lectures) of a pioneer or illustrative kind are arranged; in connexion with these there is no examn. Continuous study over several years is encouraged by the *Diplomas in the Humanities* (Hist., Lit., Econ., Social Studies, Hist. of Art, Biblical and Religious Studies, Internat. Affairs), awarded, under the Seal of the Univ., to students who carry on an approved co-ordinated course of study usually covering 4 yrs., and pass the required examns.

(b) *Tutorial Classes* have been provided since the Workers' Educational Association (formed in 1903 to meet the varied educational needs of working men and women) established in 1909 a close and harmonious relation with the University. They extend over three consecutive years usually with a maximum membership of 24 students. Sessional Classes and Advanced Classes lasting one session are also provided. The subjects studied are those for which a demand has been expressed by intending students, and in the formation of syllabuses the wishes of the students are taken into account. There are no examinations but all students undertake to do written work on subjects periodically arranged with the tutor to suit individual needs. In the class the tutorial method of exposition and discussion is followed. The subjects pro-

vided include Art, Econ., Hist., Internat. Affairs, Literature, Music, Philos., Politics, and Psychol.

An annual Residential Summer School is held for class members.

(c) *A Holiday Course in English for Foreign Students* is held annually. Special stress is laid upon Phonetic teaching. The course is designed to widen the students' knowledge not only of the Engl. Lang., but of English customs, instutns. and art, by means of lectures, classes, excursions, etc. The total number of students admitted to the course is limited at present to about 200, and the number in each class to 8. In 1947 the course was attended by 201 students from 24 countries.

(d) The *Examination for the Certificate of Proficiency in Religious Knowledge* is held once a year in June. It may be held at certain of the centres in the Provinces, Dominions and Colonies at which the June Matricn. examn. is appointed to be held, as well as in London. Minimum age at entry, 18.

(e) The *Examination for the Certificate of Proficiency in English for Foreign Students* * (for candidates whose mother-tongue is not English) is held in Aug. each year and may be held in Dec. also. It is designed to provide evidence of a practical working knowledge of the English language, written and spoken, and of an elementary knowledge of Phonetics. The min. age at entry, except in special cases, is 20. The *Examination for the Certificate of Proficiency in English for Teachers of Foreign Students* may be held in Aug. each year. It is designed to provide evidence (which may not be guaranteed by a teacher's other certificates) of such a practical working knowledge of the English language, written and spoken, and of such acquaintance with Phonetics, as may be of special value for teaching English to foreign students. Candidates must be qualified teachers, or have been approved as having a sound knowledge of English and as having had appropriate experience in teaching.

(f) *Examinations for Certificates of Proficiency in Czech, Danish, Dutch, French, German, Italian, Norwegian, Polish, Russian, Serbo-Croat, Spanish and Swedish* are held in June or July. They are intended primarily for teachers who are not specialists in, but who require a Certif. testifying to their practical working knowledge of the language, both spoken and written. Minimum age at entry, except in special cases, 20.

(g) The *Examination for the Certificate of Proficiency in Diction and Drama* is held once a year, in July, and is open to teachers and to others specially approved, who have taken a one-yr. course at Training Schools or Institutions approved for the third-yr. course for the Diploma in Dramatic Art, with concurrent attachment to a Training College or Univ. Training Department.

(h) The *Examination for the Certificate of Proficiency in Natural History* is held once a year, in Aug., and is open to teachers who have followed a special scheme of study, involving a directed course of reading, attendance at a Practical Course, field-work and essay.

(i) The *Examinations for the Diplomas in History*—General Hist. or Modern Hist.; *Literature*—English Lang. and Lit. or General Lit.; *Economics, Social Studies; History of Art; Biblical and Religious Studies; and International Affairs*—are held once a year for students who have followed a recognized course of study for 4 yrs. as part-time students, or in special cases for a shorter period.

(j) The *Examn. for the Postgraduate Diploma in Psychological Medicine*

* The Cambridge Local Examinations Syndicate also awards a Certificate of Proficiency in English, v. p. 84.

is held twice a year, in March and April and in Oct. and Nov., and is open to candidates whose names are in the Medical Register or who are registrable therein, and who have had the required clinical experience. There are two forms of this Dip., for those desiring to specialize (1.) in Mental diseases (Psychiatry), and (2.) in Mental Deficiency.

(k) *The Examn. for the Diploma in Dramatic Art* is held once a year, in July, and is open to students whose general education satisfies the Council and who have studied at least 2 yrs., after attaining the age of 17 yrs., at Training Schools or Institutions where courses have been approved.

(l) *The Examn. for the Diploma in Nursing* is held once a year, in Oct. and Nov., and is open to Registered Nurses (or Nurses eligible to sit for the prescribed examn. for registration) whose general education satisfies the Council, subject to certain specified conditions with regard to Part B of the Examn. *The Examn. for the Sister-Tutor's Diploma* is held once a year, in July, and is open to Registered Nurses whose nursing experience and general education satisfies the Council and who have studied for at least 1 yr. at training institutions where courses have been approved.

(m) *Examns. for the Diploma in the Theory and Practice of Physical Education* are held—Part I. twice a yr., in June and Dec., Part II. once a yr., in May, open to students whose general education satisfies the Council and who, after completing their 18th yr., have studied at least 2 yrs. before Part I and 3 yrs. before Part II. at Physical Training Colleges where courses have been approved.

(n) *Examn. for the Diploma in Theology* is held once a year, in June, and is open to students over 19 whose general education satisfies the Council.

(o) *Examn. for the Diploma in Public Administration* is held once a year, in June, and is open to students not less than 18 yrs. of age whose general education satisfies the Council and who have held for at least 2 yrs. an approved appt. in a recognized Public Office.

[Further information and copies of the Regns. may be obtained from the Director of the Department of Extra-mural Studies, University of London, Senate House, W.C.1.]

SCHOOL EXAMINATIONS. The *Examinations for School Certificates* are held only in Schools inspected by the Univ. or under approved inspection. See App. I.

The *Higher and General School Examinations* are recognized by the Ministry of Education as "Second" and "First" examns. respectively (v. App. I.), and the Certifs. awarded to candidates attending schools recognized by the Ministry as efficient Secondary Schools are attested by it.

The University is prepared to hold these Examinations at Schools overseas provided that, in the case of schools in the British Empire or its mandated territories, the application is received through the Government of the Dominion, Colony, etc., or in the case of schools in foreign countries, through H.M. representative.

GENERAL INFORMATION

Founded in 1826 and opened Oct. 1, 1828, under the name of "The University of London," the College was incorporated as "University College, London," by Royal Charter in 1836. On Jan. 1, 1907, it was incorporated in the University of London.

LIBRARY. The College Library contains over 500,000 books and pamphlets. The original Library building was largely destroyed by enemy action during 1939-45, with a loss of some 70,000 vols. As a result of this damage, the General Library is now housed in Foster Court and about three-quarters of the total book stock of the Library is not available to readers at present owing to the shortage of accommodation.

The *Foster Court Library* now contains, in addition to a selection of reference works and books suitable for first-year students, the Law library and nuclei of the libraries in Archæol. (Yates Library), Classics, Economics (Ricardo Library), English, Fine Art, Geog., Hist. (including American Hist.), Mod. Langs., Science and Engin. Parts of the libraries of the Geologists' Assoc., the Hertfordshire Natural History Soc. and the Malacological Soc. are also housed in Foster Court

The libraries in Archit., Egyptol. (Edwards Library), Librarianship, Philos. and Psychol. are housed in their respective Depts.; and some of the books in Chem. are kept in the Ramsay Reading Room in the Dept. of Chem.

The *Thane Library of Medical Sciences* is situated in the Dept. of Anatomy and contains works in Anat., Biochem., Physiol., Embryol. and Pharmacol. The library of the Folk Lore Society is also housed in the Thane Library.

The Whitley Stokes Library in Celtic, the Barlow Dante Library, the Carnegie Libraries of American Literature and of International Law, the London History collection and the Graves collection on the history of Mathematics are temporarily not available to readers. The Mocatta Library in Jewish history was destroyed by enemy action.

GENERAL INFORMATION

Founded by Royal Charter in 1829 for "instruction in the various branches of Literature and Science and the doctrines and duties of Christianity," King's College consisted at first of a School and Departments of General Literature, Science and Medicine, to which were added successively Engineering, Theological and Oriental Depts. The Hospital was built in 1839; the Evening Classes were started in 1856, and a Women's Dept. in 1881. In 1910 the College School became a separate Corporation, the Hospl. and Advanced Med. School were made independent, the other Depts. (except the Theological) doing work of University standard were incorporated in the Univ. of London, while the Council remained the governing body of the Theol. Dept., which became a School of the Univ. In 1915 the Arts and Science Departments of King's College for Women, previously housed in South Kensington, were transferred to the buildings of King's College, and the Household and Social Science Department to new buildings on Campden Hill. The Dept. of Household and Social Science became a separate instn. in 1928 under the title of King's Coll. of Household and Social Science, v. *infra*. In 1917 the Oriental Dept. was transferred to the new School of Oriental Studies. The School of Slavonic and East European Studies, founded in 1915, was constituted a separate department of the Univ. as from Aug. 1, 1932, v. *infra*. The Halley Stewart Laboratories of Physics Research, 30 Chesterford Gardens, Hampstead, were formally opened as a department of the College on May 4, 1933.

LIBRARIES (in all 96,000 vols.). In addition to the General Library there are the following Special Libraries: (1) The Marsden (Philol.), (2) Wheatstone (Electr. and kindred subjects), (3) Skeat and Furnivall (Philol. and Engl. GENERAL INFORMATION

London Day Training College was founded by the London County Council in 1902 as an institution in connexion with the Univ. working under the Regulations of the Board of Education for the Training of Teachers. The first Principal (1902-22) was Prof. (later Sir) John Adams. From 1909 to 1932 the Coll. was a School of the Univ. in Pedagogy, and as such was governed by a College Council composed equally of representatives of the L.C.C. and of the Senate. On Sept. 1, 1932, as the result of an agreement between the Board of Education, the L.C.C. and the Univ., the Coll. was transferred to the educational and financial control of the Univ., and its title was changed to "University of London, Institute of Education." The Institute is administered as a "central activity" of the Univ. by a Delegacy appointed by the Senate, and composed of representatives of that body, of the L.C.C. and of the teaching staff, together with certain co-opted members. In Aug. 1938 the Institute was transferred to the new building on the Bloomsbury site provided by a special grant from the Council to the Univ.

Students are trained under the Regulations for the Training of Teachers (H.M. Stationery Office, Kingsway, W.C.2) for Primary and Secondary Schools. Undergraduates can take a 4 yrs.' course so as to combine B.A., B.Sc. or B.Sc. Econ. courses (taken at other Colls.) with Professional training. One who has already graduated may devote himself continuously for a year to the theory, etc., of Educn. and obtain the Univ. diploma.

FEES AND COURSES. The annual tuition fee for the following courses is £62: 10s.: Teacher's Dipl., Art Teacher's Dipl., Special Colonial Course, Advanced Course in the Dept. of Child Development, Dipl. in English Educational Thought and Practice, course in the Methods of Teaching English as a Foreign Language and the M.A. and Ph.D. courses in Educn.

"Recognized" students taking one of the following: Teacher's Dipl., Art Teacher's Dipl. or the Advanced Course in the Dept. of Child Development

under Min. of Education Regns. for the Training of Teachers receive financial assistance towards fees and maintenance as set out in the current regns.

An Associateship of the Institute has been established and may be awarded to students upon completing at least one full session of work other than for a diploma or higher degree in education. The fee for the course is £62 : 10s. Applications for the award of the Associateship must be received not later than 1st December in the session in which they are to be considered. A fee of 3 gs. must accompany each application.

GENERAL INFORMATION

Equipment provided in the first instance for the study of the Archæology of the British Isles and Near East, esp. of those countries for which Gt. Britain has special responsibilities, such as Palestine, Mesopotamia, etc.

Teaching collections for British and Palestine archæology, notably the Petrie Palestinian collection, are available to students.

Instruction is given for the Diplomas in Archæol. of the Univ. of London, and for higher degrees in archæological subjects. Tuition is also provided in archæological technique, including excavation methods, the repair and preservation of archæological objects, draftsmanship, surveying and photography. Courses of lectures, open both to students and to the general public, are given in these subjects, on recent excavations both in the British Isles and the Near East, and on archæological methods.

THE YEAR 1946-47

Prof. M. E. L. Mallowan was appointed to the Chair of Western Asiatic Archæology from the beginning of the Summer Term.

In addition to the full courses of lectures covering the subjects prescribed for the Academic Diploma in European Archæol. (Prehistoric), including a course on the Hist. of Archæol., three public lectures were delivered by Dr. H. O'Neill Hencken, Harvard, on "The Chronology of the Bronze and Early Iron Ages."

The collections were arranged and enlarged and gaps in the teaching equipment have been gradually filled as material became available.

STUDENTS. Total: 50; full-time: 8; part-time: 42; the total includes 28 women.

UNIVERSITY OF LONDON, BROWN ANIMAL SANATORY INSTITUTION

Established in 1871 for "investigating, studying, and, without charge beyond immediate expenses, endeavouring to cure maladies, distempers, and injuries any quadrupeds or birds useful to man may be found subject to." It contains a Hospital, in which the diseases and injuries of animals are treated, and a Laboratory, where the investigation and study of diseases are carried on. Both in- and out-patients are treated.

Owing to War damage the Institution is closed until further notice.

DIRECTOR—Prof. V. H. GALBRAITH, M.A. Ox., D.Lit. Belf., F.B.A.

SECRETARY AND LIBRARIAN—A. TAYLOR MILNE, M.A.

The Institute of Historical Research is one of the central institutions of the University and entered its permanent quarters during the summer of 1947. The Institute is primarily a laboratory for the training of postgraduate students in the methods of historical research, and for the use of visiting scholars while working in London. It is a department of the Univ., administered by a Committee appointed annually by the Senate, and consists of a systematically planned series of seminar libraries, equipped with the books containing or describing the main sources of mediæval and modern history. It is open not only to all teachers of history in the Univ. and their research students, but also to approved historians, archivists, teachers and research students from other Univs. Instruction, undertaken by members of the History Depts. of the Schools of the Univ., is normally carried on in (1) a series of preliminary courses dealing with the sources of British, Imperial and foreign history, an introduction to work in archives, and palæography classes; (2) a series of seminars dealing with special historical subjects. In addition, the Institute is active in promoting the organization of historical studies in general, undertaking bibliographical and other investigations, the results of which are published in its *Bulletin*, and arranging conferences.

LIBRARY. 64,311 books, periodicals and pamphlets; also 750 maps, 600 facsimiles.

PUBLICATIONS. *Annual Report*; *Bulletin* published twice a year with two annual supplements ("Guide to the Historical Publications of the Societies of England and Wales" and "Historical Research for University Degrees in the United Kingdom") and occasional Special Supplements. *Victoria History of the Counties of England* (General Editor: L. F. Salzman, M.A. Camb., F.S.A.). The University publication *School of History and Institute of Historical Research* serves as a handbook to the Institute.

THE YEAR 1946-47

ACTIVITIES. Twenty-one postgraduate courses and seminars were offered, compared with seven in the previous session. Three Research Fellowships tenable at the Institute in 1947-48 were awarded for the first time. The annual Anglo-American Conference of Historians was resumed in July.

BENEFACTIONS. 168 vols. of *Le Moniteur universel* from the Athenæum; *Catálogo de manuscritos* from the University of Coimbra; works on Latin-American history from South American historical societies.

DIRECTOR—C. C. L. GREGORY, M.A. Camb., D.I.C., F.R.A.S.

THE UNIVERSITY OBSERVATORY is situated in Mill Hill Park, London, N.W.7, on a site granted by the Hendon Urban District Council on a 999 years' lease at a nominal rent. It contains a 24-inch reflecting telescope, the gift of Mr. J. G. Wilson ; a 24-inch photographic and 18-inch visual twin refractor, the gift of the Radcliffe Trustees ; an 8-inch refracting equatorial telescope, the gift of Mr. H. R. Fry ; and a spectrographic laboratory. The work of the Observatory is designed to meet the needs of postgraduate research workers in Astronomy. The main work in progress consists of—(a) parallax determinations, (b) proper motions, (c) spectra of "early-type" stars. A stellar spectrograph is available for work in the ultra-violet, and is being used for radial velocity determinations.

The Observatory is normally open to all properly qualified students of the University. Application for admission should be made to the Director.

DIRECTOR—Prof. F. SAXL.

The object of the Institute is to provide facilities for research on the Character and History of the Classical Tradition. Its scope includes the History of Thought and Literature, of Religion and Sciences, of Social Institutions, the Arts, etc., and it covers the Western and Near Eastern civilizations. The *Library* contains about 90,000 vols., including offprints and periodicals, and the collection of photographs (about 200,000) includes sections on the survival of classical types, on mythology, symbolism, social activities, etc.

MACMILLAN, G.C.V.O.

DIRECTOR—Professor D. HUGHES PARRY, LL.D.

SECRETARY AND LIBRARIAN—K. HOWARD DRAKE, M.A.

This Institute has been set up as part of the post-war expansion of the University of London and occupies premises near the Senate House.

The aim of the Institute is to act as a focal point for legal research and to provide seminar classes for students reading for higher degrees in law at a School of the University, and for other research workers.

The Institute's Library, which is in process of being built up, consists of over 10,000 books, about half of which were bequeathed to the University by the late Dr. Charles Huberich. The Institute has acquired practically all United Kingdom law reports and Statutes and basic works, particularly those of use for seminar purposes. In addition, the Nuffield Foundation have generously made available the sum of £10,000 for the purchase of legal literature relating to the Dominions and Colonies. In making use of this benefaction, the Institute is pursuing a selective policy and is giving priority to material not elsewhere available in London.

The Institute is collating particulars of legal research being undertaken and is in a position to pass this on to research workers and to other enquirers.

Admission to the Institute may be granted, without fee, to all *teachers* of law in Universities and University Colleges, both in the United Kingdom and overseas, and to all teachers in Law Schools, who are qualified to become members of the Society of Public Teachers of Law; all *postgraduate students* engaged on approved research, and to any University students attending a class or seminar at the Institute; all *other persons* by permission of the Director.

Persons who already hold a research degree or have published the results of their researches, or have had considerable training or practical experience in the law, may be admitted to the use of the Institute, either on payment of a fee, or without fee, if duly invited and willing to assist in the work of a seminar held at the Institute.

GENERAL INFORMATION

Founded by Royal Charter in 1907 for the purpose of giving the highest specialized instruction and providing the fullest equipment for the most advanced training and research in various branches of Science, especially in its application to Industry, the Imperial College includes as integral parts the following Associated Colleges with the departments and (in brackets) sub-departments attached to them :

ROYAL COLLEGE OF SCIENCE : Botany (Biochemistry, Plant Physiology, Plant Pathology, Bacteriology); Chemistry (Agricultural Chemistry, Food and Drugs), Inorganic and Physical, Organic; Geology (Mining Geology, Oil Technology); Mathematics and Mechanics; Meteorology; Physics (Astrophysics, Technical Optics, Applied Geophysics); Zoology and Applied Entomology.

ROYAL SCHOOL OF MINES : Metallurgy, Mining, Mining Geology, Oil Technology.

CITY AND GUILDS COLLEGE : Aeronautics (Aerodynamics, Aero-Structures, Aircraft Propulsion); Engineering—Chemical and Applied Chemistry, Civil, Electrical, Mechanical.

The total staff exceeds 200. The College is a School of the University in Science and Engineering. Students who are registered as candidates for one of the Associateships and who have matriculated at the University of London are eligible for the B.Sc. Degree of the University in the Faculties of Science and Engineering, on the courses and examinations for the relative Associateship, if the University's regulations are complied with. The courses of study are designed for students of University standard whose vocations will be concerned with the scientific aspects of industries. The buildings occupy about 8 acres and cost with equipment over £1,000,000. There is also a Field Station at Silwood Park, Sunninghill.

ADMINISTRATION. The administration of the Imperial College is vested in a Governing Body consisting of 50 members representing the Crown, the self-governing Dominions, the Ministry of Education, the University of London, the London County Council, the City and Guilds of London Institute, the Royal Commissioners for the Exhibition of 1851, the Royal Society, the Teaching Staff of the Imperial College, and learned societies concerned with industries. The Rector, as chief administrative officer of the Imperial College, and the three Deans are also members.

LIBRARIES. The Library of the Science Museum is available for the use of Students, and each Dept. is provided with a special Library.

ADMISSION. The conditions of admission are as under, but the College reserves power to admit in special cases candidates whose qualifications do not in every respect coincide with those prescribed, but whose previous training fits them to take full advantage of the course proposed; the prescribed qualifications give no right to admission, but will be considered with others of which

IMPERIAL COLLEGE OF SCIENCE & TECHNOLOGY 191

the candidate may give evidence. Intermediate courses are only available for Royal School of Mines students and for those taking Bot., Geol., Physics and Zool. at the Royal College of Science; the requirements for admission are Matriculation standard in Elementary and Additional Mathematics, Physics, Chemistry, English and a foreign language. Candidates for admission to a 2nd yr. course, in addition to satisfying the requirements for the first year, must have reached Intermediate standard; the subjects normally required are Physics, Chemistry, Pure and/or Applied Maths.; for certain courses another subject may be accepted in place of Mathematics. By arrangement with the University the Intermediate may be taken in a limited number of approved cases on the College Examn. in Sept. by candidates who have matriculated. The minimum age for admission is 17. Women are admitted on the same terms as men.

DIPLOMA AND OTHER COURSES. The undergraduate courses extend over 3 or 4 yrs. and lead up to an Associateship (A.R.C.S., A.R.S.M., A.C.G.I.), and, in the case of matriculated students, to the B.Sc. (Special) or B.Sc. (Engineering) Degree as the case may be. The Associateship and the Degree are awarded on the same examinations. The postgraduate courses and research lead up to the Diploma of Membership of the Imperial College (D.I.C.), and to the higher Degrees of the University of London. Special arrangements are made for graduates and persons engaged in scientific industrial pursuits.

FEES. Entrance, £2; Tuition per session (Oct.-June), for full-time undergraduate students, £60 (including Union fees); for part-time, at the rate of £63 per session; for full-time postgraduate students, £30 per session (including Union fees). An additional charge may be made for expensive apparatus or chemicals.

SCHOLARSHIPS for postgraduate work: Beit Fellowship for Scientific Research, £400 p.a. for 2 yrs., open to men and women under 25 holding a degree or approved diploma of any University in the British Empire; Plimmer Fellowship, approx. £200; and others (v. *Calendar*).

AFFILIATION, ETC. The University of Sheffield is associated with the College for Advanced Studies in the Metallurgy of Iron and Steel.

APPOINTMENTS BOARD. The College Appointments Board assists Associates and Members of the College to find employment on the completion of their College courses.

HOSTEL. There is a residential hostel at the College, with accommodation for 100 students, at £12-£14 per term. Meals are provided by the Refectory at about 5s. per day, at present. Enquiries should be addressed to the Hostess, Imperial College Hostel. There is also a Hall of Residence at 50 Holland Park, with accommodation for 15 students.

STUDENTS' UNION. The Imperial College Union building in Prince Consort Road is the home of the various student organizations, including the Imperial College Union, the Royal College of Science Union, the Royal School of Mines Union, the City and Guilds College Union, and a large number of Societies and Athletic Clubs. There is a College Refectory in the building, and a College Bookstall.

PUBLICATIONS. *Annual Report*; *Calendar*; *Prospectus*; *Careers Pamphlets*.

THE YEAR 1946-47

BENEFACTIONS. £1500 p.a. for seven yrs. from Oil companies for training and research in Geophysical Prospecting.

NEW POSTS. Chair in Mathematics; Readerships in Fuel Technology, Metallurgy, Mathematical Statistics, Soil Mechanics, Mathematics, Physical Chemistry, Applied Heat, Civil Engineering and Mining Geology.

RETIREMENT. Prof. W. R. Jones (Prof. Mining Geol.)

DEATHS. Sir Thomas H. Holland, Rector of the Coll. from 1922 to 1929. Prof. W. W. Watts, Professor of Geology from 1906 to 1930.

STUDENTS. Total: 1559; full-time: 1387; part-time: 172; the total includes 78 women and 614 postgraduates. In addition: 87 Research Assistants and 14 Intercollegiate students.

DEGREES OBTAINED. B.Sc. in Science, 109; in Engineering, 136; higher degrees in Science: D.Sc., 6; Ph.D., 33; M.Sc., 8; higher degrees in Engineering: Ph.D., 7; M.Sc., 2.

DIPLOMAS GRANTED. A.R.C.S., 92; A.R.S.M., 40; A.C.G.I., 106; D.I.C., 161. Total: 399.

GENERAL INFORMATION

Founded 1823 by Dr. George Birkbeck "for the purpose of giving education to students in the principles of the Arts they practise, and in the various branches of Science and useful knowledge." A School of the Univ. in Arts and Science for evening and part-time students in full-time paid employment during the day and full-time postgraduate students. Playing Fields (18 acres) at Greenford.

LIBRARY. 30,415 vols., including special Science Departments, at the end of Session 1946-47.

COURSES. Complete courses for degrees in Arts and Science, for the Academic Diplomas in Geography and Psychology and for the Inst. of Chemistry exams.

FEES. Annual Composition fees, including subscription to Students' Union: Arts (including Mathematics in both Faculties), £11. Science (incl. Geography and Psychology in both Faculties), £13:10s. Postgraduate work, evening and part-time, £5-£11, whole time, £7:10s.-£22 according to Faculty and Degree.

PUBLICATIONS. *Calendar*, 2s. 6d.; *Report* (annual); *Haldane Memorial Lecture*, 1s. 9d.; *Foundation Oration*; *Inaugural Lectures*, 1s. 9d.; *Inter-Faculty Lectures*, 1s. 9d.; *Lodestone*, 6d. (Students, terminally).

THE YEAR 1946-47

The outstanding feature of this Session was the resumption of work, discontinued since June 1940, on the new building in Malet Street in June 1947. The Faculty of Arts, including the Dept. of Mathematics, continued to occupy accommodation in the Institute of Education, the School of Oriental and African Studies and London School of Hygiene and Tropical Medicine. In Breams Buildings repairs of bomb damage to the main College premises have given to the Physics and Chemistry Depts. a little more laboratory space, while, at the beginning of the Session the Geography and Psychology Depts. were able to move into pre-fabricated huts erected on a site adjoining the College. The damaged theatre was once more made available during the summer months.

In order to guard against the temporary geographical separation of Arts and Science developing into a lasting disunity, Inter-Faculty Lectures were held in the Autumn and Spring terms and these were well attended by staff and students of each Faculty. The Foundation Oration was given by Lord Justice Oaksey on the subject of the Nuremberg Trials, over which he (as Lord Justice Lawrence) presided, and the Haldane Memorial Lecture by Sir Fred Clarke on "The Cultural Significance of the Dominions."

STUDENTS. Total: 1249; full-time: 36; part-time: 1213; the total includes 515 women and 52 postgraduates.

DEGREES. B.A., 58; M.A., 8; Ph.D. (Arts), 5; B.Sc., 46; M.Sc., 5; Ph.D. (Sci.), 4.

GENERAL INFORMATION

The College was founded in 1447 as a monastic foundation. It was created an agricultural College in 1894 under the Principalship of the late Sir A. D. Hall, F.R.S. It has been a School of the University of London since 1900 and is now the approved Department of Agriculture and Horticulture in the Univ.

Closely associated with the College is the South-Eastern sub-provincial headquarters of the N.A.A.S., the central offices and laboratories of which are located on the College Estate.

LIBRARY. 10,000 vols. **LABORATORIES.** Physical and Biological Sciences, including Chem., Physics, Bot., Zool. and Hop Research.

The College (residential for men and women) provides courses for the internal B.Sc. degree in Agric. and Hortic. of the Univ. of London and also accepts postgraduate students reading for higher degrees. At the present time there are no Diploma or short courses. The College Estate extends to over 600 acres and comprises a mixed farm, orchards, glasshouses, market gardens and decorative gardens, all of which are used for teaching, demonstration and research purposes. The College Hop Research Department is the National Centre for Hop Research work and has its own laboratories and commercial and nursery hop gardens.

The internal B.Sc. degrees of the Univ. of London in Agric. and Hortic. equip men and women who intend to farm at home or abroad or require preparation for managerial, teaching or investigational posts in the industries of Agriculture and Horticulture or who intend to seek appointment in the National Agricultural Advisory Service or in the Colonial Services. The College Appointments Bureau gives assistance in placing qualified students in suitable employment.

FEES, inclusive of board, lodging and tuition are, at the present time, £135 per annum but are likely to be increased to £150 per session for the session 1948-49.

THE YEAR 1946-47

BENEFACTIONS. Appeal Fund Subscriptions, over £1500; the College Statutes which for over three centuries had been held by Merton College were

presented to the College by the Warden of Merton. A College Mace was presented by Mr. Somerset de Chair and a window presented by Mr. J. W. Kennard, the Clerk to the Governing Body. Other recent benefactions include a Research Fellowship established by Messrs. May and Baker for research work in the Dept. of Phys. Sciences (value £600 p.a.) and £200 presented by Mr. W. Woodward as a memorial to the late Miss Christine Woodward, previously the College Librarian.

NEW BUILDINGS. Part of the reconstruction and modernization of the old College buildings has been completed, and the conversion of part of the East Wing into laboratories for the Dept. of Biological Sciences is in hand. A temporary dormitory for 25 women was completed in Dec. 1946 and a new Women's Hall of Residence is in course of construction. Additional glasshouses are being erected in the Hortic. Dept. and both the farm and market garden are in the process of substantial re-equipment for demonstration, teaching and research purposes.

NEW POSTS. Chairs of Agriculture (Prof. M. M. Cooper) and Horticulture (Dr. H. W. Miles) tenable at Wye College have been instituted by the Univ. of London.

OTHER DEVELOPMENTS. On Friday, June 13, the College celebrated the 500th Anniversary of its foundation. Visitors to the College on that day included the Archbishop of Canterbury, the Chancellor, Vice-Chancellor and Principal of the Univ. of London and the Minister of Agriculture.

Contacts with other College and Research Centres have expanded and several lecturers have attended the College to give both formal College Lectures and special lectures and discussions arranged by the Union Society.

EXTRA-MURAL WORK during the year has greatly increased; several members of the College have broadcast on Agric. and Hortic. subjects, and have been much engaged on various aspects of the farming life of S.E. England.

RETIREMENT. Mr. V. C. Fishwick (Research).

RESIGNATIONS. Dr. C. Davies, on appt. as Provincial Machinery Adviser, Eastern Prov. N.A.A.S.; Mr. R. T. Pearl, on appt. to Readership in Hortic., Univ. Coll., Nottingham; Mr. N. K. Green, on appt. as Farm Bldgs. Adviser for Wales, N.A.A.S.; Mr. A. E. Martin, on appt. as Res. Asst. Grassland Improvement Station, Drayton; Mrs. Joan Reynold; Margaret P. Whiteley, on appt. as Asst. Lectr. in Hortic., Univ. Coll., Nottingham.

DEATH. Miss Christine M. Woodward (Librarian).

STUDENTS. Total: 138; full-time: 137; part-time: 1; the total includes 65 women and 1 postgraduate.

COMMERCIAL COURSES. These courses are planned *ad hoc* as required to meet the needs of firms wishing to give training in languages and the related cultures to representatives going overseas. An effort is made to meet, as far as possible, all requirements in this field. (Note—In session 1946-47, nine such courses were arranged, to which sixteen different firms, notably leading oil companies and members of the India-Burma Association, sent representatives. The languages concerned were Arabic, Hausa, Malay, Persian and Urdu.)

VISITS OF MEMBERS OF STAFF TO OTHER UNIVERSITIES. During the first and second terms of the session, Prof. E. D. Edwards, Hd. of the Dept. of the Far East, in the course of a tour of South East Asia, the Far East and Australia, visited many centres of Far Eastern studies. This tour was undertaken under Government auspices. Prof. J. R. Firth, Hd. of the Dept. of Phonetics and Linguistics, was invited to visit the Farouk I. Univ., Alexandria, during the spring of 1947, to advise on the development of linguistic studies. He also delivered lectures on general linguistics and phonetics.

GENERAL INFORMATION

Schools

BRITISH POSTGRADUATE MEDICAL FEDERATION, Central Office,
2 Gordon Square, W.C.1. *Director*—Sir Francis Fraser, M.A., M.D., F.R.C.P.

The Federation is incorporated by Royal Charter and is a School of the Univ. of London.

The purpose of the Federation is to provide in London organized and correlated facilities for postgraduate teaching and research for qualified medical practitioners from the United Kingdom, the Dominions, the Colonies and abroad, and to co-operate with other Universities, Medical Schools, and the Royal Colleges in their provision for postgraduate medical education. The Federation provides: (1) Training for prospective specialists, supplementing the work of the undergraduate medical schools. (2) Advanced revision for practising specialists. (3) Instruction for medical practitioners who, though not specialists, desire more detailed knowledge of any branch of medicine. (4) Instruction for general practitioners.

Education in the major special branches of medicine and surgery is provided at Institutes associated with the special hospitals in London. (*v. infra*).

Further Institutes in process of development are the Inst. of Diseases of the Chest (Brompton Hospl., S.W.3), the Inst. of Cardiology (National Heart Hospl., Westmoreland St., W.1), the Inst. of Dermatology (St. John's Hospl. for Dis. of the Skin, Lisle St., Leicester Sq., W.C.2), the Inst. of Orthopaedics (Royal National Orthopaedic Hospl., Gt. Portland St., W.1), the Inst. of Urology (St. Peter's Hospl., Henrietta St., W.C.2) and the Inst. of Dental Surgery (Eastman Dental Clinic, Royal Free Hospl., Gray's Inn Road, W.C.1). These

are associated in the activities of the Federation and are being expanded and developed as circumstances permit in order to include them as Federated Institutes.

The provision for postgraduate education at these Institutes includes full-time and part-time courses of advanced instruction, clinical assistantships, junior and senior resident hospital appointments and opportunities for research. The Federation administers, on behalf of the University, the Government Scheme for the Postgraduate Education of Medical Officers on release from the Forces, and organizes short refresher courses for general practitioners conducted at general hospitals, both voluntary and municipal, which are not engaged in undergraduate teaching. The Central Office maintains a bureau of information on postgraduate medical educn. in the United Kingdom.

Included in the Federation :—

(a) POSTGRADUATE MEDICAL SCHOOL OF LONDON, Ducane Rd., Shepherd's Bush, W.12. *Dean*—C. E. Newman, M.D., F.R.C.P. *Secy.*—Miss C. O'Driscoll.

Incorporated by Royal Charter 1931, reconstituted by Royal Charter 1946, as an Institute of the British Postgraduate Medical Fedn. for postgrad. instruction in clinical medicine, including Surgery, Obstetrics and Gynæcol., Pathol. and Radiol. Students may be of either sex but must hold a Univ. degree of their own country or a qualification registrable in this country.

The School is associated with the Hammersmith Hospital, L.C.C., consisting, when fully opened, of 710 beds. During the Univ. terms fully-organized teaching is arranged daily from 9 A.M. to 4 P.M.; hosp. practice only is available during the vacations. Facilities also provided for research work under the direction of the Professors. A course for the Diploma in Clinical Pathology commences annually in October.

(b) INSTITUTE OF CHILD HEALTH (The Hospital for Sick Children, Great Ormond Street, W.C.1).

Founded 1945. The object of the Institute is to promote and co-ordinate the study of problems relating to children in sickness and in health, from the prenatal stage to school-leaving age. Postgraduate tuition in all aspects of Pædiatrics is provided daily from 10 A.M. to 4 P.M. in three terms of roughly three and a half months each throughout the year. Courses of lectures on special subjects are also given each term, for which separate tickets are issued from those taken out for daily postgraduate tuition. The fees are: 6 mos., 25 gs.; 3 mos., 15 gs.; and for shorter periods by arrangement.

Dean—W. G. Wyllie, M.D., F.R.C.P.

(c) INSTITUTE OF NEUROLOGY (National Hospital for Diseases of the Nervous System, Queen Square, W.C.1). *Dean*—J. Purdon Martin, M.D., F.R.C.P. *Secy.*—H. Ewart Mitchell.

Founded 1859. Teachers—23. Postgraduate teaching is given in medical and surgical neurology, neuropathology, psychiatry and the neurological aspects of ophthalmology and otology.

Organized courses are held twice a year. Other teaching is going on continuously and clinical demonstrations are held throughout the year. Research facilities are available for a limited number of advanced students.

(d) OPHTHALMIC INSTITUTE (Moorfields, Westminster and Central Eye Hospital, City Rd., E.C.1). *Dean*—R. C. Davenport, M.B., B.S., F.R.C.S. *Secy.*—Miss M. E. Lloyd-Jones.

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (Incorporating the Ross Institute), Keppel Street (Gower Street), W.C.1. *Dean*—Prof. J. M. Mackintosh, M.A., M.D., F.R.C.P.

This School was constituted by Royal Charter on April 1, 1924. In accordance with the terms of the Charter the School was recognized on Nov. 18, 1931, in the Faculty of Science and in the Faculty of Medicine in so far as the branches of Public Health, Hygiene, State Medicine, and Tropical Medicine are concerned. The school was built and equipped with a sum of \$2,000,000 provided by the Rockefeller Foundation, who made the gift on the understanding that the British Government would make adequate grants for staffing and maintaining the School. It includes the following depts.: (1) Public Health; (2) Biochemistry and Chemistry as applied to Hygiene; (3) Bacteriology and Immunology; (4) Parasitology; (5) Entomology; (6) Medical Statistics; (7) Clinical Tropical Medicine; (8) Ross Institute of Tropical Hygiene; (9) Applied Physiol.; (10) Human Nutrition. The School provides for the training of public health officers, and for research in various branches of preventive medicine. Appointed and Recognized Teachers—24 (*v. supra*).

The courses of study in all branches of the work of the School are given in the premises in Keppel St. (Gower St.), which has excellent labs. and research rooms, a fine lecture theatre and classrooms, library and museum.

Diploma in Tropical Medicine and Hygiene. On Aug. 1, 1924, the School took over from the Seamen's Hospital Society the old School of Tropical Medicine. Students must ordinarily be qualified med. practitioners. The funds available for encouraging research include the Tropical Diseases Research Fund, the Wandsworth Bequest, the Stanley Memorial and the Avebury Memorial Funds. Research expeditions are equipped and maintained by the School. There are 2 courses of 5 months each every year, designed for the D.T.M. and H. of the Conjoint Board and for candidates for the M.D. in Trop. Med. *Fees*: £40 for each course.

Certificate and Diploma in Public Health. The courses of study commencing late September extend over periods of 3 and 9 mos.' whole-time study, and are so arranged that students will be able to comply with all requirements of the Gen. Med. Council. Included in the syllabus are a number of special lectures by recognized experts in various public health problems, and a number of visits to carefully selected places of outstanding public health interest. The courses of study are designed to enable candidates to proceed to the Academic Certif. and Dipl. in Pub. Health instituted by the Univ. Fee for courses, 21 gs. and 54 gs.

Diploma in Bacteriology. The special course of study for the Dipl. in Bacteriol. covers a period of one academic year beginning in October. Fee for course, 54 gs.

In addition to the students taking the Diploma Courses, many are admitted to special courses of study and research in the various branches of the work of the School.

ASSOCIATED COLLEGES

THE COLLEGE OF TECHNOLOGY became connected with the Univ. of Manchester in 1905 in the Fac. of Techn., the greater part of the work of which is conducted in the College, whose Principal is Dean. The work of the College includes advanced study and research in the subjects specified above and hydraulic experimental work, motor-car engineering, and india-rubber technology. From Oct. 1934 recognized for B.Sc. (Eng.) degree for external students, London Univ.

Recognized for External Lectures in Theology: BAPTIST COLLEGE, HARTLEY VICTORIA METHODIST COLLEGE, MORAVIAN COLLEGE, Fairfield, and UNITARIAN COLLEGE at Manchester; LANCASHIRE INDEPENDENT COLLEGE, Whalley Range.

Recognized for instruction in Maths., Physics, Chem., and Biol. up to Interm. standard for B.Sc. and B.Sc. Tech.: the HARRIS INSTITUTE, Preston.

For third year of B.Sc. Tech. course in Metal Mining (at present discontinued): the CAMBORNE SCHOOL OF METALLIFEROUS MINING.

GENERAL INFORMATION

The Victoria University of Manchester was reconstituted by Royal Charter in 1903 and Owens Coll. incorporated with it by Act of Parl. in 1904. For early history, see *Yearbook* for 1929.

Most of the buildings erected from time to time during the past 50 years are situated in the city. The Departments of Bacteriology, Preventive Medicine and Pathology are $\frac{1}{2}$ mile distant, adjoining principal hospitals. The athletic ground (30 acres) is at Fallowfield, about $1\frac{1}{2}$ miles distant, while a further 51 acres were acquired for athletic purposes at Wythenshawe, about 3 miles distant.

LIBRARIES. The main library (over 330,000 vols.) is housed in two divisions. The books concerning the Arts and allied faculties are placed in the new building (completed in 1936). The books on scientific subjects remain in the old (Christie) building, which also contains the Library of the Manchester Museum. The library includes the private collections of Profs. Freeman, Stanley Jevons, Alexander and Gordon and Dr. Christie. Scientific periodicals are taken in by the Univ. in co-operation with the Manchester Literary and Philosophical Society, so that between them all the most important are available for both. The Medical Society's and the Radford Library (88,000 vols.) are housed in the Med. School, and available for students. The Library for Deaf Education (over 8000 vols.) is available to all interested in the educn. of the deaf. There is also in the city of Manchester the John Rylands (450,000 vols.), which includes the Althorp Library and the Crawford collection of MSS. It contains one of the most important collections of early printed books in existence. The ancient Chetham Library (100,000 vols.) has valuable mediæval MSS. and printed books of 17th and 18th centuries and a collection of vols. dealing with local history. The Municipal Reference Library (328,000 vols.) is valuable for more recent books and periodicals, and in connexion with it there is a Technical and Science Library (45,000 vols.). The College of Technology Library (30,000 vols.) includes the abridgements of specifications of patents from 1855 to date, and is devoted to applied science and technology.

LABORATORIES, ETC. Ample equipment for advanced study and research in all departments. Experimental Grounds for Hortic. in Manchester and outstation in Cheshire. The *Manchester Museum* (Keeper—R. U. Sayce, M.A.), forming part of the Univ. buildings, and containing among other special depts. the Flinders Petrie Egyptol. Collection, is utilized for Univ. teaching in Zool., Bot., and Geol.; it is also used for systematic instruction of Elem. school children. Available for clinical instruction are 4 general Hospitals, 1 Dental and 9 other special hospls., including the Christie Hospital (Cancer), and Holt Radium Institute.

FACULTIES, DEANS, AND TUTORS. Arts [including School of Architecture], Dr. M. Tyson (Palæog.), Tutor, J. Marks (French); Science, Prof. P. M. S. Blackett (Physics), Tutor, G. N. GENERAL INFORMATION

CONSTITUTION. The *Congregation of the University* consists mainly of the teaching and administrative elements in the Univ. and Colleges. It is the principal legislative body in the Univ. and, subject to the postponing power of Convocation explained below, can adopt, reject, or amend legislative proposals submitted by the Hebdomadal Council. *Convocation*, a larger body consisting of all Masters of Arts and Doctors of the Faculties of Divinity, Civil Law, and Medicine who have their names on the Univ. books, has the power of postponing, but not of rejecting or amending, Statutes or Decrees which have been passed by the vote of less than two-thirds of the members of Congregation present and voting. It also confers honorary degrees and degrees granted by Decree or Diploma. It sanctions petitions to Parliament, and authorizes the affixing of the Univ. seal when necessary. The *Hebdomadal Council* consists of the Chancellor, Vice-Chancellor, immediate ex-Vice-Chancellor (for one year after the expiry of his term of office), or one of the Pro-Vice-Chancellors who has not held the office of Vice-Chancellor, the Proctors, and 18 members elected by Congregation. It takes the initiative in all legislation of the Univ. and forms the central administrative body. Other important bodies, endowed with considerable powers and responsibilities, are the *General Board of the Faculties* and the *Curators of the University Chest*.

The Chancellor, elected for life by Convocation, is a non-resident Officer. The executive power is chiefly in the hands of his Deputy, the Vice-Chancellor, who is annually nominated by him from among the Heads of Colleges, and the Proctors annually elected by the Colleges and Halls in rotation.

The Colleges are corporate bodies distinct from the Univ. They manage

their own property, and elect their own officers; and the Proctors have no power within their walls. Their Statutes, however, render them subject to certain Univ. Statutes which deal, among other things, with reservation of a proportion of Fellowships for Univ. teachers and officers, the assignment of Fellowships to University Professorships, the admission of undergraduates, contributions for Univ. purposes, the presentation and audit of accounts, and the special examination of catering accounts. The relation between the Univ. and the Colleges is intimate. The great majority of the members of the Univ. belong to the Colleges, and all who belong to the various Colleges are at the same time members of the Univ. Teaching is given partly by Univ. Profs., Readers, Lecturers, and Demonstrators, partly by the more numerous body of College Tutors and Lectrs.

Entrance scholarships (£100) and exhibitions (£40-£80) are awarded by the various Colleges. Their actual value, in the large majority of cases, is £30 a year (or its equivalent) but a scholar or exhibitioner, after election, may be granted an additional sum not exceeding the advertised maximum of his award if he supplies satisfactory evidence that he is in need of further assistance.

Under the Universities of Oxford and Cambridge Act, 1923, which set up a Statutory Commission for Oxford, new Statutes were made for the University and for the Colleges. These Statutes were laid before Parliament and received the approval of the King in Council. A summary of the most noteworthy changes embodied in them, prepared by Sir Henry Sharp, K.C.I.E., the Secretary to the Commission, will be found in the *Yearbook* for 1929, pp. 221 and 222.

FACULTIES. Theol., Law, Med., Literæ Humaniores, Mod. Hist., Engl. Lang. and Lit., Med. and Mod. Langs., Oriental Studies, Phys. Sciences (including Maths.), Biol. Sciences, Social Studies, Anthropology and Geography, Music, Agriculture and Forestry.

ADMISSION. See App. I.

ADMISSION OF NON-MEMBERS OF THE UNIVERSITY TO LECTURES. Admission to lectures in the Schools (but not to classes, seminars, or informal instruction) is granted on certain conditions to persons who are not members of the University on payment of £5 a Term, or, if admission to lectures in one Faculty only is desired, of £3 a Term, or, where special privileges have been granted, without fee.

Fees are to be paid at the Office of the University Chest, Clarendon Building, Broad Street. Other enquiries should be made of the Clerk of the Schools at the Examination Schools.

Non-members of the Univ. may attend lectures and classes in Mod. Foreign Langs. on payment of fees varying from 10s. to 15s. per Term for one hour a week. Application should be made to the Clerk of the Curators, Taylor Institution.

THE ACTING ADVISER OF OVERSEAS STUDENTS (S. Caldwell, M.A. Wadh., Assistant Registrar, University Registry) will advise persons, including Dominion, Colonial, foreign and other oversea students (other than Rhodes Scholars), who cannot conveniently communicate directly with a Society and who desire information with a view to admission to the University.

INCORPORATION. Members of the Univs. of Cambridge and Dublin can be, under certain conditions, "incorporated" into this Univ., i.e., admitted to the status and degree held in their own Univ. Notice of intention to incorporate as an undergraduate must be sent to the Registrar through the Head of a Coll., Hall, or Society. The privileges of incorporation as a graduate are limited to B.A., M.A., Litt.D., B.D., D.D., D.Sc. and Ph.D. of those Univs.,

LL.B., LL.D., M.B., M.D., M.Chir. of Cambridge. Graduates in Law of Cambridge shall, when incorporated, become B.C.L. or D.C.L., and Litt.D.'s of Dublin shall become D.Litt. of Oxford. Any applicant for incorporation must have kept by residence at his Univ. before taking his degree the same number of terms that he would have been required to keep at Oxford for the corresponding degree. While an undergraduate is allowed to incorporate as a matter of course, a graduate must first satisfy the Hebdomadal Council that there are adequate reasons.

In 1910 a Delegacy for WOMEN STUDENTS was constituted, and provision made for recognition by the Univ. of Societies for their reception for academical study, students on the books of such Recognized Societies being accorded a privileged status. Under the provisions of a Statute approved by Convocation on May 11, 1920, which came into force on Oct. 7, 1920, women may be matriculated and admitted to degrees in the Univ. In that year the Delegacy for Women Students was abolished. Previous to matricn. a woman must have been admitted as a member of one of the 5 Societies of Women Students. A woman may be admitted to *Responsions* before matricn. provided her name is sent in to the Asst. Registrar by the Head or a Tutor of a Soc. to which she *bona fide* desires admission. Women members of the Univ. are admitted to all degrees under the same conditions as those prescribed for men as regards standing, examns., course of study, exercises, and fees, and under analogous conditions as regards residence. A Women Students' Property Committee administers all property vested in the Univ. for the benefit of women members of the Univ. generally, and in particular the Nettleship Library and Bertha Johnson Loan Fund.

The number of resident undergraduate members of St. Anne's Society (who keep statutable residence in houses approved by the Delegates for Lodgings) is limited at present to 250, exclusive of "Advanced students," and not more than 5 students for the Diploma in Theology, and of an additional number not exceeding 5 in any term as may for exceptional reasons be given permission to reside. Preference is given to those applicants for admission to the Society whose homes are in Oxford.

The number of undergraduates in residence at the other Societies of Women Students are also limited by Statute to 180 (exclusive of "Advanced Students" being graduates of other Universities) in the cases of Lady Margaret Hall, Somerville Coll., St. Hugh's Coll., and St. Hilda's Coll.

TERMS. The Academical year, which begins in Oct. and ends in July, consists of 3 terms, Michaelmas, Hilary, and Trinity, beginning, respectively, on Oct. 1, Jan. 10, and the Wednesday after Easter Day, and ending Dec. 17, the day before Palm Sunday, and the Saturday after the first Sunday in July. Residence within the walls of a College or Hall, or in licensed lodgings,* during a certain number of terms, usually 9, and never less than 6, is a condition of admission to any degree. Full terms: 1948-49—Oct. 10 to Dec. 4; Jan. 16 to March 12; April 24 to June 18.

DEGREES. B.A., M.A., B.Litt., D.Litt.; B.Sc., D.Sc.; B.Phil., D.Phil.; B.D., D.D.; B.C.L., D.C.L.; B.M., B.Ch., M.Ch., D.M.; B.Mus., D.Mus.

The degrees which are open to graduate students of other Univs. who are qualified for matricn. at Oxford are those of B.A., B.Litt., B.Sc., B.Phil., D.Phil., B.C.L., and B.D.

ARTS. Examns. in Arts, more usually called "Schools," are sharply

divided into Pass and Honour examns.; in the former there is but one standard, in the latter successful candidates are distributed into 3 or 4 classes. No one is admitted to a place in the Class Lists who has exceeded a certain number of terms reckoned from Matricn. No conditions of residence are attached by the Univ. to either Pass or Honour examns.; it is simply for the attainment of the degree of B.A. that residence is obligatory. Every Coll., Hall, and Society, however, has its own rules with regard to both residence and the entry for examns. A candidate for the degree of B.A. must (1) reside at the Univ. as a matriculated member during 9 terms, unless he is privileged as a member of another Univ. or as a "Service" Student; (2) pass or obtain Honours in the following examns., namely:

(a) *Responsions*. This is the Entrance Examination to the University. It must be passed, or some examn. accepted as equivalent to it, before matriculation. Names of candidates must be entered through an officer of the Society to which they intend to belong. See Appendix I.

(b) *The 1st Public Examn.* This consists of (1) Honour Classical Moderations, (2) Hon. Math. Modns., (3) Hon. Sci. Modns., (4) Pass Modns.,* (5) Law Modns., (6) Prelim. Nat. Sci., (7) Prelim. Geography, (8) Prelim. Mod. Langs., (9) Prelim. Mod. Hist. In order to pass the Examn. a candidate must pass in one of these subjects.

(c) *The 2nd Public Examn.* This consists of (a) a Pass School and (b) an Honour School. (a) Contains a large variety of subjects, and candidates taking it are required to pass in 3 of these, of which one must be a language-subject other than English. (b) Includes the following, a class in any one of which is sufficient: Literæ Humaniores (Philos. and Ancient Hist.); Maths.; Nat. Science (Phys., Chem., Physiol., Zool., Bot., Geol., or Engin.); Jurispr.; Mod. Hist.; Theol.; Oriental Studies (Sanskrit, Arabic, Hebrew, Persian, Egyptian or Chinese); Engl. Lang. and Lit.; Mod. Langs. (French, Ger., Ital., Span., Russ., Mediæval and Mod. Greek, or Portuguese); Philos., Politics, and Econ. (Modern Greats); Geog.; Agric.; Forestry; Psych., Philos., and Physiol.

Under certain conditions, members of other Univs. and officers not under 21 yrs. of age who have held for not less than 3 yrs. a Commission in H.M. Regular Forces, and been seconded or specially relieved from active duty by the Admiralty, War Office, Air Ministry, or India Office for the purpose of attending an academic course of not less than 2 yrs., may be admitted to the status of "Senior Student" and "Service Student" respectively, and obtain exemption from Responsions, and, under further conditions, from the 1st Public examn., as well as a remission of 3 terms of the necessary residence (v. App. I). Analogous concessions are made in favour of Probationers for Forest Services in the British Empire who have obtained an approved degree at an approved Univ. and been admitted to the status of "Imperial Forest Service Student."

ADVANCED STUDY AND RESEARCH. The DEGREES B.LITT. and B.Sc., instituted in 1895 in order to encourage special study and research, are granted upon the satisfactory completion of an approved course of special study or research pursued under supervision and for the most part at Oxford and of at least 6 terms' residence. Application to enter upon such a course may be made by any person who produces sufficient evidence of his ability and (1) is a member of the Univ. who has passed the examns. for the degree of B.A., or (2) has taken an approved degree at an approved Univ., or (3)—for the B.Litt.—has obtained an Oxford diploma with distinction, or is held by the Board of the

Faculty to be fully qualified to engage in research. Applications must in all cases be made to the Secy. of Faculties through an officer of the Society to which the candidate belongs or desires to belong. Residence as a member of the Univ. for 6 terms is a necessary condition for either degree. A candidate for the B.Litt. must first undergo a course of training in research methods and then do a special piece of research work and write a thesis, and may be required to pass a written examn. For the B.Sc., which is confined to the Faculties of Science, Medicine, Anthropology and Geography, and Agriculture and Forestry, no probationary period is prescribed. The B.Phil. degree, instituted in 1946, is similar.

Of a similar nature, but of a much higher standard, is the degree of Doctor of Philosophy instituted in 1918 (v. p. 15).

The higher degrees, D.Litt. and D.Sc., instituted in 1900, are awarded to graduates of Oxford for published work of outstanding merit.

THEOLOGY. The B.D. degree is open to candidates of over 26 yrs. of age who have passed a Qualifying examn. in Christian Theology, pursued a course of study therein extending over 6 terms, resided for 6 terms, and submitted a thesis of sufficient merit in some branch of the subject. No candidate may present a thesis until he has passed the Qualifying examn., which is open to Oxford M.A.'s, to persons who have, not less than 5 terms previously, passed all examns. for the Oxford B.A., and, under certain conditions, graduates of other Univs. First-class or second-class hon. in School of Theol. exempts from this examn.

The degree of D.D. is open to those who have been admitted to the Oxford degree of B.D., subject to certain conditions of standing, provided they have submitted a thesis, or published work, of sufficient merit in some branch of Christian Theology.

LAW. The examn. for the B.C.L. degree is open either (1) to B.A.'s of the Univ. or (2) under certain conditions (including residence for 6 terms) to graduates in Arts, Philos., Science, or Law of other Univs. The subjects are Jurispr., Roman, Engl., Roman-Dutch, and Internat. Law.

MEDICINE. The B.M. degree is open only to B.A.'s of the Univ. who have passed certain examns. in Med. and Nat. Science. The total period of study for the degree (including the scientific subjects studied in the Arts course) is generally about 6 or 7 yrs., of which 2 or 3 may be spent in London in preparation for the more strictly professional subjects of the 2nd B.M. examn. The M.Ch. degree is open to candidates who have passed all the examns. for the B.M. and B.Ch., and either are members of the Surgical staff of a recognized hospital or have acted in such a hospital as Dresser or House Surgeon for 6 months. A candidate for the D.M. must be a B.M., and have entered on the 30th term from matricn. and had his name on the books of some Coll. or Hall or Society for 20 terms.

Senior Students may be exempted from the preliminary examn. in Physics, Chemistry, Zoology, and Botany, in consideration of equivalent examns. passed at their previous Universities.

MUSIC. The degree of B.Mus. is open to candidates who have been admitted to the degree of B.A. and have also passed three examns. in Music (and composed a Musical Exercise) under conditions laid down by Statute. Residence for 9 terms is required. A B.Mus. may qualify for the degree of D.Mus. by submitting a musical composition for approval and passing a further examn. in Music, but cannot submit a composition until the 9th term after his admission to the Baccalaureate.

DIPLOMAS. Many of these are open to persons who are not members of the Univ. Minimum courses and addresses of Secretaries from whom particulars can be obtained :

Education, 1 yr. (or Vacation course, v. *infra*), Director, Department of Education, 15 Norham Gardens.

Economics and Political Science, minimum 1 yr., The Secretary, Delegacy for Social Training, Barnett House.

Public and Social Administration, 1 yr. and period of practical work, The Secretary, Delegacy for Social Training, Barnett House.

Anthropology, 1 yr., The Diploma Secy., Pitt Rivers Museum.

Forestry, 1 yr., The Professor of F., School of F. Open to graduates of Oxford or other Univs.

Agricultural Economics, 1 yr., The Sibthorpe Professor of Rural Economy, Dept. of Agriculture.

Classical Archaeology, 1 yr., Secy. to Committee on C.A., Ashmolean Museum.

Theology, 1 yr., Secy. of Faculties (open only to members of the University).

Comparative Philology, 1 yr., The Prof. of C.P., Worcester Coll.

Ophthalmology, Secy., Nuffield Ophthalmological Laby., Oxford Eye Hospital. Open to Registered Medical Practitioners and to approved Bachelors and Doctors of Med. of Univs. outside the U.K.

Music. Open only to members of the University who must either (1) be qualified for B.A. degree at Oxford, or (2) have passed the First Public Examination, and two Groups of the Final Pass School.

Certificates: Physical or Cultural Anthropology, 3 months, The Diploma Secy., Pitt Rivers Museum. Training for Social Work and Public Administration, The Secy. to the Delegacy for Social Training, Barnett House. Fine Art, The Ruskin Master of Drawing, Ashmolean Museum.

REGULAR COMMISSIONS IN THE BRITISH ARMY. The pre-war regulations are in abeyance. A new scheme, whereby a University candidate will receive an ante-date (which will vary according to the class of Honours degree taken) to place him roughly on a level with his contemporaries on the R.M.A., Sandhurst, is at present under consideration at the War Office. It is hoped that details will be available by Oct. 1948. Office of the Secy. to the Delegacy for Military Instruction—H.Q.O.U.S.T.C., Manor Road.

AVIATION. Membership of the University Air Squadron is granted by selection to members of the University after interview by a Selection Committee. All candidates must obtain parental and College permission to join, and must be up to the full medical standard of the Royal Air Force. There are no fees for entrance, medical examination, or flying instruction, but a small annual subscription is imposed for Club purposes. Every member undertakes to obtain the Squadron Certificate of Proficiency by the end of his second year in the Squadron. This involves passing an examn. in four ground subjects, and it qualifies the holder to fly solo in term time. The Squadron is limited to 75 members, and in consequence there is great competition for membership. Students from overseas are advised to bring parental consent to join the Squadron with them before they sail for England.

The DEPARTMENT OF EDUCATION (address—15 Norham Gardens), established in 1919, is under the general direction of a Delegacy. For staff, see *under* Education. For the Univ. Dipl. in Educn. there is a 1 yr. postgrad. course of which one term is devoted to practical work in a school. Oxford graduates with 1st or 2nd Class Hons. in Mod. Langs. may, by special permission, spend one or two terms in the study of the Theory and Practice

of Educn. at an approved European Univ. Under certain conditions the Diploma Course may be taken by undergraduate members of the Univ.

Vacation Courses are held from time to time, usually in July and Aug. These are either short courses for special groups, or refresher courses for teachers of experience, which are suitable also as an introduction to the more general study of educational questions and are open without restriction to both men and women.

SCHOLARSHIPS AND FELLOWSHIPS. College Entrance scholarships are very numerous and valuable. The Univ. scholarships and fellowships are usually open only to members of specified standing. Of those open to graduates, 16, of the aggregate value of £1130 p.a., are for Engl., Greek, and Latin; 1 (£100) is for Ment. and Mor. Philos.; 2 (£80) for Maths.; 8 (£1340) for Med. and Nat. Science; 4 (£440) for Law; 3 (£300) for Theol.; 13 (£760) for Oriental Studies. The Univ. offers a number of *Research Scholarships and Studentships*, e.g. a Biological scholarship (annually, £200 for 1 yr.) tenable at the Zoological Institute, Naples; the George Webb Medley Scholarships (2 annually, £80 to £300 p.a. for 2 yrs., renewable for not more than 3 yrs.), for Economics and Polit. Sci.; the Scott Scholarships (2 annually, c. £95 for 2 yrs.), "for the furtherance of physical science"; the Beit Senior Research Scholarship (on terms decided by the Administrator of the Beit Fund, up to £250 in any yr.) for Colonial History; the Henry Francis Pelham Studentship (biennially £100 or less for 1 yr.), tenable at the British School of Archaeology at Rome; a Research Studentship (occasionally for 1 yr.), for Greek Lit; the Bryce Research Studentship (annually, £240 for 1 yr.), for History.

There are also *Travelling Scholarships and Studentships*, e.g. the Derby Scholarship, for classical scholarship (incl. palæography and philos.), offered annually (£200-£300 for 2 yrs., of which at least 8 months must be spent abroad); the Heath Harrison Travelling Scholarships (13 annually, £75 usually for 1 yr.), for study of a modern lang. abroad; the Zaharoff Travelling Scholarships (1 or more annually, £150 for 1 yr.), for promotion of French studies; the de Osma Studentship (annually, the net income from £21 10-odd Funding 4 per cent. Stock), for not less than 6 weeks' study at the Instituto de Valencia de Don Juan, Madrid; the George Herbert Hunt Travelling Scholarship (every other yr., c. £100), for Medicine.

The Colls. have power to elect persons distinguished in Science or Literature to Senior Research Fellowships on condition of prosecuting some definite work; they have also power to elect from time to time Junior Research Fellows for limited periods, usually after examn.

There are certain funds, such as the Craven and Ireland, from which grants for the furtherance of particular studies may be made.

The Rhodes Scholarships were founded in 1902 under the will of the late Cecil John Rhodes. The value of each is £400 a yr., with, at present, a special supplement of £100. The Scholarship is tenable at the Univ. of Oxford, and may be held for 3 yrs. Appointments are made for 2 yrs. in the first instance, and a Scholar wishing to remain for a third year must present a definite plan of study for that period satisfactory to his College and to the Rhodes Trustees.

Rhodes Scholars may, if the conditions are approved by their own College and by the Rhodes Trustees on the recommendation of the Oxford Secretary to the Rhodes Trustees, either postpone their third year, returning after a period of work in their own countries, or spend their third year in postgraduate work at a Univ. of Gt. Britain, and in special cases at a Univ. on the continent of Europe, in the overseas Dominions, or in the United States, but not in the country of their origin. The conditions of the competition in each country or community are fixed from time to time by the Trustees.

In his will, Mr. Rhodes expressed the wish that "in the election of a student to a Scholarship, regard shall be had to (1) his literary and scholastic attainments; (2) his fondness for and success in mainly outdoor sports, such as cricket, football, and the like; (3) his qualities of manhood, truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness, and fellowship; and (4) his exhibition during school-days of moral force of character, and of instincts to lead and to take an interest in his school-mates."

The Dominions and Colonies. An annual Scholarship is assigned to each Province* of the Dominion of Canada; to each State of the Australian Commonwealth; to the Dominion of New Zealand (2); in South Africa to the Province of Natal, the Transvaal, the Orange Free State, the Cape Province, the S.A. College School in Cape Town, the Diocesan College School of Rondebosch, the Boys' High School, Stellenbosch, and the St. Andrew's College School at Grahamstown, in alternate years to the Eastern Province, and not more than three annually to Rhodesia. The Colonies of Jamaica, Newfoundland, Bermuda, and Malta have each an annual Scholarship. A Scholarship is allotted to East Africa once in 3 yrs. There are at present two annual Scholops. for India.

In founding these Scholarships, Mr. Rhodes stated that he did so because he believed that the education of young Colonists at one of our residential universities would "broaden their view," "instruct them in life and manners," and "instill into their minds the advantage to the Colonies as well as to the United Kingdom of the retention of the unity of the Empire."

United States of America. 4 Scholarships are assigned annually to each of 8 regions, and are awarded among candidates sent forward from each State, of which there are 6, in the region. The reason given by Mr. Rhodes for founding the American Scholarships is his "desire to encourage and foster an appreciation of the advantages which I implicitly believe will result from the union of the English-speaking people throughout the world, and to encourage in the students from the U.S. . . . an attachment to the country from which they have sprung, but without I hope withdrawing them or their sympathies from the land of their adoption and birth." *The American Oxonian*, the official magazine of the Alumni Assocn. of American Rhodes Scholars, is published quarterly by George E. Barnes, 6376 City Line Avenue, Philadelphia.

Number actually in residence, 1946-47, 154 (140 from the Brit. Empire and 14 from the U.S.A.)—Studying Law, 35; Nat. Sc. and Med., 55; History, 6; Econs. (Dipl., etc.), 6; Lit. Hum., 8; Eng., 6; Phil., Pol. and Econs., 23; Theology, 2; Maths., 2; Mod. Langs., 2; Geog., 2; Agric., 3; Forestry, 3; Music, 1.

General. Candidates must be between 19 and 25 years of age and unmarried. They must be citizens of the country from which they come—usually with 5 yrs.' domicile; and must have at least 2 yrs.' standing at a regular degree-granting College or Univ., except in a few special cases. Special conditions apply, for the present, to ex-service candidates. Detailed information for each country may be obtained from the offices of the Rhodes Trust, 36 Beaumont Street, Oxford.

Secretary to the Rhodes Trustees—The Lord Elton [36 Beaumont Street, Oxford]. *Local Secretaries: Oxford*—Sec. to the Rhodes Trustees and Warden of Rhodes House, C. K. Allen, M.C., K.C., D.C.L., Rhodes House, Oxford; *U.S.A.*—Dr. Frank Aydelotte, Institute for Advanced Study, Princeton, N.J.; *Canada*—The Hon. D. R. Michener, K.C., 5 Rosedale Road, Toronto 5;

* Two each to Quebec and Ontario.

Australia—J. C. V. Behan, LL.D., Silvermist, Olinda, Victoria; *S. Africa*—A. H. Gie, Permanent Buildings, 8 Darling Street, Cape Town.

THE BODLEIAN LIBRARY, founded by Sir Thomas Bodley in 1602, which is also the general library of the Univ., contains over 1,500,000 printed books and 40,000 MSS. Persons, other than members of the Univ., are admitted on presenting a recommendation from someone in a responsible position in Oxford or elsewhere, knowing the applicant personally. The *Readers' Manual* (obtainable from the Librarian) contains full information about the contents and catalogues of the Library; the *Visitors' Guide* (on sale at the Library, 4d.) gives a short history and a list of the chief exhibits. The chief books relating to it are: Macray, W. D., *Annals* (Clar. Press, 1890, 25s.); Clark, A., *Guide for Visitors* (Clar. Press, 1906, o.p.); Gibson, S., *Some Oxford Libraries* (Clar. Press, 1914, 5s.); Madan, F., *The Bodleian Library* (London, Duckworth, 1919, 2s. 6d.); *The Bodleian Library Record* (1s. per number, obtainable from the Libn.).

There are the following dependent libraries of the Bodleian:

The Radcliffe Science Library at the Univ. Museum, about 200,000 vols., consisting of books and periodicals on Mathematics, Natural Science and Medicine.

The Indian Institute Library, devoted to Oriental studies. There is also in the Indian Institute a museum illustrating Indian antiquities and Indian life.

Rhodes House Library (history of the British Empire and the U.S.A.).

THE TAYLORIAN LIBRARY (Modern Languages and Literature), 120,000 vols., comprises the chief philological, literary, and historical works of the principal European languages and nearly all respective Reviews, Literary periodicals, and publications of Continental Societies of importance.

COLLEGE LIBRARIES. Modern History and Law, at All Souls (The Codrington Library); Political Economy and Science, also at All Souls (The Brand Library). Other important collections include Russian and Slavonic books, at Queen's; History and Literature MSS. of 17th cent., at Worcester; Music and Early Scandinavian collections, at Christ Church. The MSS. in the College Libraries are described in Cox's Catalogue, published at the Clarendon Press, 1852.

There are also: the Nettleship Library, Woodstock Road (Librarian—Miss M. C. Draper); the English Library (Examination Schools) (Librarian—Miss E. G. W. Mackenzie, B.A. L.M.H.); a Geographical Library (c. 14,000 vols. excluding periodicals) and Maps (c. 17,000) at the School of Geography, Mansfield Rd. (Librarian—A. F. Martin, M.A. St. Joh.); and Social Studies Library at Barnett House.

MUSEUMS. *The University Museum* includes collections and laboratories with the following depts.: Med. and Public Health, Human Anat., Pathol., Pharmacol., Chem. (Dyson Perrins Lab., Physical Chem. and Inorganic Chem. Labs.), Geol. and Palæontol., Mineral., Engin. Science, Physics, Physiol., Bio-

chem., Zool. and Comparative Anat., Zool. (Lepidoptera collection illustrating mimicry, etc.), Experimental Philos.

The Ashmolean Museum (Keeper—K. T. Parker, M.A. Or.) contains, in addition to a Library of Art and Archaeology, the Parian and other marbles, Egyptian and Oriental, Classical, Prehistoric, Anglo-Saxon, and local antiquities, 60,000 coins and medals (published catalogue of Mohammedan coins), and a special collection of Drawings and Engravings by Ruskin.

The Museum of the History of Science (Curator—F. Sherwood Taylor, M.A. Linc.) in the Old Ashmolean building illustrates the history of scientific studies, especially in Oxford, by contemporary instruments, engravings and books.

The Pitt Rivers Museum (Curator—T. K. Penniman, M.A. Trin.) has an anthropological collection illustrating the evolutionary history of material arts.

LABORATORIES: Electrical; Clarendon (Physics); Chemistry, Organic, Physical and Inorganic—Jes. has an inorganic chemistry laboratory of its own; Physiology; Biochemistry; Zoology; Entomology, with extensive Collections and Library; Botany (Garden with Collections and Library); Geology (special equipment for study of fossils by serial sections); Mineralogy; Crystallography; Engineering; Forestry (expl. plantations and forest garden); Human Anatomy; Pathology and Bacteriology; one *Observatory*.

THE DEPARTMENT OF FORESTRY (Imperial Forestry Institute)—Professor H. G. Champion, M.A. St. Joh.—trains students for the B.A. Honours degree and the postgraduate Diploma and also those selected for Colonial Forest Service Scholarships; it provides refresher courses for forest officers of the Empire and others, undertakes the structural examination and identification of woods and the identification of trees, and carries out research on biological and economic problems bearing on forestry. The Department is financed jointly by the University, the Colonial Governments, the Forestry Commission, India, Burma and other smaller contributors.

THE DEPARTMENT OF AGRICULTURE. Prof. G. E. Blackman, M.A. St. Joh., is responsible for the teaching of agriculture for the Honour School. Such teaching is undertaken in collaboration with the *Agricultural Economics Research Institute*—Director, A. W. Ashby, M.A. Linc. The Institute runs a postgrad. 1-yr. course for the Dipl. in Agric. Economics. Both Depts. are actively engaged in research in the fields of experimental agronomy and agricultural economics.

THE NUFFIELD INSTITUTE FOR MEDICAL RESEARCH, founded 1935. Director—G. S. Dawes, D.M., B.Sc. Worc. The Institute is housed in the old Radcliffe Observatory which, with its surrounding grounds, was purchased by Lord Nuffield from the Radcliffe Trustees and presented to the Univ. to be converted for its present purpose. The Board of the Faculty of Medicine is required to make provision in the Institute for the study of clinical, physiological, pharmacological and anatomical problems by means of radiological and allied techniques including X-ray Cinematography for so long as it may think desirable, and for such other subjects of study as it may from time to time determine.

THE OXFORD UNIVERSITY INSTITUTE OF STATISTICS, founded 1935, is a centre for statistical research in economics and social studies and for the teaching of statistical methods. It publishes a monthly bulletin and occasional monographs. The Institute possesses calculating machines and a library of 20,000 vols. on economics and statistics, which is available to members of the Univ. Director—D. G. Champernowne, M.A.; Deputy Director—F. A. Burchardt, M.A. All S. Address: 91 Banbury Road, Oxford.

UNIVERSITY OF OXFORD INSTITUTE OF EXPERIMENTAL PSYCHOLOGY, 34 Banbury Rd., founded 1936. Director—Prof. G. Humphrey, M.A. Magd.; Asst. Director—O. L. Zangwill, M.A., New Coll.; Lectr. in Theoretical Psychol.—R. C. Oldfield, M.A.; Lectr. in Experimental Psychol.—B. Babington Smith, M.A.

EDWARD GREY INSTITUTE OF FIELD ORNITHOLOGY, established by Statute, 1938. At present housed at 91 Banbury Rd., Oxford. Its function is to carry out research on the numbers, distribution, movements, habits and economic status of British birds; to collect, coordinate and supply information on these subjects obtained from published sources and field observers, and to publish the results of its work. Director—D. Lack, M.A. Magd.

INSTITUTE OF SOCIAL MEDICINE, established by resolution of the Nuffield Provincial Hospitals Trust on 15 July 1942 for 10 yrs. in first instance. Housed in 10 Parks Rd., Oxford. Its main purpose is to investigate the influence of social, genetic, environmental and domestic factors on the incidence of human disease and disability. Director—Prof. J. A. Ryle, M.A., M.D., F.R.C.P.

SOCIETIES APPROVED FOR HIGHER STUDY AT OXFORD. The following have been approved as Societies for higher study at Oxford, the members of which may have their names entered in the Univ. Register of Diploma students although they are not members of the Univ.:

UNIVERSITY DELEGACY FOR SOCIAL TRAINING. Courses of training in preparation for the Univ. Diplomas in Public and Social Administration and in Economics and Political Science and for the Univ. Certifs. in Public Administration and in Social Training are provided for graduates and for other qualified students. The cost is at the rate of £12 : 10s. a term. Further particulars from the Secretary to the Delegacy, Barnett House, Oxford.

Catholic Workers' College (1921).

Subject to accommodation being available, any adult working-class student is admitted provided that the fees are guaranteed, the College regulations accepted and references supplied in proof of good character. The Principal must also be satisfied of the candidate's aptitude as a student. Period of residence, 1 or 2 yrs. Fee, £125 p.a., covering board, lodging, lectures and tuition. Particulars of available scholarships may be obtained on application to the Principal.

Ruskin College, Walton St. (1899). Principal—H. L. Elvin, M.A. Camb.

A residential college for Adult Education, open on equal terms to men and women students. Foreign students must produce evidence of sufficient knowledge of English to enable them to follow the courses. Fee, £125 p.a., covering board, residence and tuition. A list of scholarships available will be supplied on application to the Secretary.

THE OXFORD AND CAMBRIDGE SCHOOLS EXAMN. BOARD, established 1873, examines or inspects and reports on the work of schools which provide education of the highest grade. It also holds yearly examns. and awards certificates—Higher and School—which exempt the holder, under certain conditions, from Responsions and the Previous Examination, the Matricn. examns. of London and other Univs., and the Preliminary examns. of various professional bodies, etc. The Regulations of the Board are published by the Ox. and Camb. Univ. Presses (post free 1s. 6d.). Secretaries: at Oxford—G. J. R. Potter, M.A., 74 High Street; at Cambridge—A. E. E. McKenzie, M.A., 10 Trumpington Street.

LOCAL EXAMINATIONS are held in July and Dec. at centres in Great Britain and Northern Ireland, in Malta and at a few other overseas centres. Successful

candidates in the School Certif. are on certain conditions exempted from Responsions, the Cambridge Previous, and various matricn. examns. Successful candidates in the Higher School Certif. Examn. are, on certain conditions, exempted from various Univ. Intermediate Examns. State Scholps. and Major Scholps. of certain Local Education Authorities are awarded on the results of the Higher School Certif. Examn. The Regulations may be obtained from the Secretary of Local Examinations, 12 Merton Street. All the examns. are open to persons of both sexes. There is no age limit and candidates need not be in attendance at any educational institution. The Higher School Certif. Examn. is held in July only.

In December 1946 the School Certif. Examn. was held at 254 Centres (of which 3 were overseas). The total number of candidates was 3820.

In July 1947 the Higher School Certif. Examn. was held at 261 Centres, and the School Certif. Examn. at 593 Centres (of which 7 were overseas). The total number of candidates was 21,115, viz. Higher School Certif., 2055; School Certif., 19,060.

EXTRA-MURAL STUDIES. This Delegacy is concerned to promote on behalf of the University the liberal education of adults who are not members of the University. Its work takes the form of classes and courses, arranged in the main in the counties of Oxon, Berks and Bucks, North Staffs, Kent and East Sussex and Lincoln, and of residential courses in Oxford. It co-operates closely with L.E.A.'s, with the W.E.A., and with other voluntary bodies in the aforesaid regions. The Delegacy may recommend the admission of adult students to the University without the necessity of passing Responsions. The Secretary to the Delegacy is Mr. T. L. Hodgkin, M.A. The work is carried on through:

(1) The Tutorial Classes Committee, responsible for the provision of Three-Year Tutorial and One-Year Preparatory Tutorial Classes. The classes meet once a week for 2 hours from September to April. Students pledge themselves to continue for the duration of the course, and undertake reading and written work under the guidance of Univ. tutors. The Committee also conducts an annual Summer School. The Organizing Secretary is Mr. H. P. Smith.

(2) The University Extension Lectures Committee, responsible for the provision of University Extension Courses, held weekly or fortnightly, consisting usually of from 6 to 24 meetings, conducted by lecturers approved by the Committee. The Committee is also responsible for the provision of vacation courses, including courses for students from overseas. The Supervisor of Studies is Mrs. Jennifer Hart, M.A.

The offices of the Delegacy and its Committees are at Rewley House, Wellington Square, Oxford.

EXPENSES. "It is not possible to make any general estimate of the cost of a University course, which varies with different Societies and depends upon the student's own means and tastes. It must suffice here to enumerate certain items common to all undergraduates, and to recommend persons anxious for further details to consult the authorities of the Society which they wish to join."

Extract from *General Information* pamphlet mentioned in following paragraph. The items specified are:—I. *Payments on Commencing Residence: University*—Matricn. fee, £6. *College*—(1) Admission fee, usually £5, but sometimes considerably more. (2) Caution money (returned when name is removed from the books, and often in part on taking a degree). Varies for Commoners from £30 to £10. Scholars are sometimes excused altogether. II. *Payments during Residence: University*—(1) Dues, £6 p.a. paid terminally. (2) Examn. fees, about £9 in all for the B.A. course, exclusive of Responsions. (3) Degree fees, B.A., B.Litt., or B.Sc. degrees, £7: 10s. *College*—(1) Tuition

fee, usually £45 p.a. : it is increased for students who read science or require extra tuition. (2) Coll. dues vary; say £6:6s. p.a. (3) Subscription to Clubs vary; say £6:6s. p.a. (4) The method of reckoning fees and charges varies. In some colls. there is an inclusive charge of £60 to £65 per term. This charge covers items (1) and (2), board (breakfast, lunch, dinner), lodging, service, fuel and lighting (but not personal laundry). Some Colls. scale the charge according to the rooms occupied; some make other minor adjustments. In other Colls. the main items are included in a terminal composite fee of about £56 per term, the remaining items being charged separately. Either system leads to a total Coll. bill of between £60 and £70 per term. (5) Degree fees, which vary between £5 and £1.

The scale of charges is under consideration in many Colls. and may be adjusted to meet any considerable changes in maintenance and service costs.

The necessary expenses of a student of St. Catherine's Soc. have been estimated (in 1947) at about £170-£180 p.a. for board, lodging, fees and subscriptions. Any increase in the general cost of living is liable to be reflected in the cost of board.

The Nuffield Foundation made a grant of £50,000 spread over 10 yrs. for the capital and maintenance costs of a Hæmatological Research Unit.

The following bequests and grants were made to Scientific Depts.: (a) to the *Clarendon Laboratory*, (i) £80,000 from the Dept. of Scientific and Industrial Research for three yrs. for research on nuclear gamma rays; (ii) grant of £650 p.a. from the Ministry of Supply for secretarial and administrative expenses; (b) *Physical Chemistry Laboratory*, renewal of grant from the Institute of Petroleum for providing apparatus and assistants in connexion with hydrocarbon research; (c) *Dyson Perrins Laboratory*, £850 from the British Empire Cancer Campaign for chemical researches on carcinogenic hydrocarbons, œstrogenic agents and a differential growth inhibitor; (d) *Inst. of Experimental Psychology*, £2150 from the Horlicks Foundation for research on inhibition in relation to sleep; (e) *Dept. of Engineering Science*, bequest from the late Prof. E. G. Coker of his largest and most valuable Nicol's prism for use by the Prof. of Engineering Science and his successors for research in the Engineering Science Lab.; (f) *Dept. of Entomology*, bequest from the late Brig.-Gen. B. H. Cooke of his collection of lepidoptera for inclusion in the Hope Collection of Arthropoda; (g) *Dept. of Mineralogy*, bequest from the late Charles Judson of all his scientific books, apparatus and instruments; (h) *Dept. of Zoology and Comparative Anatomy*, £1836 from the Agricultural Research Council for research into the aerial distribution of insects.

The following gift and bequest were received for the benefit of Women Students: (a) Anon. gift of £300 to be used by the Delegates of St. Anne's Society at their discretion for the encouragement of economic studies; (b) bequest of £50 from the late Miss Adelaide Temple Stratford to be used towards the educational advancement of a woman member of the Univ.

Dr. C. S. Orwin gave his collection of late eighteenth- and early nineteenth-century prints and pictures for exhibition in the Institute for Research in Agricultural Economics.

NEW POSTS. Professorship of Modern History. Readership in Jewish Studies. Professorship of Psychology.

NEW DEPARTMENT. Department of Zoological Field Studies.

LEGISLATION. The following Statutes concerning Professorships, Readerships, and Lecturerships have been approved by Congregation during the academic year 1946-47: (a) the title of the Chichele Professorship of International Law and Diplomacy has been altered to Chichele Professorship of Public International Law; (b) the times for the delivery of lectures by the All Souls Lectr. in Private Internat. Law have been made more flexible; (c) the Prof. of European Archæol. has been made eligible for official membership of the Board of the Fac. of Anthropol. and Geog.; (d) a Readership in Jewish Studies, the permanent endowment of which by Mr. Harry Sacher and his friends, was recorded in the 1947 *Yearbook*, has been established; (e) the stipend of the Cowley Lectr. in Post-Biblical Hebrew has been increased and a normal Board of Electors established; (f) certain drafting alterations have been made in Statt. Tit. IV, Sect. I, and the Nuffield Professorships of Clinical Medicine, Surgery, Obstetrics, Gynæcol., Anæsthetics, and Orthopædic Surgery, previously established only by Decree, have been established by Statute; (g) a third Professorship in Modern Hist. and a new Professorship of Psychol. have been established by Statute, and Dean Ireland's Professorship of Exegesis has been made a Schedule A Professor at a stipend of £1450, elected by an ordinary Board of seven electors instead of by the Heads of Houses; (h) the May Readership in Medicine has been made statutory; (i) the salaries of certain Profs. and Univ. officials have been increased by Statute; Schedule A Professors now receiving £1450 instead of £1200. The payment of Children's allowances of £50 p.a., for each dependent child to members of the F.S.S.U. has also been confirmed by Statute; (j) a Statute has been passed systematizing the jurisdiction of the Visitation Board and the General Board over Readers, Lectrs. and Demrs.; (k) various Statutes have been passed concerning the scales and grades of Readers, Senior Lectrs., Univ. Demrs., and Lectrs., the reorganization of Univ. teaching posts having been undertaken in conjunction with the revision of salaries.

A permanent Institute of Statistics has been established by Statute.

The following Statutes concerning examns. and fees have been approved: (a) the Term in which the D.Mus. Examn. is held has been altered from Michaelmas to Trinity; (b) the Board of the Faculty of Music has been given power to make regns. concerning the type and content of the musical examn. for the D.Mus. degree; (c) Chemistry in Natural Science Hon. Moderations has been added to the list of examns. in Physics which are approved for the purposes of admission to Animal Physiol. in the Final Honour School of Natural Science; (d) a new Honour School of Psychol., Philos. and Physiol. has been established; (e) the B.Phil. degree has been established; (f) a new Preliminary Examn. in Mod. Langs. has been established, and the old Prelim. Examn. for Agriculture and Geog. has been changed to a Prelim. Examn. for Geog.; (g) the Regns. for Law Moderations and the Final Honour School of Jurisprudence have been remodelled; (h) a Diploma in Agricultural Economics has been substituted for a Diploma in Agriculture and the Certificate in Estate Management has been abolished; (i) the fees payable for admission to higher degrees have been made uniform, and the payments to supervisors and examiners for research degrees and Judges for higher degrees have been increased; (j) the matriculation fee has been increased from £5 to £6, but the fee of £1 for registering exemptions from Responsions has been abolished, thus reducing the number of occasions on which Univ. fees have to be collected; (k) candidates who have

obtained 2nd class hon. in Theol. are now exempted from the B.D. Qualifying Examns.; (1) Astronomy has been removed from the list of subjects in the Final Honour School of Natural Science, and made a subject in Natural Science Hon. Moderations.

Two Statutes concerning *Nuffield College* have been approved: (a) empowering the Hebdomadal Council to delegate the appointment of Fellows of Nuffield Coll. to a committee appointed under the provisions of Statt. Tit. XX, Sect. XVII; (b) authorizing the appointment of Research Fellows *extra numerum* at Nuffield Coll., the conditions of tenure and stipend being determined by the Hebdomadal Council.

A Statute has been passed to bring the *Nuffield Institute for Medical Research* more closely into the Scheme for developing the Medical School, by transferring the supervision of the Institute to the Board of the Faculty of Medicine, setting up an electoral Board to appoint the Director, fixing his stipend at that of a Schedule A Professor and redefining the scope of the work of the Institute.

A *Department of Zoological Field Studies* under the direction of the Linacre Professor of Zoology and Comparative Anatomy, or a deputy appointed by him, has been established. This Department incorporates the Bureau of Animal Population, which has carried out pioneer work in developing mammalian ecology and population studies, and the Edward Grey Institute of Field Ornithology, the first University centre devoted to the study of birds in nature; but both will retain a separate identity and Director.

The following Statutes on *miscellaneous subjects* have been approved: (a) the emoluments which may be given to a Craven Fellow have been increased by £100 in cases of need and the period of residence abroad which Fellows are required to undertake has been reduced; (b) the Institute for Research in Agricultural Economics has been added to the Schedule of Science Depts. which are allowed to charge composition fees; (c) the conditions governing the admission of students by the Delegates for the Dept. of Education have been amended; (d) Advanced Students who are graduates of other Univs. are now allowed to reside at Lady Margaret Hall, Somerville, St. Hugh's and St. Hilda's in excess of the statutory maximum; (e) smoking is now allowed in certain staff quarters in the Bodleian Library.

HONORARY DEGREES. *D.C.L.*—Rt. Hon. Field Marshal Earl Wavell; Rt. Hon. Lord Goddard; Rt. Hon. Lord Oaksey; Admiral Lord Fraser of North Cape; General Sir William Slim; Air Chief Marshal Sir Keith Park. *D.Sc.*—Dr. Alfred Ernest Barclay; Jacques Tréfouel; Shack A. S. N.I.R.D. = National Institute for Research in Dairying, v. *infra*.

THE NATIONAL INSTITUTE FOR RESEARCH IN DAIRYING, Shinfield, near Reading, established by the Ministry of Agric. and Fisheries in 1912, forms part of the Univ. (Director—H. D. Kay, C.B.E., Ph.D. Camb., D.Sc. Manc.). It is governed by a Board consisting of representatives of the Ministries of Agric. and Health, R.A.S. of England, British Dairy Farmers' Assocn., Nat. Farmers' Union, etc. It has nine Depts.:—Dairy Chemistry, Dairy Bacteriology, Feeding and Metabolism, Dairy Husbandry, Nutrition, Lactational Physiology, Dairying, Dairy Machinery and Cod Liver Oil Standardization.

GENERAL INFORMATION

The University was established by Royal Charter, March 17, 1926. For early history, see *Yearbook* for 1929.

LIBRARY, 79,600 vols., including Overstone collection (7500 vols.) of books on Polit. Econ. (pubd. before 1850), English and French thought during eighteenth century, and topography (especially Northamptonshire); 21,000 pamphlets. 320 periodicals are received. **MUSEUMS**: Zool. and Hist. and Archæol. **LABORATORIES**: Bacteriol., Bot., Chem., Geol., Mech., Physics, Psych., Zool. Fine Art Studios. School of Music. Agricultural Machinery Hall. Two farms (359 and 400 acres) and Horticultural Station.

FACULTIES (1) Letters, (2) Science, (3) Agric. and Horticulture (associated with which is the National Inst. for Research in Dairying).

DEANS: (1) Prof. R. Dewar (Letters); (2) Prof. C. H. O'Donoghue (Science); (3) Prof. H. G. Sanders (Agriculture and Horticulture).

SCHOOLS: Art, Music.

ADMISSION. See Appendix I.

DEGREES. B.A., M.A., D.Litt.; B.Sc., M.Sc., D.Sc.; B.Sc. (Agric.), B.Sc. (Dairying), B.Sc. (Hortic.); Ph.D. The M.Sc. and D.Sc. are obtainable in the Faculty of Agriculture and Horticulture as well as in the Faculty of Science. The Senate may decline to admit to a degree course a person whose place of residence during term is at too great a distance from Reading, and the degree of Bachelor may not be granted to a candidate whose record as a student of the University is not deemed satisfactory.

The Charter provides that degrees representing proficiency in technical subjects shall not be conferred without proper security for testing the scientific or general knowledge underlying technical attainments.

An oral examination forms part of the Final examn. for a B.A. degree with honours, except in Mathematics, and, at the discretion of the Examiners, may form part of the First University Examn. in Arts or of the Final Examn. for a Pass B.A. degree, or of the Intermediate or Final Examn. for the B.Sc. In the Final Examn. for the B.Sc. candidates are examined upon either a general course of study (3 subjects) or a special course; honours can be obtained in either case. The Final Examn. (Special) is ordinarily taken after passing the Final Examn. (General). The course for the degree with honours extends over 4 years in Agriculture and in certain cases in Arts and in Science.

UNIVERSITY DIPLOMA COURSES are as follows: 2 yrs.—Dairying, Hortic. 3 yrs.—Fine Art, Landscape Architecture, and 1 yr. (post-grad.)—Agriculture, Agricultural Econ., Hortic., General Bacteriol., Education, Social Study.

TUTORIAL SUPERVISION. Every student following one of the organized day courses or a specially arranged day course involving frequent attendance at the Univ. for at least 2 terms is placed under the supervision of a tutor.

A **RESEARCH BOARD** promotes research and original work in the Univ. (apart from the National Institute for Research in Dairying). It administers funds entrusted to it for the purpose, and issues an annual record and report.

TERMS. 3, each of 10 weeks, the first beginning on the first Friday in October. Vacations of 4 weeks at Christmas and 5 weeks at Easter.

RESIDENCE. All students following full courses of day study, unless residing with parents or guardians, are ordinarily required to reside in a University Hall of Residence. There are two Halls for men, Wantage (Warden:

J. S. L. Waldie, B.Sc.), St. Patrick's (Warden: R. L. Pearson), and four for women, St. Andrew's (Warden: Ursula F. Martindale, M.A.), Wessex (Warden: Evelyn M. Wiseman, M.A.), St. George's (Warden: Isobel A. Turner, M.B.E., B.Sc.), Mansfield (Warden: Helen S. Kermode, M.A.). Full-time day students living in recognized houses, or at home in or near Reading, are associated in St. David's Hall, a non-residential club. For Expenses, *v. infra*.

SCHOLARSHIPS OPEN TO GRADUATES. Offered annually by the Univ.—Senior Scholps. of £100; "Ernest Ridley"—£50 plus tuition fees, for one year, renewable for a second year.

FEES. For Tuition: Ph.D. course—£10 or £15 p.a.; M.A. course—£10 p.a.; M.Sc. course—£15 p.a.; Bachelor's Degree course—Arts, £30 p.a.; Sc. or Agric. or Dairying or Hortic., £35 p.a.; Diploma course—Dairying, £35 for 1st. £41 for 2nd year; Landscape Archit., £30; General Bacteriol. (postgraduate), £35 p.a.; Agriculture (postgraduate), £35; Agric. Econ. (postgraduate), £35; Hortic. (postgraduate), £35; Fine Arts, £21 p.a.; Social Study (postgraduate), £30 p.a. Tuition fees are in most cases reduced by 25 per cent to students from neighbouring counties, under certain conditions.

EXPENSES. Total average necessary yearly expenses (excluding travelling, clothing, and personal laundry) about £145 p.a., namely: (i) Registration, matriculation, cap and gown, tuition, examination, and graduation, average £38 p.a. for a degree student; for diploma or certificate student somewhat less. (ii) Maintenance, including board and lodging in Halls or lodgings and sanatorium fee, maximum for 30 weeks about £102 for a man and £100 for a woman student. (iii) Personal, including subscription to Union (£4: 4s. p.a.), and cost of books and stationery, widely variable, say £7 p.a.

Courses of lectures open to the public are ordinarily charged for at 15s. per term (30s. per session) for each subject (one hour per week).

APPOINTMENTS. The Registrar.

STUDENT ORGANIZATIONS. Students' Union and Representative Council. An Old Students' Association meets annually at the Univ. at Whitsuntide.

UNIVERSITY EXTENSION, ETC. Agriculturists are helped by correspondence, visits, local lectures, examination of diseased plants, etc. Evening classes are held in Fine Art. Tutorial classes are held in connexion with the W.E.A.

PUBLICATIONS. *Calendar* (Sept.), 2s.; *University Gazette*; General Prospectus (including illustrations and plans); Departmental Prospectuses (Degree courses, Education, Agriculture, etc., Landscape Architecture, Fine Arts and Handicrafts, Music; Scholarships and Studentships).

THE YEAR 1946-47

BENEFACTIONS. The sum of £1000 free of duty bequeathed by Mr. A. G. West, former Vice-President of the Council of the Univ. £1000 free of duty bequeathed by the late Mrs. Kate G. Ayres of Reading. Thirty-five vols. for the Univ. Library and a collection of Egyptian curios from Mrs. Henrietta Lawes of Wokingham. A collection of books for St. Patrick's Hall Library from Sir Lyndon Macassey, K.B.E. £100 from the Friends of the University for the purchase of books for the Library of Mansfield Hall.

NEW DEVELOPMENTS. The University has acquired the freehold of the entire Whiteknights Park Estate, consisting of nearly 300 acres of parkland situated approximately one mile from Reading. It is proposed ultimately to transfer the entire University to the new site.

A decision has been taken to discontinue the 2-yr. courses leading to the Diploma in Agric. and the Diploma in Hortic. and no new entrants are being accepted for these courses after October 1947 and October 1948 respectively. One-year postgraduate Diplomas in Agricultural Econ. and in Hortic. have been instituted.

RETIREMENTS. Prof. H. A. D. Neville (Agric. Chem.); Mr. W. W. Hitchins, Independent Lectr. (in Bldg. Constr. and Surveying).

RESIGNATIONS. Mr. E. J. Dobson (English); Mr C. E. Elms (Agric. Machinery); Mr. D. J. Harrington (Research Asst., Hortic.); Miss Evelyn Matthews (German); Dr. A. K. Mills (Chem.); Mr. G. M. Part (Geol.); Mr. E. C. Ratcliff (Agric.); Mr. J. Rothwell (Dairying); Miss Dorothy E. Whiteley (Educ.).

DEATHS. The Rt. Hon. Sir Halford J. Mackinder, P.C., first Principal of the Univ. Coll., Reading; Sir John Catlow, representative of Middlesex County Council on the Council of the Univ.

HONORARY DEGREES. *D.Litt.*—Sir Edward Bridges, G.C.B., M.C.; the Dowager Marchioness of Reading, G.B.E.; the Rt. Hon. Baron Simonds, P.C. *D.Sc.*—General Sir Miles Dempsey, K.C.B., K.B.E., D.S.O., M.C.; the Most Hon. the Marquess of Linlithgow, K.G., K.T., P.C., G.C.S.I., G.C.I.E., O.B.E. *M.Sc.*—Mr. T. J. Gale (formerly Sessional Teacher of Appld. Mechanics and Machine Drawing for Evg. Classes); Mr. E. Rea (Provincial Director of the S.E. Prov. in the Nat. Agric. Advisory Service).

STUDENTS. Total: 1007; full-time: 934; part-time: 73; the total includes 466 women and 84 postgraduates.

DEGREES OBTAINED. B.A., 47; B.Sc., 29; B.Sc. (Agric.), 72; B.Sc. (Dairying), 15; B.Sc. (Horticulture), 8; M.A., 2; Ph.D., 2

AFFILIATED INSTITUTIONS

BARNSELY MINING AND TECHNICAL COLLEGE, SCUNTHORPE TECHNICAL SCHOOL, LINCOLN TECHNICAL COLLEGE, AND CHESTERFIELD TECHNICAL COLLEGE. Students proceeding from "Affiliated Institutions" to the Univ. to take courses for an Honours degree, Associateship or Diploma in the Facs. of Engineering or Metallurgy may receive certain concessions.

GENERAL INFORMATION

University College, Sheffield, incorporated by Royal Charter in 1897, was in 1905 merged in the University of Sheffield constituted by Royal Charter in that year. The city being an important centre of steel, electro-plate, glass, and other manufacturing industries, and in the heart of an extensive coal-mining area, students of Engineering, Metallurgy, Mining, Fuel Technology, and Glass Technology have exceptional opportunities.

LIBRARY (Arts, Pure Science, Medicine and Law), 174,579 vols. and pamphlets. 570 current periodicals. LIBRARY (Applied Science), 12,562 vols. and pamphlets. 90 current periodicals. Also Special Glass Technology departmental collection.

LABORATORIES, ETC. Equipment for advanced study and research in all Departments. Special provision for Engineering, in all branches, including Mining and Fuel Technology, and also for Glass Technology and Metallurgy, the equipment for the latter including an experimental scale steel works. The laboratories for Botany, Geography, Zoology and Biochemistry have been rehoused in new and much larger premises started before the War but not finished until 1941.

OBSERVATORY with 6½" equatorial telescope and 2½" transit instrument.

HOSPITALS available for clinics include 2 general (962 beds), 5 special (1532 beds), and Mental Hospital (2000 beds).

FACULTIES. (1) Arts (including Archit.), (2) Pure Science, (3) Medicine (including the Dental Dept.), (4) Law, (5) Engineering (Depts. of Civ., Elec., Mech., Mining and Fuel E., Fuel Tech., Glass Tech.), and (6) Metallurgy (Ferrous Non-Ferrous and Founding). *Deans*: (1) Prof. G. T. Clapton (French), (2) Prof. W. Sucksmith (Physics), (3) Dr. J. G. McCrie, (4) Prof. D. Browne (Law), (5) Prof. I. C. F. Statham (Mining), (6) Prof. J. H. Andrew (Metall.). There is a Univ. Training Dept. for Teachers for elementary and secondary schools. *Dept. of Glass Technology*: The Dept. housed in a new block of buildings was the first and still remains the best known of the scientific instns. in the world devoted to the study of glass, v. also *supra*. *Faculty of Metallurgy*: The courses in Metallurgy include, in addition to the ordinary subjects of a metallurgical training in Ferrous and Non-ferrous Metallurgy, special instruction in Foundry Metallurgy and in the use of semi-large scale plant. Postgraduate courses are arranged for graduates in Pure Science or in Metallurgy.

ADMISSION. See Appendix I.

DEGREE COURSES. 3 yrs.—B.A. (with Honours in Archit.—5 yrs., including time spent in an Architect's office), B.Mus., B.A. (Econ.), B.Sc., LL.B., B.Met.

(3 yrs.' evening courses may, under certain conditions, be taken by students of 20 yrs. of age in lieu of the 2nd and 3rd yrs.' day courses), B.Eng., B.Sc.Tech.; B.Eng. Honours and B.Sc.Tech. Honours, 3 yrs. after passing Intermed. Examn.; 6 yrs. (including at least 3 in the Univ.)—M.B., Ch.B.; 6 yrs.—B.D.S. Graduates of a Univ. of the U.K. who wish to qualify for special degree of B.A. or B.Sc. with Hons., B.Mus. or LL.B., need, under certain conditions, only attend courses for 2 yrs., if they have pursued a course for 2 yrs. at some approved instn. Graduates of approved Universities (in the Faculty of Metallurgy a University of the British Empire) who wish to qualify for B.Eng., B.Sc.Tech. or B.Met. with Honours need, under certain conditions, only attend courses for 2 yrs. (for B.Eng. or B.Sc. Tech. pass degree, 1 or 2 yrs.; B.Met. pass degree, 2 yrs.) if they have pursued a course for 2 yrs. at some approved institution.

General Honours B.A. and B.Sc. degrees are conferred (v. p. 7).

Attendance on approved courses at a Univ. or Coll. recognized for the purpose may be accepted as equivalent to such courses in the Univ. The Univs. of Paris, Caen, Besançon, Grenoble, Lyons, Poitiers, Berlin, Heidelberg, Leipzig, Freiburg, Göttingen, Tübingen, Giessen, Innsbruck, Rennes, Zurich, Aarhus, Basel and Berne have been recognized in the Faculty of Arts, and the Univ. contributes towards expenses of undergraduates spending a term there.

A Secondary Schools Council, including, in addition to members of the Univ. staff, representatives of local education authorities and school staffs, keeps the Univ. in touch with secondary educn.

HIGHER DEGREES. Obtainable by Bachelors of the Univ. of 1 yr.'s standing—M.A., M.Sc., LL.M., M.Eng., M.Sc.Tech., M.Met.—in each case a candidate must present a thesis approved by the Faculty concerned and, except for LL.M., pass an oral examn. Under certain conditions graduates of other Univs. may become candidates for these degrees. M.D.S. on the results of an examn. written, viva and practical; 2 yrs.' standing—M.D.; 3 yrs.' standing—Ch.M.; 4 yrs.' standing—LL.D.; 5 yrs.' standing—Litt.D., D.Mus., D.Sc., D.Eng., D.Sc.Tech., D.Met.; Ph.D., v. p. 15.

DIPLOMAS. Archit., 5 yrs. (including time spent in an Architect's office); Educn. (after graduation), 1 yr. (special facilities for Pedagogical research); English Studies for Foreign Students, 1 yr.; Public Administration, 2 yrs.' Evg. study; L.D.S., 5 yrs.; Glass Technology, 3 yrs. (for those with 2 yrs.' practical experience, 2 yrs.); Associateship in Engin. (Evg. Students), 4 yrs.; Associateship in Fuel (Evg. Students), 4 yrs.; Associateship in Iron and Steel or Non-Ferrous Met. (Evg. Students), 5 yrs.

Certificates, Architecture (3 yrs.') ; Biology (2 yrs.' part-time study).

FEES. Registrn.: Diploma courses (except Educn. and L.D.S.), 21s. p.a., Educn., 25s. p.a.; Degree courses (except M.B., Ch.B., and B.D.S.), 25s. p.a. Tuition for degree courses (approximate): B.A., B.Mus., and B.A. (Econ.), £26:13:4 p.a.; B.A. with Hons. in Archit., £31:10s. p.a.; B.Sc., £35 p.a.; LL.B., 15 gs. p.a.; B.Eng., B.Met., B.Sc.Tech. GENERAL INFORMATION

The Univ. was founded by Charter, 1893. As the result of an enquiry held by a Royal Commission in 1916-18, a Supplemental Charter was granted to the Univ. in 1920, which introduced many important changes. For outline of changes, see *Yearbook*, 1929. A further Supplemental Charter was granted in 1932 providing *inter alia* for the institution of the Welsh National School of Medicine as a School of the Univ., and for the recognition of Schools of Theology at the Collegiate centres. The teaching for initial degrees is undertaken by the constituent and associated Colleges and by the Welsh National School of Medicine, and matriculation in the Univ. is open only to students of those institutions; in the case of an associated Theological College, only to students who are graduates of an approved University. The Technical College, Cardiff, is associated for the purpose of providing courses of study for the degrees of B.Pharm. and B.Arch. The Univ. prescribes conditions under which it awards initial degrees to students of the Colleges and of the School of Med. and conducts the final exams. An Academic Advisory Committee deals with the conditions on which School Leaving certificates are accepted by the Univ. for matriculation, and as relieving a student from repeating in College work done in Secondary Schools, and with other matters lying in the borderland between School and Univ.

ADMISSION. See Appendix I.

DEGREES. B.A., M.A., D.Litt.; B.Sc., M.Sc., D.Sc.; B.Mus., M.Mus., D.Mus.; LL.B., LL.M., LL.D.; M.B., B.Ch., B.Pharm., M.D., M.Ch., M.Pharm.; B.D., D.D.; B.Arch., M.Arch.; Ph.D. (in Arts, Science, Law, Medicine).

For a first degree 3 yrs. of study are required. The degree in Med. is only open to a graduate in Arts or Science or Law of some British or approved colonial or foreign Univ.; the period of qualification is 6 yrs., of which the last 3 may be spent in an approved School of Med. in the U.K. or in one of the

Univs. of Paris, Berlin, Vienna, or the Johns Hopkins Univ. The degree of B.D. (3 yrs.' course) is postgraduate; study is pursued in one of the Associated Theol. Colls. or at the Schools of Theol. of the University Coll. of N. Wales, Bangor, and the University Coll. of South Wales and Monmouthshire, Cardiff, respectively. The period of qualification for the degree of B.Arch. is 6 yrs. The first year of study is pursued in one of the constituent Colleges of the University and the remainder in the Cardiff Technical College. Study for an Honours degree in Arts, Science, Music, or Law ordinarily covers 4 yrs. The M.A., M.Sc., and LL.M. may be awarded to graduates of other Univs. approved for this purpose who pursue a scheme of research for at least 2 yrs. in one of the constituent Colls. As regards Ph.D., see p. 15.

DIPLOMAS. Education, 1 yr. postgraduate; Public Health (C.P.H.), full-time for one term, subsequent to attainment of registrable qualification; D.P.H., part-time over 12 mos., subsequent to qualification for C.P.H.; Tuberculous Diseases (T.D.D.), 2 yrs. subsequent to attainment of registrable qualification (including 12 mos.' resident appointment in Tuberculosis Hospital and attendance at approved courses of instruction); Agricultural Science or Forestry, 1 yr. for graduates and others with equivalent qualifications; Theology, 3 yrs.; Agriculture, 3 winter sessions of two terms each and approved practical work.

FEES: Matricn., £3; examns. qualifying for Bachelor degree, from £6: 15s; Master, £8; Ph.D., £12: higher Doctorates, £20. See separate Colleges for tuition fees.

POSTGRADUATE SCHOLARSHIPS, ETC. The Univ. has funds amounting to over £7000 p.a., including the income of a capital sum of £20,000 given by the late Dr. Samuel Williams of Llanelly, Carm., for the encouragement of research. In addition to 8 Fellowships (annual value £300 each), one of which is a Dr. Samuel Williams Fellowship, tenable for 2 yrs, it awards 16 or more studentships (4 named Dr. Samuel Williams Studentships), on the nomination of the Colls. to students who after graduation engage in work preparatory to research for 2 yrs. Grants to assist research into Welsh language, institutions, etc., are made, preferably to members of the Univ., from the T. Ellis Memorial Fund (capital £1574).

PRIZES. *The Roberts Welsh Reading Prize* (bound books value £2); *The Sir Samuel Evans Prize* (c. £50) for the most proficient student in the Hons. examns. in Law; *The Prince Llywelyn ap Gruffydd Memorial Prize* (a bronze medal and bound books value £2: 10s.) for the best M.A. dissertation on a subject relating to the hist. of Wales or the Welsh Marches; *The Brough Prize in Logic and Psychology* (about £40) for the best M.A. dissertation on a subject within the province of Logic or Psychol.; *The John Maclean Prize* (silver medal and bound books, value £2: 10s.) for the most proficient student in the degree examns. in Obstetr. and Gynæcol.; *The Willie Seager Prizes* in Medicine, Surgery, and Pathology and Bacteriology (a gold medal and books value £4), for the most proficient students in the degree examns. in Med., Surg., and Pathol., and Bacteriol. respectively; *The Hywel Dda Prize* (£20), awarded to the person who has by work published within the preceding 5 calendar yrs. done most to advance the study of ancient Welsh law and custom, or thrown most light upon its origins and history; *The Sir Ellis Griffith Memorial Prize* (books value £5 and a money prize of £10), awarded to the person who has by work published within the preceding 3 calendar yrs. produced the best work dealing with Welsh lit., the arts and crafts of Wales, or with artistic work produced by Welshmen; *The Dr. Ella Brisco Owen Prize* (books value £3: 3s.), for the most proficient woman student in Anatomy who is a candidate for the degrees

of M.B., B.Ch.; *The Cardiff National Eisteddfod* (1938) *Prize* (£45), awarded to a person for the publication of a music composition by a Welsh composer; *The Ieuan Gwyllt and The Tanymarian Memorial Prize* (about £30), for a composition of choral music, with or without accompaniment, by a Welsh musician.

THE UNIVERSITY APPOINTMENTS BOARD is concerned with appointments of all kinds (Secretary—J. H. Lloyd, M.Sc.). Address: University Registry, Cathays Park, Cardiff.

1946-47, 489 appointments (men 302, women 187), including: Educational, 338; Business, administrative, etc., 151.

GENERAL INFORMATION

Incorporated by Royal Charter, dated Jan. 21, 1920, the College was made a constituent College of the Univ. of Wales by a Supplemental Charter to the Univ. on Aug. 13, 1920. The administrative offices, assembly hall, common rooms, and refectory, in addition to some of the Science departments, are accommodated in a mansion in Singleton Park, presented, together with 19 acres of land surrounding it and 15 acres for playing-fields, by the Corporation of Swansea, which also gave £50,000 towards the cost of Science buildings. Extensive laboratories have been erected in the Park, on a site adjacent to the main College building, for the departments of Metallurgy, Engineering, Chemistry and Physics, and buildings to accommodate the Arts Departments and the Library.

Situated in the heart of a district possessing a long and interesting metallurgical history and presenting an unrivalled variety of present-day metallurgical practice, the College offers exceptional advantages for preparation for professional careers in the metallurgical industry. The manufacturers of the district, who contribute largely to the support of the College, give the staff and students ample opportunities of keeping in close practical touch with manufacturing processes in the works. To ensure the closest possible co-operation with the local industries, Advisory Committees in Metallurgy and Engineering have been set up. All the College laboratories (Physics, Chem., Geol., Biol., Metall., Engin.) are well equipped and include fine experimental plant for instruction and research in combustion engineering.

FACULTIES. Science and Arts. Departments: Metallurgy and Engineering; training of Teachers (men and women) for Elem. and Sec. Schools; training in Social Science; and training for Youth Leadership and Organization.

COURSES FOR DEGREES, ETC. Courses for the degrees of the Univ. in Pure and Applied Science and Arts (3 yrs.); complete Prelim. Science Course for medical students and classes in Law for articled clerks. Engineering students are expected, and, where necessary, helped, to obtain practical experience in works during the greater part of the summer vacation. Afternoon visits to works are arranged frequently throughout the session. Occasional lectures are given by experts on the business, administration, and managerial side of industrial undertakings.

COLLEGE DIPLOMAS. Social Science; Youth Leadership and Organization; Mathematical Physics; Mathematical Statistics and Computational Analysis.

FEES. For annual tuition in Pure or Applied Science, £25; Arts, £20; for Research, from 6 to 10 gs. p.a.; Registration, £1: 1s. p.a.

RESIDENCE. Beck Hall of Residence for women students (Warden: Miss E. Griffiths, M.A.), fee, £70 p.a. A list of Registered Lodgings is kept by the Registrar.

THE YEAR 1946-47

BENEFACTIONS. Donations and annual subscriptions from £10: 10s. to £500 for general purposes, etc.

NEW BUILDING. The College has acquired a large house in Swansea for use as a temporary Students' Union.

RESIGNATIONS. Prof. R. N. Arnold (Engin.), on appt. to the Regius Professorship of Engin., Univ. of Edinburgh; Dr. W. H. J. Fuchs (Maths.), on

appt. to Univ. of Liverpool; Prof. T. N. George (Geol. and Geog.), on appt. to Professorship of Geol. in Univ. of Glasgow; Mr. G. D. Klingopulos (English), on appt. to Univ. of Sheffield; Mr. D. E. Littlewood (Maths.), on appt. to Univ. of Cambridge; Mr. A. R. Manwell (Maths.), on appt. to Univ. Coll., Southampton; Prof. F. J. Schonell (Educn.), on appt. to Professorship of Educn., Univ. of Birmingham; Mr. Innes Smith (Econ.), on appt. to Univ. of Edinburgh; Mr. A. Stuart (Geol.), on appt. to Headship of Geol. in Univ. Coll., Exeter; Mr. G. B. Warburton (Engin.), on appt. to Univ. of Edinburgh; Dr. T. B. Wilkinson (Metall.).

RETIREMENT. Dr. C. A. Edwards (Principal of the College and Prof. of Metallurgy).

UNIVERSITY EXTENSION WORK. 14 University Tutorial Classes, 20 Sessional Classes, and 7 short courses, with 834 students. A non-residential summer school was held during the evenings of one week.

VISIT OF TEACHER FROM ANOTHER COLLEGE. Dr. I. Dostrovsky (Bangor), "Steric Effects in Substitution Reaction."

STUDENTS. Total: 743; full-time: 710; part-time: 33; the total includes 165 women and 26 postgraduates.

DEGREES OBTAINED. B.A., 37; M.A., 1; B.Sc., 54; M.Sc., 1.

GENERAL INFORMATION

The Welsh National School of Medicine originated in the institution of Depts. in Anat. and Physiol. at the Univ. Coll. of S. Wales and Monmouthshire, Cardiff, in 1893. The Dept. of Mat. Med. and Pharmacol. was instituted in 1898, and the Chair of Pathol. and Bacteriol. in 1910. The David Davies Chair of Tuberculosis and the Mansel Talbot Chair of Prev. Med. were endowed in 1921, and in that year Medical and Surgical Units and a Dept. of Obstet. and Gynaecol. were instituted. On Feb. 5, 1931, a Charter of Incorporation was granted to the School by H.M. the King in Council.

While the Courses of instruction are designed to meet the Regulations for

the Degrees in Medicine and Surgery of the Univ. of Wales, they are also recognized as satisfying the Regulations of the Univ. of London and of the Conjoint Board Examinations for the R.C.P. and R.C.S., and of other Examining Bodies.

Every candidate for admission to first-year courses in Physics, Chem., and Biology shall present a certificate showing that he has passed the Matriculation Examn. of the Univ. of Wales, or an examn. recognized by the Univ. of Wales as equivalent thereto; and, if the certif. does not show that he has passed at the Matricn. standard in *two* of the following subjects: Physics, Chem., Bot., Zool., Biol. (one of which must be *either* Physics or Chem.), he shall present a supplementary certif. or certifs. showing that he has passed an examn. of Matricn. standard in these subjects.

No candidate will normally be accepted for admission to the Depts. or the second year of the Med. course unless he has completed, at one and the same time, an examn. leading to a Univ. degree in all the four first-year courses, Physics, Chem., Bot., and Zool. This regulation may be relaxed at the discretion of the Joint Academic Committee of the Univ. College, Cardiff, in certain cases where only *one* of the four first-year courses named above is outstanding.

Note.—An approved Second School Certif. may exempt, subject for subject, from the first-year or Intermediate examn leading to a degree of the University.

DEGREES AND DIPLOMAS. The School provides courses of study for the degrees of M.B., B.Ch., B.Pharm., and for the Tuberculous Dis. Dipl. and the Certif. and Dipl. in Public Health of the Univ. of Wales (*see* thereunder).

FEES. Tuition: Annual Composition Fee, £25 for the first year and £35 for each of the following years; C.P.H. Composition Fee, £20; D.P.H. Composition Fee, £35; T.D.D. Composition Fee, £25. Registration, £1:rs., payable by all students. Examination, M.B., B.Ch., £26:16s.; M.D., £20; M.Ch., £20; C.P.H., £5:5s.; D.P.H., £10:10s.; T.D.D., £10:10s.

SCHOLARSHIPS, PRIZES, AND MEDALS. "Dr. Price Prize," £50; "Isaac Roberts Scholarship," £50; "Samuel Bros. Scholarship," £12-£15; "Dr. Howell Rees Scholarship," £17:10s.; "Alfred Sheen Prize," £5; "The Cardiff Medical Society Prize," value £6:6s.; "John Maclean" Prize and Medal; "Willie Seager" Prizes and Medals; "The David Hepburn Medal" and "The Alfred Hughes Medal." *See also under* University.

POSTGRADUATE SCHOLARSHIPS. "Mrs. John Nixon" for Research in Med. and Med. Pathol., annually, £150 for 1 yr. "Lord Merthyr" for res. in Cancer, annually, £200 for 1 yr. "Ewen Maclean" (Obstet. and Gynæc.), £150 for 1 yr., and "Cecil Prosser" (Tuberculosis), £250 for 1 yr., are open to graduates of any approved Univ. or qualified medical practitioner.

REFECTORY AND RESIDENCE. The Refectory and Residence is combined. There is accommodation for about 45 residents.

TERMS. Oct. 5-Dec. 17, 1948; Jan. 11-Mar. 25; April 26-June 30, 1949.

PUBLICATIONS. *Prospectus and Regulations* (free).

THE YEAR 1946-47

NEW BUILDINGS. Premises have been acquired and adapted for use by the Dept. of Tuberculosis for undergraduate and postgraduate teaching as well as for research. Plans and specifications have been approved for the completion of the Institute of Pathology.

NEW DEPARTMENTS AND POSTS. In the Dept. of Preventive Medicine a

statistical section has been established and a Statistician (E. Lewis-Faning, B.Sc., Ph.D. Lond.) appointed.

A Student Health and Welfare Scheme has been established in the Dept. of Preventive Medicine by the University, and will deal with the students in each of the constituent units of the University (Colleges at Aberystwyth, Bangor, Cardiff and Swansea, and the School of Medicine).

Plans are in course of preparation for the provision in the Institute of Preventive Medicine of a Library and Examination Hall for the School.

A full-time joint appointment of a Lecturer in Anæsthetics and Director of Anæsthetics to the clinical institutions of the School was made by the School and the Authorities concerned. Dr. W. W. Mushin of the Nuffield Department of Anæsthetics, Univ. of Oxford, was appointed.

DEATH. Dr. J. Hardstaff West (Anæsthetics).

STUDENTS. Total: 303; full-time: 176; part-time: 127; the total includes 147 women and 22 postgraduates.

GENERAL INFORMATION

University College was founded in 1918. The fine site and buildings, on high ground only one mile from the centre of the City, were given by the late T. Fielding Johnson in 1919, and a substantial endowment fund was subscribed by leading citizens. Courses began in 1921. The College, since its inception, has been liberally supported by the City Council, and also receives an annual grant from the Leicestershire Education Committee. In July 1945 it was recognized by the University Grants Committee and placed on the list of University Institutions receiving grants from the Exchequer.

LIBRARY. The Library contains some 47,000 volumes, and is especially notable for two collections: the Robjohn Collection of Bibles, the works of Bunyan, and early printed books; and the Hatton Topographical Library. Special attention is now being given to English Local History and to Music.

DEGREE COURSES. Students are prepared for the first and higher external degrees of the Univ. of London in the Faculties of Arts, Science and Economics.

DIPLOMA COURSES. The Education Dept. is recognized by the Ministry of Education for the training of teachers, and students are accepted for the 4-yr. Course and for the 1-yr. Postgraduate Course for the Diploma in Education. The 4-yr. Course allows 3 yrs.' preparation for a degree and 1-yr.'s professional training for the Diploma. The 1-yr. Course is open to graduates of any Univ.

Courses are provided for the College Diploma in Social Studies (2 yrs.); for the Diplomas in Geog. and in Public Admin. of the Univ. of London; for the Associateship and Fellowship of the Royal Institute of Chemistry; and for the Associateship of the Institute of Physics.

RESEARCH. Facilities are available in all Departments for postgraduate study and research, and postgraduate scholps. are offered annually.

THE EXTRA-MURAL DEPARTMENT is housed in a separate building—Vaughan College—in the centre of the City, where a wide range of courses in non-vocational subjects is provided and student amenities are available.

ADMISSION. The normal age for entry to full-time courses is 18, and the minimum standard of admission is the Matriculation Examn. of the Univ. of London. Part-time and occasional students may be admitted to certain courses.

FEES. Sessional composition fees (including subscription to Students' Union): First Degree in Arts, £30; in Science, £35; in Economics, £30; Postgraduate Courses in Arts, £10; in Science, £14; in Economics, £10; in Education, £40. Diploma Courses (other than Education), £25.

SCHOLARSHIPS AND BURSARIES. Thirteen Open Scholps., value £40-£50 for 3 yrs., and Bursaries are awarded annually on a Scholps. Examn. held early in May. The Scholps. are recognized by the Ministry of Education for University Supplemental Awards. State Scholps. are tenable at the College. Mary Ager Scholps. are available to enable students of Modern Langs. to spend a period abroad during their course. THE YEAR 1946-47

BENEFACTION. A bequest of £4750 was received from the estate of the late G. S. Norton, and will be used for the provision of additional Open Scholarships.

NEW BUILDINGS. An adjacent site of nine acres and a near-by site of four acres have been reserved by the City Council for extensions of the College Buildings. A temporary Refectory has been erected on the main site, and extensions of the Main Building are under construction. Plans are well advanced for a new Biological Block and building will begin in 1948. A site of eighteen acres has been acquired for new Halls of Residence for Women; and extensions are under construction in the spacious grounds of the three Halls of Residence for Men. Negotiations were started for additional playing fields and for accommodation for the proposed Institute of Education.

NEW DEPARTMENTS AND POSTS. New Chairs were instituted in English, History, French, Physics, Botany and Mathematics, and many appointments were made to additional Lectureships and Assistant Lectureships. A separate Department of German was established. Two Summer Courses for Overseas Students were arranged in collaboration with the British Council.

STUDENTS. Total: 230; full-time: 218; part-time: 12; the total includes 63 women and 23 postgraduates.

GENERAL INFORMATION

Founded 1850; opened as the Hartley Institution, 1862. Incorporated as the Hartley University College under a scheme of the Board of Education, 1902. The College has been unofficially known as "University College, Southampton" for many years, but the corporate name still is "Hartley University College at Southampton."

The Edward Turner Sims Library and the Departmental Libraries contain about 68,000 volumes. Special collections include the Cope collection of works relating to Hampshire, the Montefiore Theological Library and the Gurney-Dixon Dante Collection. Current periodicals number over 300. The Library is recognized by the Master of the Rolls and the British Records Association as a depository for Manorial Records and for deeds and documents of local interest.

The Cotton Collection of Birds is housed at the College. This collection is unique, and represents many types of birds unprocureable for any collection at the present day.

The College provides courses in Arts, Science, Commerce, Engineering (Civ., Mech., Elec., Aeronautical) and Music in preparation for the External degrees of the Univ. of London; for entrance into the Civil Service and for 1st-yr. studies in Medicine, Pharmacy, Surveying, etc. It is recognized as a Training College for Teachers. The School of Navigation is recognized by the Ministry of Transport. There is special provision for aeronautical instruction (5 ft. wind tunnel); aircraft manufacturing firms in district provide opportunities of keeping in close touch with practical aircraft construction. The College also provides courses in Marine Engineering.

Through its evening classes (attended by about 1500 students) the College performs the function of a Senior Technical Institute.

The Associateship of the College (Assoc. U.C.S.) implies, unless honorary, attendance during 2 yrs. (4 yrs. for evening and part-time students).

There are special courses in Social Studies for graduates and others, and diplomas and certificates are awarded.

ADMISSION. Candidates aged 17 (though students are advised not to enter below 18) are admitted provided they (1) produce a satisfactory testimonial of good conduct from a headmaster, headmistress or some other responsible person; (2) have either (a) passed or obtained exemption from the matric. examn. of the Univ. of London, or (b) passed the Entrance Examn. of the Coll., or (c) hold such qualifications as Senate from time to time may recognize. Each full-time student is placed under the supervision of a member of the Staff, who acts as his Tutor.

Part-time students may in special circumstances be admitted to separate courses without passing the Entrance Examn.

FEES. The annual fee is £25 for Courses in Arts, Commerce and Music ; £32 for Courses in Science and Engineering ; and £40 for the Teachers' Diploma Course. Students whose parents are ratepayers within County Borough, Southampton—Arts, Commerce and Music, £18 : 15s. ; Science and Engineering, £24.

Students' Union, composite fee, £3 : 3s. p.a.

EXHIBITIONS AND SCHOLARSHIPS. The College offers annually 8 open Exhibitions (free tuition) ; 16 open Scholarships ; all tenable for 3 yrs. Two of the Scholarships are of the annual value of £100, and the others £70, for students coming into residence. All Scholarships are of the annual value of £40 for non-residential students. The holders are required to pay tuition fees.

POSTGRADUATE AND RESEARCH AWARDS. There are a limited number of postgraduate awards open to graduates of British Empire Univs. and other approved competent persons, one or more open research scholarships and one open exhibition.

LOAN FUND. A fund is available to assist senior students who are in need of financial assistance.

RESIDENCE. All full-time students must ordinarily reside in one of the Halls of Residence or in approved lodgings, unless they are living with their parents or legal guardians. Halls for men : Connaught (Warden : Rev. H. Livesey, M.A., L.Th.) ; South Stoneham (Warden : Dr. R. H. Pelham, M.A.) ; for women : Highfield (Warden : Miss E. U. Lightbody, M.A.) ; South Hill (Warden : Miss P. M. Brentnall, B.A.). Fees, men £87 ; women, £82. The provision of lunches and teas is not included in the Hall fees.

APPOINTMENTS BOARD. Secretary—L. E. Tavener, M.A.

ADULT EDUCATION. The Department of Adult Education provides courses covering a wide range of non-vocational subjects for groups of adult students in Hampshire, West Sussex, East Dorset and the Isle of Wight. Extension courses and Tutorial classes are organized under the direction of the Joint Committee for Adult Education. The panel of Extension lecturers and tutors includes members of the College Staff and other approved teachers.

PUBLICATIONS. *Yearbook* (Sept.), 1s. ; Halls of Residence Prospectus free.

The College was founded in 1827 ; it was incorporated by Royal Charter and was later empowered to confer Degrees in Arts and Theol. It was originally founded for the purpose of affording to persons intended for the Ministry of the Church, a liberal education on the lines of that offered by the older Universities. Its Arts Faculty was later recognized by Royal Charter as open to all kinds of students, whether ordinands or not. Residence for nine full terms and the passing of three examns., conducted by examiners appointed by Oxford and Cambridge, are requisite for the degree of B.A., ten terms for B.D.

POSTGRADUATE STUDY. There is a Theological Hall for the study of Theol. by graduates.

A License in Theol. (L.Th.) is granted to grads. of the Coll. or of any other Univ. who reside at least 2 yrs. and pass the necessary examns. The License is accepted as an alternative to the Genl. Ordination Examn. of the Church of England.

SCHOLARSHIPS. Scholarships to the total annual value of £1000 are offered. The Dillwyn Llewelyn Trust provides £170 p.a. from which scholarships are granted to students proceeding to Oxford or Cambridge under the Affiliation regns.

ADMISSION. Candidates can be matriculated (1) on a certif. of any matricn. examn. of a Univ. recognized by the Universities Bureau of the British Empire ; (2) on the School Certif. of any of the recognized British Examining Bodies, provided that the Certif. satisfies the conditions of the Coll. Matricn. Certif. ; (3) on passing the Coll. Matricn. examn. in a five-credit Matricn., incl. Engl. Language and either Latin or Maths., plus three other credits, one of which must be a language other than English, if Latin is not taken. Further particulars from the Principal.

THE SCOTTISH UNIVERSITIES

ST. ANDREWS
GLASGOW

ABERDEEN
EDINBURGH

REPRESENTATIVES IN PARLIAMENT, *see* p. 21.

IN CONSTITUTION these 4 Universities have, under the operation of the Univs. (Scotland) Acts 1858 and 1889, been to a great extent assimilated. By the former Act 2 new bodies, called the Univ. Court and General Council, were instituted; by the latter Act a Committee of H.M.'s Privy Council was constituted, and an Executive Commission was created with extensive powers, which it continued to exercise till the end of 1897. These Commissioners issued ordinances, *inter alia*, for degrees, for the instruction and graduation of women, for special study and research, and for the constitution of a Students' Representative Council with power to petition the Senatus Academicus and the Univ. Court.

The *Chancellor* is elected (for life) by the General Council, of which he is President. He is empowered to nominate a *Vice-Chancellor*, who may confer degrees in his absence, but cannot discharge any other of his duties. The Vice-Chancellorship is at the present time held in each Univ. on the Chancellor's nomination by the *Principal*, who is appointed to the Principalship by the Crown (except in Edinburgh) and is President of the Senatus Academicus, and, in the absence of the Rector, of the Univ. Court. The *Rector* is elected every 3 years by the matriculated students. He is the official President of the Univ. Court.

The *University Court* consists of the Rector, Principal, the Lord Provost of the City (in St. And. the Provost of St. Andrews and Lord Provost of Dundee), and Assessors appointed by the Rector, Chancellor, Senatus, General Council and (except in St. Andrews) Town Council. In St. Andrews the Principals of St. Mary's Coll. and Univ. Coll., Dundee, are also included in it. There is provision for the representation of other affiliated Colleges. The Court, a body corporate with full power to administer the property belonging to the Univ., is a Court of Appeal from the Senatus and has power, since the expiration of the powers of the Commrs. under the Act of 1889, to found new chairs with the approval of the Univs. Committee and make other ordinances with the approval of H.M. in Council. It has, *inter alia*, powers to appoint professors whose chairs are in the patronage of the Univ., examiners and lecturers; to define the nature and limits of a professor's duties under his commission; and to recognize for graduation purposes the teaching of any College or individual teacher, under the regns. providing for such recognition.

The *Senatus Academicus*, consisting of the Principal, the whole of the Professors, and certain elected Readers and Lecturers, is entrusted with the regulation and superintendence of the teaching and discipline of the Univ. The administration of the Libraries and Museums is entrusted

to Joint Committees elected two-thirds by the Senatus and one-third by the Court.

The *General Council* consists of the Chancellor, the members of the Univ. Court, the Profs., such Lecturers and Readers as have held office for a year, and the Graduates of the Univ. It meets twice a year and may hold special meetings at the instance of the Chancellor. Proposed improvements in the arrangements of the Univ. must be submitted to the Council for their consideration.

The General Councils of the four Universities elect three *Members of Parliament*.

FACULTIES. In all the Univs.—Arts, Science, Divinity, Medicine (St. Andrews and Glasgow—Dept. of Dentistry). In all except St. Andrews (which has only a department)—Law. In Edin.—Music (Glasgow has a department and offers degrees in Music). In Glas.—Engineering (Edin., St. And. and Aberd. have departments and offer degrees in Engineering, although not a separate Faculty).

TERMS. The academic year is divided into three terms—Oct. to Christmas, Jan. to March, April to June or early July.

ADMISSION. See Appendix I.

DEGREES and courses leading thereto (v. also pp. 5 ff.). The *M.A.* (ordinary) course (there is no *B.A.*) extends over 3 yrs. and includes (for ordinary degree) subjects from 3 of the 4 departments of the Faculty, namely, Lang. and Lit., Ment. Philos., Science, Hist. and Law. (There are further restrictions at St. Andrews and Edinburgh.) A candidate for the degree must not only have regularly attended, but also have duly performed the work of the classes in the qualifying courses. The first 2 yrs. may be taken in any of the Scottish Univs. The Senatus may accept attendance given and examns. passed at other Univs. specially recognized for the purpose, if qualifying courses for at least 2 yrs. (St. And. and Edin., 1 yr.) are attended and the Degree examns. are passed in the Univ. granting the degree. For the purpose of reckoning duration of study an academic yr. is constituted by attendance on at least 1 course (Glas. and St. And., 2 courses) of study in each of the 3 terms. For *M.A.* (Hons.) 4 yrs.' study is generally required.

The *B.Phil.* and *B.Litt.* are conferred only by St. And. A candidate for the Degree of *B.Phil.* must take the *M.A.* before it, and a candidate for the Degree of *B.Litt.* must take the Degree of *M.A.* before or along with it. The standard of the Final examn. is that of the *M.A.* Honours.

The *B.Com.* conferred by Edin. may be taken, under conditions as to place of study similar to those for the *M.A.*, after courses covering at least 9 terms.

The *B.Ed.* or *Ed.B.* involves a 2 yrs.' course subsequent to the first 3 yrs. of study for a previous degree, in addition to professional training or experience as a teacher.

The practical part of the training of students preparing for the Teaching Profession is provided by the several Provincial Committees, which likewise recognize attendance at Univ. classes as qualifying in part for their certificates.

The *B.Sc. in Pure Science.* The course for the ordinary degree

covers 3 yrs. and includes from 6 to 9 courses, of which 4 or 5 (St. And., 2) must be taken in the Univ. which is to grant the degree. The other courses may be taken in other Univs. or Institns. approved, or under teachers recognized for this purpose, by the Univ. Court. The degree with Honours, which may be taken in any of the various branches, requires 4 yrs., and is of a standard not less high than that required for M.A. (Hons.).

The *B.Sc. in Applied Science* can be obtained as follows : Engineering (St. And., ord. and hons., 3 yrs. ; Edin., ordinary and honours, both 3 yrs. ; Glas., 4 yrs., the branches in which honours are obtainable being Civ., Mech., Elec., Mining, and Chemical E., and Naval Archit. ; Aberd., Civ., Mech., Elec., ordinary 3 yrs. ; and honours 4 yrs.). Mining Engineering (Edin., ordinary and honours, 4 yrs.). Applied Chemistry (Glas., honours, 4 yrs.). Technical Chemistry (Edin., ordinary and honours, 4 yrs.). Architecture (Glas., honours, 4 yrs.). Agric. (Aberd., Edin. and Glas., ordinary, 3 yrs., honours, 4 yrs.). Forestry (Aberd., ordinary, 3 yrs. ; Edin., ordinary, 3 yrs., honours, 4 yrs.). Pharmacy (Glas., 4 yrs.). Public Health (Glas., 2 yrs. after graduation in Med.). Vet. Sc. (Edin., 4 yrs.).

Higher Degrees in Arts and Science. The D.Sc. in Pure Science, in Engin. (Edin., Glas., St. And.), Pub. Health (Glas.), Mining (Edin.), Tech. Chem. (Edin.), Agric. (Edin.), Forestry (Edin.), and the D.Litt. are open to graduates of 5 yrs.' standing ; D.Sc. in Vet. Sci. (Edin.) to graduates of 3 yrs.' standing. A thesis is required and, except in the case of a graduate of a Scot. Univ. with an Honours degree (St. And., an Honours graduate of the Univ. granting the degree), research under supervision extending over 2 winter sessions in the Univ. which is to grant the degree. These degrees are never granted *honoris causa*.

Divinity. The B.D. examn. of any of the Univs. is open to a graduate in Arts of a Scottish or other approved Univ. or the holder of any Univ. Degree or Diploma recognized as an equivalent by the Univ. Court who has completed his Theol. course (3 yrs.), of which not less than 2 yrs. has been in the Univ. in which he proposes to take the B.D. All the examns. must be passed at the Univ. granting the Degree. The D.D. is honorary. The Gifford Lectures in Natural Theology are open to the general public.

Law. The B.L. course (3 yrs.) is open to students who have passed the Prelim. or its equivalent. Candidates for the degree must produce evidence of a sufficient knowledge of Latin before entering the Class of Civil Law. The LL.B. (3 yrs.) is open to graduates in Arts of a Univ. of the U.K. or any other specially recognized.

Of the B.L. course 1 yr. and of the LL.B. 2 yrs. may be spent in any specially recognized Univ. or School of Law.

St. And. at present provides full courses for the degree of B.L. only. The LL.D. is honorary.

Medicine. Three of the requisite 5 yrs. of medical study for the M.B. and Ch B. may be spent in any Univ. of the U.K. or other Institn. specially recognized for the purpose or under a teacher recognized by the Univ. A candidate who has at any such Univ. completed a course

and passed an examn. in Chem., Physics or Biology qualifying for a degree in Science, Arts or Med., may be exempted by the Senatus from the corresponding part of the M.B., Ch.B. examns. Aberd., Edin. and St. And. extend this concession to courses and examns. in Anatomy and Physiology qualifying for a degree in Science (St. And.—or Arts or Med.; Edin.—or Med.).

A graduate in Medicine of at least 24 yrs. of age who has, subsequent to graduation, been engaged for at least 1 yr. in attending the Med. (or Surg.) wards of a hospl., or in scientific work bearing directly on his profession, or in the Naval, Milit., Colonial (Aberd., Edin., Glas.), or, for the M.D. (St. And.—M.D. or Ch.M.), Pub. Health Med. Services, or 2 yrs. in practice not restricted to Surg. (or Med.), and passed the prescribed examn. and submitted a satisfactory thesis, may be admitted M.D. or Ch.M. as the case may be.

Dentistry. See under Glasgow and St. Andrews.

Ph.D. See p. 15.

Previous to the institution of a Ph.D. degree (Aberdeen, March 24, 1921, Edinburgh, November 25, 1919; Glasgow and St. Andrews, August 18, 1919), a Doctor of Philosophy degree, D.Phil., was conferred.

FEES. See under the separate Universities.

RESEARCH OR SPECIAL STUDY may be prosecuted in a Univ. under supervision by persons suitably qualified, whether graduates or not, admitted by the Senatus. Access to and the use of the Univ. laboratories, etc., may be obtained on such conditions as to payment and otherwise as the Univ. Court may determine. The title of Research Fellow may be conferred with or without a stipend on specially distinguished research students.

SCHOLARSHIPS. Adequate provision is made for affording Univ. instruction and maintenance to students of small means in Scotland. Besides the Carnegie Trust benefactions (v. *infra*) and the numerous bursaries, etc., awarded by the Universities and the Trustees of unattached educational endowments, all Scottish Education Authorities make provision in their Bursary Schemes for assisting duly qualified persons resident in their areas, and needing such assistance, to attend a University, Training College, Central Institution, etc. The sum so spent by Education Authorities in the financial year 1938-39 was £104,702.

Scholarships, etc., for Graduates. The following are open to graduates of all the Scot. Univs.: (1) Carnegie Scholarships (£150) and Fellowships (£250) and grants in aid of Research. Application forms supplied by the Carnegie Trust, 22 Hanover St., Edinburgh. (2) Ferguson—six of £110 each for 2 yrs. for graduates in Arts. Ferguson Bequest Fund, 94 Bath St., Glasgow. (3) M'Cunn—four of £200 for 1 yr., for medical research. M'Cunn's Trustees, 160 West George St., Glasgow. (4) Shaw Philosophical—£215 for 3 yrs. for graduates in Arts (in the Patronage of Edinburgh Univ.). (5) Black—in Greek, £196 for 1 yr. for graduates in Arts distinguished in the B.D. examns. (6) Hume Brown—in Scottish History, Junior prize of £25 awarded annually, open to students; Senior prize of £150 biennially, open to

graduates; managed by the Univ. of Edin. (7) Maclean (Semitic Languages), £175 for 1 yr. for graduates in Arts preparing to enter the Ministry of the Church of Scotland; managed by the Univ. of Glasgow. (8) Crombie (Biblical Criticism), £50 for 1 or 2 yrs. for graduates in Arts with First Class Hons. in Classics; managed by St. Andrews. (9) Shaw Macfie Lang, £200 for 2 yrs., for Hons. Graduates in various Faculties in rotation; (10) 7 Richard Brown, £64 for 1 yr., for graduates or undergraduates of any Univ., in various Faculties in rotation; managed by Edinburgh.

CARNEGIE TRUST FOR THE UNIVERSITIES OF SCOTLAND. Offices at Merchants' Hall, 22 Hanover Street, Edinburgh. Secretary and Treasurer: John R. Peddie, C.B.E., D.Litt.

The annual income of the Trust is about £125,000, one half of which is devoted to (A) the improvement and expansion of the Universities of Scotland in the faculties of Science, Medicine, History and Mod. Langs., and extending opportunities for scientific study and research; the other half to (B) assisting Scottish students in the payment of Univ. class fees. Any surplus not required for (B) in any year is to be devoted to (A). Institutions in Scotland recognized by the Executive Committee of the Trustees as preparing students for graduation or as providing technical education of Univ. level are entitled to participate as regards (A) and their students as regards (B). Any surplus not required for (A) or (B) may be devoted to Univ. Extension work.

The Regulations for Assistance in the payment of Class fees provide, *inter alia*, that applicants should hold the Leaving Certif. of the Scottish Educn. Dept. with a minimum of three higher grade passes and bearing evidence of such preliminary education as is required by the Univs. for their respective graduating curricula. Where for satisfactory reasons such Leaving Certif. has not been obtained, the Exec. Committee may accept instead what they deem equivalent evidence of attainments, provided that no applicant will be eligible who has not obtained three higher grade passes or who has to pass any further prelim. examn. before beginning his graduating curriculum. Class Fees paid for 1945-46: St. Andrews—£5934 for 346 beneficiaries; Glasgow—£26,420 for 1565; Aberdeen—£9247 for 549; Edinburgh—£13,507 for 790. Total—£55,108 for 3250 beneficiaries.

The annual report of the Executive Committee contains reports of experts on the work of beneficiaries under the Research Scheme and lists of papers published by them. Research Fellowships, Scholarships and Grants awarded for 1945-46 amounted to £13,872.

Under the Scheme of Distribution for the period from Oct. 1, 1946, to Sept. 30, 1947, there has been allocated a sum of £42,160, distributed thus: St. Andrews centre—£6944; Glasgow—£12,530; Aberdeen—£9320; Edinburgh—£13,366. These "centres" include certain extra-mural Colleges to which, in all, grants of £5790 were made.

GENERAL INFORMATION, v. also pp. 390 ff.

The "University and King's College of Aberdeen," founded under a Papal Bull in 1494, and the "Marischal College," founded in 1593 by George Keith, Earl Marischal, were reconstituted in 1860 as "The University of Aberdeen." Certain of the original buildings remain, notably the Chapel (A.D. 1500).

The LIBRARY, founded in 1500, has 251,000 vols. and 200 *incunabula*, some unique. It is especially rich in Celtic literature, and books bearing on the history, topography and antiquities of the Scottish Highlands, and Classical Archaeology. It also contains the McBean Jacobite collection, reputed to be the largest in the world outside the British Museum. Annual budget about £3500. MUSEUMS: Anthropological (illust. cat. rs.), Pathological (600 specimens), etc. Besides the usual LABORATORIES there is the Rowett Institute of Research in *Animal Nutrition* near Bankhead, with depts. of Physiol., Bio-Chem., Bacteriol. and Pathol., and attached Animal Husbandry section for practical experiments in feeding, etc. It is under the management of a joint committee of the Univ. and the N. of Scotland College of Agric. Hospitals available for clinics: Infirmary, 550 beds; Woodend Hospital, 340; Children's, 150; Fever, 300; Mental Hospital, 900; Maternity Hospital, 111; Ophthalmic Institution, average 7000 out-patients annually.

FACULTIES AND DEANS. Arts, Prof. E. M. Wright; Science, Prof. H. M. Steven; Divinity, Prof. J. M. Graham; Law, Prof. T. M. Taylor; Medicine, Prof. D. Campbell.

GENERAL INFORMATION, v. also pp. 390 ff.

Originally the "Town's College," founded in 1583 by the Town Council under general powers granted by Royal Charter, April 14, 1582. The Old College on the site of "Kirk o' Field," the scene of the murder of Lord Darnley, was designed by Robert Adam, and completed in 1838. Newer buildings include the Medical Buildings and the McEwan Hall (1888-97), which holds 2600 and has a great electric organ; and "The King's Buildings" (commenced in 1920) for Chemistry and other Science Depts. The Medical School of this Univ. has been famous for many generations; specially ample provision exists also for instruction and research in Theology (post-grad. school instituted 1919), Agric., For., Engin., Mining and Vet. Sc. Edinburgh is the seat of the Scottish Supreme Courts of Law.

LIBRARY, founded in 1580, about 515,000 vols., 4000 MSS. and 3000 Charters. The MSS. include the Laing MSS. (Scottish and miscellaneous), Laing Charters, 854-1837 (chiefly Scottish), Arabic and Persian MSS. The chief special book collections are the Drummond of Hawthornden (16th cent.

literature), Halliwell-Phillipps (Shakespeare), Lord Abercromby (Archæology, Ethnology), Blackie (Modern Greek), Bruce (Oceanography), Cameron and Mackinnon (Celtic), Hodgson (Economics), Berriedale Keith (Indian history and literature, and the Constitution of the British Empire). There is a good medical collection and a valuable Reid Music Library. A *catalogue of the printed books*, 3 vols., was published 1918-23. MUSEUMS: Nat. Philos., Fine Art, Geol., Nat. Hist., Chem., Forestry, Agric., Entom. and Forest Zool. (Waterhouse collection of Coleoptera), Anat. (founded with the Monro collection in 1800; numerous specimens of Cetacea and human crania), Physiol., Mat. Med. (notable collections of medicinal and food substances, including those of Duncan and Christison), Forensic Med., Practice of Physic, Surg., Obst. (Simpson collection), Music and Musical Instruments. The Prof. of Botany is Regius Keeper of the *Royal Botanic Garden*; the Prof. of Astronomy is Astronomer Royal for Scotland and gives practical courses at the *Royal Observatory*. The LABORATORIES are especially well equipped for research in Anatomy, Anthropology, Bacteriology, Chemistry (the Labs. at King's Buildings, completed 1924, have accommodation for about 400 students), Zool., Mining, Engin. (notably Hydrs., Strength of Materials, Elec. Engin.), Mat. Med., Path., Physics, Physiol., Psych., Pub. Health. The Jane Findlay Thomson Commercial Laboratory facilitates the training of B.Com. students in practical business methods. The Univ. has a table at the Millport Marine Station. HOSPITALS: the Royal Infirmary adjoining the Univ. provides over 1000 beds for clinical teaching, in addition to the Children's, Maternity and Fever Hospls., the Royal Mental Hospl., the Royal Victoria Hospl. for Tuberculosis, and the Municipal Hospls.

FACULTIES. (1) Arts, (2) Science (including Engineering, Mining, Technical Chemistry, Agriculture, Forestry and Veterinary Science, as well as Pure Science), (3) Divinity, (4) Law, (5) Medicine, (6) Music. Deans: (1) Prof. W. M. Calder (Greek), (2) Prof. James Ritchie (Nat. Hist.), (3) Prof. Hugh Watt (Ch. Hist.), (4) Prof. M. G. Fisher (Civil Law), (5) Prof. Sydney Smith (Forensic Med.), (6) Prof. S. T. M. Newman (Music).

There are 9 Directors of Studies in the Faculty of Arts, 8 in the Faculty of Science, and 1 for those combining studies in the Faculties of Science and Medicine.

GENERAL INFORMATION, *v. also pp. 390 ff.*

Founded by a Papal Bull in 1451, after the model of Bologna, the Univ. was reconstituted by a Charter of King James VI. of Scotland in 1577. For early history see *Yearbook*, 1929.

The LIBRARY, founded in the 15th century, contains 255,000 vols., including 300 books printed before A.D. 1500. Among its important collections are the Ewing, distinguished for the value and variety of its Bibles; the Hamilton, rich in philosophical works; and the Ferguson, containing rare books on the history of chemistry. The HUNTERIAN MUSEUM, founded in 1783, contains most valuable MSS. and early printed books and pictures and important collections of coins, anatomical preparations, zoological and mineral specimens, etc. Large new departments with spacious LABORATORIES have been erected for Engin., Bot., Nat. Philos., Chem., Physiol., Anat., Path., Mat. Med., Forensic Med., Public Health and Zoology. There are BOTANICAL GARDENS and an OBSERVATORY. As Glasgow stands at the centre of the shipbuilding, engineering, mining and industrial area of Scotland, it offers unique opportunities for technical training. Three large general HOSPITALS are available for clinics, besides special institutions (including Consumption Sanatoria).

FACULTIES AND DEANS. Arts, Prof. C. J. Fordyce (Humanity); Science, Prof. W. M. Smart (Astronomy); Medicine, Prof. G. M. Wishart; Law, Prof. J. Boyd (Mercantile Law); Divinity, Prof. J. Mauchline (O.T. Lang. and Lit.); Engineering, Prof. J. Small (Heat Eng.). Depts. of Applied Science—Engineering (Civ., Elec., Mech., Mining, Naval Archit., Chem.), Applied Chem., Agric., Archit., Public Health, Pharmacy.

ADMISSION, v. Appendix I.

DEGREES, ETC., v. p. 391. Applications by Overseas students for remission of part of the class attendance for B.Sc. in branches other than Engineering will be considered sympathetically. *Diploma* in Education, 1 yr. course, for graduates (the first yr. of the Ed.B. course); D.P.H., D.I.H. (1 yr. course) for legally qualified med. practitioners. *Certificates* of Proficiency in Engin. Science and in Mining Engin., 3 yrs.' courses, of which first yr. may be taken in Roy. Tech. Coll.; no prelim. examn.

For detailed information regarding POSTGRADUATE study and research in any Faculty, application should be made to the Dean. A Postgraduate Med. Asscn. organizes demonstrations for Med. Practitioners; fee for series, Nov. to May, 3 gs.; programme obtainable from the Secy., Postgraduate Med. Asscn., Dr. James Carslaw, 9 Woodside Terrace, Glasgow, C.3.

FEES (v. also Carnegie Trust, p. 394). Matriculation, 2½ gs. p.a. Inclusive tuition fees for M.A. (Ord.), 57 gs., (Hons.), 76 gs.; LL.B., 52 gs.; B.L., 42 gs. B.Sc. (Ord. Pure Science), 114 gs., (Hons. Pure Science, or Applied Science), 127 gs.; M.B., Ch.B., 225 gs. for 5 yrs. Combined M.A. and B.Sc., 150 gs. Examination: M.A., 11½ gs.; B.D., 11½ gs.; LL.B., 13 gs.; B.L., 11½ gs. B.Sc., 13 gs.; M.B., Ch.B., 37 gs.; Doctorates, 15 to 20 gs.

SCHOLARSHIPS. Graduates (v. also pp. 393-94): about 76 of from £30 to £280 p.a., most of them open only to graduates of Glasgow. There are also 5 Foundations for res. scholarships and studentships.

For undergraduates there are 480, varying in value from £10 to £50 or more p.a., chiefly in the Faculty of Arts, in addition to Bursaries of from £5 to £25, awarded by the Provincial Committee for the training of teachers.

Travelling for study or research is encouraged by: Bryce Mathematica. Fellowship (£280 p.a. for 4 yrs.), Faulds Fellowship (£200), J. R. K. Law Scholarship (£100 p.a. for 2 yrs.) for Applied Science tenable at an approved *Overseas University* or other scientific institution in *Canada, U.S.A. or France*.

RESIDENCE. Four Halls of Residence for men—the Maclay Hall and Strain Hall (Warden: G. P. Richardson, M.A.); the MacBrayne Hall (Warden: J. M. A. Lemhan, M.Sc.) and, for overseas students, Horselethill House (Warden: S. A. Hutchinson, B.Sc., Ph.D.); and one for women—Queen Margaret Hall (Warden: Mrs. Elsie Conway, B.Sc., Ph.D.) with several annexes. The average cost of residence in the Halls is £27: 10s. per term, with a reduction for those resident for three terms. Lodgings or board with private families with use of 2 rooms, generally obtainable in neighbourhood of the Univ., for from 50s. to 65s. per week. A few students' hostels or settlements, of limited accommodation, where the charges are lower, are run by private committees or bodies of students and graduates.

THE APPOINTMENTS COMMITTEE (for men and women). Secretary (J. Thomson, M.A., B.Sc., Ph.D.), Office of Adviser of Studies, The University.

SOCIETIES. Glasgow Univ. Club, London. Hon. Secys.—H. L. P. Myles, LL.B., 27 Abingdon St., London, S.W.1; L. G. Scoular, M.D., 48 Wimpole St., London, W.1. Glasgow Univ. Women Graduates' London Asscn. Hon. Secy.—Miss E. McMichael, M.A., 10 Lawn Road Flats, Lawn Road, London, N.W.3.

UNIVERSITY EXTENSION. An Extra-mural Education Committee, equally representative of the Univ. and working-class organizations, is prepared to supply classes, short courses, and single lectures to groups of students in Glasgow and the West of Scotland, so far as its resources will permit; a com-

pendium of classes and lectures for the session is obtainable from the Organizing Secy., W.E.A., 177 Hill Street, Garnethill, Glasgow, C.3. Fortnightly and occasional free public lectures by profs. and others during the winter session.

PUBLICATIONS. *Calendar*; *Glasgow Univ. Magazine*, weekly during winter session; *Examn. Papers*, Prelim. and Degree, 6d. per set; *Annual Handbook* for matriculated students; *Handbook* for Overseas students and graduates; *History of the University of Glasgow* (Coutts); *Roll of Graduates* (1726-1896) (Addison); *Matriculation Albums* (Addison).

GENERAL INFORMATION

Anderson's College, founded in 1796, the College of Science and Arts (1823, the first "Mechanics' Institution") and the Atkinson Institution (1861) were amalgamated in 1886 under the title of the Glasgow and West of Scotland Technical College, which was changed in Feb. 1912 to the Royal Technical College. The College was affiliated to the Univ. of Glasgow in March 1913.

The present College building, completed in 1910, comprises over 7 acres of floor space, and cost, with equipment, £400,000. Qualifying courses are provided in the subjects named above for Degrees of the Univ. in Engin., Applied Chem., Pharmacy and Archit., and for the Diploma of the College in Civil, Mech., Elect., Chemical and Mining Engin., Naval Archit., Chem., Dyeing, Metallurgy, Building and Textile Manufacture. There are also Departments of Navigation and Bakery, as well as numerous evening classes in other subjects, mainly technological. The courses for the Diploma cover 3 yrs.; for the Associateship in any of the Diploma subjects, attendance during 4 years is required. The evening lecturers are not included in the above lists; some of their work is, however, of university and even postgraduate standard. Much research work, for the prosecution of which a development fund of about £100,000 has been raised, is carried on at the College. The Andersonian Library, so named to commemorate the founder of the College, Prof. John

Anderson, includes the library formed by him and the James Young collection of early alchemical, metallurgical and chemical books.

The Glasgow School of Architecture is maintained by the College and the Glasgow School of Art working in co-operation through a Joint Committee under whose authority its Diplomas (5 yrs.' course) are issued.

FEEs for tuition: Degree Courses—Engineering, 114 gs., payable in four instalments of 28½ gs.; Applied Chemistry, Pharmacy and Architecture, 127 gs., payable in two instalments of 38 gs. and two instalments of 25½ gs. Diploma Courses and other Non-Degree Courses—25 gs. for each year of the course.

PUBLICATIONS. *Calendar*; *Annual Report*; *Research Journal*.

THE YEAR 1946-47

RESEARCH JOURNAL. Publication is temporarily suspended.

UNIVERSITY EXTENSION. 2243 part-time students of 21 years of age or over were in organized classes. 432 tickets were issued for the courses in Astronomy.

STUDENTS. Full-time: preparing for a first Degree or Diploma, 822; undertaking advanced work, 77. Part-time: preparing for a first Degree or Diploma, 404; undertaking advanced work, 14; occasional students, 2656; taking courses not of a Univ. standard, 750.

ADMISSION, v. Appendix I.

DEGREES, ETC., v. also pp. 391 ff. Courses for graduation in Arts and Science are given both in the United Coll., St. And., and in Univ. Coll., Dundee, some being given in both places, some—Greek, Hebrew, Moral Philos., Psychol., Pol. Econ., Pol. Science—only in St. And., some—Engineering—only in Dundee; Medical, after the first two yrs., and Dental solely, in Dundee, where facilities for clinical instruction are available. Here also are provided courses for graduation in Law (B.L.).

The M.A. Ordinary Degree Course (3 yrs.) includes a General and a Special examn. The former, which must be completed before proceeding to the Special, embraces at least 5 subjects, of which Latin or Greek must be one, another must be either Maths. or Philos., and at least two must be linguistic. *Senatus* can, on recommendation of the Fac. of Arts, allow another subject or subjects to be taken in lieu of Lat. or Greek. *Foreign students* may take Arabic or Hebrew in lieu of Latin or Greek. In the Special examn. two cognate subjects must be taken, the whole examn. being passed at one time. For the M.A. Honours Degree candidates take the General and Special Exams. above, and specialize in the same two cognate subjects for at least one additional year.

The B.Sc. Ordinary degree in Pure Science involves a 3 yrs.' course, embracing at least 4 subjects with a 1st examn. (4 subjects) and a 2nd (2 subjects); the Honours degree involves an additional yr.'s course, devoted exclusively to advanced study in the Hons. subject.

Dental Surgery. B.D.S. (5 yrs., of which not less than 3 at the Univ., the remaining 2 at a recognized Univ. or School); M.D.S. (1 yr. later by examn. and thesis); L.D.S. and D.P.D. (Diploma in Public Dentistry), *see* below.

DIPLOMAS. Education, for graduates who complete the first year of the Ed.B. course; D.P.H., 12 months; L.D.S., 4 yrs.; D.P.D., 5 mos. after obtaining registrable Dental qualification.

ASSOCIATED COLLEGES

MAGEE COLLEGE, LONDONDERRY, for first 3 yrs. of B.A. course.

CHURCH OF IRELAND TRAINING COLLEGE, KILDARE PLACE, DUBLIN. The 2 yrs.' course of training for teaching in elementary schools is conducted partly at Trinity College, Dublin, and counts towards the Dublin B.A. subject to the candidate qualifying in Latin and a modern foreign language before proceeding as "Sophister" (3rd yr.).

VETERINARY COLLEGE OF IRELAND. A student may take his preliminary scientific work and an Arts course in Trinity College and his professional Veterinary studies in the Veterinary College.

GENERAL INFORMATION

Trinity College was founded and incorporated by Royal Charter in 1592 as "Mater Universitatis," but no other College has been founded, so that "Dublin Univ." and "Trinity College" are practically interchangeable terms. The Corporation of the College was put on its present basis by Letters Patent in 1637. Letters Patent of 1911 transferred the powers of making statutes from the Crown to the Corporation, subject to the consent of a majority of the Fellows and the approval of the Visitors. The general government of the

Univ. is in the hands of the Board of Trinity College, which consists of the Provost, Senior Fellows, 2 representatives of Junior Fellows, and 2 representatives of the non-Fellow Profs. The Univ. Council, formed by representatives from the Board and various Faculties and Schools, has the right of nomination to most Professorships, and in conjunction with the Board can make changes in the curriculum, but otherwise has only advisory functions.

The College occupies a large site in the middle of the city, with ample grounds for the athletic clubs.

THE LIBRARY of Trinity College has enjoyed since 1801 the privilege of receiving a copy of every book published in the United Kingdom. It contains about 500,000 printed books, amongst which there is in the Fagel Library a group of early pamphlets relating to the Dutch and English East and West India Companies. The MSS. are over 2000 in number, and include an important collection in Irish. A General Catalogue of the MSS. was published in 1900, and a Revised Catalogue of the Irish MSS. in 1921. A Catalogue of Printed Books in the library in 1872 was published in 1887 and distributed to the world. There are smaller libraries in the Schools of Mod. Langs., Hist., Econ., Med., Maths., Nat. Scis., Geog., Philol. and Educn.

MUSEUMS. The scientific museums include Zool. and Comp. Anat., Geol. and Mineral., Surg. and Med., Path., Mat. Med., Anthropom., Engin. Models, Nat. Philos. The Zoological collection is one of the best in the country. The series of vertebrate osteology is extensive. Attached Laboratories offer all facilities for research work. The collection of Geological and Mineralogical specimens is also extensive.

LABORATORIES. Anat., Anthropol., Bio-Chem., Bot., Chem., Geol., Geog., Histology, Mat. Med., Mech. Engin., Pathol., Physical (Iveagh), Physiol., Zool.

HERBARIUM (rich in plants of N. America, India, S. Africa and Australia). **BOTANIC GARDENS**, 8 acres.

Ample facilities for clinical studies and many appointments for graduates are available in numerous **HOSPITALS**, including the well-known Rotunda. The Irish High Court is situated within a short distance of the College.

PROFESSIONAL SCHOOLS. Divinity, Law, Physic, Engin., Social Sci., Agric., Forestry, Music, Educn, Comm., Vet. Registrars: *Law*—G. A. Duncan, M.A.; *Physic*—Winifred Kinnear, M.A.; *Engin.*—J. ADMISSION. See Appendix I.

DEGREES. Every student must take the B.A. before proceeding to any other degree, except those in music and B.Sc., M.Sc., B.Litt., Ph.D. The course lasts 4 yrs., but it is only necessary to keep 2 out of the 3 terms in each, or 8 in all. It is also possible to complete the course within 3 yrs. from entrance by taking the final examn. of the 1st yr. at the time of entering and keeping all 3 terms of the 2nd yr. However, all students not in a professional school or taking the B.Sc. course are required to attend Arts lectures in every term, unless specially exempted (e.g. those earning their living by teaching). If exempted they are permitted to keep all of their 8 terms by examn. instead of by attendance. Exemption from attendance is never granted to students taking scientific subjects for the Hons. B.A.

During the first 2 yrs. (Junr. and Senr. Freshman) of the Pass B.A. course English, Latin, Logic and Mathematics are compulsory subjects, with a choice of other subjects. After the examn. ("Little-Go") at the end of the 2nd yr. wide freedom of choice is allowed of subjects for the remaining (Jun. and Sen.

Sophister) years, and exemptions are granted to Law, Engin., Comm. and Div. students. For Med. students there is a specially reduced Arts course throughout.

Every student must choose one of the Tutor Fellows (*see* list above) as his Tutor and should apply to him for all information before and after entrance.

The *Honours B.A.*—known as *Moderatorship*—can be taken in 12 different groups (*viz.* 1 Math., 2 Class., 3 Ment. and Mor. Sci., 4 Exp. Sci., 5 Nat. Sci., 6 Hist. and Pol. Sci., 7 Mod. Lit., 8 Leg. Sci., 9 Eng. Sci., 10 Celtic, 11 Oriental Lang., 12 Econ. and Pol. Sci.), and undergraduate honours in the same subjects (except Nos. 9 and 11) can be obtained in each academic year and in most subjects in each term. The course lasts 4 yrs. in the case of Nos. 1, 2, 3, 4, 5, 6, 7, 8, 10, 11, 12—3 yrs. in No. 9. Instruction in these Honour courses is given partly by the Profs. and partly by the Tutorial staff.

A B.A. of 3 yrs.' standing may be admitted M.A. There is no examn. for this, nor is a thesis required.

The B.Litt. is obtained by a thesis, and candidates must have at least 1 yr.'s standing as B.A. They must also, except by special permission of the Board, be graduates with Honours in Classics, Philosophy, History, Modern, Celtic or Oriental Languages, Legal Science, or Economics, of Dublin or of an approved University.

The Pass B.Sc. is obtained by a 4-yr. course consisting of 12 terms of lectures and 4 examns. In the first two years English, French, German, Mathematics, Physics and Chemistry are compulsory. In the last two years the student studies 3 subjects chosen from Physics, Chem., Bot., Zool., Physiol., Geol., Anat., Bact., Geog.

A B.Sc. with hons. is obtained by passing an examn. identical with Moderatorships (*see above*) in Exp. or Nat. Science.

The B.D. is obtained by an examn. open to all grads. in Arts, the D.D. is open to any B.D., 8 yrs. after taking B.A., and is awarded on a thesis or published Theol. work.

The LL.B. course covers 2 yrs.; the M.B., B.Ch. and B.A.O., 6 yrs.; B.Dent.Sc., 6 yrs.; B.A.I., 3 yrs. (optional 4th yr. in Elec. and Mech. Engin.); Agr.B. or Agr. (Forestry) B., 4 yrs., of which 3rd and 4th are taken in Univ. Coll. (N.U.I.); B.Comm., 3 yrs. The M.Sc. and Ph.D. (*v. p.* 15) involve post-graduate study and research for 1 yr. and 2 yrs. respectively.

A candidate for the Sc.D. or Litt.D. must have at least 3 yrs.' standing as B.A., or have obtained M.Sc., B.Litt., or Ph.D., and submit important original work; for LL.D. must be of M.A. standing—a thesis or a published work is required; for M.D. must have taken the M.B. degree, be of M.A. standing; for M.Ch. must be a B.Ch. of 3 yrs.' standing; for M.A.O., a B.A.O. of 2 yrs.' standing; a thesis or examn. is required for M.D., an examn. for the M.Ch. or M.A.O. A candidate for M.Dent.Sc. must be a B.Dent.Sc. of 3 yrs.' standing, and pass an examn.; for M.A.I. must have practised his profession for 3 yrs. after graduating as B.A.I.

The Mus.B. is granted after an exercise or practical test and 2 examns., the Mus.D. after an exercise and examn.

DIPLOMAS in Agric., Gynæc. and Obst., Educn. (Primary and Higher), Social Studies, Public Admin., Geography, Biblical Studies, Mech. Engin., Religious Knowledge (women), Hist. of European Painting (by examn. only).

License in Engineering (first 2 yrs. of Arts course and complete course in Engineering). *License* in Med., Surg. and Obst. Science.

Certificate in Engineering (complete course in Engineering, but without Arts course).

Testimonium in Divinity (3 yrs.' course).

FEES. Entrance, £15; Composition for all Arts and Science Lectures, 36 gs. p.a. with laboratory fees in Science (to students admitted to advanced standing the entrance fee is remitted and in most cases some of the half-yearly Arts fees); Med. course total (including Hospitals and Degree fees), about £165; Dental Sci. total, about £218; Engin. (3 yrs.), £52 (minimum), in addition to Arts Tuition fees in each case; Divinity free for students in Arts, 20 gs. p.a. for others; Commerce, £47 (if Arts Course is taken), £80 (for extern. students).

Among **SCHOLARSHIPS, PRIZES, ETC., OPEN TO GRADUATES** are: Two studentships and a number of other research exhibitions and prizes of £100 each offered at the B.A. degree examn. Madden Prize Fund £424 p.a. awarded to unsuccessful candidates at Fellowships examn. or for research work or as a *Travelling Scholarship*. *Travelling Prize*, £100 in Medicine or Surgery (3 mos. to be spent abroad). Harmsworth Exhibition, £100, for research work. A number of other prizes, etc. (including the National Hist., about £160), are open to graduates under M.A. standing.

EXCHANGE OF STUDENTS. Exchanges of students are arranged with European countries. Visiting students give lectures, mainly on conversational French and German, and in return may attend any lectures free of charge and are given free board and lodging.

STUDENTS FROM OVERSEAS. Students of American and other foreign Universities, if recommended by the Principals of their Universities, may work for an academic year in Trinity College. There are special fees which vary with the Courses followed.

RESIDENCE. The College has accommodation for about 300 students. Rent £12 to £45 p.a. for single sets and proportionately for double sets of rooms; dinner in Hall, 17s. 6d. a week. Trinity Hall (Warden: E. J. Power Steele, M.A.) accommodates 60 women; board and residence, about £30 per term of 10 weeks. There is also a hostel for Divinity students of the Church of Ireland.

APPOINTMENTS ASSOCIATION (estab. in 1906). Secy., A. J. Leventhal, M.A., Ph.D.

GENERAL DESCRIPTION

[Contributed by A. Stanley Mackenzie, late President of Dalhousie University. Revised in 1940 by President Cody of the University of Toronto. An account by President Walter C. Murray, of the Univ. of Saskatchewan, of "University Development in Canada," is to be found in the *Trans. Roy. Soc. Can.*, Third Series, 1922, vol. xvi. See also his article on "State Support and Control of Universities in Canada," in *Trans. R.S.C.*, Sect. II., p. 19, 1925. See also "American Influence on the Higher Education of Canada," *Trans. R.S.C.*, Sect. II., 1930, by Sir Robert A. Falconer, President of the Univ. of Toronto, and by the same author, "Higher Education in Canada," in the *Book of Canada*, published by the Canadian Medical Association, Toronto, 1930, pp. 139-151.]

THE word "university" is used very loosely in Canada, and in the following sketch a number of institutions which are in reality Colleges will be referred to. In this book twenty-one are listed, twenty-seven in the *Canada Year Book*. It is probably not true to say that Canada has evolved a distinctive type of Univ.; and yet Canadian higher institutions of learning differ in many ways from the corresponding institutions in the British Isles and in the United States. One might divide Canadian Univs. into (1) those which are supported and controlled by a religious group: Laval, Montreal, Ottawa, St. Francis Xavier, St. Joseph's, by the Roman Catholics; King's, Bishop's, Trinity, by the Church of England; Mount Allison, Victoria, by the United Church of Canada (a union of former Congregationalists, Methodists, and part of the Presbyterians); Acadia, McMaster, by the Baptists; (2) those that receive State support and are subject more or less to State control: New Brunswick, Toronto, Manitoba, Saskatchewan, Alberta, British Columbia; and (3) those that are independent of Church and State and depend upon private benefactions: Dalhousie, McGill, Queen's, Western Ontario. (The two latter now also receive substantial State grants as do McGill and Bishop's for a term of years.) In order to understand, however, the great diversity among the various universities, even among those in any one group, some reference to the history of the rise and growth of university education in Canada must be made.

All the older Colleges, with the exception of Dalhousie and McGill, were established by the Churches, to meet the obvious need for native

ministers and teachers in a new and far-flung country. The next step was an appeal to the State, often to both the Local Government and the Home Government, for a grant-in-aid, which was usually made. As in practically all political divisions, except Quebec, there were other strong religious bodies besides the one which sought this grant, there was before long, in the nature of things, resentment by these other bodies, and religious and political strife was engendered. In many cases the College Question was inextricably mixed up with the struggle of the people for responsible government, for democratic rule instead of oligarchical Councils. The changes in the Universities run parallel in the main with the political development of Canada.

In classifying the Universities it is necessary to remember that one institution may find itself in different categories in the course of its development.

THE FRENCH COLLEGES. The oldest University in Canada is Laval, in Quebec City, growing out of the founding of a Seminary there in 1663. It is modelled after the French universities, and is a group of professional and graduate schools, and has wide degree-granting powers. There was for many years a branch of Laval in Montreal, but in 1920 it became a separate entity under the name of the University of Montreal. It, like Laval, is intimately associated with the Church, in the firm belief that education cannot be dissociated from religion. Both receive State aid, but are not under State control. The undergraduate work preliminary to these two Universities is done by twenty-four Classical Colleges scattered through the Province of Quebec. These give the Bachelor degree. These institutions have altered little in their general character with the changes in the political life of the Dominion. Ottawa combines the University and the Classical College and a bilingual normal school. Closely akin to the Classical Colleges of Quebec, but not associated with Laval and Montreal, is a group of Maritime colleges: St. Joseph's and St. Thomas' in New Brunswick, St. Mary's and St. Anne's in Nova Scotia, and St. Dunstan's in Prince Edward Island. St. Francis Xavier and Mt. St. Vincent, Halifax, recently chartered, are the only Roman Catholic colleges not of the French type, being more like the non-Catholic institutions.

The curricula of the French Colleges differ considerably from the corresponding colleges in the English-speaking parts of Canada, especially in science and mathematics.

THE KING'S COLLEGES. The next stage in the development of higher education in what is now Canada was due to the arrival of the Loyalists from the American colonies. Many of these people belonged to the Established Church of England, and, though intensely loyal to the Mother Country and intolerant of republicanism, were yet imbued with advanced ideas of independence and democracy, and immediately made their presence felt. They wanted not only educational advantages for their children, but they wanted educational institutions which would be under the Church of England, believing that loyalty to Britain was almost a monopoly of those of that faith. There was thus introduced into the educational movement a political factor which had far-reaching

consequences. The coming of the Loyalists led to the founding of what are called the King's Colleges. The first of them, and the only one which retains the name, was King's College, which was established at Windsor, Nova Scotia. In 1923 it removed to Halifax, and is intimately associated with Dalhousie. The nature of the association is that students in the Faculty of Arts and Science must register as students of the University, but may enrol as members of King's College, where they enjoy a corporate life similar to that of a college of Oxford. The students of the two institutions are a unit for instructional purposes (except for certain subjects of the freshman year, where the King's students form a section by themselves), and the teaching staffs paid from the funds of each institution, form a common Faculty. The University grants all degrees. The Faculty of Divinity of King's has no part in this association. The second King's College was established in 1800 as the College of New Brunswick, at Fredericton. On receiving a royal charter in 1828, it took the name of King's College (*v. infra*). The third King's College, Toronto, received a similar charter in 1827. The precursor of these three Colleges was undoubtedly King's College, New York, which, since the Revolution, has borne the name of Columbia University. All these Colleges were closely modelled after Oxford. The three Canadian King's Colleges practically all received grants, either in lands or money, or both, from the Imperial and Provincial Governments. In order to understand the cause of the educational struggles which took place in the first half of the nineteenth century it must be pointed out that their charters gave the control of these Colleges to a Board composed mainly of officials of the Crown and adherents of the Church of England. The Church had accordingly a controlling voice in the College, and claimed exclusive privileges. The College was in reality a private institution receiving State aid, and those who were not members of the Church of England, and they were in the majority, were thus taxed to support it and were cut off, in some cases entirely, from equal educational privileges. It is not difficult to see that this must inevitably have led to bitter controversy and strife. As the Governing Boards of the Colleges were largely identified with the oligarchical Governing Councils of the Provinces, it is evident also that the educational and political causes would be inextricably mixed in the struggle of the many against the exclusive rule of the few.

THE SCOTTISH TYPE. The third stage was ushered in by the insistence of other religious denominations upon equal rights with the Church of England in the control of colleges already established, or upon being allowed to have colleges of their own with government grants as in the case of the King's Colleges. The lead was again taken in Nova Scotia. Dr. Thomas McCulloch, a Scot and a Presbyterian, had instituted at Pictou early in the nineteenth century Pictou Academy, which, though without degree-granting powers, acquired a high reputation for the scholarship of the men who were trained there (one was Dawson, the great Principal of McGill University). In spite of the bitter opposition of Governor and Council he received a provincial grant for Pictou Academy in 1819. Similar attacks on the existing state

of affairs were made in New Brunswick and Ontario. About this time Lord Dalhousie entered the arena, and, by the founding of Dalhousie College, broke the exclusive circle of King's Colleges. During the war with the United States in 1812-14, the Province of Nova Scotia, of which he was then the Lieutenant-Governor, became possessed of a sum of about £11,000, seized from the American Customs during the war of 1812-14, which he used to found a college which was to be a direct protest against sectarianism and special privilege. By its Charter it was to be "open to all occupations and sects of religion." It was also to be "on the same plan and principle as that of Edinburgh." Its founding in 1818 marks, therefore, one of the most important points in the development of Canadian higher education, the introduction of the Scottish type of university, where learning and scholarship were accented rather than the fine art of living, and where residential life was not looked upon as essential. Lord Dalhousie made one great mistake; he placed his infant college in the hands of some of the same officials as were on the Board of King's College, and they kept its doors shut for twenty years. Their hands were forced, however, in 1838, and Thomas McCulloch became its first President. On his death, in 1843, the college was again closed, as the necessary financial support was not forthcoming, and it remained closed until 1863, when the spirit of union was taking hold of Canada in educational as well as political matters. The early history of McGill University is very similar to that of Dalhousie. It received its first charter, a Provincial one, in 1801, as the Royal Institution for the Advancement of Learning. As McGill College, it received a Royal Charter in 1821, subsequent to a bequest of land and the sum of £10,000 by James McGill, a Scottish resident of Montreal and brother-in-law of John Strachan. It was also non-sectarian and modelled on Edinburgh. For a number of years it had a very precarious existence, and was not able to live up to the hopes of its founder. With the appointment of Dawson as its Principal in 1855 began its rapid and brilliant career. Queen's (*v. infra*) is the third of the Canadian universities of the Scottish type, at first under Presbyterian control but now non-sectarian on the Arts and Science side.

THE DENOMINATIONAL COLLEGES. There followed in rapid succession the establishment of purely denominational colleges, and it is interesting to note that this was during a period of most intense political strife. Baptists founded Acadia, at Wolfville, N.S., in 1838; Methodists, Mount Allison, at Sackville, N.B., in 1858; Scottish Roman Catholics, St. Francis Xavier, at Antigonish, N.S., in 1855; French Roman Catholics, St. Joseph's, at Memramcook, N.B., in 1864; not to mention others which have since lost their identity. All these are in the Maritime Provinces. In Ontario were founded Victoria, at Cobourg, by Methodists, in 1841; Queen's, at Kingston, by Old Kirk Presbyterians, in 1842; Knox, at Toronto, by Free Presbyterians (now purely a Divinity School), in 1843; McMaster, at Toronto, by Baptists, in 1877; Trinity, at Toronto, by Anglicans, in 1851; and Ottawa, by Roman Catholics, in 1849. In Quebec we find Bishop's College, founded in 1843, by the Anglicans. These denominational colleges demanded, and in most cases

received, a share of State aid. In time the obvious wastefulness of this use of State money led to its discontinuance, and also led to efforts to find a better basis for higher education.

THE ATTEMPTS FOR UNION. From 1841, when the union of Upper and Lower Canada took place, to 1867, when the Dominion of Canada was formed, the spirit of union was abroad, and following this period we see a uniting of various subdivisions of Presbyterians and again of Methodists. Efforts to unite groups of colleges are much in evidence during this period. Efforts to unite Dalhousie and King's in Nova Scotia, which had begun in 1823, and which had been renewed many times, failed until 1923. The co-operation of Presbyterians and Congregationalists, who closed their own small Arts Colleges, enabled Dalhousie to reopen its doors in 1863. Several attempts to bring about a federation of the colleges in Ontario begun in 1843 failed until 1887.

THE LONDON UNIVERSITY TYPE. One of the many schemes of union proposed was the foundation of universities on the model of the University of London, with only examining and degree-conferring powers, which powers the constituent colleges were to hold in abeyance. An effort to initiate such a university in Toronto, in 1853, failed. So did the proposed founding of the University of Halifax, in 1876, fail. A similar effort in Winnipeg succeeded. The University of Manitoba, thus established, passed from being a "paper" university to the giving of instruction, first in Science, then in some departments of Arts also, then to the possession of professional schools, and finally to the full status of a State University.

THE FEDERATED UNIVERSITIES. Federation has been one of the most distinctive and beneficial academic efforts in Canada.

(a) Of the Federated Universities the chief and most characteristic type is seen in the University of Toronto. A brief sketch of its history may serve to bring out the various stages through which the Canadian problem of higher education passed, and show the interesting form of federation which has proved so successful there. As stated above, King's College, Toronto, was given a Charter in 1827. It received a grant of land and was under sectarian control, that of the Church of England. In 1837 its Charter was amended by modifying in some degree this Church control. Then followed the foundation of Victoria, Queen's and Knox (*v. supra*). King's was opened in 1843. Protests from other denominations brought about its secularization in 1849, its name being changed at the same time to the University of Toronto, and its control vested in the State. The Faculty of Divinity was abolished, and all denominational colleges were to be admitted to affiliation only as Divinity Schools. This refusal to recognize denominationalism in education led to the founding of still more colleges (Trinity by the Anglicans, in 1851, St. Michael's by the Roman Catholics, in 1852, and McMaster by the Baptists, in 1877, all in Toronto),¹ and to the continued opposition of Queen's and Victoria. In 1851 another change was made, using the University of London as a model. All teaching work was withdrawn from the University, this being relegated to affiliated colleges. For this purpose

¹ McMaster removed to Hamilton, July 1930.

a new body was formed, University College, and the Faculty of Arts transferred to it, and the Faculties of Law and Medicine discontinued. The University was to manage the finances, conduct examinations and confer degrees. The teaching was to be done by Federated Colleges, of which University College was to be the first. It was to be undenominational. The denominational colleges did not enter into the scheme, and it failed to bring about the federation which was hoped for. Various causes led to the federation of 1887. In the first place, the Government withdrew in 1868 its grants to the denominational colleges. In the second place, the growth of science and the introduction of the conception of research and postgraduate work into the universities increased enormously the cost of maintaining educational institutions. The University of Toronto (and University College) felt the pinch equally with the denominational colleges, for its only source of revenue was from the Crown lands with which King's had been originally endowed. It accordingly applied to the Legislature for a grant from the Provincial Treasury. The competing denominational colleges strenuously objected to this. But the spirit of union in Canada, which showed itself in the political union of 1867, was called upon, and not in vain, for in 1887 a scheme of federation was accomplished. The essence of the scheme is a group of Arts or Divinity Colleges gathered about a central University, supported and controlled by the State, the University conducting examinations, conferring degrees (except in Divinity), and giving the instruction in those branches of learning which are costly to conduct, or are taken by only a few students, or are professional in character. The division of subjects between the constituent Colleges and the University was set forth in the Act of 1887, but provision was made for change as future needs should dictate. Provision was also made for the affiliation of purely Divinity Schools like Knox and Wycliffe. All these constituent Colleges and Divinity Schools were given representation on the governing bodies of the University. Victoria and St. Michael's and Trinity entered the federation, the first moving from Cobourg to Toronto in order to do so; but Queen's and McMaster elected to remain independent. The University is operating to-day under the Act of 1906. The chief change from the Act of 1887 which need be referred to in this sketch is that the University is no longer administered through a department of Government, but by an independent Board of Governors appointed by the Lieutenant-Governor in Council. Moreover, academic appointments can be made only on the nomination of the President of the University. By these means the University was removed from the suspicion of political and sectarian interference, and a high character in its academic staff assured. Its organization thus combines the organization of the American State Universities into Faculties with the English organization of Colleges in the Faculty of Arts, of which there are four—University College (the State College), Victoria (United Church), Trinity (Anglican) and St. Michael's (Roman Catholic).

(b) Manitoba was in 1907 reconstituted on the lines of the Toronto federation and has now various Faculties and constituent Colleges in the Faculty of Arts, together with affiliated Divinity Colleges.

(c) The University of Western Ontario grew out of an institution under Anglican control with a charter granted in 1878. By amending acts it is now undenominational and is supported by municipal and provincial grants. It has three institutions (two Roman Catholic and one Lutheran) affiliated with it giving a 4-year Arts course, and one Divinity College (Huron-Anglican).

THE PROVINCIAL UNIVERSITIES. It remains to deal in general with the State University, that is, the type of university supported and controlled by the State. The oldest of these is the University of New Brunswick, chartered as King's College, Fredericton, in 1828, under the control of the Church of England. It received its present name in 1859, when it was secularized and put under the direct control of the Department of Education of the Government of the Province, and, at the same time, given very modest financial support. The form of State University developed in Ontario has already been described. The four Western Universities are, however, those which have carried to its completion the State University idea. This idea is that the State must provide and support university education for all its people, irrespective of the part which may be played by private interests, whether ecclesiastical or otherwise. The idea carries the corollary of State control. It is a natural extension of the idea of free schools, which were established in Nova Scotia in 1864 and in Ontario in 1871, and carries to its logical conclusion the doctrine of democratic government, that all its citizens must be educated. Closely associated with the idea of the State University is the conception that the University must return service to the State. The governments expect to call for and to receive guidance and expert advice from the academic staff of the University, and look to them for the study and investigation of the natural resources of their Provinces. The Universities also carry the knowledge so acquired to every portion of the Province through a highly organized form of Extension service. In the four Western Provinces, Manitoba, Saskatchewan, Alberta and British Columbia, the respective governments have carried this idea to its logical conclusion by confining to the State University the power of conferring degrees. The constitutions of these four Universities are modelled so largely upon that of Toronto that it is unnecessary to refer to them in detail. Manitoba University is very like Toronto in that it has constituent Arts Colleges, as well as affiliated Divinity and Junior Colleges; the same thing is taking place in the other three. Notwithstanding the youth of these Universities (Alberta opened in 1908, Saskatchewan in 1909, Manitoba in practically its present form in 1907, and British Columbia in 1915), they have all grown to be strong, vigorous institutions serving well their constituencies.

There is no degree-granting educational institution in Newfoundland, but a Junior College has been organized at St. John's for the first two years of the work for the Arts degree.

ADMISSION TO UNIVERSITIES. Students may qualify for entrance to Canadian Universities by writing and passing examinations conducted either by the individual Universities or by the Provincial Departments of Education, provided that the subjects offered are those the Universities

require and the marks are high enough. Generally speaking, there are two examinations in each Province, known respectively as Junior Matriculation and Senior Matriculation. The latter represents an additional year of school work and is recognized under appropriate circumstances by the majority of Universities as the equivalent of the first year of a four-year course towards a Bachelor's Degree in Arts or in Science. Some Universities, however, including Toronto, Alberta and Queen's, require Senior Matriculation for admission into Arts or Science and then offer a three-year course leading to a Pass Degree, and a four-year course leading to an Honours Degree.

For Engineering the usual requirement is Senior Matriculation with strength in Mathematics, Physics and Chemistry.

The Medical Course usually occupies seven years from Junior Matriculation or six years from Senior Matriculation. The first three years of the seven-year course are spent in Arts or Science where the pre-medical sciences, Physics, Chemistry and Biology, are taken. After this the Medical Course occupies four years and is followed by a compulsory intern year in a recognized hospital.

The course in Law occupies three years, but at least two years of university work are required for admission to legal studies.

ARTS COURSE. Speaking very generally, one can say that about one-half of the course for the degree of B.A. is prescribed and the other half elective; but these elective subjects are commonly to be distributed among certain broad groups of allied subjects in a specified way, varying with the individual Univs. The prescribed work includes English, History, one or two foreign languages, Philosophy, Mathematics and Science.

A feature of Canadian Univs. which distinguishes them from the typical Univs. of the United States is the provision made for the ambitious student and the student who wishes to specialize during his course for the Bachelor degree. This is accomplished by the provision of the system of Honour courses. In this system a student who shows the necessary aptitude is permitted to take special classes, which in some instances are in extension of the regular classes, and in other cases are restricted to Honour students. In some Univs. the Honour classes are confined to the third and fourth years of the course; in others, as in the case of Toronto, they are given in all four years. In general, also, the number of prescribed classes is reduced, so that the student not only goes more deeply into each subject, but specializes to a greater extent than the Pass man is allowed to do. On the completion of an Honour course the student receives a degree with Honours. No small measure of the academic success of Canadian students in postgraduate work in home and foreign Univs. is to be attributed to this system.

By a proper combination of studies a student can, in most Universities, complete a combined course for the degree in Arts or Science and that in a professional faculty in a year less than the sum of the years required for each.

LENGTH OF SESSION. The Canadian Univs. open about the end of September and close in May or early in June. The average length of

the session is 32½ weeks for all faculties, except those of Medicine and Dentistry, which are about 6 weeks longer. Of the 32½ weeks, 26 are given up to actual lecturing, and the remainder to vacations, examinations and closing exercises.

The Universities of English-speaking Canada are co-educational. Most of them have residences for women, often finely equipped. Residential accommodation for men is less adequate, but is being gradually provided. The existence of fraternities has possibly delayed this provision.

Social and athletic activities flourish reasonably. Hart House, the generous gift of the Massey Foundation to the University of Toronto, provides a beautiful home for such activities for men. The physical health of students is supervised and a measure of athletic exercise is recommended or in some institutions is compulsory. The extreme devotion to games, in which some American Universities indulge, is not found in Canada. The Canadian student as a rule has no superfluity of money: he must make the most of his opportunities and must work diligently. His academic work must dominate his sport and social life.

NOVA SCOTIA TECHNICAL COLLEGE, HALIFAX. This institution represents the principal direct effort of the Province in education of University grade. It is supported entirely from provincial revenues. Through a co-operative agreement, a uniform Engineering course covering the work of the first, second and third years is carried out in the Univs. of Acadia, Dalhousie, King's, Mount Allison, St. Francis Xavier, St. Mary's College, and Memorial Univ. Coll., Newfoundland. On successful completion of this course, the student proceeds to the Technical College without examn. for the professional work of the last two years of the 5 yr. course. Here the studies are differentiated and the student selects either Civ., Elect., Mech., Mining, or Chem. and Metallurgical Engineering. The degree given is that of B.E. A dept. of graduate studies offers courses of graduate work in co-operation with industries and government laboratories. The Coll. is equipped for teaching the engineering courses, commercial testing of industrial materials and natural resources, and for scientific research. Tuition fees: \$150 p.a. Twenty county scholarships equivalent to 1 yr.'s tuition are available for Nova Scotians. The buildings and equipment represent a provincial investment of about \$600,000.

In other Canadian Provinces the work of such an institution is carried on by a Faculty of Engineering or Applied Science in connexion with the Universities.

THE CARNEGIE FOUNDATION FOR THE ADVANCEMENT OF TEACHING, 522 Fifth Avenue, New York City. The object of the Foundation, which was established in 1905 with resources which now amount to more than 15 million dollars, is to provide retiring allowances and pensions, and, "in general, to do and perform all things necessary to encourage, uphold, and dignify the profession of the teacher and the cause of higher education." It operates both in the U.S.A. and in Canada. The list of those eligible to receive retiring allowances and pensions from the Foundation includes the following classes of persons: (1) A person in an institution on a specified list who (a) is 65 years of age and has served not less than 15 years as professor, or not less than 25 years as instructor or as prof. and instr., or (b) has served 25 years as prof. or 30 years as instr. or as prof. and instr., and who is shown by medical examn. to be entirely unfitted by disability for continuing the work of teacher; (2) a widow who has for

10 years been the wife, married before retirement, of any teacher of class (a) or (b). The direction of the Foundation is entrusted to a board of 25 trustees, mostly university and college presidents.

The list of institutions enjoying privileges under the rules of the Foundation includes ALBERTA, BRITISH COLUMBIA, DALHOUSIE, MCGILL, MANITOBA, QUEEN'S, SASKATCHEWAN, and TORONTO. Up to June 1947, 4338 allowances and pensions had been granted, including 234 in Canada and 5 in Newfoundland. Total expenditure for allowances and pensions had exceeded \$51,975,000.

In addition to its work in connexion with the payment of pensions the Board of Trustees has undertaken the issue of various publications and their free distribution. Among these are bulletins on Medical Education in Europe, Education in the Maritime Provinces of Canada, Games and Sports in British Schools and Universities, and the Quality of the Educational Process in the United States and Europe.

NATIONAL CONFERENCE OF CANADIAN UNIVERSITIES. President for 1947-1948—President N. A. M. Mackenzie, C.M.G., LL.D., F.R.S.C., of the University of British Columbia.

The nineteenth meeting of the Conference was held at the University of Toronto on June 9th-11th, 1942. The twentieth meeting was held at McMaster University, Hamilton, Ontario, on June 12th-14th, 1944. The twenty-first meeting was held at Laval University, Quebec, on June 14th-16th, 1945. The twenty-second meeting was held at the University of Toronto on May 27th-29th, 1946. The twenty-third meeting was held at McGill University, Montreal, on May 22nd-24th, 1947.

Throughout the period of the War the Conference was frequently consulted by the Federal Government on matters affecting higher education. In the Department of Labour a University Advisory Board was set up on which the Conference was represented, and no decision was taken by the Government with regard to Military Training in the Universities or with regard to the calling up for Military Service of University undergraduates without the knowledge and approval of the Advisory Board.

The reports of the meetings of the Conference may be obtained from the Secretary-Treasurer, c/o The Registrar, McGill University, Montreal, P.Q.

GENERAL INFORMATION

Founded in 1838 by the N.S. Baptist Educational Society, Acadia College was incorporated in 1840 by Act of the N.S. Legislature, with the powers of a

University and the name changed to Acadia University by an Act of Legislature in 1891. Endowment, \$1,200,000, Physical Plant, \$2,106,041.28. The Board of Governors is appointed by the Baptist Convention of the Maritime Provinces, but the students are subject to no religious tests.

LIBRARY: 87,000 vols. **MUSEUMS:** Biol., Ethnol., Geol., Hist. **LABORATORIES:** Biol., Chem., Geol., Physics, Engineering, Household Economics. **OBSERVATORY:** Meteor. and Astron.

DEPARTMENTS. Arts and Sciences, Theology, Applied Science, Household Economics, Music, Education.

DEGREE COURSES. 4 yrs.—B.A., B.Th., B.Sc., B.Sc. (Hd. Ec.), B.Mus.; 1 yr. (graduate study)—M.A., M.Sc., M.Mus.; 3 yrs. (graduate study)—B.D. The Diploma Engineering courses entitle students to enter the Nova Scotia Tech. Coll. without examination, v. p. 492. They also enable students to enter the 3rd year classes of McGill Univ. Diploma courses in Household Science, Music, Engineering, Secretarial Science and Junior Arts, and Pre-Medical, Pre-Dental and Pre-Law courses, are also provided.

FEES for tuition, annual: \$205-\$265. Board provided at \$11.00 per week, including room. Annual inclusive cost about \$560-\$625.

RESIDENCE. College hostels provide accommodation for 450 men and 250 women; University Dining Halls; capacity, 1000.

SUMMER SCHOOL. Organized in 1933 to provide courses of study for teachers of the province wishing to qualify for Master's degree, which is a necessary qualification for academic licence issued by Dept. of Education of Nova Scotia. Four summer sessions are required as equivalent of one full academic year. All the work for Master's degree must be carried out in one dept. Classes are also offered in undergraduate work and to a limited extent in elementary foreign languages and elementary maths.

EXTRA-MURAL WORK. Some courses by correspondence study method, not to exceed the full equivalent of one year's work.

PUBLICATIONS. *Bulletin*, 25 cents p.a.; *Calendar* (July); *Students' Year Book* (May); *Athenæum* (weekly, Oct. to May).

THE YEAR 1946-47

BENEFACTIONS. \$90,223.94.

NEW BUILDINGS. The War Memorial Residence, costing \$300,000, has been completed and is already in use. Five buildings, purchased from the Department of National Defence, have been moved a distance of 8 miles and are being erected for temporary use at the Univ.

SUMMER SCHOOL. 11 graduate and 151 undergraduate students. Degrees awarded: M.A., 2; M.Sc., 1; B.A., 8; B.Sc., 3; Certificates in Engineering, 3; Secretarial, 1.

RESIGNATIONS. Dr. L. P. Geldart, to continue studies in Geophysics.

AFFILIATED INSTITUTIONS

MOUNT ROYAL COLLEGE, Junior College, Calgary. Principal—Rev. J. H. Garden, B.A., B.D.

ST. STEPHEN'S COLLEGE, Theological College of the United Church of Canada, is situated on the University Campus. Principal—E. J. Thompson, M.A., B.D., Ph.D.

ST. AIDAN'S COLLEGE (Anglican)—affiliated 1919.

ST. JOSEPH'S CATHOLIC COLLEGE (Arts). Rector, Brother Prudent, F.S.C., B.A., B.Paed. Affiliated to the Univ. in May 1926 as an Arts Coll. working under the authority of the Senate; occupies a site on the Univ. Campus.

THE PROVINCIAL INSTITUTE OF TECHNOLOGY AND ART, Calgary, operates directly under the authority of the Dept. of Education. Affiliated May 13, 1926. Principal—J. Fowler, B.A., B.Sc.

GENERAL INFORMATION

The University was created in 1906 by an Act of the first session of the first legislature of the Province. On January 1908 Dr. Henry Marshall Tory entered on his duties as president. The Senate supervised all phases of the institution's activities until 1910. At that time a Board of Governors was constituted and was given charge of the Univ.'s business affairs. This form of government remained substantially unaltered until 1942, when a new Act reduced the size of the Senate and transferred most of its academic functions to the General Faculty Council.

The Provincial Legislature has established a close relationship between the Univ. and the professions by giving the General Faculty Council jurisdiction over the educational standards of Agrolgists, Architects, Chartered Accountants, Dentists, Engineers, Land Surveyors, Lawyers, Music Teachers, Pharmacists, Physicians and Surgeons, Registered Nurses, Optometrists and Veterinary Surgeons.

The University of Alberta, whose property covers 949 acres (Campus, 225 acres; Farm, 724 acres), is situated in the city of Edmonton, the capital of the Province of Alberta. Its grounds border the wooded southern bank of the North Saskatchewan river. To the original residence buildings, Athabaska

Hall (1911), Assiniboia Hall (1912) and Pembina Hall (1914), were added the Arts Buildings (1915), the Engineering Laboratories (1919) and the Medical Building (1921). In 1922 the nearby Strathcona Hospital was acquired and became the University Hospital, an important factor in the training of medical students. Following the great increase of the numbers of students at the end of World War I came the extension of the West and East wings of the Medical Building in 1946 and 1947 and the commencement of the Rutherford Library. The Faculty Apartment Houses, built to accommodate some of the married members of the rapidly growing faculty, were opened in 1947.

LIBRARY, 106,000 vols.

LABORATORIES for all scientific courses; museum; herbarium; farm; agricultural experimental plots.

RESEARCH LABORATORIES for the study of (1) coal; (2) petroleum products; (3) field crops; (4) soils; (5) strength of materials.

The provincial laboratory of public health and the industrial laboratory are also situated on the campus.

GENERAL INFORMATION

The College, founded in 1843, was in 1853 by Royal Charter constituted University with power to confer degrees. It is administered by a Corporation consisting of the Anglican Bishops of the Province and Trustees and Council appointed by them jointly on the recommendation of a nominating Committee composed of the Chancellor, the Vice-Chancellor, and the President and Vice-President of the Corporation.

The College provides Ordinary and Honours courses for the degrees of B.A. and B.Sc. in Arts, covering 3 yrs., and a 3 yrs.' course for the L.S.T. Divinity is a compulsory subject in each of the years of the Ordinary course. Clergymen of the Dioceses of Canada may proceed to the B.A. by examns. without residence if of 6 yrs.' standing, and on a reduced period (1 or 2 yrs.) if of 4 or 2 yrs.' standing. The M.A. is open to B.A.s of the Univ. or of other Univs. after a 1 yr. postgraduate course.

The University conducts a Summer School for Teachers which lasts for 6 weeks.

FEES. For tuition, \$200 p.a. for an Arts student; \$150 p.a. for a Divinity student; board and furnished lodging with heating and lighting, \$360 p.a.

UNION COLLEGE OF BRITISH COLUMBIA, Vancouver (United Church of Canada)—Principal, Rev. J. G. Brown, M.A., D.D.; and THE ANGLICAN THEOLOGICAL COLLEGE OF BRITISH COLUMBIA, Vancouver—Principal, Rev. K. E. Taylor, O.B.E., M.A. Ox., B.D. Western Both Colls. were affiliated in 1922.

GENERAL INFORMATION

The University of British Columbia was incorporated by an Act of 1908. For early history, see *Yearbook* for 1929. The University site consists of 548 acres on the headland of Point Grey, 300 feet above the sea. Here a group of buildings constructed at a cost of nearly \$2,000,000 was opened in Oct. 1925.

The Board of Governors consists of the Chancellor, elected by Convocation, President, and 9 persons—3 elected by the Senate and 6 appointed by the Lieut.-Govr. in Council. The Senate consists of the Chancellor, President (as Chairman), Deans, and 2 Profs. of each Faculty, 3 nominees of the Lieut.-Govr. in Council, principals of normal schools, one member elected by high school principals and assts., one by each affiliated Coll. in the Province, 15 by Convocation, one by the B.C. Teachers' Federation.

The Univ. is an integral part of the public educational system of the Province, and its function is to complete the work begun in the public and high schools. It is the policy of the Univ. to promote education in general and, in particular, to serve its constituency through three channels—teaching, research, and extension work. It furnishes instruction in the various branches of a liberal education, and in those technical departments which are most directly related to the life and industries of the Province. The people of the Province are informed of the results of special work by the staff of the Univ. through the Department of University Extension.

The LIBRARY has 170,000 vols. and about 25,000 pamphlets, and regularly receives 900 periodicals. It is one of the three Canadian Depositories of the Library of Congress Catalogue, and possesses a Carnegie Corporation Music Set. LABORATORIES available for all courses. A Forest Products Lab. was established in 1918 by the Forestry branch of the Dept. of the Interior as a permanent branch of the F.P. Labs. of Canada. HERBARIUM, 16,000 sheets native flora, 200 water-colours B.C. Fungi. BOTANICAL GARDENS, Arboretum and Economic Section 5 acres.

FACULTIES Arts and Science (including Commerce), Applied Science (Civil, Elect., Mech., Forest, Geological, Metallurgical, Mining and Chemical Engineering, Chemistry, Nursing and Health), Agriculture (including Dairying and Horticulture), Law.

MATRICULATION examns., Junior and Senior, are arranged by the High School and Univ. Matricn. Board of the Province, consisting of members appointed by the Dept. of Education and by the Univ. Every student is submitted to a physical examn. on entrance to the University.

DEGREE COURSES. B.A., B.H.E., B.P.E., 4 yrs. (3 from Senior Matricn.). B.Com., B.A.Sc. in Applied Science, 5 yrs. (4 from 1st yr. in Arts or Senr. matricn.). B.S.F. (Forestry), 5 yrs. B.S.A., 4 yrs. from Junr. matricn.

GENERAL INFORMATION

Opened in 1789 at Windsor, N.S., the College was established with full University powers by Royal Charter in 1802. In Sept. 1923, the Univ. removed to Halifax and became associated with Dalhousie Univ. (*see* p. 486). The staffs in Arts of the two Univs. are combined in one faculty. The first-year lectures in certain courses are given independently to the students of Dalhousie and of King's; but with this exception students of both institutions follow on equal terms the same courses leading to the same degrees. King's holds in abeyance her degree-conferring power in Arts and Science, but retains complete control of her Divinity School as well as of her present endowments, administration of residences, etc. Under the terms of the agreement between Dalhousie and King's, the College was established in Halifax by means of public and other subscriptions and with the financial aid of the Carnegie Corporation. The new buildings, value \$450,000, were opened for the session 1930-31. The Univ. is governed by a Board consisting of the Bishops of the dioceses of Nova

Scotia and Fredericton and the President of the Univ. *ex officio*, together with 10 members elected by the Alumni Assocn. and 8 elected by each of the diocesan Synods.

AFFILIATED INSTITUTIONS

"Affiliation" or—in the case of an institution outside the provinces of Quebec and Ontario—"agrégation" involves control by the Univ. of programmes and examinations.

ÉCOLES D'INFIRMIÈRES. 15 schools affiliated.

ENSEIGNEMENT SECONDAIRE MODERNE. 2 schools affiliated.

ENSEIGNEMENT CLASSIQUE, 1st degree (*High School*), 18 schools affiliated. 1st and 2nd degrees: for girls, 8 schools affiliated; for boys, 21 affiliated and 1 aggregated.

ÉCOLE DE COMMERCE. 1 school affiliated.

ÉCOLE SUPÉRIEURE DE SCIENCES DOMESTIQUES. 1 school affiliated.

COURS LETTRES-SCIENCES. 12 schools affiliated.

GENERAL INFORMATION

The Univ. was founded by the Seminary of Quebec in 1852 under a Royal Charter. A general supervision of teaching and discipline is exercised by the Archbishop of Quebec as Visitor and Chancellor Apostolic and President of the Conseil Supérieur of Archbishops and Bishops of the Province (except those of the ecclesiastical provinces of Montreal and Rimonski). The Profs. of the Faculties of Theology, Canon Law and Philosophy are nominated by the Visitor, those of other Faculties by the Conseil de l'Université, composed of the Directors of the Seminary of Quebec and 3 Senior Profs. of the Faculties of

Theology, Arts, Law and Medicine, and the Deans of the Faculties of Canon Law, Philosophy, Letters, Sciences, Social Sciences, Agriculture, and Forestry and Surveying.

LIBRARIES: General, 261,000 vols. ; others, 578,300 vols. **MUSEUMS AND DIRECTORS:** Paintings, W. E. Cannon; Ethnology and Religion, G.-E. Demers; Numismatics, J. M. Blanchet; Physics, R. Benoit; Geology and Mineralogy, J. W. Laverdière; Botany, A. Gagnon; Zoology, R. Dolbec; Ornithology, R. Dolbec; Entomology, G. Maheux; General Anatomy, P. Jobin; Pathological Anatomy, L. Berger; Forestry, Z. Rousseau; Conchyliology, G. Maheux; Coins, J. M. Blanchet. **LABORATORIES:** Chem., Phys., Bact., Biol., Physiol., Anat., Pathol., Clinic., Physio-pathol., Biochem., Botan., Mineral., Geolog., Optics, Hygiene.

FACULTIES AND DEANS. Theology (C. O. Garant); Philosophy (Chs. de Konnck); Canon Law (J. A. Bureau); Law (Judge F. Roy); Medicine (C. Vézina); Letters (Canon M. Laliberté); Sciences and Engin. (A. Pouhot); Arts (E. Beaudry); Social Sciences (G. H. Lévesque); Agriculture (F. X. Jean); Forestry and Surveying (A. Bédard).

SCHOOLS. Graduate Studies, Nursing, Education, Music, Commerce, Household Sci., Pharmacy and Social Work.

DEGREES, DIPLOMAS AND TEACHING ACTIVITIES. The Univ. perpetuates the stages by which a Degree was, and still is, reached in the Univ. of Paris. The Baccalauréat ès arts (B.A.) is not the equivalent of any of the English Degrees, but is an official certificate (recognized by the Govt.) that the student has successfully completed his literary and scientific studies, and is entitled to begin his professional studies in law, medicine, or applied sciences, or the Higher studies. It is obtained before he leaves the affiliated Institute, Seminary, or College at which he has studied. Students who reach a certain standard in both letters and sciences obtain the B.A. After the B.A. the student may proceed to the Baccalauréat in Theology (3 yrs.); in Canon Law (1 yr.); in Philosophy (2 yrs.); in Social Sciences (2 yrs.); in Civil Law (3 yrs.); in Music (2 yrs.); in Pharmacy (3 yrs.); in Surveying (3 yrs.); in Agriculture (4 yrs.); in Medicine (2 yrs.); in Commerce (2 yrs.); in Education (1 yr.); in Applied Sciences (4 yrs.); in Household Sciences (2 yrs.). The course for the Licence covers 3 yrs. after the B.A. in Philos. (L.Ph.); 2 yrs. in Letters (L. ès L.); 3 yrs. in Sciences (L.Sc.); 3 yrs. in Law (LL.L.); 4 yrs. in Theol. (L.Th.); 2 yrs. in Music; 3 yrs. in Social Sciences; 2 yrs. in Education; 2 yrs. in Canon Law. To obtain the Doctorate it is necessary to support successfully in public a thesis and propositions as in French Univs. The D. en M. or M.D. is granted after 5 yrs.' study by examn.

The Diploma in Forestry is awarded after 4 yrs.' study in the Faculty of Surveying and Forestry.

The Faculty of Sciences provides a 4 yrs.' course leading to the Baccalauréat in Applied Sciences, or to a Licence and to a Doctorate in Sciences.

The Univ. has granted affiliation to about 70 private schools for boys and girls. At the age of 12 yrs. the children may choose between the primary course, a certificate being granted, after univ. examn., at the end of the fourth year, and the classical course of the first degree (High School, 4 yrs.), with a certificate of matriculation at the end of the fourth year. The main difference between the two courses is the teaching of Latin, and the advanced teaching of mathematics and of history, in the High Schools.

The High School course is given in Schools limited to such course, or in Colleges and "Séminaires," which give, after the High School course, the

teaching usual in Colleges of Arts. In these last institutions Greek is taught for 4 yrs.; philosophy (theory, history, essays) for 2 yrs.; Latin for 6 yrs.

RECOGNITION of the B.A. of Laval is accorded by several European Universities, and by Canadian Universities and most of those of the U.S.A.

FEES for tuition, \$215 to \$315 p.a., with an extra charge for laboratories.

RESIDENCE. Students of Theol. reside at the Grand Seminary. The Maison des Étudiants, 49 St. Joachim St., provides accommodation (rooms only) for about 40 male students, \$12 per month. Other students live with families approved by the Moderator.

EXTRA-MURAL WORK. Summer courses in Theology, Philosophy, French, English, Spanish, Portuguese, Education, and Gregorian Chant.

PUBLICATIONS. *Annuaire général, Special Calendars*, for Graduate School, Theology, Canon Law, Law, Medicine, Education and Guidance, Sciences, Philosophy, Social Sciences, Nursing, Music, Letters, Commerce, Agriculture, Social Work, Surveying and Forestry, and Summer Courses. *La Revue de l'Université, Laval, Le Laval théologique et philosophique, Les Cahiers canoniques de Laval, Le Naturaliste canadien, Le Laval médical, L'Enseignement secondaire au Canada, Ensemble, Les Archives de Folklore, Cahiers de la Faculté des Sciences sociales, Pédagogie, Orientations, Cahiers du Cercle Laennec, Bulletin des Relations industrielles, Le Carabin* (students' paper), publications of the Fac. of Theol., publications of the Fac. of Social Sciences.

THE YEAR 1946-47

BENEFACTIONS. Govt. of Province of Quebec, yearly contribution of \$600,000 for building and maintenance of different schools and for general purposes; \$75,000 for scholps. in all schools. Hon. ATTENDANCE at lectures at the Univ. is indispensable for a degree or diploma, except in Music.

DIPLOMA COURSE IN AGRICULTURE. The Diploma Course in the Faculty of Agriculture consists of two sessions of five months each (November to March inclusive). This course is intended to provide a general education for boys who intend to farm, and equip them with such a technical knowledge of agriculture as will enable them to deal with the problems arising in connexion with their work. The work is so arranged that students may choose subjects that definitely relate to the type of farming in which they are most interested. A third session, leading to an Advanced Diploma, is also available for students of high standing, emphasis being placed upon the problems of rural leadership.

Closely connected with this course is the "Old Country boy" project, under which boys from the British Islands are encouraged to take up this diploma course at Macdonald College so as to fit them for the work of farming, and every effort is made to give them, not only the theoretical education that is needed, but also the practical. Since this plan was put into effect in 1926 about 300 boys, from English public and secondary schools, have been placed on selected farms.

In 1887 Toronto Baptist College and Woodstock College, Woodstock, were united under the name of McMaster University, and their already existing endowments were increased by \$900,000, received under the will of the Hon. Wm. McMaster. The Board of Governors (16) are elected by the Baptist Convention of Ontario and Quebec. There is no religious test for entrance, but the Profs. and Lectrs. must be members of some evangelical church. Moulton College, Toronto (founded in 1888), is represented on the Senate.

LIBRARY, 65,000 vols. **LABORATORIES**: Botany, Chem., Geology, Geography, Physics, Zoology.

DEGREE COURSES. 3 and 4 yrs., B.A., B.Sc.

The B.A. degree is recognized by the Univ. of London.

5 yrs., B.Sc. in Nursing. The course in Nursing has been expanded and reorganized into a School of Nursing. Several hospls. and similar institutions in Hamilton and vicinity are co-operating.

THE YEAR 1946-47

BENEFACTIONS. The Davella Mills Foundation of New York has made a gift of \$500,000 for the Mills Memorial Library to be erected in the near future. The Alumni Association is raising \$300,000 for a Memorial Recreation Centre.

NEW DEPARTMENTS AND POSTS The Royal Botanical Gardens, which controls 1500 acres in the neighbourhood of the Univ., is now affiliated with the Univ. Prof. Radforth of the Dept. of Botany is also Director of the Gardens. A course in Conservation and Recreation Planning has been established, leading to the degree B.A. and the certificate of the Royal Botanical Gardens.

OTHER DEVELOPMENTS. Increased facilities for research work in Physical and Biological Sciences.

EXTENSION WORK. Extension work is carried on by means of evening classes in the Univ. buildings and in other centres in the Niagara Peninsula, also by a six weeks' summer session in the Univ. The courses are followed by Public School teachers who wish to improve their academic rating, or who wish to proceed to the B.A. degree. During the winter of 1946-47, 720 students enrolled for extension classes. 580 of them were in attendance at the Univ., and the remainder in classes at five outside centres, or working extra-murally. During the summer of 1946 there were 290 students in attendance. Eight or ten students graduate each year from the Extension Dept.

ADULT EDUCATION. During 1946-47 non-academic courses were offered in Current Events, Crafts, Public Speaking, Russian, Russian Hist., Salesmanship, Vocational Guidance. Popular lectures are given by the professors under various auspices. The Mountain Sanatorium is connected with the Univ. by wire, and a series of lectures are given each session to the patients there. Concerts and other events are similarly broadcast to the Sanatorium.

VISITS OF TEACHERS FROM OTHER UNIVERSITIES. Prof. Line from Victoria Univ. and Prof. Shaw from Queen's Univ. lectured during the year, taking the Theological subjects handled by Prof. McCracken (resigned 1946).

RETIREMENTS. Prof. Findlay, Hd. of dept. of Maths.; Prof. Dawes, Hd. of Physics dept., nominally retired in 1947, but continues on the staff in view of the delay in securing the services of Prof. Moon; E. J. Bengough retired as Registrar, but retains the position of Secretary of the Senate; Harold E. Bridge becomes Registrar.

RESIGNATIONS. Prof. K. W. Taylor, on leave of absence since 1939, to become Deputy Minister of Finance for Canada; Prof. E. F. Haden, Hd. of dept. of French; Prof. H. Michell, Hd. of the dept. of Polit. Econ.

HONORARY DEGREES, 1947. *D.D.*—Rev. W. E. Hodgson and Rev. Gerald C. Stone, distinguished ministers in Toronto (both alumni); Rev. Clark L. Timpany, an alumnus who has been a missionary in India for forty years. *LL.D.*—H. H. Champ, a distinguished citizen of Hamilton; M. E. Aubrey, of London, England, an official of the British Baptist Union; President J. S. Thomson of the Univ. of Saskatchewan. *D.Sc.*—Prof. David A. Keys of McGill Univ.

STUDENTS. Total: 1138; full-time: 1083; part-time: 55; the total includes 352 women and 25 postgraduates.

DEGREES, 1947. B.D., 8; M.A., 8; B.A., 204; M.Sc., 7; B.Sc., 12.

DIPLOMAS. Theology, 1; Women's Leadership Training, 6; Vocational Guidance, 1.

GENERAL INFORMATION

Established 1877, the Univ. was reconstituted in 1900 and 1917, and again in 1936. For early history, *see Yearbook* for 1929. The Univ. has the sole

power of conferring degrees in Arts, Science, Law, Med., Engin., Pharmacy, Agric., and Archit. in the province. It received in 1898 from the Dominion Govt. a land grant of 150,000 acres.

The buildings of the Junior Division in Arts and Sci. and the Med. buildings are in the city of Winnipeg, which, with adjacent municipalities, has a population of over 300,000. The site of the Senior Division in Arts and Sci., the Fac. of Agric. and Home Economics, the Fac. of Engin. and Archit., the Fac. of Education, the Graduate School of Social Work, and the Graduate School of Nursing, is in the municipality of Fort Garry, 7 miles from the centre of Winnipeg. The Univ. has 20 buildings on this site, including a University residence, the Manitoba Union, which has accommodation for 500 students. There are also on this site the Dominion Rust Research Laboratory, the Dominion Laboratory of Plant Pathology, the Dominion Laboratory of Entomology, and the Provincial Experimental Fur Farm.

UNIV. LIBRARY, 128,600 vols.; 917 periodicals received. There are also 30,250 mounted plates and photographs and 7579 slides in the Dept. of Architecture. The Med. College has a library of 15,034 vols., and receives 278 periodicals. LABORATORIES: Anat., Bact., Bot., Chem., Engin. (Material testing—200,000 lbs., Cement, Elect.), Geol. and Mineral., Path., Physics, Physiol., Zool. MUSEUMS: Anat., Embry., Bot., Geol., Path. HOSPITALS available for clinics: 2 general (1000 beds) and several special, including tuberculosis. FARM (1000 acres).

FACULTIES. (1) An Arts and Science Faculty providing instruction in all subjects of undergraduate courses in Arts (except 6 options and the Latin Philosophy course for French-speaking students of St. Boniface College), Science, Pharmacy and Commerce. (2) Medicine. (3) Engineering, Archit. and Interior Decoration. (4) Agriculture and Home Economics. (5) Education. Other subjects of Arts course are taught in the affiliated Colls. Law is taught in the Manitoba Law School, which is under the direction of trustees jointly appointed by the Univ. and the Law Society of Manitoba. Public Health Nursing and Teaching and Supervision in Schools of Nursing are taught to graduate nurses in the Graduate School of Nursing, directed by the Univ. and financed by the Provincial Department of Health and Public Welfare. Academic and clinical training of social workers is carried on in the Graduate School of Social Work.

MATRICULATION examn. is conducted in June by the Examn. Board of Manitoba, also a limited Matricn. in Sept. Satisfactory completion of Grades IX., X. and XI. of the Matricn. course of the Dept. of Educ. is required. Matricn. subjects for Arts or Sci. courses: English, Maths., Social Studies, 3 units of science (Genl. Sci. and two of Biol., Physics, Chem.), and at least one elective from the following: a second for. lang., a fourth science, Music, Home Econ., Industrial Arts, Comm. work. With a second for. lang. or music—when carried for at least 2 yrs. of High Sch.—only 2 units of science are required (Genl. Sci. and either Physics or Chem.). Matricn. may also be obtained with a third for. lang., the only science requirement being Genl. Sci. Exemption from examination is allowed in the subjects of Grades IX. and X. Matricn. to pupils of the Collegiate Institutes of the province, or of the Preparatory Schools in connexion with the affiliated Colleges, who are recommended for such exemption by their school principals, and also exemption from examn. in the subjects of Grade XI. Matricn. (Arts and Sci.) to recommended pupils of approved schools under certain conditions. Entrance requirements for Medicine are clear standing of two pre-medical years in Arts and Science; for Law, of 2nd year in Arts; for Engineering, standing of one pre-engineering

year in Arts and Science, and for Architecture, one pre-architectural year in Arts and Science. Members of any British or approved Univ. may be admitted *ad eundem statum* or *gradum* without Entrance examn.

DEGREE COURSES. 4 yrs.—B.A., B.Sc., B.Sc. (C.E., M.E., or E.E.), B.Arch., LL.B., B.S.A., B.Sc. (H.Ec.), B.Com.; 5 yrs., following 2 pre-medical yrs.—M.D.; 5 yrs.—B.A. (Hons.), B.Sc. (Hons.), B.Com. (Hons.); 3 yrs. following 1 yr. in Arts and Science—B.Sc. (Phar.). Graduates in Med. of at least 2 yrs.' standing with certain prescribed training and experience may obtain Ch.M. on passing written, oral and practical examn., and presenting a satisfactory thesis. A course involving research and governed by spec. regns. leads to the degree of B.Sc. (Med.), to M.Sc. (Med.), and to Ph.D. M.A., M.Sc., M.Arch., 1 or 2 yrs.' postgraduate course. B.Ed., 2 yrs.' postgraduate course; M.Ed., 1 yr. after B.Ed.

A UNIT SYSTEM has been adopted in the Arts and Science Faculty, the unit being "a body of work to which is assigned for instructional purposes one hour of lecture or other class-room exercise per week or one continuous laboratory period of 2 or 3 hours per week, throughout an entire session, or the equivalent." 40 units of credit in the "Junior Division" (work normally done in first two sessions) and 32 in the Senior General Division (for Honours, 48 in the Senior Honours Division) are required for the degree. Subjects are placed in groups, from each of which selection is made in accordance with definite regulations. For the B.A.—English (1 yr.), a foreign language (2 yrs.), Maths. (1 yr.), and a second yr. of English or a second foreign language are compulsory.

The M.A. may be obtained by candidates possessing the Honours B.A. of Manitoba, or an equivalent degree, by an extra year of full-time study under the direction of a committee of instructors. Candidates for the M.A. possessing the General Course B.A. of Man., or an equivalent degree, must first obtain 16 units of credit in Honours Courses. A thesis is required as well as examn.

The M.Sc. requirements are at least one yr.'s grad. work in one or more of the Sc. depts. of the Univ. (incl. Maths.) or in the dept. of Civil Engin. or that of Elect. Engin., or in the Fac. of Agric. and Home Econ., an examn. and a thesis. Candidates for the M.Sc. possessing the General Course B.Sc. of Man., or an equivalent degree, must first obtain 16 units of credit in Honours Courses. While taking the LL.B. course a student may simultaneously obtain the Law Society's qualification for practice. The LL.D. is honorary.

In the B.Sc. Engin. courses a thesis is required in the 4th yr. A summer thesis may be presented for credit by students entering the 2nd, 3rd or 4th yr.

Two yrs.' service in an Architect's office following graduation (B.Arch.) will qualify for licence to practise.

DIPLOMAS. Agriculture (2 yrs.); Interior Decoration (3 yrs.); Dairying (3 mos.); Education (1 yr. postgrad.); School of Nursing (1 yr.); School of Social Work (1 yr.).

QUEEN'S THEOLOGICAL COLLEGE. Principal and Prof. of Hebrew and Old Test. Criticism and Exegesis, Rev. H. A. Kent, M.A., D.D. 3 other Profs.

GENERAL INFORMATION

Queen's College, Kingston, was founded by Royal Charter in 1841. For early history, see *Yearbook* for 1929.

The administration is vested in a Board of Trustees, composed of Chancellor, Principal, and Rector, representatives of the Council, Theological College, the Graduates and Benefactors, and 12 members selected by the Board.

LIBRARY (The Douglas Library). 210, 250 catalogued vols., including many scarce books and early editions, especially of Canadian historical interest. The Reading Room has over 4000 vols. on open shelves and 700 periodicals. The Lorne Pierce collection of modern Canadiana and the Shortt-Haydon collection of pictures and portraits of Canadian interest are probably unexcelled. **MUSEUMS**: Herbarium (35,000 spec.), Geol., Mineral., Ethnol. (rich N. American Stone Age collection). **LABORATORIES**, including important School of Mines buildings: Biol., Chem., Geol., Physics, Engin., Mining, Mechan., Metall., Mineral. **OBSERVATORY** with 6" telescope. **HOSPALS.** available for clinics, 2 general, 1 for insane. Easy access to important locomotive shops, dry docks, canal locks, water-power stations, mines, metallurgical works. Exceptional natural facilities for Geol. study.

FACULTIES AND DEANS. Arts, Prof. W. A. Mackintosh (Pol. and Econ. Sci.); Applied Science, Prof. D. S. Ellis (Civil Engin.); Medicine, Prof. G. S. Melvin (Physiol.). The Senate includes representatives of the Theological College and the Faculties of Arts, Applied Science and Medicine also.

DEGREE COURSES. 3 yrs. from Senior Matriculation, Pass B.A., B.Com.; 4 yrs. from Senior Matriculation, B.A. with Honours, B.Sc. (in Engin.—Civ., Mech., Elec., Min., and Metall., Chem. and Metall.—Analyt. and Applied Chem., Mineral. and Geol. or Physics); 5 yrs. from Senior Matriculation, B.N.Sc.; 6 yrs. from Senior Matriculation, M.D., C.M.; 4 yrs. from Senior Matriculation, Pass B.A. and B.P.H.E.

HIGHER DEGREES. M.A. (1 yr.); M.Sc. (1 yr.); D.Sc. (2 yrs. after M.D.); Ph.D. (3 yrs.); B.D. (3 yrs.' course or its equivalent); Honorary: LL.D., D.D.

DIPLOMAS. Public Health (D.P.H.), 2 yrs.; Medical Radiology (D.M.R.), 4 yrs., including training in recognized Radiol. Dept.; Diploma in Laboratory Technique, 12 mos.; Testamur in Theology, 3 yrs.

Fees per annum (Class, Examn. and Student interests) in Arts, \$173; Science, \$255; Medicine, \$245; Physical and Health Education, \$223.

SCHOLARSHIPS AND FELLOWSHIPS. There are a large number of entrance scholarships varying in value from \$20 to \$900 p.a. and open to students entering all Faculties. *The Duncan McArthur Memorial Scholarship*, \$500, is awarded for graduate work in History either at Queen's Univ. or elsewhere. *The Sir James Aikins Fellowship in Canadian History*, \$400, and the *Western*

Ontario Graduates Fellowship in History, \$320, are open to distinguished graduates proceeding to further work in this subject. Two resident Arts research fellowships of \$500 and one of \$300 are open to men and women who have taken the Hon. B.A. degree at Queen's or an equivalent degree elsewhere. *The George Christian Hoffman Fellowships*, (i.) for pathological research, \$800, (ii.) for further study in surgery, \$600, awarded for study in some institution or university in Europe or the United States approved by the Senate. *The C.I.L. Fellowship in Chemistry and Chemical Engineering*, \$750, is open to graduates of Queen's or other Univs. who wish to do research in Chemistry or Chem. Engin. *The Shell Oil Fellowship*, \$750, is for graduate work in Chemistry, Chem. Engin., Mech. Engin., Geol., Physics, Geophysics. *The Orvil Dryfoos Fellowship* of \$750 and *the George Barber Fellowship* of \$750, given by the Spruce Falls Power and Paper Co., are awarded for graduate work in Chemistry, Chem., Mech., Elect., or Civil Engin. Applicants must be Canadian citizens. *The Cominco Fellowship* of \$750, founded by the Consolidated Mining and Smelting Co. of Canada, Ltd. The holder of this fellowship shall carry on an investigation related to the general field of non-ferrous metals, chemicals, or fertilizers in which the Consolidated Mining and Smelting Co. of Canada, Ltd., is interested. Applicants must be graduates in Sci. or Engin. of a recognized Univ. and preferably British subjects resident in Canada. *The Inco Scholp* of \$500, established by the International Nickel Co. of Canada for graduate work in Chemistry, Chem. Engin., Mining, Metallurgy, Geol and Mineral. Postgraduate Scholp. in Chem. Engin. of the value of \$300 awarded to a student at the end of the fourth year of the Chem. Engin. course on the basis of ability, academic record, character and personal qualifications. *The George MacBeth Milligan Fellowship in Philosophy*, \$400, is awarded for research work in Philos. or Psychol. This fellowship is open to graduates of Queen's or elsewhere. There are two fellowships in Chem. open to graduates of Univs.

RESIDENCE with rooms for 166 women students and refectory accommodation for 315. Board and lodging in the women's residence for 1946-47 is from \$310 to \$360 for the full session. The Students' Union provides meals for men at \$7.50 to \$8.50 a week and accommodates about 1000. A temporary cafeteria in the basement of Grant Hall serving lunch and dinner accommodates about 510.

HOUSING BUREAU. Under normal conditions, most of the students attending Queen's Univ. find housing accommodation in private homes throughout the City of Kingston. The Univ. has no men's dormitories, but has a women's residence with 5 annexes, which house 166 women students.

The post-War increase in registration—from approximately 1800 to 3000, mostly veterans, both men, many of them married, and women—necessitated drastic measures to obtain the required accommodation.

A housing office, with a full-time secretary in charge, was established. Through the efforts of this office, the private-home accommodation was greatly increased. Extra temporary dormitory or community accommodation was arranged for 104 single women, and for 150 single men. Temporary apartments were either constructed or otherwise arranged for 75 married students with or without children.

UNIVERSITY EXTENSION. (Director: Harry K. Hutton, M.A., B.Pæd.) Correspondence courses for teachers and others unable to pursue full degree courses in Arts. Candidates for degrees must be in attendance at the Univ. for five Summer Schools (six weeks in July and August), or two winter sessions, or one winter session and three Summer Schools. (Director: H. L. Tracy, B.A., Ph.D.) The final written exams. are the regular Univ. exams. Extension

sion tutorial classes supplementing the work by correspondence are conducted by members of the Univ. staff and others in various centres. Other activities organized or assisted by the Dept. are : a series of public lectures at the Univ. ; a concert series ; film service in co-operation with the National Film Board of Canada ; short courses and conferences which vary in nature from vocational to cultural ; individual lectures by members of staff ; material provided for study groups and drama groups ; courses in public administration for municipal officials.

Institut d'Études Anglaises is held each summer for a period of five weeks and is intended particularly for French-speaking Canadians who wish to learn English.

The School of the Fine Arts, including instruction in art, ballet, drama, speech arts, and music, is held each summer for a six weeks' period.

The Summer Radio Institute, giving instruction in workshop practice, including training in the arts of speech, writing, and production for radio broadcasting, is held each summer.

Banking Courses leading to diplomas of Associate or Fellow of the Canadian Banking Association. Tuition by correspondence to members of Canadian Banks.

By agreement with the Ontario Institute of Chartered Accountants, Toronto, the tuition for their course, leading to the Chartered Accountant's certificate, is given by the University.

GENERAL INFORMATION

Full University powers were conferred upon St. Francis Xavier in 1866. A new Charter was granted in 1909. The University is under the direction of the Catholic Church, but there are no religious tests for entrance or for degrees. Permanent buildings were begun in 1880. In 1919 Dr. Neil MacNeil of Dorchester, Mass., in addition to many previous large benefactions, transferred the whole of his estate to the Univ., and it is anticipated that ultimately over \$500,000 will be realized from it.

In 1894 Mount Saint Bernard College for Women, founded in 1883, was affiliated with the University.

SCHOLARSHIPS, ETC. Knights of Columbus scholarships, 10 to 12 annually, \$200 each; several Rev. R. McInnis scholarships of \$200 and under each; 4 French scholarships annually, \$200 each; also various other scholarships, bursaries, and prizes.

LIBRARY, 52,000 vols. **LABORATORIES**: Biol., Chem., Geol., Phys., Engin.

COURSES. 4 yrs., B.A., B.Sc., B.Sc. Home Econ.; 5 yrs., B.Sc. Nursing; 3 yrs., Engineering; 1 yr. postgraduate Teacher-training course.

The B.A. degree is recognized as equivalent to the French *Bachelier ès Lettres*.

By an agreement with the Nova Scotia Technical College the Univ. confines its work in Engineering to the first 3 yrs. of the 5 yrs.' course. Students who successfully complete the Univ. course may proceed without examination to the Technical College for the professional work of the last 2 yrs. A similar concession is granted to engineering students by other technical colleges in Canada and in the United States, and at McGill Univ. they are admitted to the 3rd yr. of the Faculty of Applied Science.

PHYSICAL TRAINING. Gymnasium, skating rink, stadium.

PUBLICATIONS. *Calendar* (July); *Xavierian*, weekly; *Alumni News*, three times yearly.

THE YEAR 1946-47

BENEFACTIONS. \$17,000.

NEW BUILDINGS. Cameron Hall, housing 200 students, is divided into four independent sections which have been named respectively, MacDonald, Thompson, Tompkins, and MacPherson. It is Georgian Colonial type architecture, constructed of sandstone obtained from local quarries. The fire-proof building is four floors in height, each floor of each section providing

accommodation for 14 students. Engineering Building.—This one-storey building, equipped with the most modern facilities, houses the classrooms and laboratories of the Engineering Dept. The Draughting room can accommodate at one time 85 students at drawing tables. Instruction is given through a public address system. Facilities are also provided for broadcasting radio programmes by remote control through the University's own radio station CJFX. Apartment Building for married war veteran students.—This enterprise was undertaken to enable 18 married veterans to bring their wives and children to the University town which has been taxed to capacity by the large increase in enrolment in the post-War years.

STUDENTS. Registration for year, 822, including 110 women and 31 graduates. Several thousand men and women, members of various study clubs and co-operatives under direction of Extension Department, received instruction by lectures, mimeographed material, and pamphlets.

DEGREES. B.A , 35 ; B.Sc., 66.

ONTARIO COLLEGE OF ART.—Principal—F. S. Haines.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO.

GENERAL INFORMATION

An appropriation of 500,000 acres of land for the support of 4 grammar schools and a Univ. in Upper Canada was made in 1798, and a Royal Charter was granted in 1827 for a "King's College" with the privileges of a Univ., but it was not until 1843 that the College was inaugurated. For early history, see *Yearbook*, 1929.

LIBRARY, 463,224 vols. and 157,377 pamphlets. The (Science) Library of the Roy. Can. Inst. is housed in the same building. The Library has also acquired by gift the papers of the Hon. Edward Blake, who was Chancellor of the Univ. from 1881 to 1900. These papers have for some years been placed in the Library for safe keeping by Prof. George M. Wrong, Edward Blake's literary executor; but they have now been turned over to the Library, and will be made available to students. Together with the papers of Colonel and Mrs. John Graves Simcoe, which were presented to the Library last year by Mr. R. S. McLaughlin, and the papers of William Lyon Mackenzie and Charles Lindsey, and those of Sir Edmund Walker, which have been placed in the Library for safe keeping, the Univ. has now with these papers the beginnings of an archives dept.

MUSEUMS. The Royal Ontario Museum—Archæology (including the Chinese Collection, which illustrates the entire range of Chinese art and archæology; an extensive Chinese library provides access to the literature of China for the study of these subjects); Geology and Mineralogy (including exhibits of Canadian metals from the gold and silver mines, gems and ornamental stones, marbles, radium, and exhibits of Canadian minerals); Palæontology (including many specimens of dinosaurs from Alberta, and thirty murals depicting the development of the earth through the various geological periods) Zoology (including exhibits of Canadian animals).

LABORATORIES: in all the Science depts. **BANTING INSTITUTE** with depts. of Path., Bact., Neuro-pathol., Med., Surg., Patholog. Chem. for teaching, clinical investigation and research work. **CONNAUGHT MEDICAL RESEARCH LABORATORIES** provide facilities for research in preventive medicine and in related fields and for production of and supply of sera, vaccines, hormones and other biological preparations that are difficult or costly to produce. Farm of over 70 acres. **DAVID DUNLAP OBSERVATORY**, Richmond Hill, contains a 74-in. reflecting telescope which may be used either as a Cassegrain or a Newtonian, the largest in the British Empire and second largest in the world. **HOSPITALS** available for Clinics: Toronto (General), 1165 beds; Children's, 432; St. Michael's (Roman Catholic), 628; Western (General), 600; Psychiatric, 64; Isolation, 300.

FACULTIES. Arts, Medicine, Applied Science and Engineering, Household Sci., Education (Ontario Coll. of Educn.), Forestry, Music, Dentistry. **SCHOOLS:** Graduate Studies, Law, Physical and Health Educn., Social Work, Nursing, Hygiene, Chinese Studies. **INSTITUTES:** Child Study, Industrial Relations; Department of University Extension.

SECRETARIES OF FACULTIES AND SCHOOLS. (Arts) A. B. Fennell, M.C., M.A.; (Med.) Dean J. A. MacFarlane, O.B.E., B.A., M.B., F.R.C.S.; (Applied Sci. and Engin.) W. S. UNIVERSITY MATRICULATION BOARD. A Board created by the Univs. of Toronto, Queen's, McMaster, W. Ont., and Ottawa conducts and controls their annual Matricn. exams. The Dept. of Educn. of Ontario provides the machinery for holding these exams., and the Registrar of the Dept. is Secy. of the Board. A report signed by all members of the staff of the school concerned as to the standing of their candidates is considered in determining the results of the examn.

For admission to the University the requirements are (a) the Secondary School Graduation Diploma in the General Course covering English, History, and four optional subjects, and (b) Grade XIII certificate covering English and four optional subjects. The Secondary School Graduation Diploma is usually taken at the end of a 4-yr. Secondary School course and the Grade XIII certificate at the end of the fifth year of this course. The optional subjects of Grade XIII vary according to the course or Faculty which the student desires to enter. In certain cases foreign students may substitute their native language for a language other than English. Music is accepted as one of the four options in (a) and as one of the three options in (b).

Minimum age for admission to the Faculty of Arts, 16; Med., 17; Appl. Sci., 17; House. Sci., 16; Educn., 19; Forestry, 17; Dentistry, 17.

DEGREE COURSES. 1 yr. after B.A.—B.L.S., B.S.W.; 2 yrs.—Phm.B.; 3 yrs.—Pass B.A., Pass B.H.Sc., Mus.Bac., B.P.H.E.; 4 yrs.—Honour B.A., B.Com., B.A.Sc., B.Sc.(Med.), B.Sc.(Dent.), Honour B.H.Sc., B.Sc.F., B.S.A. and D.V.M.; 5 yrs.—B.Arch., D.D.S., B.Sc.N.; 6 yrs.—M.D. Combined courses: B.A. and M.D.—8 yrs., B.A. and LL.B.—5 yrs.

Students from the British Isles may apply for admission to Medicine or

Applied Sci. on submitting certificates of registration with the General Medical Council of Great Britain or the Institution of Civil Engineers respectively.

The B.Sc. (Med.) may be obtained by Med. students who, after the 4th or subsequent year of Med. study, having maintained therein a prescribed standard of proficiency, spend a year in an approved course of study, and show facility in reading one modern language besides English. Similar regulations govern the B.Sc. (Dent.).

A student who has already graduated in the Faculty of Arts, Med., or Sci. of a Canadian or other recognized Univ. may complete the course in Dentistry in 4 yrs. instead of 5, provided he has covered certain prescribed subjects during his undergrad course; and persons holding qualifications obtained in Great Britain or Ireland registrable by the Dental Board of the United Kingdom or the B.D.S. of approved Australian Univs. may be admitted to the Fac. of Dentistry without further examn., and to the final D.D.S. examns on completing one full session in the Fac. of Dentistry.

Higher Degrees. M.A., obtainable by approved course of graduate study extending over 2 yrs. or, in the case of a B.A. in an Honours course, 1 yr.; Ph.D., open to a graduate in Arts (or, on special conditions, another Faculty) of this or another recognized Univ. by pursuing in the Univ. of Toronto an advanced course of study for 3 yrs., exemption from 1 of which may be given in consideration of the candidate having already pursued such a course for 1 yr. A thesis embodying the result of an original investigation is required.

The M.Com., obtainable by approved course of graduate study extending over 1 to 2 yrs.

M.S. obtainable after 2-yr. course open only to graduates in Med. of a recognized Univ. The D.P.H. course (for Med. graduates) covers 11 mos.—1 winter and 1 summer session; the Diploma courses in Radiology and in Psychiatry (for Med. graduates) each cover 12 mos.

The M.A.Sc. may be obtained by a B.A.Sc. graduate of this Univ. or one who holds an equivalent degree from some other Univ. who pursues a course of advanced study in the Faculty for 1 yr., presents a satisfactory thesis, and passes such examns. as may be prescribed.

The M.Arch. may be obtained by one who holds the degree of B.Arch. or B.A.Sc., or an equivalent degree, under the same conditions as the M.A.Sc. degree.

The professional degrees, C.E., M.E., Mech.E., E.E., Chem.E., Met.E., are open to candidates who, after obtaining the B.A.Sc. or diploma of the Faculty, spend 3 yrs. in the actual practice of one of these branches of engineering, present a satisfactory thesis and pass examns.

The F.E. may similarly be obtained by one who holds the degree of B.Sc.F., and the M.Sc.F. in 2 yrs.

The B.Pæd. is open to candidates holding an approved degree in Arts, Sci., Agric., Engin., or Comm., and a certif. as teacher valid in one of the Provinces of Canada and issued after a regular course in an approved training school or the equivalent of such certif. and course of training. They must attend the Ontario Coll. of Education during two regular Coll. sessions or three summer sessions, with certain exceptions.

The D.Pæd. is open to graduates in Arts, Science, Agric., Engin., or Comm., of any British Univ. who hold the B.Pæd. degree and a teacher's certif. valid in one of the Provinces of Canada and pass prescribed examns. A thesis is also required, and the candidate must have attended one regular session or a summer course.

B.L.S. (Bachelor of Library Science), 1-yr. course open only to Univ. graduates.

B.S.W. (Bachelor of Social Work), 1-yr. course open only to Univ. graduates. M.S.W. (Master of Social Work) is open to grads. who have obtained the B.S.W. degree or its equivalent.

The M.S.A. is open to grads. who have obtained the B.S.A. degree or its equivalent.

The M.Sc. (Dent.) is open to grads. of the Fac. of Dentistry of Univ. of Toronto or those with equivalent standing. It involves at least 2 yrs.' work.

The M.V.Sc. or the D.V.Sc. is open to grads. who have obtained the B.V.Sc. or the D.V.M. degree or its equivalent.

The Mus.Doc. is open to a Mus.Bac. of this or another Univ. of 3 yrs.' standing.

The LL.B. is a 5-yr. course of study taken partly in the Faculty of Arts and partly in the School of Law.

The LL.M. may be obtained by an LL.B. graduate of the Univ. or an approved Univ., of at least 1 yr.'s standing, who passes the prescribed examns. and presents a satisfactory thesis.

The Univ. publishes annually an announcement of *Graduate Courses*. *All communications on the subject must be addressed to the School of Graduate Studies.*

TRAINING OF TEACHERS. Courses are provided for Teachers' certificates of several grades, including the Household Science and the Physical Training Teachers'. The Educn. Dept. of Ontario grants certificates on the completion of the prescribed courses, entitling the holders to teach in the High Schools. All teachers for High Schools and Collegiate Institutes must spend at least 1 yr. in the College of Education.

FEES. Students proceeding to the B.A. and enrolled in one of the Colleges of the Univ. attend lectures of Univ. Profs and Lectrs. in the Fac. of Arts without payment of fees except for library, lab. supplies, examns. and certain other incidentals. The College Fees, which entitle students to attend degree courses in their respective Colleges, are \$180 p.a.; B.Com., \$210 p.a. Medical students pay for tuition, library, lab. supply, hospital and annual examn., 1st and 2nd pre-medical yrs., \$200 p.a., 1st, 2nd, 3rd and 4th medical yrs., \$400 p.a., Applied Sc. and Engin., \$300 p.a.; Household Sci., \$200 p.a.; Library School, \$75 p.a.; Ontario Coll. of Education, \$75 p.a.; Forestry, \$225 p.a.; Music, course A, \$140 p.a., course B, \$210 p.a.; Dentistry, pre-dental yr., \$240 p.a., 1st, 2nd, 3rd, and 4th dental yrs., \$325; Diploma Fees: Certificate courses in the Coll. of Educn., \$50 p.a.; Dip. Slater, M.A. Camb., Ph.D. Col., Prof. of Ch. Hist. and Apologetics; Rev. C. V. McLean, M.A. Tor., Ph.D. Col., B.D. Union, Lectr. in O.T.; Rev. R. R. Latimer, M.A. McM., Lectr. in O.T.

GENERAL INFORMATION

Incorporated by an Act of the Provincial Legislature in 1878 as the "Western University of London, Ontario," in connexion with the Church of England, the Univ. has become, under the provisions of amending Acts of 1908 and 1923, absolutely undenominational in its government, which is under provincial and municipal control. It consists of 3 Instns., the Coll. of Arts (University College), the Medical School, and the School of Nursing.

FACULTIES. Arts (Dean—Prof. H. R. Kingston), Medicine (Dean—J. B. Collip), Nursing (Dean—Prof. Edith M. McDowell).

DEGREE COURSES. 4 or 5 yrs. (from Junr. Matricn.), B.A.; 5 yrs., B.Sc. (in Nursing); 1 or 2 yrs.' graduate work, LL.B., M.A., M.Sc.; 6 yrs., M.D. Attendance on part of the classes (other than Med. and Sci.) may be dispensed with by the Senate, but all students must have attended lectures in the Univ. for at least 2 yrs. before they can graduate.

DIPLOMAS AND CERTIFICATES. Diploma in Business Administration; Diploma in Public Administration; Diploma of Public Health (D.P.H.); Diploma in Music (Pedagogy), 2-yr. course in Music Teachers' Coll.; Diploma in Home Economics, 2-yr. course; Certificate of Public Health Nurse (C.P.H.N.); Certificate of Instructor in Nursing (C.I.N.); courses each 1 yr., for graduates in respective fields.

FEES. Annual: Arts, \$200-\$235; Medicine, \$390; Nursing, \$200.

THE LIBRARIES contain c. 177,000 vols. and several thousand pamphlets. The Barnett collection contains many rarities dealing *inter alia* with Canadian and American history. The Shakespeariana number c. 1500 vols. and several thousand pamphlets.

EXTRA-MURAL WORK. Regularly carried on.

PUBLICATIONS. *Calendar* (May); *Report of Faculty of Public Health* (May); *Medical School Announcement* (May); *Commerce Quarterly*; *Medical Journal*; *Univ. Gazette*, twice a week during term; *Occidentalia* (May).

THE YEAR 1946-47

OUTSTANDING BENEFRACTIONS. Total, \$1,536,289 for medical and other research, maintenance and building funds: Medical Research, \$64,470; Other Research Grants, \$43,435; Annual Maintenance Grants, \$345,884; Carnegie

Corporation for French and English Summer Schools, \$2500; D.V.A., \$140,000; Building Funds (including \$625,000 grant from Province of Ontario), \$940,000.

NEW BUILDINGS. New wing added to Science Building.

NEW DEPARTMENTS. Medical Research, Sub-Departments of Clinical Preventive Medicine and Physical Medicine.

RESIGNATION. Prof. D. O. Robson (Classics), on appt. to Victoria Coll. of the Univ. of Toronto.

RETIREMENTS. President W. S. Fox, Dean K. P. R. Neville, Dean A. J. Slack, Principal P. S. Dobson.

HONORARY DEGREES. *LL.D.*—Dr. W. J. Stevenson, early member of Medical Faculty; Major J. W. Foote, former student; Hon. Ray Lawson, Lt.-Gov. of Ontario, Official Visitor of the Univ.; Hon. George A. Drew, Minister of Education, Premier of the Province; Lt.-Gen. Charles Foulkes, former student. *Litt.D.*—Rev. J. T. Muckle, Institute of Medical Studies, Univ. of Toronto; Dean K. P. R. Neville, University Registrar for forty years, Dean of Arts for twenty years.

STUDENTS. Full-time: 2971, including 55 graduates; part-time: 1717, including 29 graduates; net total: 4112 (excluding duplicates).

DEGREES, DIPLOMAS AND CERTIFICATES. B.D., 3; B.A., 397; M.A., 10; B.Sc., 50; M.Sc., 17; M.D., 34; Diploma in Business Admin., 14; Diploma in Home Economics, 2; Diploma in Music, 11; Certif. of Public Health Nurse, 16; Certif. of Instructor in Nursing, 12.

GENERAL DESCRIPTION

[Revised in 1931 and 1936 by Professor J. T. Wilson, M.A., LL.D., M.B., Ch.M., F.R.S. and further revised in 1939, 1947, and 1948 by the Australian Vice-Chancellors' Committee.]

EACH State of the Commonwealth of Australia possesses a University in its capital city. Geographically they are by no means near neighbours. Those most widely separated—at Brisbane and Perth respectively—are effectively not less than 3000 miles apart; whilst to visit even the nearest sister University involves in each case a journey of some 500 miles.

Nevertheless these Universities form a relatively homogeneous group owing to their general similarity of origin and constitution and to their relationship to the communities which they serve. All of them owe their establishment to Acts of the State Legislatures carried through in response to popular demands. They are not, however, "State Universities" in the American sense, but, like the British Universities generally, are, by statute and Royal Charter, self-governing academic corporations.

Underlying this general uniformity of type there are not a few individual differences and variations. These may be referred to several factors. Differences in dates of foundation (1850-1911) necessarily determine more or less the stage and degree of academic development actually reached; also, the academic ideas current at different foundation periods have undoubtedly impressed themselves on the academic structure and development of both older and younger Universities. Further, another obviously important differentiating factor has been that of inequality of material resources available, both from private endowment and from State subsidy—the latter being naturally dependent in large measure on the extent of the population of the State concerned.

An Act passed in 1946 by the Parliament of the Commonwealth provides for a new Australian National University at Canberra, which when inaugurated will probably differ markedly from the other Universities in some features, notably in the predominance of postgraduate studies. Mention should also be made of two provincial developments—the establishment by the University of Sydney in 1938 of New England University College at Armidale, N.S.W., and the opening by the University of Melbourne in 1947 of its Mildura Branch—each of which may well in the course of time become a separate University which is not situated in a metropolitan city.

RESIDENTIAL COLLEGES. The founders of the first Australian Universities would appear to have been influenced, to some considerable extent, by the conception of a University which is embodied in the ancient residential foundations of Oxford and Cambridge. Doubtless this was due in part to the fact that they were contemplating Universities which were to serve the large, and comparatively thinly populated areas of the several Australian Colonies (long before the date of the federation as States of a Commonwealth). In these early Australian Universities, the general system of University education was on line similar to those of the modern English Universities, and conformed to the official policy of secular education; but provision was made at the outset for residential colleges, which were—as in Oxford and Cambridge—conceived as religious foundations. The circumstances of time and place made it inevitable that such religious foundations should be entrusted to the Churches of the leading Christian denominations: namely: Church of England, Presbyterian, Methodist, and Roman Catholic.

In the case of the first two Universities, those of Sydney (1850) and of Melbourne (1853), substantial areas were set apart, within the land reserved for University purposes, and offered as sites to the four Churches named, for the founding of residential colleges. In due course, the following colleges were so founded, with governing bodies appointed by the several Churches: Sydney—St. Paul's (1854), St. John's (1857), St. Andrew's (1867), Wesley (1910); Melbourne—Trinity (1872), Ormond (1879), Queen's (1888), Newman (1916). Not long after the founding of colleges for women at Oxford and Cambridge, provision for residence of women students was made as follows: Sydney—The Women's College (1890), not a Church foundation, Sancta Sophia (1929) originating (in 1925) as a hall of residence associated with St. John College; Melbourne—University Women's College (1937), again not a Church foundation, preceded by halls of residence, namely, Jane Clarke Hall (1886) and St. Mary's Hall (1916), associated respectively with Trinity and Newman Colleges.

What a "College"—"within the University of Sydney" or "and within the University of Melbourne" (to quote the official descriptions)—should connote, in the circumstances of these Universities and Colleges, was a new and very difficult problem. Because of a variety of exceptional factors, the furthest advance towards a solution of the problem has been made in the Colleges of the University of Melbourne—with a well-established College tutorial system, a large membership of non-resident College students, a liberal system of resident scholarship and non-resident exhibitions, and a considerable measure of organic relationship to the Faculties, and to the governing body, of the University. In the University of Sydney, where circumstances were, at the earlier stages, not so favourable for such a development, the College system has a place of parallel importance—with certain characteristic differences.

In the Universities of all the other States, there are Colleges at different stages of development. In the University of Queensland (founded 1910), where provisions were laid down by statute for residence

of all students (including recognition of the residence of a student in his own home), the following Colleges were founded Emmanuel (1912), St. John's (1912), King's (1912), the Women's College (1914—not a Church foundation), St. Leo's (1917), Duchesne (1936). And, on the new site for this University, at St. Lucia, land is being set apart for these Colleges. In the University of Adelaide, St Mark's College (1925) is an Anglican foundation, as are also St. George's (1931) in the University of Western Australia, and Christ College (1933) in the University of Tasmania.

In order to understand the place which the College system occupies in the Australian Universities, it should be remembered that, while membership of a College implies membership of the University to which the College belongs, membership of the University does not necessarily imply membership of any of its Colleges. College tutorials are, therefore, supplementary to the teaching which the University provides for all its students (whether members of a College or not) and, in consequence, vary considerably from university to university. There is also considerable variation in the scale of College fees.

The Colleges in all the universities are open to all students of good standing, without distinction of religious belief.

THE AUSTRALIAN NATIONAL UNIVERSITY, CANBERRA. Pending the establishment of a University at the Australian Capital, a University College was established under the Canberra University College Ordinance 1929-36. By virtue of a temporary regulation of the University of Melbourne, which expires on 31st December, 1948, the College is empowered to provide approved lectures in the subjects of the Arts, Science, Commerce and Law courses in preparation for the examinations for certain degrees and diplomas of that University.

In 1946 the Australian National University Act was passed by the Commonwealth Parliament, under which a University will be established in the Australian Capital Territory, particularly to provide facilities for research and postgraduate study. The Act specifically mentions a School of Medical Research, a Research School of Physical Sciences, a Research School of Social Sciences, and a School of Pacific Affairs and Diplomatic Studies. Provision is also made for the incorporation of Canberra University College in the new University. An Interim Council has been appointed to handle the preliminary matters preparatory to the actual inauguration of the National University.

CONSTITUTION OF UNIVERSITIES. A. *Governing bodies.* In their statutory constitution the governing bodies of all the Australian Universities present a generally similar composite character, whilst differing in the proportions of the component elements. Their membership varies in number from 18 to 31. In every case there is a substantial proportion of representatives elected by the general body of graduates, varying from one-third to more than one-half of the total membership, but only in Adel. does it form the preponderant element. In every University there is now a more or less direct representation of the State on the governing body, either by nomination by the Governor-in-Council or by election by the Houses of Parliament, and in two cases

by *ex officio* representation of the State Department of Education. In the more recently founded Universities the representation of the State Government is strong; in one instance it is equal to the academic, and in another it is even slightly preponderant.

The academic representative element invariably includes representatives of the teaching staff, though only in Sydney, Melbourne and Tasmania by independent statutory right. In most cases their number is by ordinance limited to three, elected as part of the general representation of the academic body by the graduates.

The Melbourne University Act of 1923 introduced certain novel provisions, namely, that the Government nominees shall include representatives not only of Parliament but of manufacturing, commercial, agricultural, and industrial interests, as well as a representative of the technical schools; it also provided that two Heads of Colleges and two elected representatives of the undergraduate body shall have seats on the governing body.

The governing body in the Australian Universities is designated either the "Senate" (Syd., Queens., W. Aust.), or "Council" (Melb., Adel., Tas.).

B. Graduate academic body. As in the British Universities generally, there is in each of the Australian Universities another statutory academic body, consisting in the main, though not in all cases exclusively, of the general body of graduates (usually of at least three years' standing). In Queensland the Governor-in-Council may appoint as members of this body one representative of "any commercial, industrial, scientific, professional, or educational society, institution, or association within Queensland." In the University of Western Australia the "Guild" of undergraduates has the right of electing one member of this body.

In those Universities in which the governing body is entitled "Senate" the graduate body is called either Convocation or Council. Where the governing body is styled "Council" the graduate body is called either Senate or (in Melb. since 1923) Convocation.

Whilst the main effective function of this body is its electoral choice of its own representatives on the governing body, it has also, in several Universities, powers (often exercised through a Standing Committee) of deliberation, approval, and confirmation in respect of matters submitted to it and in some instances of suggestion, but in no case of initiation of University legislation.

C. Other administrative bodies. The general routine of studies and discipline is usually controlled by a "Professorial Board," whilst the special curricula of studies are the immediate concern of the Faculties and special Boards of Studies. Matters of discipline are in one or two instances dealt with by a special Proctorial Board or Board of Discipline.

ADMISSION. Attempts have been made without success to devise a common matriculation. The difficulty lies in difference of policy as to the part to be taken by entrance examination as a qualifying test, and as to prerequisite subjects. Generally speaking, matriculation requirements include passing a recognized examn. (school-leaving, matriculation, etc.) in English and three or four other subjects. Special facilities are offered for

matriculation in some Universities and in some faculties to persons of mature age who have not had the opportunity of qualifying in the ordinary way of secondary education and who can pass certain special entrance tests. Owing partly to isolation by distance, migration of students from one University to another is not common. It would occur still more rarely were it not for the fact that some of the Universities do not yet provide opportunities for professional training in every direction, particularly in medicine. Hence it becomes necessary for some students, after one or two years' study in the University of their own State, to move to one of the older and larger Universities in order to continue their professional training.

Although the requirements for entrance at the various Universities are not completely uniform, all possible reciprocity is exercised in the matter of such interchange of students, whether from Australian or British Universities. In general the Universities will admit to matriculation *ad eundem statum* a student who has matriculated or qualified to matriculate at another University of recognized standing, but in some cases the passing of compulsory "prerequisite" subjects for particular courses may be required.

THE ACADEMIC YEAR. Undergraduate status is ordinarily defined in terms of academic years of study, *e.g.* "first year," "fifth year," etc.

The academic year begins in March and ends in Nov. or Dec. It is subdivided into Terms, usually three, which may or may not include special examination periods. The Universities of Melbourne and Tasmania have each four Terms, but the fourth Term in these cases is devoted to examinations.

Although the inclusive dates of the terminal periods show some discrepancy in the different Universities, arrangements have been made to secure the coincidence of a substantial part of the inter-term vacations.

PERIODS OF STUDY. The University requires not less than 3 yrs.' study for a B.A. or B.Sc.—in most cases, 4 yrs. if taken with Honours. The curriculum for the first degree in Med., formerly 5 yrs., has been lengthened to 6. The time needed to graduate in Law is usually 4 yrs., but some Universities allow graduates in Arts to shorten the prescribed period. Since regulations do not always require each successive "year" to be taken as a whole, but allow credit to be given for subjects taken separately, many students, especially those able to give only part time to their studies, spread their courses over periods longer than the normal. For information regarding other degrees and periods of study therefor, *see under* the several Universities.

FEES AND COST OF LIVING. The cost of living varies a good deal in different parts of Australia. A student will probably not notice much difference between Sydney and Melbourne in this respect. But anywhere he will find that £250 a year gives him quite sufficient means, for the climate is benign and good food is plentiful. The style of living everywhere is unostentatious. Decent board and lodging should not cost more than 45s. a week. Meals at the cost of 1s. 6d. to 2s. 6d. can generally be obtained at the University by members of "Unions" and

others. Sydney University Union has a Refectory seating 450, and one-half of it is open to all members of the University and their guests. Adelaide University has a Refectory seating 400, and Melbourne has a Union building containing dining-rooms seating upwards of 700. Western Australia has at present accommodation in its dining-rooms for about 200. A developed Union at an Australian University also provides all the comforts of a non-residential Club for £1 or £2 a year. The new Union House at the University of Melbourne has many social and cultural amenities, including a Theatre, Art Gallery, and private entertainment rooms. Rowing, football, cricket, and other games may be had in the Sports Clubs on correspondingly easy terms, and numerous Inter-varsity contests are held in vacations under the auspices of the Australian Universities' Sports Union.

Residence at a College is optional. College fees for residence and tuition are on an inclusive basis and range from 60 to 120 gs. per annum. Thus Wesley College, Sydney, charges 30 gs. a term for resident students; Ormond, Melbourne, from 110 to 120 gs. a year for residence during terms, according to the course being taken. St. John's, Queensland, has fees of £21 per term, and the rates at the other Queensland Colleges are practically the same. The fees at St. Mark's College, Adelaide, are 128 gs per annum. The University of Western Australia has, since the War, a hostel with accommodation for 140 at a weekly charge of 40s. Special arrangements can always be made for residence during vacations; for an example, Ormond then charges 2 gs. a week. Many men live in College on a total income of not much more than £150 a year; it is doubtful if any will spend double that amount. There are few rich students and no tradition of expensive living among College men, no charming but costly ancient customs. Many of the Colleges have liberal endowments for Scholarships and Bursaries.

For University fees *see under* the several Universities below.

CURRICULA AND COURSES OF UNIVERSITY STUDIES. In general it may be said that the character and range of studies in the Australian Universities correspond fairly well with those of British Universities of comparable size and organization. There is, however, one notable exception: in accordance with the exclusively secular character of the Universities of Australia a Faculty of Theology is lacking in all of them, and until 1936 no degrees in Divinity were obtainable in any Australian University, although under special Acts of Parliament they may be given by other institutions, such as the Melbourne College of Divinity. In the case of the University of Sydney amending legislation passed in 1936 removed the exception of degrees in Divinity and Theology and the University has now courses leading to the degree of Bachelor of Divinity and may confer the degree of Doctor of Divinity. More or less associated with this situation is the paucity of courses of study in Semitic languages or literature, a Professorship for which, however, exists in Melbourne. There is a chair of Oriental Studies (in the "Far East" sense) at Sydney. (A certain amount of teaching in Semitic languages is provided in Theological schools maintained by some of

the religious denominations.) There is an Institute of Modern Languages at the Queensland University which provides courses up to Senior (School Leaving) Examination standard. The courses available in 1936 were Chinese, Dutch, French, German, Hebrew and Italian. For the benefit of theological students Biblical Literature became an optional subject of the Faculty of Arts from the beginning of 1938. The University of Melbourne includes Dutch, Hebrew, Russian, and Arabic in its regular curriculum, and provides through its Extension Board classes in Japanese and other languages.

Subdivision of University studies into groups, under Faculties and Boards of Studies, has been carried further than is usually the case in British Universities. There has thus been a considerable accession of new Faculties beyond those traditionally recognized. The general principle has been largely, though not consistently, adopted that any definite and distinct curriculum, leading up to the award of a distinctive degree or degrees, warrants the creation of a separate and distinct Faculty as a Board for the regulation of the studies and examinations in such a curriculum.

Concurrently with this development there has been a marked tendency to the specialization and multiplication of distinctive degrees, so that in some cases we find that even within the limits of a single Faculty several distinctive degrees are obtainable along more or less differentiated lines of study. A conspicuous instance of this is seen in the Faculty of Engineering in Melbourne, in which no fewer than twelve different degrees may be awarded as Bachelors and Masters of different branches of Engineering—Engineering Science, Civil, Mechanical, Electrical, Mining, and Metallurgical—besides a Doctorate of Engineering. As many as thirteen different Faculties are found among the various Universities, with a maximum number in Melbourne of twelve. In Sydney there are ten Faculties and in Adelaide eight. The establishment of Faculties of Law, Medicine, and Veterinary Science at the beginning of 1936 brought the number in Queensland up to nine.

Each University possesses Faculties of Arts, Science, Law, and Engineering. All except Tasmania have Schools or Faculties of Agriculture. Sydney and Queensland have Schools of Veterinary Science organized as separate Faculties, Western Australia teaches Veterinary Science only as part of the Agricultural course. The course in Veterinary Science is at present suspended in the University of Melbourne, and students desiring to qualify for a degree must proceed to Sydney after the completion of their first year. In N.S.W. and W. Australia the law requires such qualifications as practically involve the Univ. curriculum in Veterinary Science.

The subject of Economics is represented by separate Professorships in each University, except in Queensland, where there is a joint Chair of History and Economics. In Sydney there is a separate Faculty of Economics, but, as there is no Faculty of Commerce, it includes all the various branches of both Economic and Commercial Studies. In Melbourne there is a Faculty of Economics and Commerce, and in Queensland and Tasmania there are Faculties of Commerce; in these Universities there is a degree of Bachelor of Commerce, while the special-

ized degree in Adelaide and Sydney is Bachelor of Economics. In all the Universities (including Western Australia), however, Economics is ordinarily included also as a subject which may be taken for an Arts degree.

In Sydney and Melbourne there are fully organized Faculties of Architecture, with Chairs in the subject. There is a degree course in Surveying and a diploma course in Architecture in Queensland, both in the Faculty of Engineering, and in Adelaide a special course in Architecture within the Faculty of Engineering leads to the degree of Bachelor of Engineering.

Melbourne and Adelaide have each a Faculty of Music with a full Professorship and a Conservatorium. In Sydney there is a Conservatorium entirely independent of the University which has, however, recently established a Chair of Music in the Faculty of Arts. In Tasmania music is not taught, but if studied privately credit may be given for one of the subjects of the Arts degree. In Queensland, Music may be taken as a subject of the first year of the B.A. course.

Melbourne has a Faculty of Education granting University degrees of Bachelor and Master of Education, previous qualification for another degree being a condition of entrance to the Education course. The Faculty contains several representatives of the State Department of Education. Western Australia grants a first degree in Education; in the other Universities the subject of Education comes under the Faculty of Arts and enters into the composition of such alternative curricula for the Arts degrees as are specially adapted to the requirements of the professional training of teachers. The Professors of Education are usually, but not always, associated with the State Training Colleges. Special Diplomas in Education are obtainable in the Universities of Sydney, Adelaide, Queensland, and Tasmania by University graduates or by students who have qualified for a degree (W. Aust.) and have had approved practical experience of teaching. Courses in Physical Education controlled by a Board of Studies and leading to a Diploma are now available in each of the larger Universities.

Several of the Universities provide courses in Social Studies leading to a Diploma, and there is a special Diploma course at Canberra University College in Diplomatic Studies.

The University of Melbourne has recently established the degree of Doctor of Philosophy, for which graduates of certain standing in any Faculty are eligible upon the successful completion of a full-time course of two years' advanced study and research in the University. A similar step is under consideration in some of the other Universities.

PROFESSIONAL SCHOOLS AND RESEARCH INSTITUTES. Each of the three older Universities, of Sydney, Melbourne and Adelaide, possesses well organized and equipped professional schools under their Faculties of Medicine and Dentistry. These schools have long been, and are now, mainly responsible for the training of the medical and dental professions in Australia, whilst not a few of their graduates may be found occupying responsible positions outside Australia. The teaching and research staffs of these schools are also now largely recruited from the ranks of their own more distinguished graduates, but they are continually being

reinforced by other teachers of distinction from outside Australia. Faculties of Dentistry and Medicine were established in Queensland in 1935 and 1936 respectively, while in Western Australia a Faculty of Dental Science commenced in 1946 and the establishment of a medical school is under consideration.

The relationship of the Medical Schools to the great general hospitals is intimate and effective. The University of Melbourne appoints Clinical Supervisors to each of the Teaching Hospitals to co-ordinate the clinical training of students. There is thus secured an extensive and varied clinical field, not only for undergraduate training, but in increasing measure for more advanced and specialized postgraduate study and research in conjunction with the scientific laboratories of the Universities and other research institutions. Such postgraduate work in various departments of specialized study now finds manifold guidance, and receives full official recognition, in connexion with the Diplomas awarded after appropriate courses of study. Amongst these may be specified the Diplomas in Psychological Medicine, Clinical Pathology and Radiology at the University of Sydney and the Australian Diplomas in Public Health, Tropical Medicine and Tropical Hygiene from the Federal School of Public Health and Tropical Medicine in the University of Sydney, and more or less corresponding courses in the University of Melbourne, both these Universities also granting Diplomas in Ophthalmology, Laryngology and Otology, in Gynaecology and Obstetrics, in Therapeutic and Diagnostic Radiology, in Psychological Medicine, and in Anæsthesia.

A Biophysics Section was established in Queensland in 1937 to manufacture radon and to carry out other work in connexion with the treatment of cancer. In Adelaide, the Anti-Cancer Campaign Committee maintains a radium and deep X-ray clinic at the Royal Adelaide Hospital, and a plant at the University for the production and manipulation of radon. Under an arrangement with the University of Melbourne the Commonwealth Government maintains there an X-ray and Radium Research Laboratory.

The University of Adelaide established in 1925 the Waite Agricultural Research Institute, an important centre for research in agricultural and allied subjects at Glen Osmond, three miles from the city.

The University of Western Australia established in 1938 an Institute of Agriculture, which serves as a centre for research in agricultural science, and has set aside a portion of the University grounds for investigational purposes, with accommodation for plant and animal experiments.

There are various University and associated Research Institutes in Adelaide, Melbourne and Sydney, where investigation is carried on into problems of Pathology, Bacteriology, Pharmacology, Radiotherapy, Cancer Research, Animal Nutrition, Entomology, etc.

The Commonwealth Government has each year since 1936 made grants for distribution among the Universities to assist research and the training of research workers in various groups of sciences, including the physical, biological, social and medical fields. These grants, together with State Government support and the Universities' own endow-

ments for the purpose, have provided a strong stimulus for research developments within the Universities themselves.

DIPLOMAS. Numerous University Diplomas are now obtainable in various branches of study in the Universities of Australia. They may be classed under three categories: (a) those obtainable by graduates as supplementary qualifications in particular subjects after special courses of study. To this group belong the postgraduate Medical Diplomas already mentioned and also certain Diplomas in Education; (b) Diplomas obtainable by non-graduates after shorter or less comprehensive courses of study than those required for a University degree covering the same subject. This group includes certain Diplomas in Commerce, Public Administration, Agriculture, Engineering, Music, and Dramatic Art. (c) Diplomas in subjects, usually of limited range, for which no special University degree is available, *e.g.* Journalism, Pharmacy, and Anthropology. The present tendency is to reduce the number of sub-graduate Diploma courses while extending the range of post-graduate Diplomas.

EVENING LECTURES. Full University courses of evening lectures in Arts, and in some cases in Science, Commerce and Law subjects, are provided by the Universities of Adelaide, Melbourne, Sydney, Queensland and Western Australia to enable a degree in those Faculties to be obtained by persons whose occupations preclude their attendance at the University during the day. In Tasmania a number of lectures are given between 5 P.M. and 8 P.M. In Queensland the evening classes, generally of one hour duration, are held between 8 P.M. and 9 P.M.

EXTERNAL STUDENTS. Under the Regulations of the Universities of Melbourne and Queensland, attendance at lectures is not compulsory except in specified subjects. (These naturally include most scientific subjects which require laboratory facilities.) It is therefore possible, though not common, to obtain an Arts degree as a purely external student. In Western Australia correspondence classes for external students are carried on in most Arts subjects under the guidance of tutors and with the help of a circulating reference library. Melbourne also provides correspondence tuition in certain subjects, but only for students resident in the country districts of Victoria.

The Universities all provided during the War correspondence courses by which serving members of the Forces were enabled as external students to complete parts of their degree courses in non-laboratory subjects.

In the Universities of Adelaide, Sydney and Tasmania exemption from some of the lectures of a course may be granted in special cases in which reasonable cause is shown.

In all the Universities there is provision for the recognition, for degree purposes, of various courses of instruction in affiliated institutions such as Technical Schools and Colleges.

UNIVERSITY EXTENSION LECTURES were instituted at Sydney Univ. in 1886 and at Melbourne in 1891. In 1913 Workers' Educational Associations were formed in all the States to give effect to a movement for bringing the Univs. into closer relationship with the masses of the

people. The movement was fostered by State grants and grew rapidly. Each Univ. co-operates with the W.E.A. in the formation of a joint committee, which appoints tutors and supervises the work with the help of a Univ. officer—the Director of Tutorial Classes. A federal W.E.A. for Australia has its central office in Melbourne. The total number of students throughout Australia is over 6000. In addition to these courses, a great many preparatory classes, study circles, and summer schools are organized by the Assocn., numerous courses of public lectures are delivered, educational conferences promoted, and an extensive book service is carried on. In Victoria, adult education is the responsibility of a statutory Council of Adult Education working in liaison with an Extension Committee in the University. A correspondence study department has been inaugurated in connexion with the W.E.A. activities in Queensland. In Western Australia extension classes are conducted at the University, in the city and suburbs, with an Adult Education library, books from which are available to groups in country areas. Western Australia has no W.E.A. organization, and the work is under the control of an Adult Education Board representative of University and other interests.

OVERSEAS SCHOLARSHIPS. Scholarships for study overseas are awarded by individual Universities and by such bodies as the British Council, Carnegie Corporation, Nuffield Trust and Gowrie Trust. These scholarships enable selected students to extend their studies in the postgraduate field and are a valuable link between the Universities of Australia and those of England.

FREE PASSAGES TO EUROPE. Before the War the following first-class passages were granted annually to Australian and New Zealand Univs. for graduates proceeding to Europe to continue their studies: Adelaide, 3; Melb., 4; Queensland, 3; Syd., 4; Tasm., 2; W. Aust., 3; N.Z., 4; available by any of the following Lines: Aberdeen, Blue Funnel, Orient, P. & O., and, for N.Z. graduates only, N.Z. Shipping and Shaw, Savill & Albion. The scheme was suspended during the War and is still in abeyance.

INTER-UNIVERSITY ORGANIZATIONS

After a conference held at Sydney in May 1920 the Australian Univs. established a Standing Advisory Committee to deal with matters of common interest. The present headquarters of the Committee, now known as the Australian Vice-Chancellors' Committee, are Melbourne University. The Vice-Chancellor of Melbourne Univ. acts as Chairman of the Committee. The Committee meets twice a year, usually in March and August. The present secretary is Mr. A. J. G. Williams.

As the result of a conference held in January 1942 between representatives of the Universities and of the Commonwealth Government, a Universities Commission was set up by the Government and has now become a permanent official organization with particular responsibility for the management of a scheme of financial assistance to students and of the arrangements at University level of the Commonwealth Reconstruction Training Scheme for ex-Service men. The Commonwealth

Director of Education (Professor R. C. Mills) is the Chairman of the Commission, which has regular conferences with the Vice-Chancellors' Committee. The Commission has its head office in Sydney, and branch offices in each University.

STATISTICS of University teachers, students, and finance are published annually in the official Year-Book by the Commonwealth Bureau of Census and Statistics, from which a more detailed bulletin in typescript form may be obtained.

TEACHING HOSPITALS ASSOCIATED WITH MEDICAL SCHOOL. Royal Adelaide

Hospital, approx. 800 beds; Queen Victoria Maternity Hospital, 70 beds; Adelaide Children's Hospital, 250 beds; Bedford Park Sanatorium; "Mareeba" Babies' Hospital; Northfield Cancer and Consumptive Home; Metropolitan Infectious Diseases Hospital.

GENERAL INFORMATION

The University was established by Act of the Provincial Legislature in 1874 with endowments of £20,000 each from Sir W. W. Hughes and Sir Thomas Elder and a land grant of 50,000 acres (subsequently repurchased by Govt. for £40,000), as well as a site of 5 acres in the city. The original site was increased to 8 acres in 1920, to 14 acres in 1927, and in 1929 an addnl. 13 acres adjoining were vested in the Univ. The Govt. also provides an annual subsidy of 5 per cent on endowments; the subsidy is limited to £40,000. The Council consists of 20 members elected by the Senate and (since 1911) 5 elected by Parliament. The grants have been increased by the State Parliament from time to time and now amount to £56,600, excluding a grant of £23,000 to the Waite Agric. Research Inst. The total value of the endowments is £1,026,503 and the income in 1946 was £247,531.

LIBRARY. Approx 153,000 volumes. **LABORATORIES:** Anat., Bact., Biochem., Botany, Chem., Geol., Histol., Pathol., Physics, Physiol., Pharmacol., and Zool. The Univ. includes the *Elder Conservatorium of Music*, which has a teaching staff of 19; it also controls the work of the Observatory and appoints representatives on the Council of the Institute of Medical and Veterinary Science.

SPECIAL RESEARCH DEPARTMENTS. (1) The Waite Agricultural Research Institute, established at Glen Osmond for the purpose of furthering the cause of education and research in Agriculture and allied subjects. (2) The C.S.I.R. Division of Biochemistry and General Nutrition within the University grounds. (3) Field laboratory at Koonamore for investigation of plant regeneration in arid areas. (4) The Sheridan Medical Research Foundation for the support of medical research. In 1922 Mrs. A. M. Simpson and Miss A. F. Keith Sheridan bequeathed property (value, £20,000) for the establishment of this foundation. (5) The Animal Products Research Foundation, which conducts investigations into problems of animal nutrition, *see* Staff List *supra*. (6) The Board of Anthropological Research engaged in anthropological investigations concerning the aboriginals of South Australia. (7) The Anti-Cancer Campaign Committee directs research into the cause and cure of cancer. (8) Institute of Medical and Veterinary Science at the Royal Adelaide Hospital.

COLLECTIONS OF INTEREST TO SPECIALIST SCHOLARS. Collection of Australian endoparasites. Prof. J. B. Cleland's collection of the higher Australian fungi (Basidiomycetes), by far the largest of its kind, is available for study by mycologists and forest pathologists. Collection of representative specimens from all the Australian opal fields. Anthropological collection of Australian skeletons. Collections of marsupial material.

GENERAL INFORMATION

The Australian National University Act was passed by the Parliament of the Commonwealth in 1946. It provides for the establishment at Canberra in the Australian Capital Territory of a University consisting of a Council and Convocation. The governing authority of the University is to be the Council consisting of not more than 30 members, 4 of whom are to be elected by the Parliament, not more than 8 are to be appointed by the Governor-General, not more than 9 elected by Convocation, 3 are to be elected by the professorial and teaching staff, and 2 are to be elected to represent students. The Vice-Chancellor is *ex officio* a member of the Council, and other members (not exceeding 3) may be co-opted. Until the Council is constituted there is to be an Interim Council appointed by the Governor-General which is to be responsible for the establishment of the University and the commencement of its functions.

The functions of the University are primarily to encourage and provide facilities for postgraduate research and study, both generally and in relation to subjects of national importance to Australia.

The University is to establish such Research Schools as are desirable, including: (a) a School of Medical Research, to be known as "The John Curtin School of Medical Research"; (b) a Research School of Physical Sciences; (c) a Research School of Social Sciences; and (d) a Research School of Pacific Studies. The University may provide specialist training for officers of the Public Service and for the incorporation in the University of the Canberra University College.

The income of the University, in addition to fees and gifts, is to consist of £325,000 per annum appropriated by the Commonwealth Parliament.

The Interim Council is advised on academic matters relating to the establishment of the University by an Academic Advisory Committee consisting of Sir Howard Florey, F.R.S., Prof. M. L. Oliphant, F.R.S., Prof. W. K. Hancock and Prof. R. W. Firth.

The Interim Council in 1947 awarded 4 Research Fellowships in the Social Sciences and 2 further Fellowships will be awarded in 1948. A number of Research Scholarships will be awarded in 1948. The Council has invited a number of distinguished scholars to visit Australia.

Active steps are being taken towards the establishment of the University, it is hoped, in 1951.

GENERAL INFORMATION

The Univ. was founded in 1853 by Act of the Victorian Legislature. The annual endowment from State sources is now £155,000 (plus £30,000 for Mildura Branch) in a total income of about £800,000. The Council is composed of 32 members—elected by graduates (10); representatives of the teaching staff (5), of affiliated colleges (2), undergraduates (2); appointed by the Govt. (8) (3 being members of Parliament, the others representing business interests and technical schools); *ex officio* (3); and co-opted members (2). Convocation (the body of graduates) elects a Standing Committee with certain legislative and advisory functions. There is a Professorial Board, and individual courses are controlled by Faculties and Boards of Studies. The grounds, 104 acres, include four 10-acre College sites surrounding a recreation ground of 16 acres.

LIBRARY, 145,000 vols. MUSEUMS, Anat., Biol., Geol., Path. (15,000 specimens), Vet. LABORATORIES, Aerodynamics (with Wind Tunnel), Agric., Bact. (investigations undertaken for Govt. Hospitals and Med. practrs.), Bot., Biochem., Chem., Dent., Engineering, Metall. and Mining (with 3-head stamp battery), Path., Physics, Physiol., and several Commonwealth Govt. Labs. (including X-ray and Radium, and C.S.I.R. sections). VET. RESEARCH INSTITUTE. HALL RESEARCH INSTITUTE in connexion with Royal Melbourne Hospl.

FACULTIES AND DEANS (1948). Arts, Prof. I. R. Maxwell; Education, Prof. G. S. Browne; Science, Prof. E. S. Hills; Law, Prof. G. W. Paton; Medicine, Prof. P. MacCallum; Engineering, Prof. J. A. L. GENERAL INFORMATION

The Univ. was established by an Act of the local legislature in 1909, and the entire management and control are in the hands of a Senate. Until November 1943, the Senate consisted of 20 members—10 appointed by the State Government and 10 elected by the Univ. Council (consisting of all members and past members of the Senate; all graduates of the Univ. of 3 yrs.' standing; persons appointed by the Government as representative of commerce, industry, and scientific assocns.; benefactors, etc.). Under the "University of Queensland Act Amendment Act of 1941," which came into operation on November 8, 1943, the number of Government representatives on the Senate was increased to 15 making the total number of members 25 instead of 20. The Univ. is subsidized by the State Government. The amount of subsidy for the first teaching year (1910) was £5500. It has since been progressively increased and was £45,857 in 1946. A special grant of £7000 was also received from the State Government for that year. During 1946 the Commonwealth Government paid to the Univ. a sum of £30,420 towards the cost of the instruction of ex-Servicemen and -women, and allocated a further amount of £124,589 for the purchase of teaching equipment required for the training of ex-Service personnel.

Up to 1931 the grounds and buildings facing the Brisbane River and adjoining the Botanical Gardens included, in addition to the main building and recreation grounds, 6 floors of three blocks of the Central Technical Coll. buildings. The remainder of these blocks had to be taken over by the Univ. in 1932, in order to accommodate the increased number of students. Owing to the rapid growth of the Central Technical Coll., as well as the Univ., the Univ. is unable to obtain any more accommodation in the Coll. buildings.

The present site belongs to the Central Technical Coll. and is used only temporarily for Univ. purposes. The permanent site of the Univ., consisting of 223 acres, is situated on the Brisbane River in the suburb of St. Lucia. It has a river frontage on three sides, and was the gift of Dr. and Miss Mayne,

Brisbane. The erection on the St. Lucia site, by the State Government, of buildings to house all departments except those concerned with the work of the later years in the Faculties of Medicine and Veterinary Science, which are situated at Herston and Yeerongpilly respectively, is well advanced.

LIBRARY. 85,942 vols. **LABORATORIES:** Anat., Agric., Biol., Biophysics, Chem., Applied Chem., Engin., Geol., Metall. and Assaying, Pathol. and Bacteriol., Physics, Physiol., Psychol., Dent., and Vet. Sci.

FACULTIES. Arts, Science, Engineering, Commerce, Agriculture, Dentistry, Law, Medicine, and Veterinary Science.

DEGREE COURSES. (Day Students): 3 yrs.—B.A., B.Com., B.Sc., B.Surv.; 4 yrs.—LL.B., B.Sc. Honours, B.Sc. in Forestry, B Agr Sc., B.Sc. (App.) in Indust. Chem., B.Sc. (App.) in Medical Science, B.D.Sc., B.E. in Civ., Mech. and Elec., Chem., or Mining Engin.; 5 yrs.—B.Vet.Sc.; 6 yrs.—M.B. and B.S.

HIGHER DEGREES. Open to Bachelors of 2 yrs.' standing: M.A., M.Com., M.Ed., LL.M., M.Sc., M App.Sc., M.S.; of 3 yrs.' standing: M.Agr.Sc., M.E., M.D., D.V.Sc.; of 4 yrs.' standing: D.D.Sc.; of 5 yrs.' standing: D Agr.Sc.; of 7 yrs.' standing: D.Econ., D.E., Litt.D. Open to Masters of 5 yrs.' standing: LL.D., D.Sc. These higher degrees are obtained by examination and/or submission of a thesis, but in some cases certain specified outside experience is required in addition.

OTHER COURSES. Diplomas: Mech. and Elect. Engin., 4 yrs. (may be followed in any approved Coll. or Instn.); Architecture, 4 yrs.; Commerce (on unit basis—approx. 5 yrs.); Journalism, 2 yrs. for persons with 3 yrs.' practical experience; Physiotherapy (Massage), 3 yrs.; Music, 2 yrs.; Education, 1 yr. postgraduate. Certificates: Education, 4 yrs.; Accountancy, 2 yrs.; Architecture, 2 yrs.

EVENING LECTURES AND EXTERNAL STUDENTS. In the courses which are available to them, evening and external students are permitted to spread their studies over a longer period than that prescribed for day students, and pay a proportionate amount of fees each year. By completing 5 yrs.' evening work at the Univ. or at approved institutions, exemption from the first 2 yrs. of the B.E. course may be obtained. Persons who, having matriculated, are unable to attend lectures at or in connexion with the Univ., may pursue by correspondence certain courses in the Faculties of Arts, Commerce and Law, under the guidance of the Director of External Studies. They may thereby, provided they pass the usual degree exams. (which may be held at local centres), qualify for degrees.

ADULT MATRICULATION. Candidates who have attained the age of 25 yrs. may be admitted to matricn. in all the Faculties upon passing a special examn.

FEES. Matricn., £1 : 1s.; admission *ad eundem statum*, £1 : 1s.; Lecture Fees for single subject per Term, £2 : 2s.; Composition Fees for complete Degree Course in the Facs. of Arts and Comm., 12 to 18 gns. p.a.; Law, £22 : 10s. p.a.; Science (Pure), Science (Applied), Engineering, and Veterinary Science, 20 to 22 gns. p.a.; Dentistry and Medicine, £40 p.a.; General Purposes Fee, 2 gns. to 4 gns. p.a.; Examn. Fees, 1 gn. to 2 gns.; Graduation Fees—Bachelor, 3 gns. to 10 gns.; Master, 5 gns.; Doctor, 10 to 20 gns.

SCHOLARSHIPS, ETC., FOR GRADUATES. 2 gold medals offered by Government for distinction at graduation; £400 p.a. for 2 yrs. for study outside Australasia; £500 p.a. for 3 yrs., of which 2 to be spent abroad in Engin. Research; £450 p.a. for 2 yrs. in Econ. Biol. The last two were founded and are financed by the W. and E. Hall Trust.

RESIDENCE. Undergraduates are required to reside with their parents or approved friends or a tutor or in a recognized Residential Coll. or other instn. approved by the Senate. Fees in any of the Colls., including residence, commons, and tuition, amount to approx. 60 gs. a year.

PUBLIC EXAMINATIONS are held by the Univ. annually in Nov. and Dec.: Junior (divided into 6 sections, viz.—General, Art, Commercial, Home Sci., Agric. and Industrial) and Senior. For matricn. the corresponding public examns. of the other Australian Univs. are treated as equivalent to these.

MUSIC EXAMINATIONS. Under a joint scheme, controlled by the Australian Music Examns. Board, which is representative of the Univs of Queensland, Melbourne, Tasmania, Adelaide, and Western Australia, and the State Conservatorium of Music of New South Wales, examns. in Music and Art of Speech are held throughout the Commonwealth twice a year, in May and September.

EXTRA-MURAL WORK. An Institute of Modern Languages has been established to provide for the study, under expert guidance, of foreign languages up to the Senior Public Examination, *i.e.* matriculation, standard. Classes were held during 1946 in French, German, Russian, Chinese and Japanese.

RESEARCH. Under a 5-yr. scheme sponsored and financed by the Commonwealth Government through the Commonwealth Committee for Scientific and Industrial Research, the several Australian Univs. are allotted a certain sum each year for the purpose of carrying out approved research work. The following researches are in progress: the diseases of Queensland pasture plants; marine biological activities; researches dealing with the structure of the skin in vertebrates; ectoparasites of fish; the separation of Oxygen Isotopes ^{16}O and ^{18}O by thermal diffusion; investigation of heat transfer between cold brine and air; alkaloids from Queensland flora; the application of isotopes to the study of chemical reactions; a survey of Queensland plant products; methods of glue testing; hydraulic flow of slurries; methods of measurement in surveying; heat insulation testing; beams on imperfect supports; creep in timber beams and columns; bearing power of soils; seismic studies; Australian corals and Upper Paleozoic faunas; investigation of the heavy minerals in Queensland beach sands; investigation of Queensland coals; rectifying properties of contacts between metals and semi-conducting crystalline solids; use of Geiger counters for the determination of dosage with (a) radiophosphorus and (b) radon; physiology of domestic mammals in hot atmospheres; physiology of fowls and other birds in hot atmospheres; pharmacology of Queensland flora.

Under the National Health and Medical Research Council, the following projects are being carried on: *Dentistry*—an investigation into the prevention value of dental chewing tablets; an investigation of sample chemical susceptibility tests for dental caries. *Physiology*—investigations into human adaptation to reduced cooling powers.

Under the Queensland Meat Industry Board's grant to the Univ., the Physiology Dept. carried out the following investigations in 1946: Reactions to Jersey cows in milk to hot atmospheres; reactions of Jersey calves to hot atmospheres; reactions of Jersey cows to repeated and continuous exposure to 40° C., 30 mm. Hg. V.P. and 37.5° C. 30 mm. Hg. V.P. respectively; reactions of Jersey calves to continuous exposure to 37.5° C. 30 mm. Hg. V.P. respectively.

PUBLICATIONS. *Calendar* (Jan.), 5s. including postage; *Manual of Pub. Examns.*, 2s. (postage 3d. extra); *Music Manual*, free, postage 3d.

THE YEARS 1946, 1947

BENEFACTIONS. Mrs. Janet Taylor Munro bequeathed £2000 for the purposes of cancer research and research into diseases of the brain; A.I.F. officers who used the Univ. buildings at St. Lucia during the war contributed £508 to establish a section in the Univ. Library dealing with matters of military interest; and an amount of £30 was donated by the James F. Lincoln Arc Welding Foundation to establish a Library section dealing with arc welding. £350 was donated by the family of the late Hon. Virgil Power to establish an annual prize in his memory.

NEW BUILDINGS One further temporary ex-Army building near the Medical School was acquired for use by that School.

NEW DEPARTMENTS AND ACTIVITIES. A Degree course in Architecture was inaugurated at the beginning of 1946. A course in Medical Science, in the Applied Science section of the Fac. of Science, was also inaugurated in that year. Preliminary action was taken towards the establishment of courses in Public Administration and Social Science.

From the beginning of 1947, the Engineering courses offered by the Univ. have been increased in number, and the Degree course may now be taken in Civil, Mechanical, Electrical, Mining or Chemical Engineering. A third-year course in Aeronautical Engineering is also offered, but the final year cannot as yet be taken at this University.

CHANGES IN REGULATIONS. No important changes, except the addition of the regulations relating to the new courses mentioned under the heading of New Departments and Activities.

EXTRA-MURAL WORK. Until 1940 the extra-mural work of the Univ. consisted of special public lectures, such as the Macrossan and John Thomson Memorial Lectures, and a series of other public lectures delivered annually—usually in country towns—by members of the teaching staff on subjects considered to be of public interest.

It was found necessary in 1941, owing to war conditions, to suspend the delivery of public lectures in country towns, and it has not been possible yet to resume such activities. However, the Public Lectures Committee arranged six public lectures during 1947.

In 1940 an annual lectureship was established at each of the Australian Univs. under arrangements with the Commonwealth Government. The work of the Queensland lectureship each year consists of five lectures open both to the public and students and five seminars (or tutorials) for students only. The lectures and seminars are part of English I in the B.A. course. The appointee to the lectureship at each Univ. each year is a person who is a recognized authority on Australian Literature, *not* necessarily a member of the staff of one of the Univs. In 1946 the Macrossan Memorial Lecture was given by Col. J. K. Murray, B.A., B.Sc.Agr., Administrator, Papua and Australian Territories. *Subject*—"Papua—Mandated New Guinea in its Historical Perspective"; the John Thomson Lecture was given by Prof. D. H. K. Lee, M.Sc., M.D., D.T.M., F.R.A.C.P., Prof. of Physiology. *Subject*—"Human Climatology and Tropical Settlement."

RESIGNATIONS. Mr. G. P. B. Boissard, Lecturer in Physiol., to take up the Medical course at University Coll., London.

DEATHS. In 1947, Prof. T. Parnell (Physics); Prof. E. J. Goddard (McCaughy Prof. of Biol. and Dean of the Fac. of Agric.); Prof. R. W. H. Hawken (Engineering), Dean of the Fac. of Engineering.

HONORARY DEGREES (1947). *LL.D.*—Dr. James Duhig, Archbishop of Brisbane; *B.Com.*—E. H. George, on resignation as Principal of the State Commercial High School and College; *D.Sc. ad eundem gradum*—H. C. Webster, Prof. of Radiation Physics.

STUDENTS (1947). Total: 3811; full-time: 1869; part-time: 1942; the total includes 673 women and 58 postgraduates.

DEGREES (1947). B.A., 44; M.A., 10; B.Ed., 7; Dip.Ed., 7; B.Sc., 28; B.Sc.For., 2; M.Sc., 3; B.Sc.App., 10; D.Sc., 2; B.E., 31; M.E., 2; B.Com., 15; B.Sc. (Agr.), 4; B.D.Sc., 15; LL.B., 6; M.B., 20; B.S., 20; M.Surg., 1; B.V.Sc., 1.

NEW ENGLAND UNIVERSITY COLLEGE, ARMIDALE, N.S.W. Established by the University of Sydney, 1938. Warden—R. B. Madgwick, D.Phil. Ox., M.Ec. 19 Lectrs.

GENERAL INFORMATION

Founded by Act of the N.S.W. Legislature in 1850, the Univ. was granted a Royal Charter in 1858. Its development has been largely due to private

benefactions: notably those of J. H. Challis—£250,000—in 1880; T. Fisher—£30,000 for Library—in 1885; P. N. Russell—£100,000 for School of Engineering, etc.—in 1896 and 1904; W. O. Watt, £78,354, 1925–1928; and G. H. Bosch, £249,000, 1927–1928. Under the will of Sir S. McCaughey it receives an annual income which amounted in 1945 to £16,000. In 1912 the Statutory endowment was raised from £10,000 to £20,000, with provision for further automatic increases, and at the same time the constitution of the governing body, called the Senate, was altered so as to include 6 nominees of the Govr. and Parliament (one-fourth of the whole number). In 1917–18 the Statutory endowment was further increased to £32,000, including £2000 for the new School of Archit. In 1919 the State provided £50,000 a year for 6 years for additional buildings. The Faculties were, in that year, increased from 4 to 10. From Jan. 1938 the statutory endowment was fixed at £100,000 p.a., being an increase of £32,000 p.a. on the previous total of Govt. grants; an additional grant of £25,000 p.a. has been approved from July 1947. The grounds, which include the sites of the Colleges grouped round an oval, cover 140 acres.

Provision was made by Act of Parliament soon after the foundation of the Univ. for endowing such Colleges as might be established within it, to the extent of £20,000 in aid of building and £500 p.a. towards the Principal's salary.

Under an Act passed at the end of 1937 the Senate is empowered to establish and maintain Colleges outside the Sydney metropolitan area. These will be under the control of the Senate through an advisory committee for each College acting under Bylaws made by the Senate. Students will be admitted to degrees of the Univ. of Sydney. The first College has been established at Armidale, 360 miles distant from Sydney (v. *supra*).

The FISHER LIBRARY, 1946, expenditure £5521, 293,347 vols., receives about 3918 serial publications. MUSEUMS: Nicholson collection of Egypt., Greek and Roman Antiq.; Macleay Nat. GENERAL INFORMATION

Founded in 1890 under an Act of the Tasmanian Legislature, the Univ. was, in 1915, granted a Royal Charter. To the original Faculties—Arts, Science and Law—Commerce was added in 1919 and Engineering in 1922. Music (included under the Faculty of Arts) was taught from 1935 to 1938, but the Lectureship has lapsed. The State Govt. grant for 1946-47 was £32,785, and the Commonwealth Govt. contributed £10,430 to the cost of training ex-service men. Chemistry and some Engineering subjects are taught under a joint arrangement between the Univ. and the Hobart Techn. Coll.; the Joint Board of Management received a separate grant of £14,000 from the State and £3950 from the Commonwealth for these depts. in 1946-47.

An annual grant (£7160 in 1947) is made by the Commonwealth Government for the purpose of research work and the training of research students.

ADMISSION OF PERSONS OF MATURE AGE. Persons not below 25 yrs. of age who satisfy the Professorial Board that they possess sufficient qualifications for the courses they propose to pursue may be exempted from the ordinary requirements for matriculation.

GENERAL INFORMATION

Established by Act of the State Legislature in 1911, the University opened its first session in 1913. Its present site of 165 acres is at Crawley-Nedlands on a bay of the Swan Estuary about 4 miles from Perth. The main university buildings, including Winthrop Hall, the student block, the Arts Lecture rooms and the Library were made possible by a bequest of Sir J. Winthrop Hackett, and to-day are known as the Hackett Memorial Buildings.

The University at present receives a statutory annual grant of £40,000 from the State Government and additional annual appropriations for current revenue from the same source. In addition it is receiving an amount of £30,000 approx. for current purposes from the Commonwealth Government to assist in the training of students under the Commonwealth Reconstruction Training Scheme, and a minimum per annum payment during the next few years of at least £15,000.

The administration is vested in a Senate of 21 members of whom six are nominated by the Government and seven are *ex officio* or co-opted members. A second body with mainly elective and revisionary functions is known as Convocation.

LABORATORIES. Agric., Bot., Chem., Geol., Engin., Phys., Psych., Zool., Dent.

FACULTIES. Arts, Sci., Engin. (including Surveying), Law, Agric., Dent., Educn.

DEGREE COURSES: 3 yrs.—B.A., B.Sc.; 4 yrs.—B.A. (Hons.), LL.B., B.Sc. (Hons.), B.D.Sc., B.Sc. (Agric.); 5 yrs.—B.E. and B.Surv. First year Medicine is given as a course of Fac. of Sci. Steps, however, are being taken to establish a full Medical Faculty, and in 1948 a Faculty of Education incorporating a 4-yr. professional degree course has been established.

HIGHER DEGREES. M.A., Litt.D., M.Sc., D.Sc., D.D.Sc., M.E., LL.M., LL.D.

DIPLOMA. Education (Postgraduate).

EVENING CLASSES are held in the Arts Faculty only, but certain Science classes may be taken in the evenings at affiliated Colleges.

FEES. Matriculation, no fee. *Ad eundem statum*, £1: 1s. Admission to Degrees: Bachelors, £3; Masters, £5; Doctors, £10. Annual Examination Fee, 10s. per subject with maximum of £2. No lecture fees are charged. Laboratory deposits, £1: 10s. per subject. First Year Attendance Deposits, £1: 1s. per subject. Library Deposit, £1.

Students not normally resident in Australia or who are not likely to become permanent residents of Australia are charged an annual and inclusive fee of £40.

RESIDENCE. Univ. Hostel for men and women. Fee: about £2 per week. Enquiries should be addressed to the Manageress. St. George's Coll. (v *supra*) provides accommodation for men students at a cost of approx. £90 p.a.

PUBLIC EXAMINATIONS. School Certifs. (Jr. and Leaving), Music, and Art of Speech (Elocution).

ADULT MATRICULATION. Persons who have attained the age of 25 yrs. may be admitted as matriculated students in the Faculties of Sci., Agric. and Engin., if the Faculty concerned is satisfied that they possess sufficient educational qualifications. For these Faculties also there is an examination for adult students alternative to the ordinary matriculation examination of the University. In the Faculty of Arts there is a special examination open to persons who have attained the age of 23 yrs.; or to persons who are 18 yrs. and over but have not been full-time day students in a secondary school since reaching the age of 16 yrs. This examination includes an intelligence test, a test in English composition and a test in a prepared subject. No provision for Adult Matriculation is made in the Faculty of Dental Science. However, ex-service students in all faculties, irrespective of age, may be admitted under adult matriculation regulations.

STUDENT ORGANIZATION. The Student organization is known as the Guild of Undergraduates and the student building which forms part of the Hackett Memorial buildings is known as Hackett Hall. The annual subscription to the Guild is £3: 3s., but in first year students pay an extra £1: 1s. registration fee.

PUBLICATIONS. *Calendar*; *Orientation Handbook*; *Public Examn. Manual*; *Black Swan* (Students' Magazine); *Pelican* (Students' newspaper, published fortnightly).

THE YEARS 1946, 1947

NEW BUILDINGS. From the beginning of 1946 a post-war building programme was put into operation. Buildings completed or extended include:

the Univ. Library, Physics and Chem.; Arts: one large lecture room and one smaller lecture room; Zool.; Geol.; Law School; Psychol.; Engineering; Administrative annexe; and other buildings, to a total cost of £100,000. The financing of the building programme was undertaken conjointly by Commonwealth and State Governments. A further sum between £40,000 and £50,000 has been made available for equipment and the Commonwealth has agreed to provide £125,000 towards a Medical School when building is commenced.

EXTRA-MURAL WORK. This work is now under the control of a director and an assistant director. Extension lectures and Adult Education lectures have been given and each year a highly popular Summer School at the Univ. has been organized. In addition, a box scheme for group study by country students has been in operation. Adult Education activities are controlled by a Board, and a feature of its work has lately included organization of orchestral and other concerts, under the title of "Everyman's Music."

RETIREMENT. Prof. G. E. Nicholls (Biol.).

STUDENTS (1947). Full-time, 1214; part-time, 354; external, 136; total, 1704.

Students from the services at present receiving benefits under the Commonwealth Reconstruction Training Scheme number 491.

GENERAL INFORMATION

In 1929 the Canberra University College was constituted by an ordinance of the Australian Capital Territory, the Canberra University College Ordinance, "pending the establishment of a teaching University in Canberra." The main function of the University College is to establish courses of lectures for degrees and diplomas in co-operation with one or more of the existing Universities in Australia. Co-operation was obtained with the University of Melbourne and the University passed a temporary regulation which was extended from time to time, and which was amended in May 1947 to read as follows:

"THE CANBERRA UNIVERSITY COLLEGE. (1) Any student taking any subject proper to the Faculties of Arts, Science, Law or Commerce and with the permission of the appropriate Faculty receiving the necessary instruction in such subject at the Canberra University College may upon payment of the following fees be admitted to examination at Canberra upon terms and conditions prescribed by the appropriate Faculty: For each subject, £1:1s. (2) For the purpose of this Regulation the appropriate Faculty shall enquire into the teaching and facilities for study in any subject proper to it and if considered necessary appoint inspectors to visit the College and report thereon. (3) All teaching appointments proposed by the Council of the College shall be submitted to the Council of the University for its concurrence before the appointments are made. (4) This Temporary Regulation shall remain in force until the 31st December 1948.

The University College is financed by an annual grant by the Commonwealth Government, and fees received from students. The grant totalled in 1947 £17,500.

The Ordinance incorporates a Council of the College, which consists of ten members, nine appointed by the Governor-General on the advice of the Minister for the Interior (of whom two are nominated by the University Association of Canberra), and one being a member of the teaching staff co-opted by the Council. The Chairman of the Council is appointed by the Governor-General from among the members of the Council.

LIBRARY. 4967 vols. 1918 pamphlets.

DEGREE COURSES (of the University of Melbourne). Bachelor of Arts (ordinary); Bachelor of Commerce; Bachelor of Laws.

DIPLOMA COURSES (of the University of Melbourne). Journalism; Commerce; Public Administration.

OTHER COURSES. Diplomatic Studies, open to Cadet Officers of the Dept.

of External Affairs and to a limited number of others who must submit evidence of their capacity to profit by the course.

PUBLICATIONS. *Calendar* (January), 2s.; *Prometheus* (Students' Magazine) (annually), 2s.; Students' Notes, weekly each term; *Commonwealth Literary Fund Lectures*; *Commonwealth Institute of Accountants Research Lecture*.

THE YEARS 1946, 1947

NEW DEPARTMENTS AND POSTS. Principal of the College and Professor, lectureships in English, French, and Law. Assistant lectureships in Economics, History and Political Science.

CHANGES IN REGULATIONS. The Univ. of Melbourne made a regulation enabling status, to be determined in each separate case, to be granted to matriculated persons completing the full course of diplomatic studies conducted by the College.

The Univ. of Melbourne, in May 1947, extended the operation of its regulation affording recognition of the College until 31st December 1948.

RESIGNATIONS. The Rev. Canon W. J. Edwards, B.A., Dip.Ed. Syd., resigned from the Council upon his appointment as Head of the U.N. International Children's Emergency Fund Mission in Greece; Mr. R. S. Parker, Political Science (appointed Research Fellow, Australian National Univ., Canberra); Mr. J. S. G. Wilson, Economics (appointed Lectr. in Economics, London School of Economics); Mr. D. L. CONSTITUENT COLLEGES

UNIVERSITY OF OTAGO, DUNEDIN ; CANTERBURY COLLEGE, CHRISTCHURCH ; AUCKLAND UNIVERSITY COLLEGE ; VICTORIA UNIV. COLLEGE, WELLINGTON.

ASSOCIATED COLLEGES

CANTERBURY AGRICULTURAL COLLEGE, LINCOLN ; MASSEY AGRICULTURAL COLLEGE, PALMERSTON NORTH.

The University was founded as a purely examining University in 1870. Its constitution is defined in the N.Z. University Act, 1908, and subsequent amendments. The most important of these later amendments was that of 1926 by which the Univ. was re-established as a federal Univ. consisting of the four constituent University Colleges. Strictly speaking, the two Agricultural Colleges do not form part of the federal structure, but in effect they are constituent Colleges with representation and status similar to that of the four Univ. Colls.

The government of the Univ. is vested in the Senate, advised on academic matters by the Academic Board, which represents the Professorial Boards of the six Colleges, and on Entrance matters and legal education by the Entrance Board and the Council of Legal Education. The Senate consists of a Chancellor, Pro-Chancellor and Vice-Chancellor, 4 members nominated by the Governor-General, 8 appointed by the governing bodies of the University Colleges, 1 by the School of Agriculture, 1 by the Senate, 5 by Convocation, 3 by the Academic Board, the Academic Heads of the constituent Colleges and the Director of Education.

In the early days when only undergraduate work was attempted, the function of the Univ. was largely restrictive. It preserved adequate standards in the small University Colleges by appointing only external examiners from

England. This stage is now past, and the examining, except for the higher degrees, is carried out within the Dominion, and, as the Colleges have grown in size and authority, the complete responsibility for teaching and examining is being transferred to them under a general supervision exercised by Academic Board and Senate. The federal University is now largely concerned with wider problems of the promotion and co-ordination of university education and research and, within recent years, has established a University Press, a Research Fund (at present £10,000 p.a.) and a University Grants Committee. It supervises higher teaching appointments in the Colleges, and the governing bodies of the Colleges cannot make any appointment to a Chair without the prior approval of the Senate. A Professor so appointed becomes a "Professor of the University."

The University owns, in Wellington, University House, which contains its administrative offices and the Senate Room.

MATRICULATION. Candidates must pass in 5 subjects, including English, but two of the subjects are required to be passed only at the standard of the School Certificate of the Education Department of New Zealand. The examn. is held in Dec. Special provision is made for exemption of persons not under 21 years of age and students from other Universities.

EXTERNAL STUDENTS. Provision is made in certain faculties (notably Arts, Comm., and Law) for the admission to degree examns. of students exempted from attendance at a College.

GENERAL INFORMATION

In 1872 the Provincial Council of Canterbury set aside certain lands for the endowment of higher education, including provision for a school of agriculture. Land suitable for the activities of such a school was bought at Lincoln in 1877 by the Canterbury College Board, which was administering the endowments, and Lincoln Agricultural College was opened in 1880. By the Canterbury Agricultural College Act, 1896, control of Lincoln Agricultural College was removed from the Canterbury College Board and vested in a separate Board of Governors, the College thenceforth being known as Canterbury Agricultural College. In 1913 a University Degree in Agriculture was instituted and the College was recognized as a School of Agriculture by the University of New Zealand. A series of amending Acts were passed between 1922 and 1927, and by legislation passed in the latter year the College became a College of the University. By the School of Agriculture Act, 1937, Canterbury Agricultural College and Massey Agricultural College were constituted a New Zealand School of Agriculture in connexion with the University of New Zealand. Under the Statutes Amendment Act 1945 the N.Z. School of Agriculture became associated for administrative purposes with the Department of Education instead of the Department of Agriculture.

FARMS of 2200 acres.

LABORATORIES. Biology, Chemistry, etc.

LIBRARY.

RESEARCH. Investigations are proceeding on wheat and other cereal crops, grasses and pasture plants, soils and manures, animal nutrition and disease, farm economics, wool production, agricultural engineering and plant diseases.

The WHEAT RESEARCH INSTITUTE and the Agronomy Division of the D.S.I.R. are located at the College.

COURSES AND FEES. Degree Course (B.Agr.Sc), 4 yrs.—lectures £22 : 10s. p.a. Board, 43s. 6d. per week for academic year of approx. 28 weeks. Diploma of Agriculture Course (Dip. C.A.C.), 2 yrs., £70 p.a. including board and tuition. Diploma of Valuation and Farm Management Course (Dip. V.F.M.), 1 yr. postgraduate course, £22 : 10s. tuition. Eight Months' Intensive Course, £22 : 10s. tuition. Horticultural Course, 2 yrs., £70 p.a. including board and tuition. GENERAL INFORMATION

The College was establd. under the New Zealand Agricultural College Act in Sept. 1926 as the result of an agreement between Victoria Univ. Coll., Wellington, and Auckland Univ. Coll. to amalgamate their respective Schools of Agric. and to establish the new Coll. in the Palmerston North-Marton area. On July 29, 1927, an amending statute, the Massey Agricultural College Act, was passed, and the Coll. finally establd. under its present title. Under a further amending Act, the School of Agriculture Act, 1937, the Massey Agricultural College and the Canterbury Agricultural College were constituted a School of Agriculture in connexion with the University of New Zealand and called the New Zealand School of Agriculture.

The College Buildings consist of the Main Building, containing lecture rooms, teaching and research laboratories, library, assembly hall, studies, common rooms, etc.; the Administration Building and the Students' Residences.

The Coll. includes a modern dairy factory, with separate rooms for all dairy processes, etc., and equipped with small units of the latest designs of dairy factory machinery. The freehold farm is c. 1200 acres in extent, with a wide range of soil types, and is devoted to sheep and dairy farming. A hill-country sheep farm of 1046 acres, situated eight miles distant, is leased by the College.

DEGREE COURSES, ETC. Courses are given for the B.Agr.Sc. and M.Agr.Sc. of the Univ. of N.Z. College Diploma courses in Dairying, Agriculture, Horticulture and in Wool Classing, College Certificate courses in Poultry Farming and short courses in Sheep Farming, Dairy Farming, Market Milk and Ice Cream, Fruit Growing, Seeds and Fertilizers, and Herd Testing are also provided.

RESEARCH. The College is a major centre for research in wool problems.

Among the investigations now being conducted are: research into wool improvement and breeding problems in sheep; the effect of various pasture strains and manural treatments on thrift and productivity of sheep and lambs; the growth and development of sheep's teeth; the milk supply of the ewe; investigations on the epidemiology of round worm parasitism in sheep; various aspects of mole draining. The Dairy Research Institute (N.Z.) is located at, and the Grasslands Division of the Plant Research Bureau (Dept. of Scientific and Industrial Research) is adjacent to, the College.

FEES. B.Agr.Sc (including board), £100 p.a.; M.Agr.Sc. (including board), £90 p.a.; Farming and Horticulture Courses (including board), £100 p.a.; Dairying, £10 per term; Wool Classing, £20 per course; short courses, £1 per week.

SCHOLARSHIPS. Various Govt. and Univ. Scholps. are open to students.

THE YEAR 1947

BENEFACTION. Under the will of the late Bernard Chambers, £7850 for research into plant and/or animal diseases.

NEW BUILDINGS. Additional men students' residence to accommodate 150 students.

NEW POST. Chair in Dairy Husbandry.

STUDENTS. Full-time: 312, including 6 graduates. Part-time: 426.

DEGREES OBTAINED. M.Agr.Sc., 3; B.Agr.Sc., 4.

HISTORICAL SUMMARY (originally contributed by Professor Ritchie of Cape Town, revised by Sir Carruthers Beattie, formerly Vice-Chancellor of the University of Cape Town, and further revised in 1947 and 1948 by the Vice-Chancellor's Committee). The history of higher education in S. Africa covers but a comparatively short period of time. It may be said to have had its beginnings when, in 1829, the S. African College (now incorporated in the Univ. of Cape Town) was founded, as a proprietary institution, by a number of progressive citizens of Cape Town, assisted by subscribers from various parts of the country. This institution was, at its inception and for a long time afterwards, not much more than a higher-class school, but it had within it the possibilities of growth and started with very high aims. It had a very chequered history for some time, and was on more than one occasion in danger of extinction, but it gradually acquired a stronger position on ceasing to be a proprietary institution and receiving support from the public funds. For 20 years it remained the only educational establishment in S. Africa which aspired to anything beyond the range of elementary education, but in 1849 a rival College (the Diocesan) was started under the ægis of the Episcopalian Church at Rondebosch, a suburb of Cape Town. A few years later, in 1855, a somewhat similar College, St. Andrew's, was founded in Grahamstown, in the eastern part of the Cape Colony. Under the Governorship of Sir George Grey there was founded, in 1855, the Grey College at Bloemfontein in the Orange Free State, the first attempt at higher education beyond the borders of the then Cape Colony. None of these Colleges was well equipped, and most of the work done by them was school work rather than Univ. work, but they gradually acquired a growing influence and formed centres at which development was only a question of time. A very strong impetus in the direction of higher education was given in 1858 by the establishment of a Board of Examiners in Literature and Science. This Board had in view in the first instance the testing by means of examination of the competency of candidates for the Civil Service and public offices, but it soon extended its scope and started examinations on more distinctively Univ. lines, corresponding roughly to Matricn., B.A., and M.A. The competition between the existing Colleges caused by these exams. had undoubtedly a strong influence on the growth of these Colleges and the greater attention paid to subjects beyond the mere school range. This Board continued to exist until 1873, when a successful attempt was

made to institute a Univ. for S. Africa. The Univ. of the Cape of Good Hope, which was then founded, continued to exist until the beginning of 1918, when it was transformed into the Univ. of S. Africa, with its administrative seat at Pretoria. This Univ. was modelled on the lines of the London Univ., as then existing, as a purely examining body. It was governed by a Council, half of whose members were nominated by the Government, half elected by the members of Convocation. It had no constitutional connexion with the Colleges which prepared students for its examns., but the members of the Council who were elected by Convocation tended gradually to be almost entirely members of the teaching staffs of the various Colleges. In this indirect fashion the Colleges had a considerable influence on the development of the Univ. and the extension of the range and scope of its examns. Almost at the same time as the founding of the Univ. of the Cape of Good Hope there was passed by the Cape Parliament a Higher Education Act, which gave definite salary grants to the professors at recognized Colleges. This Act, together with the new impulse given to higher education by the new Univ., had a very marked influence on the development of the Colleges, which now began to increase in staff and numbers of students. The new College of Stellenbosch (afterwards the Victoria College and now the Univ. of Stellenbosch) was founded in 1874, and grew very rapidly, until it was a formidable rival of the older College at Cape Town. Other Colleges were founded also at Somerset East (Gill College) and Port Elizabeth (Grey Institute), but these had only a very short term of life. At a considerably later period, as S. Africa grew in population and wealth, other Colleges sprang into existence. A College for women (the Huguenot College) was founded at Wellington in 1898. In 1904 St. Andrew's College at Grahamstown separated its College department from its school, and the former became incorporated as the Rhodes College. In the same year a School of Mines which had been founded in 1896 at Kimberley was transferred to Johannesburg, and afterwards developed into a College for higher education generally, which is now the University of the Witwatersrand. In 1908 a Univ. College was founded at Pretoria,* and in 1909 a similar College was instituted at Pietermaritzburg, Natal.

In 1904 there began a movement for the institution of a teaching, in place of the examining, Univ., and the controversy regarding the rival claims of a federal and a single-college Univ. continued for a number of years. An Inter-Colonial Conference on Univ. Education in 1908 reported in favour of a federal scheme, but nothing came of its decision. A new factor in favour of a teaching Univ. was introduced by the munificent gifts for this purpose of Mr. Alfred Beit, his brother, Mr. (later Sir) Otto Beit, and Sir Julius Wernher. In consequence of these gifts, various attempts were made by the Government to solve the knotty question of reconciling claims of the existing Colleges with the institution of one or more teaching Univs. A parliamentary committee deliberated on the subject in 1913, and a Commission was appointed in the same year and, after taking evidence, issued its report in 1914. This Commission proposed two Univs., one consisting of a

* Now the University of Pretoria.

federation of the S. African College and the Victoria College, the other of a federation of the remaining Colleges (Rhodes College being allowed the choice of joining whichever federation it pleased), but the proposal led to no practical result, chiefly owing to the objection on the part of the two oldest and strongest Colleges, at Cape Town and Stellenbosch, to the loss of their independence. The problem was at length solved in 1916 by giving charters to both the S. African College and the Victoria College, and by the reincorporation of the old Univ. of the Cape of Good Hope as a federal Univ. embracing all the other Colleges under the name of the Univ. of S. Africa.

The three Acts passed by the Union of S. Africa in 1916 were to the following effect :

I. The Univ. of the Cape of Good Hope became the Univ. of South Africa, with its administrative seat at Pretoria.

II. The South African College became the Univ. of Cape Town, with which is incorporated the S. African College. Its seat is upon the Groote Schuur estate on the eastern slopes of Table Mountain.

III. The Victoria College, Stellenbosch, became the Univ. of Stellenbosch, with its seat in the division of Stellenbosch in the Province of the Cape of Good Hope.

The Faculties of the Univ. of Stellenbosch were specified originally as—Arts, Science, Education, Agric., Law, Theology, Commerce, to which have now been added Forestry and Engineering ; of the Univ. of Cape Town as—Arts, Science, Medicine, Law, Engineering, Education, to which have been added subsequently Commerce, Music, Fine Art (and Architecture). Of the Univ. of South Africa the Faculties are not defined, but permission is given to each of the constituent Colleges to establish such faculties or depts. as it may deem fit ; provided that it shall not, without the consent of the Govr.-General, apply towards the maintenance of a faculty or dept. not established at the commencement of the Act any money granted to the College from public funds. The three University Acts referred to above also made provision for the establishment of a Joint Matriculation Board and a Joint Committee for Professional Examinations, the functions of which are indicated below.

In 1922 the teaching institution at Potchefstroom was admitted as a constituent College of the University of South Africa under the name of the Potchefstroom University College.

In 1921 Parliament passed a further Act, which has the effect of incorporating, with effect from March 1, 1922, as " The University of the Witwatersrand, Johannesburg," the University College, Johannesburg (formerly the S. African School of Mines and Technology, and one of the constituent Colleges of the University of S Africa). Its Faculties are defined as Arts, Science, Medicine, Law, Engineering, Commerce, and Dentistry, to which has been added Architecture.

In 1923 the South African Native College at Fort Hare, established primarily for the benefit of the native races of South Africa, was incorporated under the Higher Education Act of 1923.

In 1930 Parliament passed an Act incorporating the Transvaal University College, Pretoria, as " The University of Pretoria " as from

10th October 1930. Its faculties are specified as Arts, Science, Agriculture, Law, Theology, Commerce and Public Administration, Veterinary Science, Education, Music, to which has been added Medicine.

Each of the five Univs. is governed by Council, Senate, and Convocation. The Senate of the Univ. of South Africa consists of the Heads of the Constituent Colleges and the Professors and Lecturers of the constituent Colleges who are heads of such departments as are recognized by the University Council; the Senates of the Univs. of Stellenbosch, the Witwatersrand, Pretoria, and Cape Town consist in each case of the Principal or Rector, the Vice-Chancellor, two additional members of the Council appointed for a prescribed period, and the Professors and, at Pretoria, Heads of Depts. At the Univ. of the Witwatersrand two Assessor members are elected annually by the Lecturers.

There are three Faculties of Medicine, in Cape Town, Pretoria and Johannesburg; four of Engineering, in Cape Town, Johannesburg, Stellenbosch and Durban; two of Agriculture, at Pretoria and Stellenbosch; at Pretoria there is also a Veterinary Science faculty, and at Stellenbosch in 1932 a Forestry course was started; there are theological faculties at Stellenbosch and Pretoria.

The training of secondary teachers has been left to the Universities and all the institutions endeavour to carry out this training. The training of primary teachers is to a much smaller extent provided for in the Universities, the main work in this instance being carried on in training colleges under the provincial Departments of Education.

Legal and commercial training is given in all the Universities, so is the teaching of the subjects usual in a Science and in an Arts Faculty.

Schools of African Life and Languages have been established at four of the Universities, and a considerable amount of valuable work has been done.

The South African Native College at Fort Hare is not yet a constituent College of any of the Universities, and students taught there take degrees of the University of South Africa externally.

SCHOLARSHIPS. Open to graduates of all South African Universities: 1851 Exhibition Scholarships, £275 p.a. for 2 yrs. (in exceptional cases, 3 yrs.), tenable at any institution approved by Commissioners; Beit Fellowships, £240 p.a. for 2 yrs., tenable at Imperial College, London; H. B. Webb, maximum £300 p.a. for 2 yrs.; Union, £225 for 2 yrs. Open to graduates of the Universities of Cape Town, South Africa and Stellenbosch: Croll Memorial, Porter, George Grey, Queen Victoria, Donald Currie, all £225 p.a. for 2 yrs.; Ebdon, £300 p.a. for 2 yrs. at Cambridge; W. Hiddingh, £266 p.a. for 3 yrs.; Maynard, £90 p.a. for 2 yrs.

Elsie Ballot Scholarships, £400 p.a. for 2-3 yrs., tenable at Cambridge; basis of selection as for Rhodes Scholarships. Further information from the Joint Trustees (The Secretary, Ballot Scholarships, University Registry, Cambridge, and Barclay's Bank, D.C.O. (Trustee Department), Box 434, Pretoria).

For Rhodes Scholarships, see p. 305.

See also under the separate Universities.

TERMS. The academic year is usually divided into 4 terms, beginning in Feb. or March and ending Nov. or Dec. At Cape Town, Stellenbosch, Pretoria, and the Witwatersrand there are two Semesters or terms, beginning end of Feb. and end of July.

VICE-CHANCELLORS' COMMITTEE The Vice-Chancellors of the Univs. acting as a Joint Committee (known as *The Vice-Chancellors' Committee*) have, in the exercise of powers conferred by the above-mentioned Acts, made joint statutes and regulations relating to the Joint Matricn. Board, the Joint Committee for Professional Examns., the administration of the Joint Scholarship Funds of the five Univs., the admission of registered students of any one of the Univs. to any of the others, and a minimum period of attendance and minimum fees for the degree of Bachelor. They have power to formulate regulations dealing with any matters of common interest, such as the rotation between the five Univs. of postgraduate scholarships administered by the Committee and the conditions of award, etc.; the conditions and award of essay prizes, etc. The Committee has also acted as the selecting body for Commonwealth and British Council Scholarships and Carnegie Corporation Fellowships. The address of the Secretary (who is also Registrar, Univ. of Cape Town) is P.O. Box 594, Cape Town.

CONFERENCE. Representatives of the Univs. and Univ. Colleges in South Africa met for the first time in conference in Cape Town in 1923 to discuss matters of common interest and to promote co-operation and mutual consultation. Similar meetings have since been held from time to time. Two conferences were summoned by the Minister of Education, in 1931 and 1932, to consider respectively the Financial Control of the Universities and the questions of bilingual instruction and external degrees.

A conference was convened by the Vice-Chancellors' Committee in 1943 to formulate a uniform scheme for concessions to students who had been prisoners of war or engaged on military or national service.

The JOINT MATRICULATION BOARD consists of representatives of the five Univs., the Departments of Education of the Union, the four Provinces, S. Rhodesia and S.W. Africa, and the Secondary Schools (public and private) of the four Provinces. Its function is to control and conduct the Matricn. Examn. of the five Univs., and to deal with all applications for exemption therefrom. Regulations require candidates to *take*, at one and the same examination, not fewer than six or more than seven subjects and to *pass* with not less than $33\frac{1}{3}$ per cent. in each in not fewer than five and obtain a fixed minimum aggregate. Candidates so passing obtain *School-Leaving Certificates* if the passing subjects include (i) An official language on the Higher Grade, (ii) Mathematics or a Science, (iii) the other official language or an approved Bantu language or Latin or French or Greek or German or History or Geography; and *Matriculation Certificates*, if the passing subjects include four subjects, one from each of the four groups: (i) an official language on the Higher Grade, (ii) the other official language on the Higher or Ordinary Grade or an approved Bantu language (A or B grade), or Latin or French or Greek or German, (iii) a Science, or Mathematics, (iv) Mathematics if not

taken under (iii) or another language from (ii), or History or Geography or Hebrew or other language in which the Board agrees to conduct an examination, in which the candidate has obtained the Matriculation standard of 40 per cent. Candidates must also have passed in Mathematics or a Third Language, viz., a language other than English, Afrikaans, Nederlands.

EXAMINATIONS EXEMPTING, SUBJECT FOR SUBJECT, FROM THE MATRICULATION EXAMINATION OF THE BOARD (candidates must have passed in not fewer than five subjects; "Credit" is equated to the Matriculation Standard): The four South African Departmental School-Leaving Examinations; Five British School Certificates; Intermediate Examination, First Class, of Indian Universities; Matriculation or other entrance certificate of other approved Universities; Leaving Certificate of Education Departments of Secondary School entitling holder to admission to such University; British Higher Certificates; Leaving Certificates of Education Departments of Scotland and Eire; Hoofdakte (Holland); Forces Preliminary Examination.

CONCESSIONS TO EX-VOLUNTEERS. Matriculation Certificates are awarded to ex-volunteers who, within two years after discharge, have passed in four subjects (not necessarily on the Matriculation standard, or at one and the same examination), namely (i) an official language on the Higher Grade; (ii) a second language or Mathematics or a Science; (iii), (iv) two further subjects; exemption certificates being similarly awarded on the ground of passes at recognized examinations.

Non-matriculated candidates over the age of 25 who desire to proceed to a degree course and are not eligible for exemption under the ordinary regulations may, under certain conditions, be specially exempted from matricn. on the recommendation of the Univ. or other authority concerned.

The address of the Secretary (who is also Registrar of the Univ. of S.A.) is P.O. Box 392, Pretoria.

The JOINT COMMITTEE FOR PROFESSIONAL EXAMNS. (address—P.O. Box 392, Pretoria), consisting of 2 representatives of each of the 5 Univs. (one for Law and one for Survey) and 5 persons appointed by the Govr.-General (of whom at least 2 must be for Law and 2 for Survey), controls and conducts: (1) Attorneys' Admission Examn., (2) Civil Service (Lower and Higher) Law Examns., (3) Examns. in Theory of Land Surveying, and (4) Examn. for Patent Agents. It also conducts in certain cases on behalf of the Supreme Court the Advocates' Admission Examn. in Roman-Dutch Law and the Statute Law of the Union and the Supplementary Attorneys' Admission Examination.

GENERAL INFORMATION

The University of Cape Town, with which is incorporated the South African College, created by Act 14 of 1916, came into legal existence on April 2, 1918, when the Council took over a bequest by Sir Julius Wernher of £250,000 and a donation of equal amount from Sir Otto Beit, who added £50,000 to a lapsed bequest by Mr Alfred Beit. For early history, see *Yearbook* for 1930 and Introductory Chapter above.

A site for the University was provided by Government at Groote Schuur, Rondebosch. An appeal for funds in commemoration of the centenary of the S.A. College in 1929 realized over £70,000.

LIBRARY, 100,000 vols. Access to S.A. Public Library, 100,000 vols., specially well equipped in Bot. and Zool. Depts. Also Bolus Bot. Library and (for students of Teaching) the Library of the Educn. Dept. The Bolus **HERBARIUM** includes Guthrie Collection of Cape Flora.

Open postgraduate scholarships in Agriculture (£200 p.a. for 2-3 yrs.) and in Surgery (£450 p.a. for 2-3 yrs.)

TRAVELLING CONCESSIONS. On production of a certificate signed by the registrar, all full-time students may travel by rail under certain conditions at *reduced fares*—viz. the concession is only allowed on return tickets via the most convenient direct all-rail route from home to the Univ. and back; it does not apply to married persons, or to students attending classes for the law certifi. and civil service law examns. Students who have obtained a degree are not eligible for season tickets at concession rates for daily travel.

The Union-Castle Steamship Co. gives concessions to students travelling coastwise between ports from Cape Town to Mombasa, inclusive (applicable only to whole-time scholars and students who have not graduated and who are not married): (a) Students travelling from home to school or univ. or *vice versa*: *Single tickets* at single fare, according to age, less 10 per cent. *Return tickets* at the single adult fare, plus 10 per cent. The period of availability may be extended to 12 months on application. (b) All other students: *Return tickets* will be granted at excursion rates, available for period of vacation.

Certificates must include age, home address and, when on vacation, the period of such vacation.

The Union-Castle Co. and other Steamship Cos. grant a 10 per cent reduction on the ordinary fare to students proceeding overseas on vacation or for further study.

APPOINTMENTS COMMITTEE. Hon. Secretary, E. G. Pells.

RESIDENCE. Hostels for 300 men and 200 women. Board, laundry and residence, £68-£78 p.a.

The S.A. College and the University of Cape Town, 1829-1929, by Prof. E. A. Walker.

THE YEAR 1946

BENEFACTIONS. The Univ. accepted an offer by the executors in the estate of the late Lady Ludlow of a replica of the original painting of the late Sir Julius Charles Wernher; Mr. Jacques Malan presented a number of historic photographs, and the Nasionale Pers Beperk an annual book prize of £10 for the best student in the first course in the dept. of Nederlands en Afrikaans. The Defence Department gave on loan to the Univ. for use by the electrical engineering dept. Radar equipment to the value of £980. The Directorate of Military Survey (War Office, London) presented over 3000 large-scale survey maps of Europe and other parts of the world.

NEW POSTS AND DEPARTMENTS. New posts included a professorship in land surveying, lectureships in electrical engineering, geology, music, pure mathematics and quantity surveying, and senior assistantships in pathology. Several temporary lectureships and assistantships were established because of the abnormal increase of number of students due to the return of ex-volunteers. The Council accepted in principle the establishment of a Dental School after the present strain on faculties has been relieved and provided an adequate additional Government grant is given.

EXTENSION LECTURES. Lectures under the auspices of the Extension Lectures Committee were given by Prof. R. S. Adamson, Prof. E. Chisholm, Prof. J. H. O. Day, Prof. W. H. Hutt, Prof. D. P. Inskip, Prof. J. T. Irving, Mr. A. Roland Holst and M. Armand Guibert.

RETIREMENTS. Dr A. W. Falconer (Principal), Prof. E. Roworth (Fine Art), Prof. J. van Roojen (Radiology), Prof. C. F. M. Saint (Surgery), Miss L. Isaacson (Lectr. in Music), Miss E. F. M. Ranier (Lectr. in Music).

DEATHS. Sir Carruthers Beattie, the first Principal and Vice-Chancellor of the Univ. who retired in 1937; Adv. M. Alexander, Member of Council; Prof. W. H. Bell (former Prof. of Music); Prof. A. E. Snape (Civ. Engin.); Prof. A. Brown (Appl. Maths.); Dr. L. P. Bosman (Member of Council).

HONORARY DEGREES. LL.D.—Dr. S. H. Haughton, Director of the Geological Survey.

STUDENTS. Full-time: 3833; part-time: 538.

GENERAL INFORMATION

Established by an Act of 1909, the College was opened in 1910 in the Town Hall and moved in 1912 to its own buildings (which, with equipment, cost £60,000) in the suburb of Scottsville. A new Science block and a women's hostel were added in 1921 and a hostel for men in 1928. A new wing was added in 1934 at Pietermaritzburg and a Library and Fine Arts School in 1936. Students have access to Maritzburg *Botanical Gardens* and Govt. *Museum*.

In 1926 a site of 50 acres at Stellawood was presented by the Corporation for the erection of an Engineering College, £50,000 having been given in 1924

GENERAL INFORMATION

Founded 1910. For early history, see *Yearbook*, 1929, pp. 508-9.

In 1930 the Transvaal University Coll. was incorporated by Act of the Legislature of the Union of S. Africa as an independent Univ. under the title of The Univ. of Pretoria. The Univ. consists of the Chancellor, the Vice-Chancellor, the Rector, the Council, Senate and Convocation, together with the Professors, other teachers and students of the Univ. The Rector is *ex officio* Chairman of the Senate.

The Act provides for Faculties or Departments of Theology, Arts, Commerce and Public Administration, Education, Law, Science, Music, Agriculture, Veterinary Science and such other Faculties or Depts. as the Council may, after consultation with the Senate, with the approval of the Governor-General and subject to the Statutes, from time to time establish. The Faculty of Medicine was established in 1943 with the approval of the Governor-General.

The Faculty of Agriculture is one of two in South Africa. It is specialized along different lines from the Faculty in Stellenbosch Univ., particular attention being paid to the study of farming in the summer rainfall area of the Union of South Africa. The Faculty of Agriculture of the Univ. of Pretoria has two functions, namely: (a) *Educational*: serving as a teaching institution for the training of agriculturists and agricultural engineers. The courses for Bachelors' degrees cover 4 years of study and candidates may specialize in any branch of agriculture. Postgraduate work may be taken, and about 20 per cent of the students enrolled follow postgraduate courses. (b) *Research*: The Faculty is also a research institute. Its research work falls under the direct control of the Department of Agriculture of the Union Government. In this respect the Faculty functions as a division of the Department. The Faculty of Veterinary Science was grafted on to the Veterinary Research Laboratory at Onderstepoort, one of the largest veterinary research institutes in the Empire. The most important subjects of research comprise protozoal, virus and bacterial diseases, helminthology, entomology, poisonous plants, mineral metabolism and other nutritional problems, sterility in cattle and sheep and other obstetrical and physiological problems.

LIBRARY, 125,000 vols. **LABORATORIES**: Applied Maths., Bot., Plant Physiol., Chem., Entom., Geog., Geol., Phys., Psychology, Zool., Agric. Bot., Agric. Chem., Agronomy, Vet. Anat., Sheep and Wool, Domestic Science, Gen. and Clin. Anat., Histol., Physiol., Biochem., Bacteriol., Clin. Pathol., Pathological Anat., Pharmacol. **ASTRONOMICAL OBSERVATORY**.

COURSES are provided for all degrees and diplomas of the Univ. in Divinity, Arts, Commerce and Public Administration, Law, Science, Agriculture, Agricultural Engineering, Veterinary Science and Medicine. Course in Librarianship may be taken concurrently with B.A. degree. Special courses are available for teachers of Agriculture and of Domestic Science. Five-yr. course in Tropical Veterinary Medicine leads to degree of B.V.Sc. Full courses are available in Architecture and Surveying and special provision is made for Bantu Studies.

FEE for full degree course, £35 to £70 p.a.

EXTRA-MURAL STUDIES. A special feature of the Univ. is the work done in the Extra-mural Faculties. In a building in the centre of the town three miles from the main buildings lectures are given, out of ordinary business hours, for the benefit of public servants, article clerks, commercial men and teachers. About 550 students are enrolled, practically all for full degree courses: for B.A., Law B.A., LL.B., B.Com., B.Admin., Masters' degrees, Law Certificate, Banker's Certificate, or Diplomas in Bantu Studies and Native Administration.

UNIVERSITY EXTENSION. The faculties of Agric. and Vet. Sc. co-operate with the Union Dept. of Agriculture in connexion with the extension training service organized by it. Public Lectures are being organized in Pretoria and surrounding districts.

HOSTELS. 4 for men, including the Dutch Church Hostels, and 1 for women. Board and residence, £75 p.a.

PUBLICATIONS. *Calendar* (November); bulletins containing result of research by members of staff.

THE YEARS 1946, 1947

NEW BUILDING. Building for the Institute of Physical Education is in course of construction.

OTHER DEVELOPMENTS. In 1946 a 4-yr. degree course and a 2-yr. diploma course in Soil and Veld Conservation were started in the Fac. of Agriculture and in 1947 the B.Ed. (Phys.) and B.Ed. degrees were instituted in the Fac. of Education. A 3-yr. Diploma Course in Radiography was started in the Fac. of Medicine in 1947.

CHANGES IN REGULATIONS. Apart from the changes in regulations necessitated by the institution of the above-mentioned courses, minor changes have been made in the regulations of most faculties.

DEATH. Prof. I. Bosman, Hd. of History Dept.

HONORARY DEGREE CONFERRED (1946). *D.Com.*—Mr. Johannes Postmus, formerly Governor of the South African Reserve Bank and at present a member of the Council of the University of Pretoria, and Chairman of its Financial Committee.

GENERAL INFORMATION

The Victoria College developed out of the Stellenbosch Gymnasium, which was founded in 1866, and in connexion with which the Faculties of Literature and Philosophy, Mathematics and Physics—the so-called “Arts Department”—were established in 1874. In 1881 the Arts Department was granted a charter and accorded its status and constitution as the “Stellenbosch College” by a private Act of Parliament. In 1887 (the year of the 50th anniversary of Queen Victoria's accession) Her Majesty consented to the College's being named “The Victoria College of Stellenbosch.” By the University of Stellenbosch Act, No. 13 of 1916, the College, on the 2nd April 1918, was incorporated as the University of Stellenbosch, and in addition to fulfilling its previous functions is entitled to examine its own students and grant degrees.

The Faculty of Agriculture aims at the promotion of agricultural science and the development of agriculture in the Union. Particular attention is given to the training of future farmers. By Act No. 45 of 1926, the Elsenburg School of Agriculture and the Faculty of Agriculture of the University were amalgamated to constitute “The Stellenbosch-Elsenburg College of Agriculture of the University of Stellenbosch.” In accordance with this Act, the Faculty of Agriculture and Forestry “shall be for all purposes the faculty of agriculture of the university, and shall have all such rights and privileges and be subject to all such duties as are laid down by the University of Stellenbosch Act, No. 13 of 1916.” By this amalgamation the Faculty of Agriculture and Forestry is brought into more intimate touch with practical farming and matters relating thereto, so that its activities are more extensive than those of the original faculty. In close connexion with the Univ. is the Western Province Fruit Research Station of the Union Dept. of Agriculture where there are facilities for postgraduate research in all branches of fruit production and fruit and vegetable processing. Several of the staff members of the Research Station are members of the teaching staff of the Univ. The Department of Forestry is attached to the Faculty of Agriculture.

Research work forms an important part of the activities of this University. In the Departments of Educational Psychology, Psychology, Sociology, Geography, History, Agriculture, Bantu Languages, Ethnography, Afrikaans-Nederlands, Geology, Biology, Law and Economics, special attention is devoted to South African problems. Since 1923, the results of research work have been published regularly in the *Annals* of the University of Stellenbosch. The University Council also awards a special grant for the purpose of carrying on scientific investigational work.

FACULTIES. Arts (including Depts. of Bantu Studies, Ethnol. and Soc. Studies), Law, Education, Science (including Spec. Dept. of Domestic Science), Theology, Agriculture and Forestry, Commerce, Engineering.

DEGREE COURSES, ETC. 3 yrs.—B.A., B.A. in Social Work, B.Sc., B.Comm.; 4 yrs.—B.Mus., B.Sc. in Home Economics, B.Ed. in Home Economics, B.Ed.Ph., B.Sc. in Agric., B.Sc. in Forestry, LL.B. (5 yrs. combined with B.A.); 5 yrs.—B.Sc.Eng.; 1 yr. postgraduate—M.A., M.A. in Social Work, M.Sc., M.Sc. in Home Econ., M.Sc. in Agric., M.Sc. in Forestry, M.Comm., M.Sc.Eng.; 2 yrs. postgraduate—B.Ed.; 3 yrs. postgraduate—M.Ed., B.D.; 2 yrs. after M. degree—D.Phil., D.Litt., D.Sc., D.Ed.Ph., D.Sc. in Agric., D.Sc. in Forestry, D.Comm., D.Sc.Eng.; 2 yrs. after B.D.—DD.; 2 yrs. after LL.B.—LL.D.; 1 yr. after M.Ed. or 2 yrs. after B.Ed.—D.Ed. Courses are also provided for the Secondary Teachers' and Higher Primary Certificates; also for Certificates in Comm., Home Econ., Social Work, Vocational Training, Teaching of Special

Classes, Teaching of Arts and Handicraft, Teaching of Music, Teaching of Speech Training and Dramatic Art.

PHYSICAL TRAINING. Although physical training is not compulsory the majority of the students participate actively in the different branches of sport, i.e. in rugby, cricket, tennis, baseball, netball, boxing, swimming and athletics. In most of these branches of sport they were able to compete successfully with other clubs.

HEALTH OF STUDENTS. Due to its mild climate the health of the students at Stellenbosch is generally very sound. The assistance of a fully trained nurse is at the disposal of all students who may require her services. Periodical inspections are conducted to ascertain the general state of health of all students in Univ. hostels.

RECREATION AND FACILITIES FOR EX-VOLUNTEER STUDENTS (EX-SERVICE MEN). The Univ. caters extensively for the needs of ex-Service men who have registered as students at this institution. Special classes and mid-term courses have been introduced (at no extra cost to the student) and extra and individual coaching is applied to assist this type of student. Recreational facilities, sport, culture and relaxation are provided, and a special hostel has been allocated to ex-volunteer students. In general, the ex-volunteers have succeeded beyond expectations in assimilating themselves with the student body as a whole.

LIBRARIES. Christian Marais and Carnegie. 95,167 vols. and 845 periodicals. The Univ. receives each year nearly 900 different annual and other publications.

LABORATORIES. Chemical Inst. (De Beers Building) for biochemical sciences; Merensky Building (physics); Domestic Science Building; Education Building; Physical Education Building; Agriculture Building; Laboratory and Workshop of the Fac. of Engineering.

SPECIAL EQUIPMENT, COLLECTIONS, ETC. The Dept. of Botany possesses a botanic garden and three hothouses containing a large collection of the peculiar xerophytic flora of South Africa. Herbarium. The Dept. of Agricultural Chemistry has a building and equipment for manurial pot-experiments. The Dept. of Bantu Studies is building up a collection of specimens of native art and industry. Zoological and Geological Museums. Vivarium. Pomology Dept. and Western Province Research Station for study of deciduous and other fruit trees. Viticulture Dept. for studies in wine and spirit production.

GENERAL INFORMATION

For early history, see *Yearbook* for 1929, p. 518. In 1921 University College, Johannesburg, was reincorporated as the University of Witwatersrand, Johannesburg, with effect from March 1, 1922. This development was made possible partly by support from the public, including contributions by the Chamber of Mines (£50,000), Standard Bank of S.A., Nat. Bank of S.A., Central

Mining and Investment Corporation, and De Beers Cons. Mines, Ltd. (£10,000 each), Sir Otto Beit (£8000), and many others, amounting in all, up to the end of 1922, to over £220,000. The Municipality provided a fine site (100 acres) at Milner Park, a mile from the centre of the town. Expenditure on buildings and lay-out up to 31st Dec. 1945 amounted to £1,186,832. LIBRARIES: Central, and several departmental. MUSEUMS: Several departmental.

THE UNIVERSITIES OF INDIA

[NOTE.—In previous issues of the *Yearbook* this introductory chapter on the "Universities of India" referred to institutions which are now in India and Pakistan. Since the political division of the two countries it has not been possible to write a new introduction applying to the Universities of India alone, although a brief introduction on the Universities of Pakistan has been provided through the good offices of the Educational Attaché of the Office of the High Commissioner for Pakistan and is given on pp. 924-25. The following statement on the Universities of India, therefore, represents the account given in previous issues, with the appropriate deletions to bring the references to the individual Universities into line with the present political situation. At the time of going to Press it is understood that new Universities at Solan (East Punjab University) and at Jaipur (University of Rajputana) have been established in India and appropriate entries will appear in the next edition of the *Yearbook*.]

UNIVERSITIES were first established in British India as a result of the great parliamentary inquiry into the condition of India which preceded the confirmation of the Company's Charter in 1853. It was resolved to create a properly articulated system of education from the Primary School to the University. The London University, at that time a purely examining body, which admitted to its tests only the students trained in affiliated institutions—the latest device of educational statesmanship—was taken as a model. "It had been suggested, in London, by conditions which resembled those of Bengal. . . . Its defects were not yet apparent, though it was to be profoundly modified by London itself four years later. It had the advantage of costing very little. It enabled all the existing collegiate institutions, whether Government or missionary, to be worked into the same scheme, and promised to provide a quite impartial mode of testing the qualifications of students for Government service. Above all, it gave freedom to the non-Government Colleges—all, at that date, mission colleges—to carry on their work in their own way, and offered them help from public funds for the secular side of their work" (*Report of the Calcutta University Commission, 1917-19*). In pursuance of this policy, Universities were founded in 1857 at Calcutta, Bombay and Madras. The framers of the policy, while contemplating that the ordinary subjects of study should be dealt with by the Colleges, did not intend that the Universities should have no teaching functions, but in point of fact until about 1914 they concerned themselves solely with examinations. In 1887 the University of Allahabad was established on similar lines. A Commission was appointed in 1902 to examine the working of the system, and the Universities Act of 1904 was designed to give effect to its recommendations as to reorganization of the government of the Universities, their assumption of teaching functions, and more effective supervision by them of the

Colleges, as well as more exacting conditions of affiliation. University Professorships, Readerships and Lectureships have accordingly been constituted in the above-named Universities, but mainly for advanced (postgraduate) courses and, except in Calcutta, only on a very small scale. Benares (Hindu), Mysore and Patna Universities were established in 1916 and 1917. The Osmania University, Hyderabad, Deccan, was also established in 1918, though actual tuition began only in Aug. 1919.

The foundation, structure, aims and efficiency in working of institutions for higher education in India have been subjected to exhaustive re-examination by the Calcutta University Commission, 1917-19. In the University of Calcutta itself but little progress has been made towards giving effect to the far-reaching and fundamental changes recommended by this body, but their recommendations have to a great extent determined the lines on which a number of new Universities were established in 1920 and following years. Aligarh, Lucknow and Allahabad may be described as unitary, teaching and residential Universities; and the University of Agra was created under an Act of the United Provinces of 1926 for the purpose of affiliating all the colleges previously associated with the University of Allahabad which had not been transferred to the Nagpur University (*see below*). Delhi has constituent colleges which are not wholly controlled by the University and may perhaps be described as residential and "semi-unitary." Patna approaches them in type. The Patna University Act of 1917 was amended by an Act in 1932 so as to make the constitution correspond with existing conditions. Part of the teaching in Delhi is carried on by the Univ. itself. The Nagpur University was established by legislation in 1923 and took over a number of colleges previously affiliated to Allahabad, to which has been added an Agricultural College. The University itself carries on the teaching of law. In 1926 an Act of the Madras Legislative Council provided for the establishment of an affiliating University at Bezwada (the Andhra University). The headquarters of Andhra University have been moved to Waltair. Bombay University was reorganized in 1928, and the new Act came into force in 1929. The report of the Bombay University Reform Committee (published 1925) recommends the establishment of a University at Poona. The latest additions to the universities of India are the Annamalai University of Annamalaiagar in Southern India, established by an Act of the Madras Legislature of 1928 as a unitary, resident and teaching University, and the University of Travancore, founded in 1937, which is primarily a teaching University established at Trivandrum without powers of affiliation, though four mofussil Colleges were admitted to its privileges as a special arrangement. The constitution of a new Province of Orissa in 1936 resulted, with the active collaboration of the States of Orissa, in the establishment at Cuttack of the Utkal University in Aug. 1943. The University is an examining body.

The *Review of Growth of Education in British India* * by the Auxiliary

* Interim Report of the Indian Statutory Commission, 1929; Cmd. 3407. H.M. Stationery Office.

Committee on Education appointed by the Indian Statutory Commission (generally referred to as the Hartog Report) gives an account both of recent progress in University education in India and of some of its main defects. In the smaller Colleges and residential Universities the old system of mass teaching has been supplemented by valuable tutorial work, especially for Honours students. Research work, which barely existed in Indian Universities when the Islington Commission reported in 1915,* now finds its place in all the Indian Universities, and the character of the staff in the unitary Universities and in central organizations of the affiliated Universities has been largely transformed. The laboratories and libraries have been greatly improved; "but the majority of University libraries are inadequate and all need great additions." There are signs that the University and College authorities are beginning to realize more fully the value of corporate life and social activities.

The Universities are turning out large numbers of graduates who cannot find employment. According to the Hartog Report "they are overcrowded with men who are not profiting either intellectually or materially by their university training"; and it is suggested that students who now go to Universities without being really fitted for higher work should be diverted in large numbers at an earlier stage to careers better suited to their capacity; and that if this were done money would be set free for more profitable educational uses, and the training of the best men could be appreciably improved.

CONSTITUTION. (a) The University of Calcutta is still governed by the constitution framed under the Act of 1904. But in its application to Calcutta the Act of 1904 is modified by Acts II. of 1905, XI. of 1911 and VII. of 1921; and the University has, under its existing powers, created important Postgraduate Councils in Arts and in Science, each with an Executive Committee. The constitution of the University of Madras was modified by local Acts, VII. of 1923 and XII. of 1929, with a view to establishing a teaching and residential University at Madras, while enabling the University to continue to exercise due control over the quality of the teaching given by Colleges which are to constitute the University or are affiliated to it (Preamble to Act of 1923). Under these Acts there were constituted an Academic Council, Faculties and Boards of Studies. A Council of Affiliated Colleges established in 1923 was abolished in 1929. The University of Bombay is governed by Act IV. of 1928, amended in detail by subsequent Acts, especially Act XV. of 1930. The Senate comprises the Chancellor, the Vice-Chancellor and other Fellows, the executive government being vested in a Syndicate of 18 or 19 members, including the Vice-Chancellor and the Director of Public Instruction and members (largely College teachers) elected by the Senate or the Faculties. There are also an Academic Council and a Board of Postgraduate Studies. The constitution and abolition of Faculties rests with the Senate.

* See Note by the Earl of Ronaldshay, Sir V. Chirol, and Mr. H. A. L. Fisher in Report of Royal Commission on the Public Services in India, vol. i. p. 109; Cd. 8382. H.M. Stationery Office, 1917.

(b) The new Universities in British India have a constitution modelled generally on that recommended for Calcutta by the Calcutta University Commission : (1) A large body called the Court, on which are represented the chief interests of the community either by election or by nomination, and including a number of ex-officio members, makes statutes and makes recommendations on the financial accounts and the annual report submitted by the Executive Council ; (2) the Executive Council of some 15-20 members, elected partly by the Court, partly by the Academic Council, and including ex-officio members, is the executive authority in regard to finance and University appointments, and exercises all residual powers ; (3) the Academic Council, which consists almost entirely of University teachers, is responsible for the regulation and maintenance of standards of education and examination within the University, and for the initiation of all changes in academic matters. The executive officers of the new Universities are, as under the older constitution, the Chancellor, the Vice-Chancellor and the Registrar, but the Governor-General is now in nearly all cases introduced as the Visitor or Lord Rector, with powers of inspection.

ADMISSION TO THE UNIVERSITIES Most of the Indian Universities admit students who have passed the Final Examin. of the High Schools, and 4 years are spent at a College affiliated to the University before the student is qualified to sit for the Bachelor's Degree Examin., namely, 2 years before the Intermediate Examin. and 2 after. The Universities of Allahabad, Delhi, Lucknow and Agra regard the pre-Intermediate years not as part of, but as preliminary to, University study.

Applications for **AFFILIATION** are generally submitted by the Syndicate, which must be satisfied as to the managing agency, teaching staff, provision for residence of students, equipment, financial resources, suitability of fees, etc. If granted, the courses in respect of which the College is affiliated are specified. Affiliated Colleges must comply with requisitions by the Syndicate for information, submit themselves to inspection under the Syndicate's orders, and take such action as may be ordered consequent upon such inspections. In Calcutta University affiliation questions are dealt with by the Senate. The powers of affiliation by the University can in some Universities only be exercised subject to the approval of Government.

TERMS. University exams. are, with few exceptions, held between March and June. Admissions are made as a rule in June or July, though in many cases regular work does not commence till Sept. or Oct.

DEGREE COURSES. In *Arts and Science* a 2 yrs.' course leading to an Intermediate examn. is followed by a further 2 yrs.' course for the Bachelor's degree. English is generally a compulsory subject for the B.A. and in some cases for the B.Sc., and is generally the medium of examination in all Universities except Osmania, where the medium is Urdu. Andhra, Annamalai, Delhi, Lucknow, Madras, Mysore, Nagpur and Travancore give Honours degrees in Arts and Science requiring an additional year of study. Elsewhere the Honours degree is generally

given on papers additional to those for the Pass Agra, Allahabad and Osmania give no Honours degrees

The Intermediate courses are under the control of the Universities except at Agra, Allahabad and Lucknow, where they are controlled by Boards of Intermediate Education.

Agriculture For the B.Sc. (Ag.), Andhra, Bombay and Madras give a 3-yr. course, and Agra, Allahabad, Nagpur and Patna a 2-yr. course after an Intermediate examn. in Agriculture.

Commerce The B.Com. course offered at Agra, Allahabad, Andhra, Calcutta, Lucknow, Madras, Nagpur, Patna and Utkal is generally a 2, in some cases a 3-yr. course after passing the Intermediate examn. in Arts. In Bombay it is a 4-yr. course after Matriculation.

Education and Teaching. A degree open to graduates in Arts and Science after a 1-yr. course is called the B.T. at Agra, Aligarh, Benares, Bombay, Calcutta, Madras, Mysore, Nagpur and Travancore, B.Ed. at Andhra and Lucknow, and Dip. Ed. at Osmania, Patna and Utkal. Lucknow gives a Diploma in Teaching to women graduates after a 1-yr. course.

Engineering. For B.Sc. (Engineering), Agra, Benares, Mysore, Patna and Travancore give a 5-yr. course after Intermediate examn. in Science; for the B.E. or B.Sc. (Engineering) or B.C.E., Aligarh, Annamalai, Calcutta, Madras and Osmania have a 4-yr. course, and Bombay a 3-yr. course after Intermediate examn. in Science or equivalent examn. Benares gives a B.Sc. (Engineering) in Mining and Metallurgy after a 4-yr. course.

Law. The LL.B. (or B.L.) course covers 2 yrs. (Calcutta ordinarily 3 yrs.) after graduating in Arts or Science. Bombay gives a 3-yr. course after Intermediate Examn. in Arts or Science. Degrees in Law are not at present given at Annamalai and Mysore.

Medicine. Medical courses are taught in a majority of Universities. The M.B., B.S. course covers 5 yrs. at Agra, Lucknow, Osmania and Patna (after Pre-medical examn.), 5½ yrs. at Andhra, Calcutta, Madras and Mysore, and 3 yrs. at Bombay after the Intermediate examn. in Science or some equivalent examn. The Utkal Univ. has recently started this course. The Aligarh Univ. gives degrees in Unani and Surgery in 5 yrs. and Benares in Ayurvedacharya in 6 yrs. Besides these, there are other diploma courses in Pharmacy and different branches of Medicine at some of the Univs. Mysore and Patna also give an L.M.P. course of 4 yrs. after Matricn.

HIGHER DEGREES. The M.A. and M.Sc. (for which there are in some Universities two examns.) can generally be taken by Bachelors after a 2 yrs.' course, or after 1 yr. by Bachelors who have taken a 3-yr. Honours course. In Mysore a 2 yrs.' course is compulsory for all candidates. Madras gives an "M.A. in research" and Madras and Travancore an M.Sc. degree by thesis. In Madras the M.A. degree was formerly conferred on Honours graduates after a certain interval; and Annamalai follows the same procedure.

In Arts, the D.Litt. degree may be taken at Agra by Ph.D.s in 2 yrs., at Allahabad by Ph.D.s in 2 yrs. and M.A.s in 7 yrs., at Annamalai by Ph.D.s and M.Litt.s in 1 and 2 yrs. respectively, at Benares

by Ph.D.s in 3 yrs., M.A.s in 7 yrs. and teachers with M.A. degrees in 6 yrs ; at Lucknow by Ph D s, in 5 yrs. and *honoris causa* ; at Madras by Ph.D.s in 2 yrs. and M.A.s in 3 yrs. ; at Mysore by B.A.s (Hons.) in 5 yrs and M A.s in 4 yrs. ; at Nagpur by Ph D s in 3 yrs and M A s in 8 yrs. ; at Patna by M.A.s in 3 yrs. by thesis and 2 papers , and at Utkal by Ph.D.s in 3 yrs and by M A s in 5 yrs

The Ph.D. degree may be taken by M.A.s at Agra in 3 yrs., at Allahabad after a 20 months' course by thesis, at Andhra in 2 yrs. (B.A. Hons. in 3 yrs.), at Annamalai in 3 yrs. (Hons graduates in 3 yrs and M Litt. in 2 yrs.), at Benares in 2 yrs. (B.Sc.—Mining, Metallurgy and Engineering in 3 yrs.), at Calcutta in 3 yrs (1st Class graduates in Hons Mathematics in 2 yrs), at Madras in 3 yrs. (graduates in Hons. in Oriental Learning, Medicine, Engineering, Agriculture and Technology in 3 yrs ; M Ed. in 2 yrs.), at Nagpur in 3 yrs. (M.Sc. in 2 yrs.), at Osmania and Patna in 3 yrs , and at Utkal in 2 yrs

The D Sc. may be taken at Agra by Ph.D.s in 2 yrs. and M.A., M Sc.s in 5 yrs., at Allahabad by Ph D.s in 2 yrs and M.Sc.s in 7 yrs., at Andhra by M.Sc.s or M.B. B.S. in 3 yrs., at Annamalai and Benares as for D.Litt., at Calcutta in Engineering by thesis, at Mysore as for D Litt., at Nagpur by M Sc.s in 3 yrs., and at Utkal as for D Litt.

A degree of M Ag is given at the Universities of Agra, Benares, Bombay and Nagpur in 2 yrs. after B.Ag. or B Sc (Agr. or Botany).

A degree of M.Com. may be taken by a B.Com. in 2 yrs. at Agra, Allahabad, Andhra (B.Com Hons in 1 yr.), Bombay and Lucknow.

The degree of M.Ed. may be taken at Allahabad, Andhra and Nagpur in 2 yrs., at Madras, Osmania and Patna in 1 yr. after B.T. or B.Ed.

The LL.M. (or M.L., as the case may be) of Agra, Aligarh, Allahabad, Benares, Bombay, Calcutta, Delhi, Lucknow, Madras, Nagpur, Osmania, Patna and Travancore may be taken by graduates in Law of 2 yrs.' standing. The LL.D. (or D L., as the case may be) is generally given by thesis and open to LL M.s (or M.L.s) of prescribed standing ; at Lucknow and Nagpur, 3 yrs. , Benares, Calcutta, Madras and Patna, 1 yr. At Allahabad the LL D. is given by thesis to LL.M.s who have had 5 yrs.' professional practice. At Delhi the course of LL.D. is under revision. Lucknow also confers the degree *honoris causa*.

The degrees of M.D. and M.S. (Master of Surgery) may be taken by graduates in Medicine and Surgery after intervals varying in different Universities of from 1 to 5 yrs. after graduation, mostly by examination, but in some cases by thesis ; varying requirements in regard to hospital and professional practice are imposed. Bombay gives the degrees of Bachelor of Hygiene (after a 1-yr. course), Doctor of Hygiene (after a further 1 yr. of practice) to medical graduates, and Bachelor of Dental Surgery in 4 yrs. after Intermediate Science ; Madras gives a Bachelor of Sanitary Science after a 1-yr. course, and Calcutta gives a D.P.H. after a prescribed course of study, to medical graduates.

Bombay, Calcutta and Madras give a Diploma in Ophthalmology, Calcutta and Lucknow give the Diploma of Obstetrics, Bombay gives a Diploma in Psychological Medicine and Madras gives a Diploma in Midwifery to medical graduates.

At Bombay, the degree of Master of Engineering is given by

thesis or examn to Bachelors of Engineering who have practised their profession for 3 yrs. after graduation ; at Mysore 1 yr. after B.E. At Calcutta, a D Sc in Engineering is given by thesis.

Oriental Learning. Besides courses for degrees in Arts in classical Oriental languages and literatures (Sanskrit, Arabic and Persian) and in vernaculars, conducted more or less on Western lines, there are degrees in Oriental Learning given in some Universities with English titles, in others with Oriental titles, in some with both. Andhra, Annamalai, Madras and Nagpur give "Titles" and certificates of proficiency, and Annamalai offers a degree of M.O.L., by thesis, to candidates possessing certificates of proficiency. Benares has a Faculty of Oriental Learning which confers a first degree *Madhyama Pariksha* after a 3 yrs.' course, a second degree of *Shastri* after a further 3 yrs.' course, and the degree of *Shastracharya* by thesis, 3 yrs. after the second degree. Travancore gives a Title (*Sahityavisarada* and *Vidvan*) in Sanskrit.

Theology. Five different degrees in Hindu theology are awarded by the University of Benares, open only to Hindus after courses extending over a large number of years. Aligarh awards the degrees of Bachelor, Master and Doctor in (Islamic) Theology, and Osmania has a 6-yr. course leading up to the B.A. in (Islamic) Theology, and a 2-yr. course for the M.A., and gives the degree of Ph.D (Theology) to M.A.s (Theology) of 3 yrs.' standing

COST OF LIVING. The cost of living varies in different Universities. At Aligarh it is Rs. 35 to Rs. 45 p.m. ; at Benares, Rs. 60 to Rs. 100 p.m., including tuition fee ; at Annamalai, Rs. 30 p.m. ; at Bombay, Rs. 60 p.m. ; at Calcutta, Rs. 35 to Rs. 40 p.m. ; at Delhi, Rs. 54 to Rs. 60 p.m., excluding tuition fee ; at Osmania, Rs. 19 p.m. for boarding only, lodging free ; at Benares, students of Oriental Learning and Theology are also given free lodging and light. The average cost of living is about Rs. 50 p.m. inclusive of tuition fees.

STATUS OF THE NEW UNIVERSITIES. The Universities of Aligarh, Benares, Delhi and Patna have been incorporated by Acts of the Indian Legislature, and those of Annamalai, Andhra, Agra and Lucknow by Acts of provincial legislatures. Their degrees and examns. are recognized by the Government of India to be equal in value to those of the older Universities for the purpose of admission to public services.

Mysore, Osmania and Travancore were established by local legislation in Indian States, and are not within the jurisdiction of the Government of India. The degrees of Mysore have been recognized by the Universities of Bombay, Calcutta and Madras, and most of the new Universities, and by the Government of India. Osmania and Mysore degrees have been recognized by the Government of India as equivalent to those of the Universities established by law in India.

The Utkal University was established by an Act of the Orissa provincial legislature on the 30th June 1943, and came into existence on the 2nd August 1943. Prior to this, the Province was under the jurisdiction of two Universities, namely, Patna and Andhra. The University is an examining body.

Professor Karve's scheme for an Indian University for women with headquarters at Poona has organized there, and, through affiliated institutions, elsewhere, instruction through the Indian vernacular languages adapted to the special needs of women. It is on entirely independent lines.

NUMBER OF STUDENTS. In 1945 there were 227,995 students, including men and women, in 512 Arts and Professional Colleges.

RESIDENCE. Exact figures are not available, but almost all the Universities have large hostels and boarding-houses, including those for women students also at some Universities. On an average 25 per cent of the students are accommodated in the hostels attached to the Colleges and Universities

CONFERENCES. In April 1920 a Committee was formed for drafting an outline of the functions and constitution of an Association of Indian Universities. The project was further advanced at the Congress of Universities of the British Empire at Oxford in July 1921, and at a Conference of Indian Universities held at Simla in May 1924.

INTER-UNIVERSITY BOARD. This Board was formed in accordance with a resolution passed by the Simla Conference of May 1924. Chairman, 1947-48: Dr. J. C. Chatterjee, M.A., D.Litt. (Central), Vice-Chancellor of Agra University. Secretary: Prof. S. Mathai, B.A. Ox., M.A. Bom., 10-A, Cavalry Lines, Delhi.

PUBLICATIONS. *Handbook of Indian Universities* (1940, Rs. 2-8-0, or 4s., 1942, Rs. 4-8-0; 1946, Rs. 9-0-0); *Facilities for Oriental Studies and Research at Indian Universities* (Re. 0-8-0); *Facilities for Scientific Research at Indian Universities* (Re. 0-12-0), *Biological Outlook on Life and its Problems*, by J. GENERAL INFORMATION

Act VIII. of 1926 of the United Provinces Legislature, which received the assent of the Governor-General on Oct. 20, 1926, provides for the establishment of a University "for the purpose of affiliating the colleges associated with the University of Allahabad . . ." so as to set it free to function as a unitary, teaching and residential institution. It empowers the Agra University to affiliate colleges in the United Provinces, Rajputana, Central India and Gwalior, except within the limits of the Universities of Allahabad and Lucknow. To supplement the work in affiliated colleges the University may institute teaching posts at selected centres.

Five categories of persons are to be eligible, subject to prescribed conditions, for degrees and other academic distinctions : (a) candidates who pass the University's examinations after pursuing an approved course at an affiliated college; (b) teachers who pass the University's examinations; (c) inspecting

officers in the Department of Education who pass the University examinations ; (d) research workers ; (e) women who have carried on private study. Lectures and instruction may be provided by the University for, and diplomas may be granted to, persons other than students of an affiliated college.

The supreme governing body of the University is the Senate, the other principal authorities being the Executive Council, Academic Board, Board of Inspection, and Faculties of Arts, Science, Law, Commerce, Agriculture, Medicine and Veterinary Science. The Vice-Chancellor, an honorary officer elected by the Senate, is the principal executive and academic officer.

Students are not eligible for admission to a degree course unless they have passed the Intermediate Examination of the Board of High School and Intermediate Education of the United Provinces, or of an Indian University incorporated by law, or an equivalent examination.

The Act came into force on July 1, 1927, and all the constituent bodies of the Univ. have been formed. The Univ. held its first exams. in 1928.

COLLEGES OF THE UNIVERSITY

CANON HOLLAND UNIVERSITY COLLEGE, Allahabad (American Presbyterian Mission). Principal—H. N. Sturt, M.A., Ph.D. Iowa.

KAYASTHA PATHSHALA UNIVERSITY COLLEGE, Allahabad. Principal—B. R. Saksena, M.A., D.Litt. 7 Tutors.

AGRICULTURAL INSTITUTE, Naini, Allahabad. Offg. Principal—W. B. Hayes, M.Sc.

GENERAL INFORMATION

Founded in 1887, the Univ. concerned itself mainly with examinations, having no teaching staff (except that of its School of Law) until 1914. Thereafter it established Chairs and Readerships, etc., for research work in Economics and Modern History for graduate students. In Jan. 1922 was passed an Act (which came into operation in July 1922) for the reorganization of the Univ. as a unitary, teaching, and residential institution, with control, however, over the quality and character of the teaching in "Associated" colleges. The Muir Central College became the nucleus of a teaching University, the jurisdiction of which was limited to a territorial area of ten miles' radius from the Convocation Hall of the Univ. Within this area there are two institutions which supplement instruction given in the Univ.; these are the Canon Holland College and the Kayastha Pathasala College. The Women's Dept., which undertakes full instruction for the degree course, has now been transferred from the Crosthwaite Girls' College to the Univ. area. From the commencement of the session July 1922, the Agricultural Institute, Naini (Allahabad), has been recognized as a Coll. for the B.Sc. degree in Agriculture.

LIBRARY, 119,101 vols. Darbhanga Reading Hall. A collection of coins is attached to the Library. There are also departmental libraries for the use of teachers. A LABORATORY is attached to each of the Depts. of Physics, Chem., Bot., Zool. MUSEUMS in connexion with Econ. and Com. Depts. ART COLLECTION: A beginning has been made with a project for an Art Gallery. Mr. D. N. Bonarjee of Gola Gokarnnath and others have presented valuable paintings.

FACULTIES. Arts, Science, Law, and Commerce.

DEGREES, ETC. B.A., B.A. Hons., M.A., D.Phil., D.Litt., M.Ed.; B.Sc., B.Sc. Hons., B.Sc. (Ag.), M.Sc., D.Phil., D.Sc.; LL.B., LL.M., LL.D.; D.Litt. (Econ.); B.Com., M.Com.; Dip. in Indian Music.

The courses of study in the Univ. for the Bachelor's degree cover 2 (B.A. and B.Sc. Hons.—3) yrs., following an examn. of "Intermediate" standard, equivalent to the Higher School Examn. of the Univ. of Cambridge. The intermediate examns. of other Univs. incorporated by law in British India and the Inter. examn. of the Mysore Univ., the Inter. examn. of the Board of High School and Inter. Educn., Rajputana (incl. Ajmere-Merwara, Central India, and Gwalior), are recognized for the same purpose. The Intermed. Examn. in Agriculture of Nagpur Univ. has been so recognized for admission to the B.Sc. Agric. Class of this Univ. and the Prelim. Examn. of the Mayo College, Ajmer, has been recognized as equivalent to the Intermed. Examn. of the U.P. Board. Graduates in Agriculture are eligible for admission to the Law Classes.

For admission to courses leading to higher degrees the B.A. and B.Sc. degrees of any Univ. in British territory recognized by the law of the place in which it is situated and of the Allahabad and Mysore Univs. are recognized.

WOMEN'S EDUCATION. Arrangements have been made for giving both formal and tutorial teaching to women students of the B.A. classes separate from men, in the Women's Dept. of the Univ. The number of lady lecturers sanctioned for the purpose is six. At present the Univ. has not made similar arrangements for postgraduate or science students. A special B.Sc. course for women has been started since 1945.

SCHOLARSHIPS FOR GRADUATES. The Univ. awards annually 9 Research Schols. of Rs. 50 each (1 yr.) in Arts and 5 in Science. The Univ. also awards annually 4 Schols. of Rs. 15 p.m. and 2 of Rs. 20 p.m. each (1 yr.) to women graduates; 2 D.Sc. and D.Litt. Schols. of Rs. 100 p.m. (2 yrs.); 6 M.A. and 6 M.Sc. Schols. of Rs. 30 p.m. each (2 yrs.) and 2 M.Com. Schols. of Rs. 30 p.m. each (2 yrs.).

GENERAL INFORMATION

The Act of the Madras Legislative Council constituting the Andhra Univ. "in and for the Telugu districts of the Presidency of Madras" received the assent of the Governor-General on Jan. 13, 1926, and came into force on April 26, 1926. By a later Act, the area has been narrowed down by the exclusion of certain districts, leaving the following within the affiliating jurisdiction of the Univ.: Vizagapatam, East Godavari, West Godavari, Kistna, Guntur and Nellore. The Act establishes five categories of colleges: "University Colleges," providing for pass and hons. or postgraduate courses for higher degrees; "First Grade Colleges," providing courses for the ordinary degrees in Arts or Science; "Second Grade Colleges," preparing for the Inter. Examn.; "Professional Colleges," providing courses for teaching and medical degrees, and "Special Grade Colleges," providing courses for Oriental titles.

Among the powers of the University specified in the Act are: to promote the development of the study of Telugu, Kanarese, Urdu and Oriya, and their use as media of instruction and examination; to institute professorships and other teaching posts; to maintain colleges and hostels; to erect, equip, and maintain laboratories and libraries; to institute and provide funds for the maintenance of a publication bureau, an employment bureau, students' unions, and University Extension boards. Every student of the University must reside in a hostel or under prescribed conditions.

The supreme governing body is the Senate, by which the Vice-Chancellor, a whole-time salaried officer and principal executive, is elected (for 3 years). The other principal authorities of the University are: an executive body called the Syndicate (comprising 16 members, including the Vice-Chancellor, Financial Secretary to the Local Government, and Director of Public Instruction, Madras); the Academic Council; the Faculties and the Boards of Studies.

GENERAL INFORMATION

As the result of an offer by Rajah Sir S. R. M. Annamalai Chettiar of Chettinad to transfer to a residential teaching University, if one were founded, the Sri Minakshi College for higher instruction in English, the Sri Minakshi Tamil College and the Sri Minakshi Sanskrit College which he had established and maintained, together with an endowment of 20 lakhs of rupees, the Government of Madras passed an Act in 1928 accepting the offer and providing for the establishment of the Annamalai University. Government also provided 27 lakhs of rupees towards the endowment fund, a recurring grant of one and a half lakhs a year, and, subject to conditions agreed between Government and the University, a sum of seven and a half lakhs for building and equipment.

The authorities of the University under the Act are : (1) the Senate, (2) the Academic Council, (3) the Faculties, (4) the Boards of Studies, (5) the Syndicate, (6) the Finance Committee (for a period of 10 years from May 15, 1929), and (7) the Board of Selection. The Chancellor, the Pro-Chancellor, the Vice-Chancellor, the Senate, the Academic Council and the Syndicate constitute the body corporate of the University. The Vice-Chancellor is the principal executive officer, who holds office for 3 yrs. and is appointed by the Chancellor on the nomination of the Founder.

Under the Act residence in a hostel or lodgings maintained by the Univ. is compulsory for all students. The warden of the hostel regulates attendance and exercises disciplinary control and supervision over the students. An important feature of the working of the hostel is the close association of students in the management of the affairs of each section.

Physical Training is compulsory for all students, and weekly lectures on Physiology, Health and Hygiene are delivered for their benefit.

GENERAL INFORMATION

In July 1854 the Court of Directors of the East India Company sent a despatch to the Governor-General of India in Council directing the organization of the Universities of Calcutta, Madras and Bombay. In pursuance of that despatch the University of Calcutta was incorporated on January 24, 1857, for the purpose of "ascertaining, by means of examination, the persons who have acquired proficiency in different branches of Literature, Science and Art and rewarding them by Academical Degrees as evidence of their respective attainments and marks of honour proportioned thereunto." Modelled on the University of London, then a purely examining body, the functions of the University were limited to the conduct of examinations and the award of degrees. The jurisdiction of the University extended at first throughout practically the whole of northern India. But with the establishment of other Universities and partition of Bengal on account of recent political changes in India the territorial jurisdiction has now been limited to the Province of West Bengal only.

In 1864 an Act was passed by which the Universities of Calcutta, Madras and Bombay were empowered to confer the honorary Degree of Doctor in the Faculty of Law.

In 1902, a Commission was appointed by Lord Curzon to examine the working of the Universities in India, and on their recommendation the Indian Universities Act of 1904 was passed, which came into force on September 1, 1904. Under section 3 of Act VIII. of 1904, the University became empowered, among other things, to make provision for the instruction of students, to

appoint University Professors and Lecturers, to hold and manage educational endowments, to erect, equip and maintain University libraries, laboratories and museums, and to make regulations relating to residence and conduct of students. Though most of the teaching continued to be imparted in the affiliated colleges, teaching in some of the higher branches began to be organized under University management. Assisted by grants from the Imperial Government and by private benefactions, it was possible for the University to arrange for Postgraduate teaching and research from 1909. The organization of higher teaching and research was made by the Senate mainly on the initiative of the late Sir Asutosh Mookerjee, Vice-Chancellor from 1906-14 and again from 1921-23.

In 1917 a new scheme for Postgraduate teaching and research was brought into operation, providing for the centralization of Postgraduate teaching in Calcutta within, and under the control of, the University. The departments of Postgraduate teaching in Arts and Science were placed under two Councils, with two Executive Committees, responsible directly to the Senate. The University now provides for Postgraduate teaching in: (1) English; (2) Sanskrit; (3) Pali; (4) Arabic; (5) Persian; (6) Hebrew; (7) Syriac; (8) Greek; (9) Latin; (10) French; (11) German; (12) Modern Indian Languages, Bengali, Hindi, Urdu, Assamese, Oriya; (13) Comparative Philol.; (14) Mental and Moral Philos.; (15) History (including Ancient Indian History and Culture and Islamic History and Culture); (16) Economics; (17) Political Science; (18) Commerce; (19) Maths. (Pure and Applied); (20) Physics (Pure and Applied); (21) Chemistry (Pure and Applied); (22) Physiol.; (23) Botany; (24) Geol.; (25) Zool. and Comparative Anat.; (26) Psychol.; (27) Anthropol.; (28) Statistics; (29) Geography; (30) Applied Psychology; (31) Radio-Physics and Electronics.

The Department of Postgraduate Teaching and Research in Arts is located in the Asutosh Building. Postgraduate Teaching and Research in the different branches of Scientific studies are carried on in the University College of Science at 92 Upper Circular Road and 35 Ballygunge Circular Road, where opportunities for research have been provided by the establishment of extensive laboratories and an up-to-date Workshop. This has been possible mainly through the generosity of the late Sir Taraknath Palit, D.L., the late Sir Rashbehary Ghose, C.S.I., M.A., D.L., Ph.D., and the late Raja of Khaira. The University maintains a staff of whole-time and part-time teachers.

Government grants from 1912 to 1947 amounted to Rs. 1,43,62,232. During the same period private benefactions amounted to Rs. 86,11,087.

The Univ. buildings include a Senate House, the Durbhanga LIBRARY with Law College, Hostel, and Univ. offices, the Univ. Press, the Asutosh Building for postgraduate classes in Arts, postgraduate offices and the Univ. library, three buildings for the teaching of Postgraduate Science courses. LABORATORIES (in Univ. Coll. of Science): Phys. and Chem. (Pure and Applied), Applied Maths., Expl. Psych., Biol., etc. MUSEUMS: Asutosh Museum of Indian Arts (including Art collections of the late Mr. Puranchand Nahar) and Museums attached to the Anthropological and Commercial sections of the Univ. The University Press is accommodated in a separate building.

RESIDENCE. There are four classes of lodgings for students: (a) Collegiate Hostels; (b) Non-collegiate Hostels under external management; (c) Messes, attached or unattached; (d) Private Lodgings. Licences to Hostels under class (a) are granted by the Syndicate, while licences to the remaining three classes of lodgings are granted by the Students' Residence Committee—a subordinate body under the Syndicate, consisting of six members appointed annually from among the Members of the Senate.

STUDENTS' WELFARE. Principals of Colls. and specialists in physical educn. deal with all matters relating to the health of students, including physical education and organization of games and other forms of recreation. There is a whole-time Univ. Organizer of Physical Education. A Students' Infirmary is maintained, free of cost, for students requiring hospital treatment. Glasses are supplied to students with defective vision at concession rates. Military

Training is provided for a Univ. Corps recruited from affiliated colleges. All 1st yr. students in Calcutta Colls. are medically examined.

STUDENTS' ADVISORY BOARD (OVERSEAS). The University has established a Board for the purpose: (a) of supplying students wishing to pursue their education abroad with all the information, advice, and assistance which they may require; (b) of supplying the foreign Univ. authorities with information regarding the students which will enable them to make their selections from the applications forwarded.

APPOINTMENTS AND INFORMATION BOARD. Scheme prepared by the former Vice-Chancellor, Dr. Syamaprasad Mookerjee, for a partial solution of unemployment among Univ. graduates and undergraduates, with co-operation of business houses and different industrial concerns, adopted by Senate on Jan. 23, 1937. Its object is to provide these young men with opportunities and facilities for practical training and ultimately for starting independent careers of their own, in the different branches of Trade, Industry and Commerce. Rs. 36,000 was originally sanctioned by the Univ. for the purpose and an Appointments and Information Board has been established, which has now become a permanent department of the University, with a salaried Secretary who is in touch with the various industrial and commercial firms and maintains a Register of unemployed men, with details of their qualifications and careers, seeking benefit under the scheme.

INSTITUTE OF JUTE TECHNOLOGY.—The Institute of Jute Technology, which has been established under the auspices of this University by the Indian Jute Mills Assocn., through the efforts of the Assocn. and the Univ. Appointments Board, has been located within the compound of the Univ. Coll. of Science at 35 Ballygunge Circular Road, Calcutta. The cost of the building of the Inst. which approximately amounts to Rs. 12,00,000 will be borne by the Assocn. The maintenance of the Inst., which is under the management of a Governing Body of which the Vice-Chancellor is the Chairman and the President of the Assocn. is an *ex-officio* member, will also be financed by that Assocn. The Institute will train annually 25 Science Graduates or Undergraduates.

Religion, Rs. 9000; Kamala Lectureship in Indian Life and Thought, Rs. 2000 and a gold medal; also other lectureships.

SPECIAL LECTURES. With a view to promoting a desire for original investigation and research, eminent scholars from India and abroad are, from time to time, invited by the Univ. to deliver courses of lectures on subjects in which they have specialized. These lectures, after delivery, are printed and published by the Univ.

LIBRARIES. The University Library is under the management of the Library Executive Committee, subject to the general control of the Syndicate. It is for the use of Resident Fellows, Registered Graduates, Research Scholars, Readers, Professors, Lecturers and students of Postgraduate classes, and Teachers of the Undergraduate classes of this University. It contains over 226,000 vols., including pamphlets and periodicals, and a fairly large collection of Bengali and Tibetan MSS. and Rotograph copies of Persian and Arabic MSS.; 593 books of the Sung Dynasty Tripitaka were presented by the Consul-

General for China. The Reading Hall accommodates over 300 readers at a time and remains open for 12 hours on all working days.

Besides this Library, there are other Libraries attached to the Univ., viz. Law College Library and Libraries of the Departments of Science.

UNIVERSITY PRESS. The Univ. undertakes the publication of specialized lectures delivered by the Univ. Professors, Lecturers and Readers, theses of successful candidates for degrees, scholarships and prizes, and results of research work carried out by Univ. Professors, Lecturers and Research Assts., besides a number of periodicals, annuals and serials.

GENERAL INFORMATION

The three constituent Colleges, formerly affiliated to the Univ. of the Panjab, were united to form a teaching and residential Univ. (Govt. of India Act, No. VIII. of 1922), with effect from May 1, 1922. Subsequently six Colleges, four for boys and two for girls, were recognized as constituent Colleges of the Univ., namely: The Anglo-Arabic, Ramjas Intermediate, Commerce, Central Coll. of Agriculture, Indraprastha Coll. for Women and Coll. of Nursing. With the introduction of the three-year degree course in the Univ. in 1943, the Ramjas Intermediate College was abolished. The authorities of the Univ. are a Court, an Executive Council, an Academic Council, and Faculties and Committees of Courses and Studies. The qualification for admission to the 3-yr. degree course is the passing of the Higher Secondary Examn. of the Board of Higher Secondary Education, Delhi, or an equivalent examn., or the Qualifying Examn. conducted by the Univ. Students who have passed the Intermediate Examn. of other Univs. may be granted exemption from the 1st year of the 3-yr. degree course.

GENERAL INFORMATION

The University of Mysore was the first University to be founded in the Indian States. The two State Colleges which had long been affiliated to the Madras Univ. formed the nucleus of the new University of Mysore. The establishment of the Univ. received the sanction of His Highness the Maharaja of Mysore on July 22, 1916. A regulation amending and consolidating the provisions of the Mysore University Regulation V of 1916, as amended from time to time, received the assent of His Highness the Maharaja on January 6, 1933, and came into force on July 1, 1933.

The University aims at the unitary type, but there are two Univ. Centres, Mysore and Bangalore, one with two and the other with three constituent Colleges, including a Medical College and an Engineering College.

The University is empowered to affiliate Colleges under conditions prescribed in the Statutes and Ordinances.

There are also eight Intermediate Colleges, six for men at Mysore, Bangalore, Tumkur, Shimoga, Davangere and Hassan; two for women, one at Bangalore and the other at Mysore, and a Medical School at Bangalore. There are six affiliated Colleges, three at Bangalore and three at Mysore. The School of Engineering is under the direct control of the Vice-Chancellor.

LIBRARIES. Univ., 45,576 vols.; Oriental, 16,473 vols. and 10,905 MSS.; Colleges, each Constituent and Intermediate Coll. has its own library.

FACULTIES. Arts, Science, Medicine, Engineering and Technology.

TERMS: June to Oct, Nov. to March.

ADMISSION. Students who have passed the Mysore S.S.L.C. examn. satisfying the differential minima rules, and those who have passed the Matriculation examn. of an Indian Univ. or other examn. recognized by the Univ. Council as equivalent thereto and satisfy the Univ. Council regarding their fitness for admission, are eligible for admission to the Intermediate course. Admission to B.A. or B.Sc. courses is granted only to those who have passed the Intermediate Examn. of this Univ. or of any other Indian Univ., subject in the latter case to the approval of the Univ. Council where specific recognition has not been agreed. Admission to the B.T. course is granted to those who have taken the Bachelor's Degree in Arts, Commerce or Science in this or any other Indian Univ. Admission to the B.E. course is granted only to those who have passed the Intermediate Examn. in Science of this Univ. or an examn. of this or any other Univ. accepted by the Univ. Council as equivalent thereto, or to graduates in Arts or Science who have passed with Physics, Chem. and Maths. as optional subjects, or graduates with Honours having Maths. and Physics as optional subjects. Admission to the M.B., B.S. course is given to those who have passed the Pre-Medical Examn. of the Univ.; admission to the Pre-Medical course is granted only to those who have passed the Intermediate Examn. in Science of this Univ. with not fewer than two of the following subjects: Physics, Chem., Bot. and Zool., or to graduates of this Univ. who have passed with one or more of the above subjects, or to those possessing equivalent qualifications of other Univs. accepted by the Council. Provision has been made for the admission to the M.B., B.S. course of L.M.P. Diploma holders. They will be eligible for admission to the Final Examn. in 3½ yrs. after admission. L.M.P. Diploma course open to candidates for the Mysore S.S.L.C. examns. who have been declared eligible for college courses of study, or those who have passed any other examn. accepted by the Univ. Council as equivalent thereto.

DEGREE COURSES. 2 yrs.—B.A. or B.Sc.; 3 yrs.—B.A. or B.Sc. (Hons.); 4 yrs.—B.E. (successful candidates are eligible to take the degree after a year's practical course in a recognized works or firm); 5½ yrs.—M.B., B.S.; graduate course for Master's Degree—1 yr. for Hons. grads. and 3 yrs. for Pass grads., for B.T. 1 yr. after the B.A. or B.Sc.. B.Com.—4 yrs. after S.S.L.C. Examn., 2 yrs. after Interim. Examn. B.Sc. Agriculture—3 yrs. after Interim. Examn. B.Sc. Textiles—3 yrs. after Interim. Examn. The D.Litt., D.Sc., and LL.D. are Honorary.

DIPLOMA COURSE. L.M.P., 4 yrs. after High School.

INSPECTION OF INTERMED. COLLS. not forming parts of Constituent Colls. is made by Profs. deputed by the Council.

ENDOWMENTS. The Univ. has received a large number of endowments, ranging from Rs. 300 to Rs. 1,00,000. The total amount at present is approx. Rs. 7,00,000.

FELLOWSHIPS. Awarded to persons who have given evidence of capacity to do research work; junior members of the staff of the Univ. are also eligible for selection. The total number of Fellowships shall not ordinarily exceed three at any time; value, Rs. 100, which may be increased to an amount not exceeding Rs. 150 if necessary.

RESIDENCE. Univ. Hostels at Mysore and Bangalore. The average hostel exs. for 9 mos. is about Rs. 144. Residences of students not living in hostels or

with their guardians are inspected by members of Students' Residence Committees.

A STUDENTS' INFORMATION BUREAU is maintained.

PUBLICATION AND EXTENSION WORK. An Extension Lectures Committee arranges an annual programme. During each year a number of lectures are delivered in different parts of the State. Under the auspices of the University Teachers' Assocn. Extension Lecture camps are arranged each year in the interior of the State and the lectures are published in Kannada in the *Extension Lectures Handbook* series, for sale at cheap rates. These publications are in great demand.

The Univ. encourages the publication of original works, particularly in Kannada. The Kannada Publication Committee arranges for the publication of monographs in Kannada in such subjects as Science, History, Geog., Philos., Literature, Political Econ., Education and Fine Arts, so that teachers and others who know Kannada only may be able to continue their studies in the various branches of modern learning.

The *University Journal*, which was suspended, has been revived since 1940-41 and is issued in four parts (Arts, Science, Engineering and Technology, and Medicine).

In addition to the *Abstract of Studies* the Univ. has arrangements for issuing on behalf of each teaching dept. a *bulletin* embodying the results of research or investigation carried on by its members.

WOMEN'S EDUCATION. Mysore women students in the Arts and Science Colleges are now charged half the rate of fees for tuition. Mysore women students in the Medical College and the Medical School are exempt from payment of tuition fees until the end of 1949-50.

THE YEAR 1946-47

GENERAL INFORMATION

The University was established by a Firman (Order) of H.F.H. the Nizam in April 1917. Work began in Aug. 1919, with the opening of the University College. With the development of the Univ., the courses of studies and syllabuses were revised in 1947 by the present Vice-Chancellor, who also found it expedient to reorganize the system of government of the Univ. This was done by a "Firman" (order) promulgating "The Osmania University Revised Charter" on 8th December 1947.

The Univ. includes the Faculties of Theology, Arts, Science, Educn., Engin., Law, Med., Agric., Vet. Sci. and Commerce. It has also an Officers' Military

Training Corps for selected candidates. At present there are 23 depts. for different subjects and 15 Constituent Colls., including 2 for women. Instruction is given in all branches through the medium of Urdu, but English is compulsory in examns. leading to the Bachelor's degree in Arts and Science. But in two Constituent Colleges it has been found expedient to impart instruction through the medium of English.

A Bureau of Translation was established in 1917 to provide text-books in Urdu.

The executive government of the Univ. is vested in the Univ. Council, consisting of 16 members. The organization of instruction rests with the Faculties, Academic Council and the Senate. The Univ. is entirely financed by H.E.H. the Nizam's Government, and the budget for the year 1947-48 is Rs. 45,00,000 (Hyd.).

GENERAL INFORMATION

The University of Travancore was established under an Act promulgated by H.H. the Maharaja of Travancore on 1st Nov. 1937. The chief aims of the Univ. are to effect a reorganization of the system of education in the State with a view to the gradual development of technical and technological education, to make greater and more systematic provision for the furtherance of original research in the various branches of Applied Science and to provide for the conservation and promotion of Kerala Art and Culture.

The Senate, consisting of between 60 and 70 members, is the legislative body of the Univ. and has general control over the affairs, concerns and properties of the Univ., subject to the ultimate control of the Government. In addition to the *ex officio* members—the Vice-Chancellor, Director of Public Instruction, Deans of Faculties and Principals of Colleges—the Senate includes also representatives of registered graduates and of the two Houses of Legislature and a certain number of members nominated by the Chancellor. The Senate is to be reconstituted every three years. The Syndicate, consisting of 12 members, forms the executive body of the Univ. and the administration of the affairs of the Univ. and the management of the institutions maintained by the Univ. are vested in the Syndicate. The other authorities of the University are the Faculties and the Boards of Studies.

FACULTIES. Arts, Science, Technology, Oriental Studies and Fine Arts, Law, Education.

GENERAL INFORMATION

After the separation of Orissa from Bihar and the creation of a new Province of Orissa in April 1936, a strong desire was expressed among the leaders of the Province to establish a separate University in Orissa. In 1942 a Committee was formed under the presidentship of Pandit Godavarish Misra, M.A., B.T., the then Minister of Education, Orissa, to frame and draft the University Bill, which, after being passed in the Orissa Legislative Assembly received

the assent of the Governor of Orissa on the 23rd November 1943, and from that date the Utkal University came into being under the Utkal University Act, 1943 (Orissa Act XIII of 1943).

The Utkal University is at present a University with which there are affiliated 13 colleges, of which 9 are First Grade Colleges, 2 Second Grade Colleges, 1 Medical College and 1 Training College. 123 High Schools recognized by the Director of Public Instruction, Orissa, are permitted to present candidates for the Matriculation examn. of the Univ.

The Univ. has no building of its own as yet. It is now housed in the Burdwan House, Chauliaganj, Cuttack, which has been leased to the Univ. by the Maharajadhiraja of Burdwan, Bengal, free of rent. The Univ. Buildings which are to be located at Jaharpara near Bhubaneswar, about 18 miles from Cuttack, come under the "Special Priority" plan of the Orissá Govt. in its Five-year Plan of the Post-war Reconstruction Scheme.

FACULTIES. Arts, Science, Law, Medicine, Education, Commerce.

ADMISSION to Univ. courses is by Matriculation examn. of the Univ. or by one of the following examns. recognized on a reciprocal basis as equivalent thereto: (1) Board's High School examn. of United Provinces; (2) Higher Secondary School examn. of Osmania Univ.; (3) admission examn. of Benares Hindu Univ.; (4) S.S.L.C. examn. conducted by the Madras S.S.L.C. Bd.; (5) S.S.L.C. examn. of Andhra Univ.; (6) Senior Cambridge School Certif. examn.; (7) Matriculation examn. or its equivalent, of all other Indian Univs.

DEGREES. B.A., M.A., B.Sc., B.L., B.O.L. (Oriental degree), M.B., B.S.
DIPLOMA. Diploma in Education.

FEES. Per month: Intermediate in Arts, Rs. 6; Intermediate in Science, Rs. 7; B.A., Rs. 7; B.Sc., Rs. 8; B.L., M.A. and M.B., B.S., Rs. 10 each.

THE YEAR 1946-47

BENEFACTIONS. Government of Orissa, Rs. 40,000; Public Charity (Endowments), Rs. 16,789-15-7.

OTHER DEVELOPMENTS. Under orders from the Military Dept. of the Central Govt., the U.O.T.C. was establd. from 1st March 1947, with a view to giving military training (Army section) to teachers and students of the Univ. 315 students and 6 Profs. enrolled as cadets and officers and are now successfully undergoing military training.

The I.A.T.C. of the Univ. ceased to function from Oct. 1947 under orders of the Central Govt.

The Information Bureau continues to function and has proved itself helpful to students of the Univ. going to other Univs. in India and abroad for higher education.

The third and fourth Convocations, for the purpose of conferring degrees on the graduates of this Univ., were held in April and December 1947, the former presided over and addressed by the Vice-Chancellor, the latter by H.E. the Chancellor.

STUDENTS. Full-time: 3483. Part-time: 167.

DEGREES OBTAINED (1947). M.A., 15; B.A., 314; B.Sc., 88; B.L., 55.

ORIENTAL TITLE. B.O.L., 6.

THE UNIVERSITIES OF PAKISTAN

PAKISTAN came into existence on the 15th August 1947. It naturally inherited the methods and system of University Education which were prevalent in India before partition. Three Universities—those of the Panjab, Sind and Dacca—were situated in the territories which now form Pakistan. Of these the oldest is the University of the Panjab, whereas the Sind University came into existence in 1947 by an Act of the Legislative Assembly of Sind, the first meeting of the Senate being held on the 24th June, after the announcement of the plan for the partition of India. The partition affected the other two Universities in various ways. Eastern Panjab, which became a part of the Dominion of India, is no longer within the territorial jurisdiction of the University of the Panjab; with the migration of such teachers, officials and students as preferred to go to the East Panjab, the personnel of the University was considerably changed. It had also to face, like every other University in Pakistan, but to a much greater degree, the problem of the influx of a large number of refugee students and teachers from the Dominion of India. The University of Dacca had hitherto been a unitary and teaching University; it had now, however, to adapt itself to the changed circumstances, because the territories of Eastern Pakistan inherited a number of institutions which had been situated away from Dacca and affiliated to the University of Calcutta. Hence the University of Dacca, while retaining its own teaching arrangements, affiliated such institutions, and became like the sister University of the Panjab, both teaching and affiliating.

THE NATURE OF PAKISTAN UNIVERSITIES. The directly administered territories of Pakistan cover an area of 235,000 square miles. In addition, there are a number of States which have acceded to the Dominion. The population of Pakistan is over seventy millions. This vast territory is served, at present, by only three Universities. It is obvious that these Universities cannot bear the entire burden of higher education. Hence there are affiliated colleges situated in the more important towns. The institutions must conform to standards prescribed by the Universities and are under their general supervision. The Universities conduct the examinations which qualify candidates for various degrees. The Panjab University has a strong, central teaching section, which supplements the teaching organized by the local colleges partly on a co-operative basis. All higher teaching at Dacca is done directly by the University. The Sind University is developing on the lines of the Panjab University.

STATE AID AND CONTROL. The Universities of the Panjab and Dacca were incorporated by Acts of the pre-partition Central Indian Legislature, and the Sind University, as has been mentioned before, by an Act of the Provincial Legislature. All these Universities receive generous grants-in-aid from their respective provincial Governments; they are,

however, self-governing and legal corporations, managing their affairs in accordance with their own statutes and regulations. There are certain matters in which the provincial government has some authority, but these are strictly limited in their scope, and are intended only to safeguard public interests.

THE INTER-UNIVERSITY BOARD. For the purpose of discussing problems which affect the Universities in general and also for the exchange of views on inter-University relations, a body representing the three Universities and the Central Government has been established which meets at least once a year.

ADMISSION AND COURSES OF STUDY. Students are admitted to the Intermediate classes in Arts or Science after passing the Matriculation Examination of a Pakistan University or an examination recognized equivalent thereto; they receive education in some affiliated College for two years when they pass their Intermediate Examination. After doing so they read for their degree which they take in two or three years. The Master's degree can be obtained by one or two years' further study and an examination. The duration of courses of study leading to technical or professional degrees varies considerably according to the subject and in the various universities. Research degrees are awarded by all the universities. The Panjab University has a separate college for Oriental learning and awards special degrees.

RESIDENCE. Satisfactory arrangements are available in all the Universities and most of the Colleges for residence.

FEES AND COST OF LIVING. There are different fees for various courses and the cost of living varies from Rs. 50 p.m. in Dacca to Rs. 60 p.m. in Karachi and Lahore.

(Note — 1 Rupee = rs. 6d. approximately.)

REORIENTATION. The Educational Conference organized by the Ministry of Education in the Central Government of Pakistan has made a number of recommendations and the newly constituted Inter-University and Central Advisory Boards are examining anew the requirements of Pakistan in the realm of university education. The Universities themselves are busy in evolving plans of development and adaptation to the new needs of national education. It is intended not only to expand the scope of the activities of the existing universities and to intensify their efforts by creating better standards, but also to found new universities in some areas.

GENERAL INFORMATION

This Univ. was established in 1921 under an Act of 1920, which provides for the constitution of Faculties of Arts, Science, Law, Agriculture, Medicine and Engineering. Special attention is devoted to Islamic Studies and to the needs of the Musalman community, but the Univ. is open to all, without distinction of sex, race, creed or class. It was originally a unitary and residential Univ., with a constitution resembling in many respects that of the modern English universities. But with the advent of Pakistan in 1947 it became an affiliating University also, assuming control over all Colleges (about 50 in number) in East Bengal. The Authorities of the Univ. include a Court, an Executive Council, an Academic Council, and Faculties; and the Teaching Staff has the main responsibility for all matters connected with teaching and exams. The students (other than those living under specially approved conditions) reside in Halls and Hostels, and the Univ. teachers in houses erected for them, in the Univ. domain. The domain consists of about a square mile of fine parkland, including over 100 acres of playing fields. It is adjacent to the Civil Station of Dacca and to a park called the Ramna, and lies from 1 to 1½ miles north-west from the centre of Dacca City. It is provided with electric light and power.

The chief buildings for teaching and administrative purposes include: Central buildings, containing about 200 rooms (area 94,000 sq. ft.), used for Class-rooms and Library; Chemical and Physical Laboratories (area 26,500 sq. ft.); the Curzon Hall (which accommodates about 2000 persons); the Dacca Hall residence for 160 students; the Jagannath Hall for 200 students; the Salimullah Muslim Hall for 296 students; and the Fazlul Huq Muslim Hall for 160 students.

LIBRARY. 93,186 vols., and about 23,440 MSS. in Sanskrit, Bengali, Urdu, Persian, and Arabic. Annual Library grant, Rs. 22,500. The University MSS. Committee (Bengali and Sanskrit Section) have already collected c. 23,000 valuable Sanskrit and Bengali MSS. The Arabic, Persian, Urdu, and Punthi MSS. Committee have collected 440 rare and valuable MSS.

LABORATORIES. Physical, with metal and wood workshops; Chemical, with special arrangements for training in commercial analytic methods; Psychological, Biological and Soil Science.

FACULTIES. Arts, Science, Law, Agriculture, Medicine and Engineering.

ADMISSION. The standard required for admission to courses leading to degrees is that of the Intermediate examn. of an Indian Univ.

DEGREES, ETC. The duration of the courses of studies prescribed is as follows: for B.A. or B.Sc. ordinary, 2 yrs., with Honours, 3 yrs.; M.A. or M.Sc., 2 yrs., or in the case of a Dacca Honours B.A. or B.Sc., 1 yr.; B.T., 1 yr.; M.T., 3 yrs.; B.Com., 2 yrs.; B.L., 3 yrs. GENERAL INFORMATION

Established in 1882, the University confined its activities, until 1919, mainly to examinations, the control of affiliated institutions and the provision of instruction in its Oriental and Law Colleges. It has since 1919 undertaken the maintenance of Univ. teaching Depts. for Post-graduate instruction and research and co-ordination of advanced teaching. Honours Schools have been established in Botany, Zool., Chem. and Physics and postgraduate teaching is provided in Econ., Arabic, Sanskrit, Statistics, Persian, Maths., Hist., Polit. Sci. and Geog. Besides the Univ. Profs. and Readers and Lecturers, senior teachers of the local colleges are associated with the Univ. teaching. Three Honours Papers have been instituted in English, Maths., Econ., Philos., Hist., Sanskrit, Arabic, Persian, Geog., Zool. and Psychol. The University also maintains Colleges of Commerce, Law and Oriental studies.

Univ. Classes are also held in Statistics, Journalism, German, Pharmacy, Music and Arts and Crafts. Steps are being taken to introduce instruction in Asiatic languages such as Russian, Chinese, Japanese, etc., and to institute a Diploma in Librarianship and degree of Master of Education.

LIBRARY, 120,275 vols., including MSS. (arranged on Dewey Decimal system). Departmental and Seminar LIBRARIES: Botany, Zoology, History, Economics, Physics, Chem. and Geog. Chemical and Technical Chemistry LABORATORIES. Astronomical OBSERVATORY.

FACULTIES. Oriental, Arts, Law, Med., Sci., Agric., Comm., Engin., Dentistry, Vet. Sci. and Education.

DEGREES. B.A., M.A., Ph.D., D.Litt.; B.Com., M.Com.; B.Sc., M.Sc., Ph.D., D.Sc.; B.Sc. Eng., M.Sc. Tech.; B.Sc. (Agr.), M.Sc. (Agr.); I.L.B., I.L.M., I.L.D.; M.B., B.S., M.S., M.D., B.D.S.; B.V.S.; B.T.; (in Oriental Learning) B.O.L., M.O.L., Ph.D., D.O.L.

In the Faculty of Oriental Learning a 2 yrs.' course from Matricn. leads to an Intern. examn., and further courses of 2 yrs., 1 yr. and 2 yrs. to the B.O.L., M.O.L. and D.O.L. successively. Examns. are also held for Proficiency, High Proficiency and Honours in Arabic, Sanskrit and Persian. Honours admit to the Oriental titles : Maulvi Fazil (Arabic), Shastri (Sanskrit) and Munshi Fazil (Persian); High Proficiency to Maulvi Alam, Visharada and Munshi Alam; and Proficiency to Maulvi, Prajana and Munshi. Similar examns. are held in Urdu, Hindi, Panjabi (in Gurmukhi and Persian Script) and Pashto.

RECOGNITION OF OTHER INSTITUTIONS. Examns. of other approved Universities are recognized by the Syndicate.

THE UNIVERSITY FOREIGN INFORMATION BUREAU. The Bureau advises and helps students who go abroad for advanced studies.

RESIDENCE. Undergraduates in Lahore Colleges, unless living with their guardians, are ordinarily required to reside in College hostels or in hostels recognized by the Univ.

GRANTS TO COLLEGES. Grants are given by the Univ. to Mofussil Colleges for carrying on research work, and to the Colleges affiliated up to the M.A. standard for library books required for use by M.A. students.

EXTENSION LECTURES. Extension lectures by eminent scholars are arranged by the Univ. at Lahore and Mofussil Colleges. The following lectures by Professors from various Foreign Univs. were delivered during the year: Prof. L. Dudley Stamp, D.Sc.—Subject: "Land Utilization and Land Planning." Prof. Merle Curtis, Ph.D.—Subjects: "The Federal System in the United States"; "Religious Diversity and Toleration in America"; "The Impact of Science and Technology on American Civilization." PUBLICATION. *Calendar* (Sept.), Rs. 6-0-0.

THE YEAR 1946-47

NEW DEVELOPMENTS. Affiliation has been granted to 5 new Colleges and 2 Colleges have been raised from the Intermediate to the Degree standard. A Dept. of Physical Educn. for women has been established, and Miss Birlas, B.A., appointed Head of the Dept. The Univ. has suffered the loss of 56 of its affiliated Colleges as a result of the partition of the Province.

The M. and S.L.C. examns. previously split into two parts have again been combined. Music as an additional subject and Civics as an elective subject have been introduced for the Matricn. and Intermediate examns. respectively. A postgraduate Diploma in Fine and Commercial Art has been instituted.

Graduates in Science and Arts with Physics and Maths. (A) Course are permitted to proceed to the M.Sc. Degree by examn. after 2 yrs.' study. It has been proposed to introduce Nursing in the Intermediate Standard.

REFUGEE STUDENTS. On account of the disturbed conditions resulting from the partition of the Province there was a great influx of Refugee students. Special facilities have been provided for their examns. and instruction, etc.

STUDENTS. Numbers not given.

GENERAL INFORMATION

The idea of a separate University for Sind was first broached in the year 1886, when the European Principal of the first college in Sind, the D. J. College, Karachi, foretold of a time when the province would need a separate University to serve its distinctive cultural needs. The idea was based on the fact that Sind, though connected administratively with Bombay for a long time, was a distinct cultural unit, with a language and literature of its own, and with economic and geographical features of its own. The idea lay dormant until, in 1934, the Government of India appointed a committee to consider the administrative requirements of Sind as a separate province in view of the coming autonomy which was to be an important feature of the Government of India Act of 1935. This committee, presided over by Sir Hugh Dow, emphasized the necessity of cultural autonomy for Sind as an inevitable sequel to political autonomy. The idea suffered many vicissitudes until in 1940 the autonomous Government of Sind appointed the Sind University Committee with comprehensive terms of reference to go into the entire problem of a separate University. The Report was issued in the year 1941, and it covered the entire ground of organizational and academic issues involved. But action on the Report was delayed by several causes, till a regular Bill for the creation of a separate University for Sind was introduced in the local legislature in 1945, and passed finally into an Act in the year 1947. The appointment of the Vice-Chancellor was made in April, and that of the Registrar in June 1947; the first nominated Senate met on the 24th June 1947, and the University may be said officially to have started its session from that date.

The University is, for the present, an affiliating and examining Univ., like the Univs. of Bombay, Madras, Calcutta, Panjab and Agra, and for the first year of its working it has adopted almost all the courses of study and all the Ordinances and Regulations of the Univ. of Bombay.

Schemes of postgraduate teaching and research are well on the way to early execution, and it is proposed that Colleges will, in the future shape of things, be confined to teaching up to the First Degree, and all Postgraduate teaching will be directly undertaken by the Univ.

Among the research depts. in which a start has already been made is Sindiology, a dept. which will organize extensive surveys in every field of research connected with the history of Sind, its literature, language, folklore, economic conditions, material resources (actual and potential), education, etc.

Religious Education and Military Training are among other subjects of importance to which the University has assigned top priority in its schemes of future developments. In fact, Religious Knowledge is one of the subjects in compulsory groups for the Matriculation, Intermediate and First Degree Exams. of 1950 and thereafter.

A Foreign Universities' Bureau of Information has already been set up, and

it has been in a position from April 1948 to guide all such students in Western Pakistan as desired to be properly placed in the Universities of U.K. and U.S.A.

The University is spending a sum of Rs. 30,000 on the nucleus of a Library in the first year, and a substantial sum will be set apart for the purpose every subsequent year.

An extensive and very healthy plot of land has been secured from the provincial Government for building up, over a period of years, a regular University Town, at an aggregate cost of nearly five million rupees.

GENERAL INFORMATION

The University of Hong Kong was incorporated in 1911 and formally opened in 1912. Just before the outbreak of the war in the Pacific the University seemed set for a period of expansion, and plans had been initiated for a considerable programme of development. These prospects were abruptly dispelled by the outbreak of hostilities, and all University work was brought to a complete standstill. With the fall of the Colony, wholesale looting took place, to be followed later by actual demolition of some of the buildings, so that when it was possible to reopen the University, in October 1946, the rehabilitation task to be faced was immense. In every department except the Library, which had been partially looted but not destroyed, the work had to be commenced from the bottom. Not only had equipment vanished but in most buildings every vestige of woodwork had also disappeared. But losses were not merely material. The University suffered grievously in loss of personnel. During the actual fighting and the years of internment which followed for most of the staff, three professors and three lecturers lost their lives.

Two members of the staff who escaped were able to assist students who made their way into Free China, and arrangements were made for over 200 of these students to complete their studies as guest students in Chinese Universities.

Normally the supreme governing body of the University is the Court, with the Governor of Hong Kong as Chancellor and Chairman. The executive body is the Council, composed of the Vice-Chancellor, the Treasurer, certain government officials and Chinese members of the Legislative Council, the Deans of the Faculties, two representatives of the commercial community and two additional members approved by the Chancellor. The Senate, which deals with academic matters, is composed of the Vice-Chancellor, the Director of Education, and the Professors and Readers.

This machinery of administration, however, was impossible when the Univ. was reopened, and therefore early in 1946 the Secretary of State for the Colonies approved a Committee, established by Order in Council under the title of the University of Hong Kong Provisional Powers Committee, to deal in London with financial obligations and re-equipment. This Committee was later transferred to Hong Kong, and has throughout the year 1946-47 been the supreme University body. The duties of Senate and Faculties have been administered by an Interim Committee and a Board of Studies. At the end of the academic year, however, steps were well under way for the re-establishment of the essential University bodies mentioned above.

In June 1946, under the auspices of the University of London, a matriculation examn. was held. Successful candidates, and those who held Cambridge School and other certificates exempting them from matriculation, were thus able to commence their studies when, on October 23, the Univ. formally reopened with first-year classes only. Though the formation of the Faculties must wait till the creation of the Senate, courses leading to medicine, engineering, arts and science were started, the enrolment being somewhat over a hundred.

Throughout the academic year steady progress against heavy odds was made, the major difficulty being equipment. Buildings have been reconditioned at great cost, and apparatus has been slowly arriving from home. The quality of the work of these first post-war students has been noticeably high, and the results of the first-year examinations were gratifying.

Though it falls outside the year under review it is satisfactory to report that the year 1947-48 saw the largest influx of new students on record.

FEES. Tuition fees have been raised from \$400 to \$500. Hostel residence is compulsory for men students. As a result of the high cost of living hostel fees have been high—about \$200 a month—but every effort is being made to reduce this charge.

GENERAL INFORMATION

The University was founded in 1942 by the incorporation of the Ceylon University College, established in 1921, and the Ceylon Medical College, established in 1870. It occupies temporarily the premises of the two Colleges in Colombo, but new buildings are being erected in Peradeniya, four miles from Kandy, on the banks of the Mahaweli-ganga below the Royal Botanic Gardens. When the whole University is moved there it will become entirely residential. The site covers 2200 acres; much of it is too steep for buildings and has been acquired for protective purposes. More land will be required for the Faculty of Medicine and new Faculties. The main buildings are being erected to a plan formulated by Sir Patrick Abercrombie and Mr. Clifford Holliday.

LIBRARIES. The main Library contains 50,000 vols., but there are sectional libraries attached to the laboratories. The University makes a grant to the Ceylon Medical Library, which is used as the Library of the Faculty of Medicine. **LABORATORIES.** Science Labs. in Thurstan Road (moving to Peradeniya in 1952; Medical Labs. in Kynsey Road; Dental Labs. in Ward Place. **HOSPITALS.** The Colombo General Hospital, the De Soysa Maternity Hospital, and the Dental Institute are teaching hospitals. Medical students also use the Medical Research Institute and the Kalutara Public Health Centre.

FACULTIES AND DEANS. Oriental Studies, Prof. M. D. Ratnasuriya; Arts, Prof. E. F. C. Ludowyk; Science, Prof. A. W. Mailvaganam; Medicine, Prof. N. Attygalle.

ADMISSION. The Univ. Entrance Examn. is combined with the Higher School Certificate Examn. and is held annually in December. Candidates must have passed the Ceylon Senior School Certificate Examn. or its equivalent.

DEGREE COURSES. B.A. and B.Sc., 3 or 4 yrs. according to type and subject: Section A (General), 3 yrs.; Section B (Specialist), 4 yrs. except in Sanskrit, Tamil, Econ. and Philos. In most cases the 4-yr. period may be reduced to 3 yrs. if sanctioned by Dean. LL.B., 3 yrs. B.Sc.Agric., 3 yrs. M.B., B.S., 6 yrs from Univ. Entrance Examn. or 5 yrs. from First Examn. (which may be taken from school) B.D.S., 5 yrs. from Univ. Entrance Examn. or 4 yrs. from First Examn.

HIGHER DEGREES. M.A. or M.Sc., 2 yrs. Ph.D., 2 yrs. Degrees of D.Litt., LL.D., D.Sc., M.D., M.S., M.O.G. for graduates of the University only.

GENERAL INFORMATION

The College is administered as an integral part of the Department of Agriculture of the Colony. The cost of the building (opened Jan. 1925) and equipment was £14,000. Experimental fields and farms cover 60 acres. Laboratories provide accommodation for research in Chemistry, Entomology, Botany, Mycology, Physics, and Sugar Technology. Athletic grounds are attached to the College.

A 3 yrs.' course leads to the Diploma of the College. Short courses in the inter-crop period are provided for estate employees and special courses for agricultural and sugar-house chemists. The examns. of the City and Guilds of London Institute in sugar technology are held at the College.

The College year begins in April.

Minimum age for admission, 18. Entrance examn. in English, French, Chemistry, and Maths. Holders of Matric. certificate of any British University are excused those subjects which appear on their matric. certificate.

Tuition fee for British subjects not natives of Mauritius, £20 p.a.

GENERAL INFORMATION

The Coll. is a Government institution, partly endowed by public subscription, managed by a Council of Govt. officials and private members, with the Director of Medical Services (Singapore) as President, advised by a Senate composed of the professors and lecturers, with the Principal as Chairman. Since its foundation 398 licentiates have passed out. It owes its name to a large donation from a King Edward VII. Memorial Fund, which enabled the Council in 1913 to endow a Chair of Physiology.

The *Diploma* in Medicine, Surgery and Midwifery was recognized by the General Medical Council in 1916. The course extends over 6 yrs.

The *Diploma* in Dental Surgery was recognized by the General Medical Council in Nov. 1947. The course extends over 5 yrs.

Admission qualifications (Medical and Dental): (1) The Cambridge School Certificate with credits in English Lang., Elem. Maths., a language other than English, and two or more of the following: Hist., Geog., English Lit., Physical Sci., Natural Sci., Physics, Chem., Physics-with-Chem., Biol., Mechanics, General Sci., Latin, Greek, Hebrew, French, German, Urdu, Malay, Tamil, Chinese or other recognized language: or (2) certificates of equivalent standard recognized by the General Medical Council, e.g. Lond. Matric. Candidates selected for admission are required to pass a Medical Examination and are admitted only if their standard of health is satisfactory. In view of the large numbers of locally domiciled candidates applying for admission each year preference is given to candidates who are born and educated in Malaya.

PHARMACY COURSE. A course for the training of Pharmacists was started in Oct. 1945. The course covers a 3 yrs.' pupilage under an approved Pharmacist and 1 yr.'s course of systematic lectures and practical classes in the College. The Diploma in Pharmacy is registrable in Malaya.

TERMS. Michaelmas—Oct. 1 to Dec. 17; Easter—Jan. 5 to March 19; Trinity—Apr. 12 to June 26.

TUITION FEES. \$360 p.a. (Medical), \$360 (Dental), \$150 (Pharm.).

SCHOLARSHIPS (3 Medical and 3 Dental) are available each yr. for new students of sufficient merit, and are tenable for 6 yrs. or less. The Senate reserves the right not to make the full yearly award. Value of Scholarship \$600 p.a.

EXHIBITIONS (5 Medical and 3 Dental), value \$600 p.a. each, are available for new students, and are tenable for 3 yrs., and can be renewed subject to approval of Senate. In the award of Exhibitions the financial position of the student is considered. The Senate reserves the right not to make the full yearly award.

RESIDENCE, ETC. Hostels for 214 students, 25 being women resident in the Women Students' Hostel.

RECREATION. Membership of the Medical Coll. Union is compulsory for all students. The Union arranges the recreational and social activities of students.

HEALTH. Students can obtain free attention and treatment when ill.

GENERAL INFORMATION

This is a non-Government institution, endowed partly by the Straits Settlements and some of the Malay States and partly by public subscription, managed by a Council of Government officials and private members and advised by a Senate composed of the Professors, with the Principal as Chairman. It was opened in June 1928.

ADMISSION. Students are admitted to the College only after they have reached the age of seventeen, although exceptions may be made for students

* Barrister-at-Law.

who have reached the age of sixteen and can furnish a special recommendation from their schools.

Before admission all students must be examined as to physical fitness, and will be accepted only if their standard of health is good. To qualify for admission, students must submit a certificate of character from their last school, and must have passed one of the following examinations: (a) The Malayan Cambridge Certificate or the ordinary Cambridge Certificate examination with a pass with credit in English Lang., a pass in oral English and a pass with credit in *four* of the following subjects: English Lit., Hist., Geog., Latin, Elem. Maths., Additional Maths (if a credit pass has been obtained in Elem. Maths.), Chem., Physics, General Sci., Bot., Art or Music, any approved language, Physics with Chem., Biol.; (b) The Final Examination for a degree in Arts or Science in any University of the United Kingdom or British Dominions; (c) The Matriculation Examination of any University in the United Kingdom or British Dominions; (d) Any other examination specially approved by the Senate of Raffles College.

Persons not members of the College may be admitted, with the approval of the Principal, to attend a course of lectures on any subject.

Diplomas are given to students who successfully complete a 3 yrs.' course at the College. The standard of instruction aimed at is that of the first degrees in Arts and Science at the Univ. of London. Students may, if they desire, study for the External degrees of B.A. or B.Sc. of that Univ.

TERMS. Michaelmas—October 2–December 10; Hilary—January 3–March 13; Trinity—April 10–June 19.

FEES for tuition, \$300 p.a. (\$1 = 2s. 4d.); board and lodging, \$630 p.a.

RESIDENCE. There are Halls of Residence for 132 male students, and a Women Students' Hostel to accommodate 28 female students.

SCHOLARSHIPS. The John Anderson Scholarship, awarded from time to time to British subjects of any race or creed, of either sex, born in the Straits Settlements or Federated or Unfederated Malay States, to enable the scholar to study at Raffles College. The scholarship is awarded for 3 yrs. The Singapore Bar Committee Scholarship, \$1200 p.a. for 3 yrs., founded in memory of members of the Singapore Bar killed in the Great War and awarded to the son or daughter of parents who are or have been employed in the legal profession in Singapore. The Kelantan Scholarship, \$720 p.a. for 3 yrs., awarded to a student of either sex born in Kelantan and educated during his or her early years in Kelantan. There are awarded annually by the College ten entrance scholarships of \$1200 p.a. tenable for 3 yrs., twenty-five Malayan Union scholarships of like amount for 3 yrs. and a number of Exhibitions tenable for 1 and 2 yrs. Scholarships (not more than 6) of \$720 for 1 yr. are awarded to students who have obtained the Diploma of the College and are attending 4th year course in Education. Scholarships are also awarded by various Government Departments.

PUBLICATIONS. *Calendar* (February), *Annual Report* (October).

BUILDINGS. During the Japanese occupation the College was used as a Military H.Q. The Japanese added a new wing which, fortunately, conforms with the general style of the original buildings and which is now used by the College for lecture rooms and offices.

NEW DEPTS. AND POSTS. Dr. E. H. G. Dobby, formerly Reader in Geo-

graphy, was recently appointed Professor. The Depts. of Maths. and Hist. have each been enlarged by the appointment of an additional lecturer.

OTHER DEVELOPMENTS. The Ordinance is at present in course of revision in order to include two Members of Senate and two Graduates on the College Council. In April 1947 a Commission on Higher Education in the Colonies, under the Chairmanship of Sir Alexander Carr-Saunders, visited Malaya to investigate and advise on the formation of a University in Malaya. The Commission's Report is expected at an early date. Dr. G. V. Allen, C.B.E., President of the College, was appointed Principal-Designate of the proposed University.

EXTRA-MURAL WORK. Some lectures are being given to Teachers' Association and to the Services.

STUDENTS. Total: 218; full-time: 212; part-time: 6; the total includes 47 women.

GENERAL INFORMATION

Incorporated in Sept. 1921 and reincorporated by Royal Charter on Nov. 23, 1926, the College aims at promoting the study of and conducting research in tropical agriculture in suitable surroundings and creating a body of British expert agriculturists well versed in the knowledge of the cultivation of land in the tropics, of chemists, and of scientific advisers possessing an intimate knowledge of the means of combating pests and diseases. The College buildings are at St. Augustine, near St. Joseph, Trinidad, on land granted by the Govt. of Trinidad and Tobago.

The foundation-stone of the new buildings and laboratories was laid by Sir Samuel Wilson, Governor of Trinidad and Tobago, on January 14, 1924. An Instructional and Experimental Sugar Factory, towards which British sugar machinery manufacturers contributed plant worth £20,000, was opened in 1925. A Low Temperature Research Station for work on bananas and other tropical fruits was completed in September 1929. An Agricultural Field Office, and a new Chemical Block, in which the Dept. of Sugar Technology is also housed, were completed in August 1929. The Milner Hostel and College Dining-Hall were completed in 1927. A Cacao Research Scheme was inaugurated in 1930. This is financed by contributions from the main cacao-growing Colonies and from some of the more important British cocoa and chocolate manufacturers. A Plant Quarantine Station to serve the British West Indies, British Guiana, and British Honduras was completed in 1933.

The income of the College is derived from contributions by the principal British and West Indian colonies, the Imperial Government, the Empire Cotton Corporation, and the British Cotton Growing Association.

The academic year extends from October 1 to June 30.

COURSES OF STUDY. (1) A 3-yr. course leading to a *Diploma* of the College (D.I.C.T.A.) either (a) in *Agriculture* or (b) in *Sugar Technology*, designed primarily for students from the West Indian Colonies and admission to which is limited, save in exceptional circumstances, to students from the Caribbean area.

(2) A 2-yr. course leading to an *Associateship* of the College (A.I.C.T.A.) in *Agriculture*, open to postgraduate students. The period of study to cover all requirements is 2 sessions of 3 terms each, except for Diplomates of the College, who may be allowed to present themselves for the Associateship examination after one session.

(3) A 1 yr. course leading to an *Associateship* of the College (A.I.C.T.A.) in *Sugar Technology*, open to students possessing the Diploma in Sugar Technology of the College.

(4) A 1-yr. postgraduate course open to Colonial Office cadets selected for the Colonial Agricultural service and to students possessing a degree in Agriculture or Natural Science or a Diploma of an approved Agricultural College involving at least a 3-yr. course of study in Agriculture or Horticulture, or some similar qualification.

TUITION FEES. *Diploma Courses:* British subjects from contributing colonies, £25 p.a.; other British subjects, £50 p.a.; Foreign subjects, £100 p.a. A limited number of students from contributing colonies on the nomination of the respective Governments are admitted without payment of tuition fees. *Associateship Courses:* British subjects, £75 p.a.; Foreign subjects, £125 p.a. The fees for the postgraduate course are the same as above, except that British subjects from contributing colonies pay only £15 p.a.

EXPENSES. The following figures are given as an approximate estimate

for students coming from a country to which they cannot return for the long vacation: Living, \$72 (£15) per mth.; 1st and 2nd yrs. 12 mths. (each £180); 3rd yr. 9 mths. (£135). Subscriptions, say £5 p.a. Books, tours, pocket-money, etc., a minimum of £100 (1st yr.), £120 p.a. (2nd and 3rd yrs.). To these must be added the College fees above set out, and also cost of passage to Trinidad in the first, and from it in the third year. In the case of students attending the College for one year, the expense will be approx. that of the third year, with the cost of return passage added. West Indian students who can return home for the long vacation and who are reasonably careful find it possible to cover all essential expenses, exclusive of the cost of passages and tuition fees, for about £220.

STUDENTS FROM INDIA AND FOREIGN COUNTRIES. Applications for admission from Indian students should be submitted through the High Commissioner for India.

The Academic Board will consider applications from students who are not British subjects on their producing evidence of having attained a standard equivalent to that prescribed by the regulations and of possessing an adequate knowledge of English. Such applications should be made through a British Consul, whose recommendation should also be obtained.

APPENDIX I

QUALIFICATIONS FOR ADMISSION TO A FIRST DEGREE IN THE UNIVERSITIES OF GREAT BRITAIN AND IRELAND

GENERAL OUTLINE

This Appendix relates only to the admission of students proposing to take full courses for a First degree.* A comparison of the university regulations regarding admission discloses a general agreement in principle, with divergencies in application. Before inserting a student's name in *matricula* all Univs. exact evidence that the applicant's intellectual equipment fits him to undertake a course of study for a degree. This is tested either by a matric. examn. held by the Univ. or group of Univs. concerned, or by the candidate's performance in an equivalent examn. Many of the Oxford and Cambridge Colleges require would-be entrants to pass a College examn. in addition to satisfying the Univ. entrance requirements. Bristol has discontinued its matricn. examn. as superfluous in view of the institution of the School Certificate and Higher Certif. examns. and the admission to them of candidates not presented by schools. Durham has followed Bristol's example so far as the Newcastle Division is concerned. Reading holds neither school examns. nor, except for candidates of mature years (23 or over), a matriculation examn., accepting, instead, credentials required by London or the Joint Matricn. Board of the Univs. of Manc., Liv., Leeds, Sheff. and Birm.

A Matriculation Examination for persons of mature years has been instituted by the above-mentioned Joint Board, and by London, Durham (King's College), Belfast, and Reading (*see* thereunder).

SCHOOL EXAMINATIONS.—ENGLAND AND WALES. A scheme originated by the Ministry of Education in consultation with all the Univs. of England for co-ordinating Secondary School examns. came into operation in England in 1918 and in Wales in 1920. Under this scheme the following are recognized by the Ministry—

I. As approved "First Examinations," suitable for pupils about the age of 16, the standard being such that a Pass with Credit in a certain number of subjects (generally 5) in the three main groups of School subjects (English subjects, Foreign Languages, Mathematics and Science)

* For conditions regulating the recognition of study at other Universities and admission for Higher degrees *see* pp. 8-16 and under the several Universities.

Students desiring to study in a University without intending to graduate are generally admitted if they satisfy the authorities that they are qualified to profit by the course of study they propose to take, and if accommodation is available for them. *See also* pp. 77 and 300.

would, provided certain conditions as to choice of subjects are satisfied, entitle a candidate to admission to a Univ. :—

School Certificate examns. of the Oxford and Cambridge Schools Examn. Board, of the Oxford Delegacy for Local Examns. and the Cambridge Local Examns. Syndicate (formerly known as Senior Local examns.), of the Univs. of Bristol and Durham, and of the Joint Matricn. Board of the Univs. of Manc., Liv., Leeds, Sheff. and Birm. ; the General School examn. of London ; and the School Certificate examn. of the Central Welsh Board. The conditions under which these examns. entitle candidates to admission to Univ. are set out in the Regulations of the various Examining Bodies.

In addition to the three groups of subjects above mentioned, First Examinations include a fourth group of optional subjects, such as Music, Drawing, Manual Work, Needlework, Housecraft. Excellence in these subjects will not exempt a candidate from the necessity of reaching a minimum standard in each of the other groups.

II. As approved Second Examinations, suitable for pupils about 2 years older, framed on the assumption that the candidate has, after the stage marked by the first examn., followed a more specialized course : —The Higher Certificate examns. of the Oxford and Cambridge Schools Examns. Board, Bristol, Durham, the Joint Matriculation Board, London, Oxford Delegacy for Local Examns., Cambridge Local Examns. Syndicate, and the Central Welsh Board.

With a view to securing equality of standard and the acceptance of the certificates by Univs. and Professional Bodies, the Ministry of Education exercises a co-ordinating authority with the help of a Secondary School Examinations Council composed of representatives of Universities, County Councils Assocn., Assocn. of Municipal Corporations, Assocns. of Education Committees, Teachers' Assocns. and other organisations, together with members nominated by the Minister of Education, under a Chairman appointed by the Minister. The Examinations Council keep in close touch with the Examining Bodies and conduct a regular scrutiny of their statistics, regulations, and syllabuses. In addition a detailed investigation of the methods and standards of award is held from time to time. Provision is made for ensuring that teachers in the Schools are brought into touch with the Examining Bodies ; that a School is examined, if it so desires, on its own syllabus, unless the Examining Body considers it inadequate ; and that estimates of the merits of their candidates in each of the subjects offered by them, if submitted by Head Masters and Head Mistresses, are taken into account in the award of certificates.

Schools are not required as a condition of recognition for grants from the Minister of Education to take these examns., but Schools on the grant list entering pupils for them under conditions approved by the Ministry receive an additional grant in respect of the examn. fees of each pupil so entered. The entrance of pupils attending grant-earning secondary schools for any examn. below the stage of a First Examn. is closely restricted

Among the functions of the Secondary School Examns. Council is negotiation with Univs. and Professional Bodies for the acceptance

of the examn certificates as exempting the holders from certain other examns. They are now accepted, subject to various qualifications, by all English Univs. and by a number of professional bodies as exempting from entrance examns. The Second Examinations are also recognized by many Univs. for exemption from Intermediate Examns. and for admission to Honours courses, etc.

The Higher School Certificate qualifies for exemption from the Intermediate degree examns. in the faculties of arts, pure science, and applied science, subject to certain conditions, at Durham and Bristol; also from the First Examn. (Pre-clinical) in the Faculty of Medicine at Durham, subject to rules in regard to subjects selected; in science, engineering and medicine (including dentistry) and in physics and chemistry only for B.V.Sc., at Liverpool; in arts, science, engineering and metallurgy at Birmingham; from certain courses in arts, science, technology and medicine (incl. dentistry) at Leeds; and from the external and internal Inter. examns. in arts, science, economics and commerce of London Univ., either in whole or in part, according to the subjects taken; from certain courses in arts at Manchester; at Reading, for exemption or partial exemption from the Inter. Examns. in the faculties of science, agriculture and horticulture, subject to certain conditions; at Sheffield,* exemption from the Prelim. Examn. in Chemistry and Physics for medical students and Pre-Registration Examn. in Chemistry and Physics for dental students may be obtained by students who have satisfied the examiners in Chemistry, theoretical and practical, and Physics, theoretical and practical, taken as two full group subjects in the Higher School Certificate Examn. (See below under each Univ. or groups of Univs.)

WALES. The School Certificate of the Central Welsh Board showing a pass with credit in all the required subjects of the matricn. examn. is accepted by the Univ. for matricn., provided that a pass with credit in four of the required subjects is obtained at one and the same examn.; so, also, are certifs. of other First Examns. (See below.)

SCOTLAND. On December 31, 1918, there came into operation Ordinance No. 70 (General No. 3) of the University Courts of the four Scottish Univs. as to Admission for purposes of graduation. This defines the normal test of fitness as "the production of evidence duly attested by a competent authority of the satisfactory completion of a suitable course of secondary education," and sets up an Entrance Board to regulate the application of this principle. This Board has provided by General Regulations for the recognition of Group Certifs. of the Scottish Education Dept. and, in the case of Schools in Scotland not regularly presenting candidates for these certifs., other evidence of completion of suitable courses. It has similarly provided for the recognition of Leaving or other certifs. in the case of applicants from outside Scotland. The admission of applicants who, owing to exceptional

* In and after June 1940 medical and dental students seeking exemption from the Pre-Registration Examn. have been required to satisfy the examiners in a third subject chosen from: English, a language other than English, History.

circumstances, have not been able to fulfil the normal conditions is provided for by Special Regns. (*See below.*)

IRELAND. The Leaving Certificate of the Dept. of Education of the Irish Free State or the Senior Certificate of the Ministry of Education of Northern Ireland is accepted by the Univ. of Dublin and the National Univ. of Ireland, subject for subject, in lieu of their matricn. examns., and by Belfast (subject to two provisos: (a) that a minimum of three *credits* be obtained; (b) that a higher percentage in Maths be obtained by candidates for entry into the Faculty of Science (Sch. of Civil Engin.) and Faculty of Applied Science than in other Faculties). Belfast and the N.U.I. also accept, subject for subject, certain other certificates. (*See below*)

ADMISSION OF STUDENTS FROM THE KING'S DOMINIONS OVERSEAS AND FROM FOREIGN COUNTRIES. As regards a student educated in another country the regulations are drafted on the understanding that the application of the ordinary entrance tests might be inappropriate owing to these tests having been framed with reference to secondary education curricula different from those which obtain in his own country, or to the student having reached a stage in his education at which the passing of ordinary entrance tests would involve a wasteful repetition of preparatory studies. They accordingly provide for the acceptance from such a student of other evidence of academic qualifications: ordinarily, certifs. (*e.g.* Dominion Matriculation examns., Abiturienten-examen, Baccalauréat), which would entitle to admission to a Univ. in the student's own country, together with such further evidence as may be necessary to ensure that no student shall be admitted to a course of study for a degree without a reasonable prospect of his being able to pursue it to graduation; in particular, if the student be one whose mother tongue is not English, evidence that he has a sufficient mastery of this language to enable him to follow courses of instruction conducted in English. When certificates are in a foreign language they should ordinarily be accompanied by a certified English translation. Unless the certificate shows on its face that it would admit the holder to a Univ. in his own country it should be accompanied by an authenticated declaration by a Government official, or official of an Embassy, Legation or Consulate of the country to which the applicant belongs, testifying that the certificate would entitle the holder to enter on a regular course of study in a Univ. or Technical Coll. affiliated to a Univ. in that country. Intending students should apply for information to the Registrar of the Univ. in which they desire to be matriculated. The regulations are summarized below under each Univ. or group of Univs.

SCHOOL EXAMINATIONS IN OTHER COUNTRIES are also recognized for admission to the Univs. of the United Kingdom. (*See below* under each Univ. or group of Univs.)

SPECIFIC CONDITIONS

Candidates for admission to a University in Great Britain or Ireland, unless they are graduates of a recognized University, must have passed

the appropriate Matriculation Examn. of that Univ. or they must have passed an alternative exempting examn.* The exempting examns., indicated by a number in this Appendix, are as follows :

1. Oxford Responsions ;
2. Cambridge Previous ;
3. London Matriculation ;
4. Durham Matriculation (for the Durham Colleges) ;
5. Wales Matriculation ;
6. Joint Matriculation Board of the Univs. of Manchester, Liverpool, Leeds, Sheffield and Birmingham Matriculation (if gained before Dec. 1, 1937) ;
7. Joint Matriculation Board of the Univs. of Manchester, Liverpool, Leeds, Sheffield and Birmingham Certificate, (a) Higher, (b) School ;
8. Oxford and Cambridge Schools Examn. Board's (a) Higher, (b) School ;
9. Oxford Local Examns. Delegacy (a) Higher, (b) School ;
10. Cambridge Local Examns. Syndicate (a) Higher, (b) School ;
11. Bristol Certificate (a) Higher, (b) School ;
12. Durham Certificate (a) Higher, (b) School ;
13. London General School ;
14. Central Welsh Board's (a) Higher Certificate, (b) School ;
15. Scottish Education Dept. Leaving Certificate ;
16. Scottish Universities Entrance Board Preliminary Examn. ;
17. Northern Ireland Secondary School Examn. Senior Certificate
18. Belfast Matriculation ;
19. National University of Ireland Matriculation ;
20. Irish Free State Leaving Examn. Certificate ;
21. Dublin, Trinity College, Matriculation ;
22. Army Education Certificate.

These examns. may be grouped as follows :

Higher School Examns. 7 (a), 8 (a), 9 (a), 10 (a), 11 (a), 12 (a), 14 (a)
 School Certificates. 7 (b), 8 (b), 9 (b), 10 (b), 11 (b), 12 (b), 13, 14 (b)
 15, 17, 20.

Matriculation. 1, 2, 3, 4, 5, 6, 16, 18, 21.

In addition certain Universities, *e.g.* those grouped under the Joint Board (No. 6 above), and Durham University, have special regulations for individual faculties (as to the subjects to be taken at the qualifying Entrance Examn.). The Scottish Universities have regulations as to subjects taken at the Entrance Examn. which affect admission to specific classes. The Universities also include certain examns. other than those enumerated above as qualifying for admission. These examns. and the conditions affecting them are referred to in the text below under each University or group of Universities.

* Most Universities are prepared to modify their normal requirements in order to meet the case of students whose course of study or education has been prejudiced by war conditions.

JOINT MATRICULATION BOARD OF THE UNIVERSITIES OF MANCHESTER, LIVERPOOL, LEEDS, SHEFFIELD AND BIRMINGHAM

The examns. held on behalf of these Univs. (School Certif. and Higher School Certif. in July, also School Certif. and Higher School Certif. Subsidiary subjects in September) are conducted by a Joint Board. Full information regarding admission to the constituent Univs. is contained in the pamphlet "Qualifications for entry upon a Degree Course," which may be obtained from the Secretary, 315 Oxford Road, Manchester, 13.

I. A candidate is qualified to enter upon a degree course at one of the five Univs. if (a) at one and the same School Certif. Examn. he has (i) satisfied the examiners in English Language, (ii) clearly passed in each of Groups I (English Literature, History, Geography, Scripture), II (Languages other than English) and III (Mathematics and science subjects), as defined in *Regulations for the Award of School Certificates*, (iii) reached the *credit** standard in at least one subject, (iv) gained a School Certif. and subsequently † (b) either (i) he is awarded a Higher School Certif. or (ii) at one and the same Higher School Certif. Examn. he reaches at least the Subsidiary standard in four subjects chosen from not less than two of the following three groups: *Group A*—English Language, English Literature, History or Ancient History, Geography, Art, Music, Scripture Knowledge, Economics; *Group B*—Greek, Latin, French, German, Spanish, French-with-German (may not be taken with either French or German), other approved language; *Group C*—Pure Maths., Applied Maths., Physics, Chemistry, Botany, Zoology, Biology (may not be taken with either Botany or Zoology), Geology, Elem. Physiology and Hygiene (may not be taken with either Biology or Zoology), Handicraft, Domestic Subjects, Geometrical and Machine Drawing.

If a School Certif. is acceptable under I (a) except that one of the Groups I, II or III is not represented, a subject of the missing group must be passed either (i) at the *credit* standard in the School Certif. Examn., or (ii) as one of the subjects required under I (b) above, or (iii) as a subject of the Higher School Certif. examn. additional to the requirements under I (b) above.

English Language (S.C.) is not included in any group and a pass in the subject in the School Certif. Examn. does not constitute a pass in Group I. A pass in Subsidiary English Language of the Higher School Certif. Examn. is, however, accepted in lieu of a pass in Group I (S.C.).

II. School and Higher School Certifs. of the following examining bodies are accepted under I (a) and (b) on the same conditions as corresponding certificates issued by the Board, provided that if, after 31st

* A School Certif. lacking a *credit* in at least one subject can be supplemented only by obtaining a full Higher School Certif.; it cannot be supplemented by passing in Subsidiary subjects under I (b) (ii). If one of the Groups I, II or III is not represented the defect must be rectified as required above.

† The four required Subsidiary subjects may not be taken in the September examn. of the year in which the School Certif. is gained.

December 1939, a foreign language has been offered at the Subsidiary standard under I (b) (ii), translation into the language has been included:

- (a) The Oxford and Cambridge Schools Examination Board.
- (b) The Oxford Local Examinations Delegacy.
- (c) The Cambridge Local Examinations Syndicate.
- (d) The University of London.
- (e) The University of Durham.
- (f) The University of Bristol.
- (g) The Central Welsh Board.

III. A Certificate of having passed any one of the following examns. will be accepted under I (a) in lieu of a School Certif.; * the conditions of I (b) must also be fulfilled: 1, 2, 3, 4, 5, 16, 17, 18, 19, 21 (v. *supra*, paragraph headed "Specific Conditions"), the Intermediate Certif. Examn., Department of Education Eire,* and the Forces Preliminary Examn.†.

IV. The Board also conducts the following examns. for Univ. entrance:

(a) *Special University entrance examn.*—Candidates must be 17 years of age on or before July 31 of the year of examn.; must reach the required standard at one and the same sitting in English Language and in five other subjects from the three groups set out on page 974, at least one subject being chosen from each group. Entries for the examn. on the prescribed form, together with the examn. fee of £3 and the candidate's birth certificate, must be received by the Secretary on or before April 1 (September 1 for the September examn.).

(b) *Examn. for candidates of mature years.*—This examn. may be taken only by candidates who desire to proceed to a degree course in one of the constituent Univs., and who are not less than 23 years of age on May 1 of the year of examn. Candidates who have served in the armed forces for at least 12 months, such service to be prior to Aug. 15, 1946, or were engaged during the war on other forms of national service approved by the Board for this purpose, may be admitted to the examn. although they may not be 23 years of age. Further details may be obtained from the Secretary.

(c) *Examn. for candidates who have been engaged in industry or commerce* may be taken only by candidates who desire to proceed to a degree course in one of the constituent Univs. and have been engaged in full-time employment for at least three years, have attended systematic courses of instruction satisfactory to the Board for a period of at least three years and are not less than 19 years of age on July 31 of the year of examn. Further details may be obtained from the Secretary.

V. A candidate is regarded as satisfying the Board's requirements if he holds any one of the following:

A degree conferred by an approved Univ. after examn.

* Certificates gained after Dec. 1, 1947, must have been gained at one sitting and must show passes in at least one subject of each of Groups I, II and III of the Board's School Certif. Examn.

† This Certificate need not necessarily be obtained at one sitting, but a certif. gained after Dec. 1, 1947, must show passes in at least one subject of Groups I, II and III of the Board's School Certif. Examn.

A Matriculation Certif. awarded by the Board before December 1st, 1937, or a certif. awarded before that date which fulfils the requirements then in force for exemption from the Matriculation Examn. of the Board.

A certif. showing that the holder has attended for at least two years full-time courses approved by the Board and has passed the final examination of a training college accepted by the Board for this purpose.

A certif. showing that the holder is a Barrister called to the English Bar or a Solicitor admitted on the Rolls after passing the Final Examn. of the Law Society (*Faculty of Law only*).

The Leaving Certif. of the Scottish Education Dept., provided that the candidate passed at one and the same examn. in five subjects at the Higher Standard (a pass in either Physical Science or Natural Science will be regarded as equivalent to a pass in two science subjects).*

The School Leaving Certif. of the Ministry of Education, Northern Ireland, provided that at one sitting the candidate reached the *credit* standard in English and in four other subjects, including at least one subject of each of Groups I, II and III of the Board's Senior Certif. Examn. (Passes with *credit* in subjects offered at the Subsidiary standard are not acceptable.)

The Leaving Certif. of the Dept. of Education, Eire, provided that the candidate passed with Honours at one and the same examn. in five Full Course subjects.†

The Special Army Education Certif. at the Advanced Standard, duly attested.

The Matriculation Certif. of an approved British Overseas Univ.

A certif. of having passed at one and the same examn. the Intermediate Examn. in Arts, Science or Medicine, of an approved Indian Univ.

The Matriculation Certif. of the Palestine Board of Higher Education.‡

The Secondary Education Certif., Part II, of the Egyptian Ministry of Education. On certifis. issued in and after June 1938, a pass in the Special Part must be shown.

The Baccalaureat Certif. of Iraq,§ provided that the candidate is recommended by the Iraqi Ministry of Education.

* Certificates gained after Dec. 1, 1947, must show a pass at one and the same examn. in five subjects at the Higher Standard, including at least one subject of each of Groups I, II and III of the Board's School Certif. Examn.

† Certificates gained after Dec. 1, 1947, must show a pass with Honours at one and the same examn. in five Full Course subjects, including at least one subject of each of Groups I, II and III of the Board's School Certif. Examn.

‡ Certificates gained after Dec. 1, 1947, must show that at one sitting the candidate reached the *credit* standard in English, Syllabus A, and in four other subjects, including at least one subject of each of Groups I, II and III of the Board's School Certif. Examn.

§ A certificate showing the passing of the Commerce section is not acceptable if gained after Dec. 1, 1947.

A foreign examn. certif. which entitles the candidate to enter upon a degree course in all Faculties of a recognised Univ. of the country in which the certif. was issued if that country is not specified above.

VI. The Board will exercise its discretionary power of accepting certif. of having passed other examns. of a standard at least equal to those mentioned above.

VII. The War Emergency Regulations governing the requirements for entry upon a degree course were withdrawn on December 1, 1947. Candidates for Univ. entry who satisfy the War Emergency Regulations by examns. passed before that date will still be regarded as having satisfied entry requirements at any time thereafter, but in examns. taken after November 30, 1947, one of the requirements set out above must be fulfilled.

N.B.—Birmingham. Applications from overseas students must be received in writing on or before April 1, and should preferably be submitted through the appropriate authority, such as the British Council, the High Commissioner for India, the Colonial Office, etc., etc.

Leeds receives applications from persons resident outside the United Kingdom up to May 31.

At *Liverpool* the Senate, after report from the faculty concerned, determines before registration whether the applications of foreign, Egyptian, or Indian students shall be accepted. Applications for registration from such students must be received before Oct. 1 in each year, and must be accompanied by detailed references certifying as to character and educational qualifications. All such students, before admission to courses of study in the Univ., shall satisfy the Faculty concerned that they have a knowledge of English sufficient for the purpose of their work. Such students must submit their applications for admission not later than Oct. 1 in each year.

Except by special permission of the Senate, no student who is not normally resident in Great Britain will be admitted to classes or courses of study in the Univ. unless he is accredited on personal and academic grounds and is assured of adequate financial support by his own Government or by some approved academic institution.

Special Regulations for Entrance to Faculties

BIRMINGHAM. Candidates entering the *Arts* faculty are required to have included a pass with credit at School Certif. standard in Latin or Greek if they wish for admission to the Special Schools of Classics, English, French, Italian, Spanish or History.

Arts and Science. Students who propose to take Pure Maths. Course I. in the Univ. must have passed a Higher School Certif. Examn. in Pure Maths. at subsidiary standard or submit evidence to the Faculty that they are capable of profiting by the course.

Law. Candidates for the LL.B. must have passed in Latin and in a modern foreign language.

Commerce. Candidates entering for the degrees of B.Com., B.Com. (Social Study), or B.Com. (Social and Political Science) must have a pass

with credit in Maths. at School Certif. standard. Students proposing to enter the office of a merchant are strongly recommended to study two modern foreign languages whilst at school.

LEEDS. For admission to courses for the B.A. in certain Honours Schools a Latin or Greek qualification is required.

Medical and Dental students are ordinarily required to have passed in Maths. at a School Certif. or equivalent examn.

Admission to Advanced Standing.—Subject to a minimum attendance in this Univ. of 2 yrs., members of other Univs. requiring residence as a condition of graduation may be permitted to count their studies and examns. (other than the Final examn.) therein towards graduation in Leeds.

LIVERPOOL. Candidates for the B.A. are required to have attained the standard represented by a mark of credit in the School Certif. Examn. in Latin or Greek or, in approved instances, another classical language.

Engineering. Students are recommended to pass in Maths. (with the paper in Additional Maths.) and in Physics and Chem. In the second examn. qualifying for admission to courses for the degree, viz., the Higher School Certif. Examn. at the subsidiary standard, it is important that the subjects of examn. should include Pure Maths. and two of the following: Applied Maths., Physics, Chem.

MANCHESTER. Students entering for the following degree courses must have reached the credit standard in a School Certif. examn. in the subjects named or give evidence of having attained an equivalent standard: 1. Hons. Schools in *Arts* (save Archit., Pol. and Mod. Hist., Mod. Hist. with Econ. and Pol., Philos., Psychology, Geog. and Semitic Studies)—Latin (*or* Greek in case of Hons. Schools of English or German *or* Maths. in case of Hons. School of Maths.), unless prepared to devote 4 yrs. to the course. Students entering Hons. course in Combined Subjects must satisfy this reguln. if it applies to the Hons. course in either of the two subjects combined. The requirement of Latin may be waived in certain cases of students where entry has been deferred by war service or conditions. 2. *Science*—Maths. 3. *Law*—Latin. 4. *Medicine*—Maths., Chem., Physics, and one of Latin or Greek, or French or German. (The requirement of Chem. and Phys. is not imposed on holders of Higher School Certificates.) 5. *Dentistry*—Maths., Chem., Phys. (see note to *Med.* above). 6. *Technology*—Maths.

SHEFFIELD. *Arts.*—Candidates for the Intermediate Examn. who propose to offer a language or languages in which they have not passed in the recognized qualifying examn. for entry upon a degree course, must before admission to full Intermediate Courses satisfy the Heads of the Depts. concerned that their knowledge of the language or languages is sufficient for them to profit by the course in the subject or subjects. This regulation applies also to Music. Candidates who have passed with credit in either Latin or French in the School Certif. Examn. may be admitted to the full Intermediate Course in Spanish without any

previous knowledge of that language. The course for beginners in Greek is recognized as a full Intermediate course in certain circumstances.

Law students must have qualified in Latin.

Engineering students should present Maths. and include Mechanics or Physics or Chemistry.

Metallurgy students should present Maths., Physics, and Chemistry.

BRISTOL

The University holds no Matriculation Examn. but recognizes the exempting examns. set forth below as qualifying for matricn., provided that the following requirements of the several Faculties are fulfilled :

Students intending to pursue a course for a degree in the Faculty of Arts must pass with credit in either Latin or Greek ; for B.A. in Commerce they must pass with credit in a modern foreign language and in either Maths. or a Classical language ; in the Faculties of Science, Medicine or Engineering must pass with credit in Maths. ; in the Faculty of Law must pass with credit in Latin or give evidence of such proficiency in Latin as may be satisfactory to Senate.

Exempting Examinations

(1) Three times a year in London, and twice a year in certain Provincial centres, the University holds a Matriculation Examn. open to all persons of 16 years of age and upwards. To pass, a candidate must at one and the same examn. satisfy the examiners in English, Elementary Maths., and 3 of the following : (a) Latin, (b) Greek, (c) Botany, (d) Chem., (e) Heat, Light, and Sound, (f) Mech., (g) Elect. and Magnetism, (h) Physics, (j) Biol., (k) Zool., (l) General Science, (m) Additional General Science, (n) Geol., (o) French, (p) German, (q) Spanish, (r) Italian, (s) Russian, (t) Welsh, (u) New Testament Greek, (v) any other approved language, (w) History—Roman, or Greek, or English, or European, or of the British Empire, (x) Geog., (y) Logic, (z) Drawing—geometrical and mechanical, (aa) Maths.—more advanced, (bb) Music—theory, (cc) Econ., (dd) Religious Knowledge, (ee) English Lit. One of the 14 subjects (a) to (t) must be included, except in the case of certain Asiatic or African students or Jewish students (resident in Palestine), who may be permitted to offer one of the following in this section : Arabic, Chinese, Classical Hebrew, Pali, Persian, Sanskrit, Classical Syriac ; and one of the subjects offered must be a lang. other than English. Candidates may present two special Oriental langs. under certain conditions. At the Intermediate Examn. in Arts it is compulsory to offer (a) or (b), whether taken at the Matricn. examn. or not. Law students are advised to offer (a) and English History.

This examn. may also be held in any of the British Dominions or Colonies, and certain Protectorates and Mandated Territories, and at centres outside the Empire, upon the application of His Majesty's Representative in the countries concerned.

(2) The Examinations for School Certificates are held only in Schools or under approved inspection ; the course of study in the school must also be approved. The examns. are of 2 grades : I. Higher, for the Higher School Certif., and II. General, for the General School Certif. The examn. fees are £3, Higher ; £2 : 5s, General. At the General candidates may qualify for exemption from Matricn., and at the Higher for exemption from Interm. Examns. (Arts, Sci., Comm., Econ., Engin., First Medical), extra fees being payable. The combination of subjects that may be taken at the General School examn. offers greater variety than is the case in the Matricn. examn., and a pupil who reaches the necessary standard at one and the same examn. in a combination required for Matricn. is entitled on payment of the registration fee of

£2 : 2s. to be registered as a Matriculated student of the Univ., if or when he has attained the prescribed age. A candidate who obtains a General School Certif. but fails to reach Matricn. standard at that Examn. may still qualify for Matricn. if he afterwards obtains a Higher School Certif.

(3) The Special University Entrance Examination is open to :— I. Persons aged 19 yrs. or over holding (a) Certifs. of Matricn. in Colonial, Dominion, Indian, or foreign Univs., or (b) School or other Certifs. obtained abroad which in the opinion of the Principal indicate a standard equivalent in their own country to that required for matricn in this Univ. II. Persons over 23 yrs. of age.* The Examn. is usually held in March, May, Sept. and Dec. and consists of 4 or 5 subjects, of which English and either Maths. or Logic are compulsory. English-speaking candidates are required to offer a lang. other than English. No candidate is admissible unless it is his *bona fide* intention to proceed to a degree or diploma in the Univ. All candidates must attend in London for both the written part (which lasts 2 days) and the oral part of the examn. No syllabus is published. The fee is 3 gs.

As a war measure the Senate have decided that a student who has already taken the Matriculation Examn. and failed to pass *in one subject only* may be allowed to offer that subject alone at a subsequent Matriculation Examn. The same concession is allowed in the case of a candidate who has obtained four of the necessary five credits in the School Certificate Examn.

Full information regarding all these examns. may be obtained from the Secretary, Matriculation and School Examinations Council, University of London, Senate House, London, W.C.1.

Exempting Qualifications

The regns. relating to exemption from the Matricn. Examn. have been amended so that any School Certif. together with any Higher School Certif., obtained in or after 1937, of the following approved Examining Bodies will be accepted for the purpose of exemption from Matricn.: Bristol Univ., Cambridge Local Examns. Syndicate, Central Welsh Bd., Durham Univ., Joint Matriculation Board, Oxford Local Examns. Delegacy, Oxford & Cambridge Schools Examn. Bd.

The introduction of these regns. does not exclude the existing regn. which permits a candidate to qualify for Matricn. at the School Certif. Examn. providing he obtains the necessary credits required under the regns.

OXFORD

Admission to the Univ. ("Matriculation") is without respect of sex, age, nationality, or creed, and follows upon admission to a Society, *i.e.* a College or Hall or Society. No one can become a member of the Univ. unless he first becomes a member of one of these Societies. An application for admission must therefore be addressed, not to any officer of the Univ., but to the proper officer of the Society to which admission is desired, *e.g.* Balliol—The Tutor for Admissions; St. Catherine's Society—The Rev. the Censor; in other cases—The head of the Society. (*See* Colleges, etc. under Oxford Univ.) It should be made, if possible, a year or more before residence is contemplated, especially if rooms within the College are desired. Except for certain classes of persons the passing of an entrance examn. is a condition of admission to matricn.

The Colleges and Halls and Societies require certain qualifications of character and intellectual attainment in which the passing of *Responsions* or some equivalent examn. is necessarily included.

Responsions comprises: I. (a) Latin, (b) Greek; II. (a) Holy Scripture, (b) English, (c) French, (d) German, (e) Italian, (f) Spanish; III. (a) Maths., (b) Natural Science. To pass, a candidate must have satisfied the examiners *either* in both subjects from Group I. and in both subjects from Group III., *or* in at least one from each group and in 4 subjects in all; he must also have passed in 2 languages other than English, and either have passed in all 4 subjects at one examn. (in which case special merit in one or more subjects may compensate for comparative weakness in any one) or in 3 at one examn. and in a fourth at a subsequent examn. Candidates who have been engaged on approved war service for not less than 6 mths., and who were born on or before Dec. 31, 1928, are only required to pass in 3 of the 4 subjects specified.

Exempting Examinations

Great Britain and Ireland, etc.—Exemption may be obtained :

A. By persons accepted for admission as Service Students or Imperial Forest Service Students or Special Students or Senior Students, or as candidates for the degree of B.C.L. under certain conditions, or as Advanced Students, or as candidates for the Degree of B.Litt. or of B.Sc., or who hold a degree at another Univ., such degree and such Univ. having been approved by the Hebdomadal Council, or as Students of Mature Years recommended by the Delegates for Extra-mural Studies under certain conditions. Exemption may also be claimed by anyone who has pursued a course of study extending over 2 yrs. at a Univ. approved for Senior Status, provided that the applicant has passed all examns. incidental to his course at that Univ. and has submitted a certif. of satisfactory progress signed by a competent authority of that Univ. ; and provided further that the required course of study at an Asiatic Univ. has included the study of English and has been pursued subsequently to the Intermed. Examn. or to the corresponding stage at a Univ. which does not hold an Intermed. Examn.

B. Subject, *inter alia*, to passing in 2 of the languages, Latin, Greek, French, German, Italian, Spanish, of which either Latin or Greek shall be one, persons who have passed a School or Higher School Certificate Examn. (7, 8, 9, 10, 11, 12, 13, or 14) or gained a class in the Final Senior Freshman Examn. of Dublin or a Certificate of Fitness granted by the Scottish Universities Entrance Board, or passed any of the examns. numbered 2, 3, 4, 5, 6, 15, 17, or the Intermediate Arts or higher examn. of Birmingham, Durham, Leeds, Liverpool, London, Manchester, Sheffield, or Bristol.

Dominions and Colonies—Exemption may be granted to any person who has obtained (1) a certificate of having passed either (a) the Matriculation Examn. of the Joint Board of the South African Universities, or b) the Secondary School Certificate Examn. of the Education Dept. of the Transvaal or Secondary School Senior Certif. Examn. of the Dept. of Education of the Cape Province, provided that it shows that he has passed in two of the languages, Latin, Greek, French, German, Italian, Spanish, of which Latin or Greek must be one ; or

(2) A certificate or certificates of having passed one of the following, provided he has satisfied the examiners in two of the said languages, of which Latin or Greek must be one :

An examn. or examns. conducted by a Univ. or other public Educational Authority in the Dominions of Canada or New Zealand or in the Commonwealth of Australia which satisfy the requirements for entrance to a Univ. in the said Dominions or Commonwealth, such Univ. having been approved by the Hebdomadal Council for the purposes of Senior Status ;

The School Leaving Certif. Examn. of the Orange Free State if the holder is thereby qualified for exemption from the Matricn. Examn. of the Joint Board of the South African Univs. ;

Univ. of Malta Matriculation ;

Univ. of Hong-Kong Matriculation Examn.

India—See A above.

Palestine—Exemption will be granted to any Palestinian student provided that he holds the Matricn. Certif. of the Palestine Board of Higher Studies, showing that he passed with credit in English (Syllabus A), either Arabic or Hebrew (Syllabus A), and in one of the languages, Latin, Greek, French, German (Syllabus B)

Foreign Students—Exemption may be granted to any person who has obtained a certificate or certificates qualifying him for admission to a univ. in Austria, Belgium, Czecho-Slovakia, Denmark, Finland, France, Germany, Holland, Hungary, Italy, Norway, Poland, Sweden, Switzerland, or Yugoslavia, or a Certificate of Part I. of the Baccalauréat de l'Enseignement Secondaire in France, provided it shows that he has satisfied the examiners in either Latin or Greek.

Natives of Asia and parts of Africa, not being of European or American parentage, can apply for permission to offer a substitute for Latin or Greek in Responsions.

A Candidate who has been engaged on approved war service for not less than six mos., and who was born on or before Dec 31, 1928, can claim exemption from Responsions if he has obtained, under the conditions specified in the statute: (a) a School Certif. showing that he has passed with credit in 3 of the 4 subjects therein specified, or (b) a Certif., Higher Certif., Higher School Certif., or Matricn. Certif. showing that he has passed in one of the languages therein specified, or obtained a Certif. not included in (a) and (b) above which would, with the addition of one subject or language, qualify him for exemption from Responsions.

Admission to Privileged Standing: "Senior Status."

The following may be admitted to the status and privileges of a Senior Student:

(1) Any person who has obtained a Degree at another Univ., such Degree and such Univ. having been approved by the Hebdomadal Council,* provided that he shall have pursued a course of study extending over 3 yrs. at the least at a Univ. or Univs. so approved, or, should the Hebdomadal Council in his case approve, partly at a Univ. so approved and partly at another or other Univs.

(2) Any person who, having been a student at a Univ. in a European country, where there is no Degree in any way equivalent to that of Bachelor of Arts but where there are State or Univ. examns. at approximately the same stage as the examns. for the Degree of Bachelor of Arts, has passed such State or Univ. examn., such examn. and such Univ. having been approved by the Hebdomadal Council, provided that he shall have pursued a course of study extending over 3 yrs. at the least at a Univ. or Univs. so approved.

(3) Any person who has obtained a Degree at another Univ. and has also been selected to come to Oxford by some Body approved, for the purposes of this Section by the Hebdomadal Council.

(4) Any person who, though not eligible under sub-clause (1) or (2)

* The Hebdomadal Council will not approve any Degree of an Indian Univ. under this clause unless the course of study leading to it has extended to 3 yrs. subsequently to the Intermed. Examn. In most cases a First Class is required either in B.A. Honours or B.Sc. Honours or M.A. or M.Sc.

or (3), has satisfied the Hebdomadal Council that he is particularly well qualified to be admitted as a Senior Student.

(5) Any medical student of a Univ. in the British Dominions or Colonies or in Gt. Britain and Northern Ireland may be admitted to the status and privileges of a Senior Student ; provided that the Univ. shall have been approved by the Hebdomadal Council and that he shall have pursued at that Univ., or, should the Hebdomadal Council in his case so approve, at more than one Univ., for at least 3 yrs. a course of study leading to a degree in Medicine and shall have passed all examns. incidental to that portion of the course.

A Senior Student : (a) may reckon his 1st term as his 4th ; (b) is not required to pass Responsions or any part of the 1st Public Examn. ; (c) is entitled to supplicate for the Degree of B.A. after having kept statutable residence for 6 terms, and having (i.) obtained a place in the Class List of an Honour School of the 2nd Public Examn., or been allowed "aegrotat," or, if disqualified by standing from obtaining Honours, shown such merit as would otherwise have entitled him to a place in the Class List ; or (ii.) satisfied the Examiners in the 2nd Public Examn. in the Final Honour School of Nat. Sci. in Chem., Pt. I.

No Senior Student will be entitled to supplicate for the Degree of B.A. except as above.

Incorporation. Admission of members of the Univs. of Cambridge and Dublin to incorporation. See p. 300.

The University holds no Matriculation Examination.

Exempting Examinations

Matriculation, minimum age 17, is open to :

(a) Graduates of Univs. in the United Kingdom or other approved Univs.
(b) Persons who have passed or obtained exemption from Nos. 3 or 6, or have satisfied the conditions for such exemption.

(c) Ordinarily persons who hold 7 (b), 8 (b), 9 (b), 10 (b), 11 (b), 12 (b), 13, 14 (b) and who have at one and the same examn. obtained passes with credit in five subjects including (i) English, (ii) *either* Maths. or Latin or Greek, (iii) three other subjects. Persons offering Maths. under (ii) must include an ancient or modern foreign language under (iii). (Until further notice passes with credit in four subjects obtained at one examn. and one pass with credit at another examn. may be accepted.)

(d) Persons who, being at least 23 years of age, have passed a special examn. held by the Univ. "for approved candidates of mature years." In exceptional circumstances the Senate may accept other evidence of previous education and attainments.

WALES

The Matriculation Examn., the passing of which is a condition of matriculation for students of the constituent Colleges who have not passed an equivalent examn., is held at each of these Colleges and at certain approved Adult Schools about the end of Jan. and the end of June each year. The subjects are (a) English, (b) Welsh Lang. and Lit.,

(c) Latin, (d) Greek, (e) New Testament Greek, (f) Welsh, (g) French, German or other approved language, (h) History, (i) Scripture, (j) Music, (k) Art, (l) Geography, (m) Economics, (n) Maths., (o) Mechanics, (p) Physics, (q) Chemistry, (r) Botany, (s) Biology, (t) Geology, (u) Practical Plane and Solid Geometry, (v) General Science, (w) Agricultural Science. A candidate must pass at one and the same examn. in 5 subjects, including (a) or (b), one of (c), (d), (e), (n); and at least in one language in addition to English or Welsh Lang. and Lit., and either (n) or (l), or one of (o) to (w). No candidate may offer more than one of (i), (j), (k) or both (b) and (f), or both (d) and (e), or both (e) and (i), or both (r) and (s), or both (l) and (t), or both (v) and (w). A candidate who wishes to offer Economics must offer (n), or one of the subjects (o) to (w). A candidate who wishes to offer either General Science or Agricultural Science may not offer one of the subjects (o) to (u).

Exempting Examinations

Great Britain and Ireland—Nos. 3, 6, 7 (b), 8 (b), 10 (b), 11 (b), 12 (b), 13, 14 (b), 15 (Higher Grade), 16, 17, 19, 20, 21, 22.

Note. The certificates of candidates desiring exemption must in general comply with the conditions of exemption in force at the time of the award of the certificate.

Dominions and Foreign—Candidates who have qualified by examn. for a degree of an approved Univ. or College, or have passed the Matricn. examn. of the South African Univs. or of the Swiss Univs., or of the Palestine Board of Higher Studies (Syllabus A), or of the Univ. of Hong-Kong, or of the Royal Norwegian Ministry of Church and Education, or the secondary school certif. examn. of the Transvaal or Cape Province Education Dept., or the Egyptian Secondary Education Certificate Examn. Part II., in the subjects required by the Univ. matricn. regulations, or, if certified by a constituent Coll. as possessing sufficient knowledge of English to profit by a degree scheme of study, the Intermediate Examn. in Arts or Sci. of an approved Indian Univ., or, if certified by the Iraqi Ministry of Education as fitted for a course of study, the Iraqi Baccalauréat examn., may matriculate without further examn.

Special Exemptions

Candidates of 23 or more years of age after a written and *viva voce* examn. conducted by a constituent College may be exempted on the recommendation of the constituent College.

Candidates of not less than 20 years of age who have been full-time pupils of an approved adult school during not less than 2 yrs. may pass the matricn. examn. in 4 subjects provided they satisfy the authorities of the adult school in a fifth subject.

Candidates for Diplomas of the constituent Colleges who are not less than 20 yrs. of age and who have been for at least 1 yr. full-time students at a constituent Coll. may pass the matricn. examn. in 4 subjects provided that they satisfy the Coll. in a fifth subject.

Special Regulations for entrance to the Faculty of Medicine

No candidate for the degrees of M.B., B.Ch. will be accepted unless he has passed, prior to admission, the matriculation examn. or an examn.

recognized by the Univ. of Wales as equivalent thereto and has passed the matriculation or equivalent examn. in two of the following subjects, of which one shall be either *Physics or Chemistry*, viz.—Physics, Chem., Bot., Zool. and Biol. This regulation will not apply to persons holding a degree of a British Univ.

No candidate is accepted for admission to the Depts. of the *Second Year* of the medical course until he has pursued and completed by examn. at one and the same time, the four first-year courses. This regulation may, however, be relaxed at the discretion of the Joint Academic Committee of University College, Cardiff, in certain cases where only *one* of the four first-year courses named above is outstanding.

SCOTTISH UNIVERSITIES

*Qualifications for admission to degree courses in Scottish Universities **

[Note.—These qualifications will be revised upwards from 1 Feb. 1949.]

I. Scottish Education Dept.'s Senior Leaving Certificate showing passes (including at least two on the Higher Standard) in at least 4 of the following subjects: (i) English (including History, Higher or Lower, or Geography, Higher or Lower); (ii) Maths., Dynamics, Physical Sci.; (iii) Latin, Greek, French, German, Italian, Spanish, Gaelic; (iv) Nat. Sci., Applied Sci., Art, Music, provided (a) the passes must include English (with History or Geography) and one from each of the groups (ii) and (iii); (b) unless they include three on the higher standard the Certificate must show either (1) passes in Latin (or Greek) and in Maths., or (2) a pass on the Higher Standard in Latin (or Greek) or in Maths., and all the four passes must be in subjects taken from groups (i), (ii), and (iii); but the Board will accept a pass in Higher Nat. Sci. as one of the four passes.

II. Preliminary Examination under the Entrance Board in 4 subjects selected from the following, including at least one from each of the first 3 groups: (i) English (including History and Geography); (ii) Maths., Physical Sci., Dynamics; (iii) as under Clause I., or other approved language; (iv) Nat. Sci. (any 2 of Chem., Bot., Zool.). At least two of the subjects selected must be passed on the Higher Standard; and if a candidate has passed on the Higher Standard in two subjects only he must have passed in Latin (or Greek) and Maths. on the Lower Standard or (a) in Latin (or Greek) on the Higher Standard or (b) Maths. on the Higher Standard. Examns. held March and August.

III. The holder of a degree obtained otherwise than *honoris causa tantum* in any British or foreign Univ. is exempt from the Prelim. Examination.

* Emergency Regulations were issued by the Scottish Universities Entrance Board in November 1939 with the approval of the University Courts of the four Scottish Universities. These Regulations, subject to any amendments which may be found necessary, provide for the granting of concessions to applicants who served in H.M. Forces or were otherwise engaged on National Service during the war.

Exempting Examinations

Great Britain and Northern Ireland—School Certificate Examns. conducted under the auspices of the Univs. of Oxford and Cambridge and other English Univs., the Matriculation Examn. of London Univ., the Matriculation Examn. of the Univ. of Wales and Northern Ireland Secondary School Examn. Senior Certificate are accepted as exempting from the Prelim. Examn. under certain conditions, particulars of which may be obtained from the Secretary, Scottish Universities Entrance Board, Westerlea, Kennedy Gardens, St. Andrews.

Dominions and Colonies—Candidates from the British Dominions or Colonies may be exempted from the Preliminary Examn. if they can produce a certif. from the Registrar of a Univ. in their own country, showing that they have qualified for admission to his Univ. by passing on standards acceptable to the Board examns. in English, a language other than English, and in Maths. or Science, and have satisfied the full entrance requirements of his Univ. for entrance on a course leading to a degree in Arts or Pure Science.

India—Students from India are admitted subject to the condition that they have obtained a first class in the Intermediate Examn. in Arts or Science in a recognized Indian Univ., and have at some stage of their course passed in English and Maths. or Science.

Burma—Students from Burma must have passed the Intermediate Examn. of the Univ. of Rangoon and have passed at some stage of their course in English, Maths. or Science, and a language other than English.

Palestine—The Matriculation Certificate of the Dept. of Education of the Government of Palestine will be accepted provided the candidate has *inter alia* passed with credit in English according to Syllabus A, and has obtained a pass with distinction in one subject at least and passes with credit in three other subjects, one of which may be English.

The Intermediate Examn. for the Arts and Sci. Diploma of the Palestine Board of Higher Studies will be accepted provided passes have been obtained in English, a language other than English, and Maths. or Science.

Foreign—Certifs. entitling the holder to enter upon a regular course of study leading to a degree in Arts, or Pure Sci., in any of the Univs. or Colls. approved by the Assocn. of American Univs. (see Appendix III.) are recognized for exemption from the Prelim. examn.

In general, a Certificate such as would be sufficient to admit the holder to a course leading to a degree in Arts, Pure Science or Law in a University in his own country will be accepted as exempting from the Prelim. Examn. provided the Certificate shows that the applicant has obtained passes of an approved standard in English, a language other than English, and Maths. or Science. Candidates whose native language is other than English may, however, be required to pass a Special Examn. in English at the Prelim. Examn.

N.B.—In each Univ. the Senatus may for any particular class, attendance on which for a specified period is necessary in order to qualify for graduation, determine the conditions of admission to such qualifying attendance.

Full information as to the regulations for examinations and for exemptions can be obtained from the Secretary, Scottish Universities Entrance Board, Westerlea, Kennedy Gardens, St. Andrews.

Exemption from Courses in Medicine and Surgery

Subject to certain conditions 3 yrs. or 9 terms of medical study may be spent in attendance on courses of instruction in the subjects of the curriculum at any Univ. of the U.K., or at such Dominion, Indian, Colonial or foreign Univ., or at such medical schools, or under such teachers as may be recognized for the purpose.

Special Regulations for Entrance to Classes

Aberdeen. In the case of Greek, Hebrew, Arabic, Syriac, and Mathematics, a student shall be admitted to attendance on the classes qualifying for graduation if he has the subject of the class as one of the subjects either of his Group Leaving Certificate or of the University Preliminary Examination. Where a student desires to attend a course qualifying for graduation and does not satisfy the above condition, he shall inform the Secretary to the University of Aberdeen not later than one week before the commencement of the class, and a written examination or other test will be provided to determine his fitness to attend the class.

Edinburgh. Certain preliminary passes are required for entrance to certain classes. If a student intends to take a curriculum containing a class which requires a special qualification, it is desirable that he should have included this qualification in his Leaving Certif. (or its equivalent), but failing this he may take the subject in the Univ. Preliminary Examn.

Preliminary Qualifications Necessary for Attendance at Certain Classes

Arts and Commerce. Ordinary classes in Latin, Greek, French, German, Italian, Spanish, Celtic.—A pass in the lang. on the higher standard in the Leaving Certif., or some equivalent evidence of proficiency.

Second Ordinary, Intermediate Honours, and Honours Classes in English, and Interim. and Hons. Classes in French, Italian, Spanish—A pass in Latin on at least the lower standard in the Leaving Certif. (on the higher for Hons. English), or some equivalent evidence of proficiency.

Sanskrit—A knowledge of the Devanagari characters and the mode of transcription described in Perry's *Sanskrit Primer*.

Hebrew.—A knowledge of Hebrew grammar (as in Davidson's *Introductory Hebrew Grammar*), and ability to read simple prose, such as the Book of Ruth or the narratives of Genesis.

Arabic.—A knowledge of Arabic grammar, and ability to read a simple Arabic text.

Music.—A pass in Music in the Leaving Certif., or some equivalent evidence of proficiency. A pass in a qualifying examn. held in March and September consisting of one written paper and an oral and practical test.

Maths., 1st Ordinary, and Natural Philos., 1st Ordinary—for students not proposing to go beyond first ordinary classes a pass in Lower Maths. in the Leaving Certificate, or some equivalent evidence of proficiency.

Maths., Second Course; Hons. Maths. and Natural Philos.; Technical Maths.; Mathematical Physics and Natural Philos.—for students proceeding beyond the first ordinary classes a pass in higher Maths. in the Scottish Leaving Certificate, or some equivalent evidence of proficiency.

Meteorology.—An elementary knowledge of mechanics, general physics and heat.

Astronomy.—A knowledge of Maths. as represented by the first ordinary course in Maths., and of Dynamics as represented by the Preliminary Examn.

Chemistry.—A pass in an Admission Examn., unless the student has a pass in Physical Sci. (incl. Chem.) in the Leaving Certif., or other evidence of proficiency accepted as equivalent.

The Ordinary Classes in Ancient (Gk. and Roman) Hist., Ecclesiastical Hist. and Roman Law, and Hons. Classes in British Hist., Constitutional Law and Const Hist., and Scottish Hist.—A pass in Latin on at least the lower standard of the Leaving Certif., or some equivalent evidence of proficiency.

Accounting and Business Method.—A pass in an Admission Examn. in Book-keeping (L. C. Cropper, *Book-keeping and Accounts*, pp. 1-132), or evidence of a sufficient practical training in an office or otherwise.

Science. Maths., Technical Maths., Physics (Nat. Philos.), Chem., Astronomy.—As for Arts. In Biological curricula Maths. on the lower standard may be accepted.

Engineering.—A pass in Higher Maths. and in Physical Science (Physics and Chem.) in the Leaving Certif. (or its equivalent).

As Maths. or Physics is a class included in most curricula for the Ordinary degree in the Dept. of Pure Sci. it is desirable that Higher Maths. should be included in the Leaving Certif. (or its equivalent).

Similarly, Tech. Maths. or Physics is included in the curriculum for a degree in the Depts. of Engin., Mining, Tech. Chem., Agric. and Forestry.

Law. Civil Law.—A pass in Lower Latin in the Leaving Certif. or some evidence of a sufficient knowledge of the language.

Medicine. A student before commencing the study of Med. must have passed an examn. in General Knowledge recognized by the Entrance Board.* Prospective students are advised to include elementary Physics and Chem. in their School or Pre-University studies †

Recognition of Institutions Outside the United Kingdom

Arts. Undergraduates who have attended courses in another Univ. may apply for exemption from one (not the Final) yr. of the course for M.A. or for B.Com., and from attendance on classes in two subjects. Graduates of another Univ. may apply for exemption from examination as well as attendance. Each application will be considered on its merits.

Science. Certain courses (first year only) may be taken in other

* Any student holding a certif. admitting him to an English, Irish or Welsh Univ. will be exempted by the Entrance Bd. from Examn. (1).

† Applications for exemption should be addressed to the Dean of the Faculty of Medicine.

Univs. or institutions approved by the University Court. The Higher School Certif. is not regarded as qualifying for exemption.

Law. The Arts degree of certain approved Colonial, Indian and American Univs. is recognized for admission to the LL.B. course. Two of the three yrs.' study for LL.B. may be taken at one of the following recognized institutions: the Univs. of Oxford, Cambridge and Dublin; the Inns of Court; the Madras Law School; the Maharaja's Law College, Trivandrum; Ripon College, Calcutta; Univ. of Rangoon; McGill Univ.; University College and King's College, London; the Colls. and Univs. approved by the Association of American Universities. The exemption granted is only in respect of attendance at classes, not of examination.

Medicine. Recognition may be given to courses taken in the first two yrs. of the curriculum at any Univ. of the United Kingdom or at such Indian, Colonial or foreign Univ. or Coll., or under such teachers as may be recognized by the University Court.

Glasgow. Faculty of Arts.

- (a) Ordinary Classes of Humanity, Greek, French, German, Italian, Spanish, Russian, Celtic, Arabic; Senior Class of Hebrew.
- (b) Ordinary Classes of Mathematics, Natural Philosophy and Astronomy.

Attendance on any of these classes shall not, except as hereinafter provided, qualify for graduation unless before admission to the class the student has produced evidence that he has passed in the subject of the class (for (b) in Maths.) on the Higher Standard (where different grades exist) in the Leaving Certificate or the Preliminary Examination or on the corresponding standard in another examination recognized as equivalent; but a student not so qualified, if for special reasons he has been admitted to any of these classes by the Head of the Department concerned and has passed in the subject of the class (for (b) in Maths.) on the Higher Standard in the Spring Preliminary Examination of the same academic year, may make application to the Senatus for the recognition of such pass, and, if such recognition is granted, his attendance and class record will be allowed to qualify for graduation.

- (c) Intermediate Classes of Humanity, Greek, French, German, Italian, Spanish, Arabic; Higher Classes of English, Russian, Celtic, Hebrew, Logic, Moral Philosophy, Political Economy, History, Scottish History, Constitutional History, Mathematics, Natural Philosophy, Geography, Music; Classes of Roman History, Greek History, English Language, Political Philosophy and Social Economics.

Attendance on any of these classes shall not qualify for graduation on the Higher Standard unless before admission to the class the student has obtained a pass on the Ordinary Standard in the subject in which he is taking a Double Course.

- (d) Higher Classes of English, French, German, Italian, Spanish, Hebrew, History, Constitutional History; Honours Classes of English, French, German, Italian, Spanish, Celtic, History, Scottish History and Literature.

Attendance on any of these classes shall not normally qualify for graduation unless before admission to the class the student has produced evidence that he has passed in Latin or Greek on the Higher or the Lower Standard in the Leaving Certificate or the Preliminary Examination or in another examination recognized as equivalent; but the Faculty of Arts shall have the power to accept in lieu of such a pass such other evidence of proficiency in the subject concerned as it may deem equivalent.

(e) Honours Class of Hebrew.

Attendance on this class shall not normally qualify for graduation in Arts unless before admission to the class the student has produced evidence that he has passed in Greek on the Higher or on the Lower Standard in the Leaving Certificate or the Preliminary Examination or in another examination recognized as equivalent, or that he has diligently attended a non-qualifying class in Greek; but the Head of the Department shall have power to accept such other evidence of proficiency in Greek as he may deem equivalent. Each case in which this power has been exercised shall be reported to the Faculty of Arts and the admission of a student under this provision shall be subject to confirmation by that Faculty.

(f) Ordinary Class of Music.

Attendance on this class shall not normally qualify for graduation unless before admission to the class the student has either (a) produced evidence that he has passed in Music on the Higher Standard in the Leaving Certificate Examination, or (b) attended the Elementary Class and satisfactorily performed the class work; but the Head of the Department shall have power to accept such other evidence of proficiency in Music as he may deem equivalent. Each case in which this power has been exercised shall be reported to the Faculty of Arts, and the admission of a student under this provision shall be subject to confirmation by that Faculty.

Faculty of Science.

(1) Ordinary Classes of Mathematics, Natural Philosophy and Astronomy.

Attendance on any of these classes shall not, except as hereinafter provided, qualify for graduation unless before admission to the class the student has produced evidence that he has passed in Mathematics on the Higher Standard in the Leaving Certificate or the Preliminary Examination or on the corresponding standard in another examination recognized as equivalent; but a student not so qualified, if for special reasons he has been admitted to any of these classes by the Head of the Department concerned and has passed in Mathematics on the Higher Standard in the Spring Preliminary Examination of the same academic year, may make application to the Senatus for the recognition of such pass, and, if such recognition is granted, his attendance and class record will be allowed to qualify for graduation.

(2) Classes in Double-course Subjects.

Attendance on any of these classes shall not qualify for graduation on the Higher (Double-course) Standard unless before admission to the

class the student has passed on the Ordinary (Single-course) Standard in the same subject.

(3) Before presenting themselves for examination in a Double-course subject candidates must have attended at least two qualifying courses in that subject. One of these courses must be a higher course and all courses in any subject except Mathematics must include practical or laboratory work.

(4) A qualifying course in any subject shall normally extend over three terms, but the Senatus, with the approval of the University Court, may sanction partial courses of not less than one term's duration, and two or three such partial courses shall be held to be equivalent to a full normal course in such cases as the Senatus, with the approval of the University Court, may determine and under such rules as may from time to time be made for that purpose.

Faculty of Engineering.

(1) Mathematics (1st Course) and Mathematics (2nd Course).

These classes may not be taken in the same academic year except by express permission of the Faculty of Engineering.

(2) Mathematics (1st Course) and Applied Physics (Ordinary).

Attendance on these classes shall not normally qualify for graduation in Engineering unless before admission to the class the student has produced evidence that in the Leaving Certificate or the Preliminary Examination, or in another examination recognized as equivalent, he has passed in Mathematics on the Higher Standard, or that he has diligently attended a non-qualifying course in Mathematics; but the Head of each of the Departments concerned shall have power to accept such other evidence of proficiency in Mathematics as he may deem equivalent.

St. Andrews. In the Faculty of Arts, students who propose to attend a graduating course in Latin or Greek, or Hebrew, or French, or German, or Italian, must produce evidence of having passed the Leaving Certificate Examn. in the language on the Higher Standard or some equivalent qualification, or must (in the case of Latin, Greek and Hebrew) have attended a Junior Class in the Univ. and duly performed the work of that class for one session. Students who wish to attend a graduating course in Maths, Applied Maths., or Nat. Philos. must show that they have passed the Leaving Certif. in Maths. on the Higher Standard or obtained some equivalent qualification. For a graduating course in Chem, candidates who have not passed in Higher Chem. may be required by the Professor to pass an examn. before beginning the course.

In the Faculty of Science, the above rules apply to the classes of Maths., Applied Maths., Nat. Phil. and Chemistry.

BELFAST

The Matriculation Examn. comprises English, Mathematics, and 3 of the following: (a) Greek, (b) Latin, (c) French, (d) German, (e) Italian, (f) Spanish, (g) Modern History, (h) Physics or Mechanics,

(*j*) Geog., (*k*) Chem., (*l*) Bot., (*m*) for Faculties of Arts, Economics, Applied Science, and Technology—Celtic, (*n*) for Science, Medicine, or Applied Science or Technology—Mechanical Drawing; for Economics—(*o*) Elementary Economics, and (*p*) Accounting; for Faculty of Arts—(*q*) Music. For Arts, Science, or Medicine one language other than English must be taken, for Economics—French or German or Spanish; for Applied Science or Technology—one of the languages (*a*)-(*f*)—Higher standard required in Maths. than in other Faculties; for Faculty of Law—Higher standard required in English, History and Latin. Candidates for Faculty of Arts may, under certain conditions, take Latin or Greek instead of Maths. In School of Civil Engin. of the Faculty of Science a higher standard is required in Maths. than in other Faculties.

A candidate who has passed in at least 3 subjects, but failed to pass the examn. as a whole, is allowed to complete his matricn. at the next subsequent examn.

Exempting Examinations

Candidates who have passed any of the following examns. are admitted as matriculated students, provided that if they have not passed in all the subjects required by the Univ. for matriculation in the respective faculties they shall be required to pass in the additional subjects at one and the same Matricn. Examn.

Great Britain and Ireland—A. 1, 2, 3, 4, 5, 6, 8 (*a*),* 8 (*b*),* 9 (*a*),* 9 (*b*),* 10 (*a*),* 10 (*b*)* (provided in the case of 8 (*b*), 9 (*b*) and 10 (*b*) that at the same or any separate examns. the candidate has passed in 5 subjects recognized by the Univ. for matriculation and obtained credit in at least four), 11 (*b*), 12 (*b*), 13, 15 (subject to certain conditions), 16, 17, 19, 20.

B. Graduation examn. of a British Univ.

Dominions—The Matricn. Examn. of the Joint Matriculation Board of the Univs. of South Africa; the Matricn. Examn. of the Univ. of New Zealand; the Matricn. Examn. of the Univ. of Hong Kong

The Secondary School Certificate of the Transvaal Education Dept provided that the student has passed in the subjects required by the faculty he desires to enter and that he has passed with credit in at least 3 of these subjects.

India—The Intermediate Examn. of the following Indian Univs.: Aligarh, Allahabad, Benares, Bombay, Calcutta, Delhi, Lucknow, Madras, Mysore, Nagpur, Patna. The examns. of the High School and Intermediate Board, Allahabad.

APPENDIX III

POSTGRADUATE SCHOLARSHIPS, ETC., AND GRANTS
FOR ADVANCED STUDY AND RESEARCH TENABLE
IN THE UNITED KINGDOM AND IRELAND

The scope of this Appendix is limited to awards tenable at Universities or institutions of equivalent status in the United Kingdom and Ireland. Information about certain special monetary prizes and about a few of the more important travelling Fellowships tenable overseas by British graduates is, however, included in a separate section at the end of the Appendix.

To facilitate prompt reference by prospective applicants, the principal classification on the score of eligibility into which each award falls has been indicated as follows :

- * open to graduates of United Kingdom Univs. ;
- † open to graduates of British Univs. overseas ;
- ‡ open to graduates of Univs. outside the British Commonwealth.

The field of eligibility is more precisely defined in the paragraph of information following each title. An award which is only open to the graduates of the Univ. announcing it, is not included in this Appendix, but reference to it may be found under the heading " Scholarships " in the section of the *Yearbook* relating to that Univ.

The list of awards in this Appendix is arranged in order of subject as follows :

1. General (the subject being optional or there being a large field of choice).
2. Agriculture, Veterinary Science, etc.
3. Applied Science and Technology.
4. Arts (General).
5. Arts (Special Subjects).

Anthropology.	Mathematics.

THE CHARTERED SURVEYORS' INSTITUTION, 12 Great George St., London, S.W.1. *Travelling Scholarships* at present in abeyance pending a general review of educational policy.

2. AGRICULTURE, VETERINARY SCIENCE, ETC.

* † ‡ AGRICULTURAL RESEARCH COUNCIL, 6A Dean's Yard, Westminster, London, S.W.1. At present, up to twenty-five awards for post-graduate training in scientific subjects bearing on research into the problems of agriculture and animal health are offered to *British subjects*. The object of these awards is to enable students to obtain postgraduate training, either in some aspect of science not adequately covered in their degree curricula, or in the methods of research in subjects with which they have already been concerned. The training provided in this way, usually at Univ. Departments or Research Institutions in Great Britain, although primarily directed to research, is also suitable for those who wish to obtain certain specialized appointments in the Agricultural Advisory Services.

Three types of award are offered:

(i) *Training grants*, intended primarily to enable students who graduate with honours in Science or have an equivalent qualification and holders of a veterinary qualification, to undergo a course of training prescribed by the Council in some aspect of science bearing on the investigation of agricultural problems, e.g. a zoologist may require training in genetics or a veterinarian in physiology. In these circumstances the course of studies will not, as a rule, be such as to make it possible for the holder of an award to qualify at the same time for a higher degree (Ph.D.). The awards are tenable for a period up to 3 yrs. and are renewable annually, either as training grants or studentships (see under (iii)). An opportunity of study abroad for part of the period will be given so far as circumstances allow.

(ii) *Veterinary training grants*, tenable for not more than 4 yrs. and intended to enable graduates with Honours in Science to obtain a veterinary professional qualification with a view to undertaking research into problems of animal health.

(iii) *Research Studentships*, tenable for a period of up to 3 yrs. and open to those who graduate with Honours in Science, or hold an equivalent qualification, and to holders of a veterinary qualification, to enable them to gain research experience through the study of some specific problem under suitable supervision. Considerable latitude in the choice of subject will be allowed, but in selecting candidates the Council will have regard to the need for workers in particular basic

sciences of importance to agricultural research. So far as the programme of study admits, the holders of these awards will be allowed to register for a higher degree. Study abroad will only be possible in suitable circumstances.

The maintenance allowance to be granted for the three types of award varies from £260 to £300 per annum, according to the place and circumstances in which the award is held. The awards are free of income tax. In addition to the maintenance allowance, fees compulsorily incurred and approved expenses and maintenance while abroad will be paid, together with a sum not exceeding £10 for essential text-books. For male candidates who are already married there may be additional allowances.

Applications must be submitted by a senior member of the candidate's Department *not later than May 15*, and, in respect of Research Studentships, should indicate that the study to be pursued can be undertaken in the Department sponsoring the application. Provisional applications can be made on behalf of candidates who have not yet been informed of the result of or who have not yet sat their final examination.

Senior Fellowships Awards can also be made to enable more senior workers to widen their experience, or to gain proficiency in new techniques where this is desirable in the interests of agricultural research. There is no formal scheme for these awards. Those interested should enquire of the Secretary of the Council.

Special research grants for specific investigations are made by the Council direct to Universities, Research Institutes and other recognized bodies. In exceptional circumstances assistance from this source to individual experimental research workers would be considered.

* † COLONIAL OFFICE. (1) About 25 *Probationerships*, usually tenable for two years, will be awarded annually until further notice for General Agriculture and Agricultural Research. The value of these awards may vary but will not be less than £260 plus tuition fees, examination fees, passages and certain other expenses. Candidates should hold a degree in Natural Science, preferably with Honours, or in Agriculture. The holders normally spend 1 yr. at a Univ. or similar institution in Great Britain and 1 yr. at the Imperial College of Tropical Agriculture, Trinidad. On satisfactory completion of his course a scholar is normally offered a post in the Colonial Agricultural Service.

* † (ii) A few *Probationerships* in Veterinary Science will be awarded annually until further notice, for periods from 1 to 4 yrs. Value will not be less than £300 per annum, which is intended to include payment of tuition fees, etc. Candidates should normally hold a Science degree of a British Univ. or the Diploma of the Royal College of Veterinary Surgeons or a Veterinary qualification approved by the Secretary of State and granted in one of the self-governing Dominions. On completion of training holders are normally appointed to the Colonial Veterinary Service.

Further information obtainable from Director of Recruitment (Colonial Service), Sanctuary Buildings, Great Smith Street, London, S.W. 1.

* EMPIRE COTTON GROWING CORPORATION, 1A Harrington Road, London, S.W.7. The Corporation from time to time offer postgraduate scholarships to provide opportunities for advanced study or additional training in research methods in such subjects as plant breeding, entomology, genetics, etc. These scholarships are normally tenable for either 1 or 2 yrs. at some selected Univ. or scientific institution. The award of a scholarship does not guarantee subsequent appointment to the staff of the Corporation, although this is the usual method of recruitment.

The financial provisions of the scholarships are the same as those applicable to the scholarships in Agriculture offered by the Colonial Office.

* † LONDON UNIV : WYE COLL. *May and Baker Research Fellowship*, £400 p.a., renewable for a maximum period of 3 yrs., tenable in the Department of Physical Sciences. Open to graduates of Univs in Gt. 10. FISHERIES

* † ‡ DEVELOPMENT COMMISSIONERS, 6A Dean's Yard, Westminster, London, S.W. 1. *Postgraduate Training Grants in Fishery Research*, tenable from Oct. 1, 1948, are offered in association with the Ministry of Agriculture and Fisheries and the Scottish Home Department.

These Grants are intended to enable selected candidates to undergo a specified course of training to fit them for the investigation of problems in marine or freshwater science. The course of training will not, as a rule, be such as to make it possible for the holder of an award to qualify at the same time for a higher degree (Ph.D.). The awards do not carry with them any guarantee of subsequent employment in connexion with fishery research, nor do they entail any obligation to accept such employment; but the training which students will receive should fit them for employment either in the Fishery Research Services of the Ministry of Agriculture and Fisheries and the Scottish Home Department or in a Marine or Freshwater Biological Research Institute.

Applications, to be submitted by a senior member of the candidate's Department in the Univ., should be received by the Development Commission *not later than* June 1. Provisional applications may be made on behalf of candidates who have not yet sat their final examination or who have not yet been informed of the result thereof.

The number of Training Grants to be awarded in 1948 will probably not exceed five. Both men and women are eligible to apply, although women are unsuitable for employment in the marine research services of the Ministry of Agriculture and Fisheries and the Scottish Home Department, which involve sea-going duties. Opportunities for the employment of women may arise, however, in certain of the Marine or Freshwater Biological Institutes.

Candidates must be *British* subjects and graduates with Honours in Science of a Univ. or possess equivalent qualifications.

The value of the Training Grant will depend on the centre at which training is undertaken, but will not normally be less than £260 nor exceed £300 per annum, free of Income Tax. An additional allowance will be made in respect of Univ. fees, etc., compulsorily incurred, and an allowance not exceeding £10 in all for the purchase of approved text-books will also be granted. The Training Grants will be tenable for from 1 to 3 yrs. and will be renewable annually. In some circumstances there may be special allowances for male students who are married.

Forms of application and copies of the Regulations governing the awards may be obtained from the Secretary, Development Commission.

The Commissioners are also prepared to consider applications for additional grants for temporary assistants and for apparatus, etc., to enable members of the staff of a Marine Institution to prosecute special lines of inquiry.

* LIVERPOOL UNIV. *Herdman Scholarship* in Marine Zoology, value £200 for 1 yr., renewable for 2nd yr. Open to grads. of Liverpool or any other U.K. Univ. qualified to carry on research at the Univ. and at the Port Erin or other Biological Station. Applications to the Dean of the Fac. of Science not later than first day of Summer Term.

* **THE DEPARTMENT OF SCIENTIFIC AND INDUSTRIAL RESEARCH**, Park House, 24 Rutland Gate, London, S.W. 7, makes grants to research workers, engaged mainly in Univs. and Colls., under the following headings. (a) *Maintenance allowances* to students to enable them to undergo training in research; (b) *Senior Research Awards* (strictly limited in number) to enable young investigators of exceptional promise and proved capacity to devote their whole time to original research; (c) *Grants* to investigators of acknowledged standing to enable them to develop lines of research of exceptional timeliness and promise.

The scheme of grants to research workers and students is designed to meet the need for a larger number of trained scientific investigators for industrial research and for Government research, and is intended to supplement existing provision for postgraduate research. The grants are restricted in all cases to British subjects resident in Great Britain. Full particulars are given in the pamphlet, *Notes on Grants Awarded by the Department of Scientific and Industrial Research to Research Workers and Students*, obtainable from H.M. Stationery Office, York House, Kingsway, London, W.C.2, price 3d.

* † ‡ THE LADY TATA MEMORIAL TRUST. Founded by the late Sir Dorabji Tata of Bombay as a memorial to his wife, the late Lady Tata. Provision is made for the award of research scholarships, prizes, or grants. The Trustees are advised by a Scientific Advisory Committee having its headquarters in London and by an Indian Committee in Bombay. One-fifth of the net annual income is earmarked for the encouragement of scientific research by Indians in India or abroad, and the rest is to be used to assist research on diseases of the blood, with special reference to leukaemia : the assistance may take the form of grants, scholarships, or prizes, and the awards are open to persons of any nationality and in any country. Further particulars about the international awards may be obtained from the Secretary of the Scientific Advisory Committee of the Trust, 38 Old Queen Street, London, S.W.1. Candidates for the special awards to Indians should apply direct to the Secretary of the Trust, Bombay House, Bruce Street, Fort, Bombay.

* † ‡ LEEDS UNIV. (i) *Henry Ellison Senior Fellowships* for the promotion of research in pure and applied Chemistry and in Physics in the Univ., £300 p.a., normally tenable for 1 yr. Open to graduates of any Univ.

* † ‡ LONDON UNIV. (i) *Dixon Fund for assisting Scientific Investigations*. Income available for grants—about £250. Applications receivable by the Academic Registrar (from whom further particulars can be obtained) not later than March 31, July 31 and Nov. 30 in each year. Full information required as to nature and objects of research proposed, estimated amount required (detailed estimate to be given), any previous grant received for same object, any apparatus of permanent value needed. Names of two referees to be given. Grants are made from the fund three times yearly by the Senate for purchase primarily of apparatus and materials of a special nature to be used in scientific investigation. Instruments and specimens of permanent value purchased out of grants to be returned to the Univ. Published results of researches must contain a reference to the Fund, and 2 copies be supplied to the Univ. Preference given to applicants who are graduates of the Univ. or who undertake to work in a Dept. or School of the Univ. or other Instn. connected therewith.

* † (ii) *Keddey Fletcher-Warr Studentships* for Postgraduate Research in Science to be conducted in the British Isles or other approved place. Value not less than £200 p.a. for 3 yrs., renewable. Open to men and women of European descent who are graduates of some British Univ. or have qualified for such graduation, but preference is given, other things being equal, to a graduate of London of small or no private means. Awardable from time to time as notified in the public press.

* † THE ROYAL COMMISSION FOR THE EXHIBITION OF 1851 offers : (i) *Science Research Scholarships for Overseas Universities* (10), to enable selected students who have already completed a full Univ. course and given sufficient evidence of capacity for scientific investigations to devote themselves for 2 yrs. to research work under conditions most likely to equip them for practical service in the scientific life of the Empire. Value, £350 p.a., with supplements in certain cases. Tenable ordinarily for 2 yrs., and in exceptional cases for 3 yrs., at any institution approved by the Commrs., but not, except in very special circumstances, in the country in which the scholar has received his scientific education ; open to British subjects of age (except in very special circumstances) under 26 years. At present 10 (Canada 3, Australia 2, S. Africa, N.Z., Eire, and India and Pakistan, 1 each) are offered annually ; recommendations receivable (Eire, India and Pakistan, May 1) (Australia, N.Z., South Africa, Canada, June 1) from the following Univs. : Alb., B.C., Dal., Mc.G., Mani., Queen's (Ont.), Sask., Tor., and any of the Univs. of Australia, N.Z., S. Africa, India and Pakistan possessing postgraduate departments of science. A Scholar is not permitted to hold any position of emolument likely to conflict with the devotion of his whole time to the objects of the Scholarship, nor to accept any additional emoluments without the previous consent of the Commrs. Women are eligible on equal terms.

* (ii) *Senior Studentships* (4), each of £500 p.a. with supplements in certain cases, for 2 yrs. or, in special cases, for 3 yrs. ; open to British subjects not (except in very special circumstances) more than 30 yrs. of age, on recommendation, receivable up to May 1, by Profs. and Heads of Depts. through the executive authorities of such Univ. and other Institutions as may be invited by the Commrs. to nominate ; tenable at any Institn. at home or abroad approved by the Commrs. The student is not permitted to undertake any work likely to conflict with the devotion of his whole time to the objects of the studentship, but a limited amount of time may, with the approval of the Commrs., be spent in delivering an advanced course of lectures. He is not debarred from holding another position of emolument, but in such cases the Commrs. may modify the value of the studentship. Women are eligible on equal terms.

UNIVERSITIES OF THE UNITED STATES OF AMERICA

Students in this country intending to study in the United States are advised to apply to the American Library, United States Information Service, 33 Davies Street, London W.1. The Institute of International Education, 2 West 45th Street, New York City, has published a handbook for foreign students, entitled *Meet the U.S.A.* This booklet, which was written by a foreign student, contains a great deal of general information about the history and customs of this country as well as specific information about higher educn. in the United States. The book includes a list of all the accredited colls. and univs in the United States with indication of the fields of study in which they specialize. Copies of the handbook are available for consultation at American Consulates and Embassies throughout the world. Cost 60 cents. A useful publication is *A Guide to Colleges, Universities, and Professional Schools in the United States*, edited by Carter V. Good, published by the American Council on Education, 1945, \$5.00. This volume was prepared especially for returned service men and women. Another useful publication is *American Universities and Colleges*, published by the American Council on Education, 744 Jackson Place, Washington 6, D.C. The fifth edition of this book, revised, will be brought out in 1948. Cost \$4.00. Pt. I. is devoted to a general explanation of the organization and operation of higher education, and includes a special chapter on the foreign student in the United States; Pt. II. gives separate statements of the individual colleges and universities, arranged alphabetically.

EXPENSES. Annual tuition fees range from a maximum of about \$600 in the large Eastern universities to a minimum of about \$75 in the State universities and small colleges of the Middle West. Living costs vary according to the size of the college or university, and the size of the town in which it is located. In general, living expenses in the South are a little less than in the Middle West, and in the Middle West a little less than in the West and East. The cost of an academic year of nine months may be reckoned at about \$2000 in the most expensive places, and \$1000 in the least expensive. Transportation costs about 2.5 cents a mile plus 15 per cent tax, at night, 3.5 cents plus 15 per cent tax and Pullman accommodation.

INTERNATIONAL HOUSE, Riverside Drive, New York City, opened Sept. 1924, is a residential club for over 500 foreign and American students. Similar houses have been opened at the Univ. of California and at the Univ. of Chicago. The requisite funds for building these three International Houses were provided by John D. Rockefeller, Jr. The following three International Houses have been more recently founded and receive financial aid either from civic or private sources: **INTERNATIONAL HOUSE OF PHILADELPHIA**, Pennsylvania; **INTER-**

NATIONAL STUDENT HOUSE, 1708 New Hampshire Ave., N W. Washington, D.C.; INTERNATIONAL CENTER, University of Michigan, Ann Arbor; INTERNATIONAL STUDENT ASSOCIATION, Cambridge, Mass. (Mr. and Mrs. Lawrence Mead).

SCHOLARSHIPS. Information as to American University and College Scholarships for British students may be obtained from the Institute of International Education, 2 West 45th Street, New York City.

AMERICAN DEGREES (non-professional). The following notes are based on a Report presented by a Committee of the American Council on Education to the French Ministry of Public Instruction. The American Colleges, both those which are independent institutions and the colleges of liberal arts within Universities, award the A.B. or B.S. degree to students who complete a 4 years' course. Ordinarily the student at the time of admission to the college is about 18 years of age and has completed a 4 years' course in a secondary school. A considerable portion of his work at college belongs, however, to what in European countries is called secondary education. A peculiarity of the American system of grading, both in secondary and in higher institutions, is the weight attached to the length of time spent under instruction, a degree being attainable by gradual accumulation of a specified number of "credits" (certificates of definite periods of time spent successfully under instruction), which thus largely replace the examinations used in other countries for testing the student's capacity at various intervals. The college graduate who aspires to the degree of A.M. or M.S. proceeds to the Graduate School of a University (the professional schools of first grade prefer and in some cases require graduate standing for admission), and there pursues his studies, either general or, if aiming at a subsequent doctorate, specialized, for one year. The Ph.D. requirements are ordinarily "3 years of resident study, beyond the baccalaureate, the presentation of a thesis embodying the results of original research, and the passing of a comprehensive examination testing the candidate's knowledge of his chosen field of learning."

The Report points out that higher education in the U.S.A. is largely autonomous, there being no control by the Federal Government and little control by the political authorities of any State. Such standardization as has been effected has come through the voluntary efforts of groups of institutions having similar ideals and purposes. Conspicuous among these is the Association of American Universities.

The following 32 American Univs. of complex organization, usually with graduate schools and certain professional and technological schools, are members with voting privileges of the Association:

Brown, California Institute of Technology, California, Catholic Univ. of America, Chicago, Clark, Columbia (including Teachers' Coll.), Cornell, Duke, Harvard, Illinois, Indiana, State Univ. of Iowa, Johns Hopkins, Kansas, Massachusetts Institute of Technology, Michigan, Minnesota, Missouri, Nebraska, North Carolina, Northwestern, Ohio State Univ., Pennsylvania, Princeton, Rochester, Stanford, Texas, Univ. of Virginia, Washington (Missouri), Wisconsin, Yale. The Canadian Univs. McGill and Toronto are also included in its membership.

In addition there are many educnl. organizations of the first rank which are accredited by the Assn.

Of the 1650 Universities, Colleges, Junior Colleges and Professional Schools which made returns to the United States Office of Education for 1943-44, 589 were under public and 1061 under private control. There were enrolled in that year 877,517 civilian students, of whom 308,914 were men and 568,603 were women (military students numbering 270,034 men and 7721 women, or 277,755 in all, are not included in these figures). Of the total number of students in schools of arts and sciences 610,617 were listed as undergraduates and 28,117 as graduates. Professional Schools enrolled 489,243 undergraduates and 31,114 graduates. Of these, law students numbered 7345; medical 28,346; dental 10,270; theological 14,912; pharmacy 4384, engineering 112,749

BRITISH INFORMATION SERVICES (formerly the British Library of Information, founded in 1919), 30 Rockefeller Plaza, New York, 20, N.Y. (Reference Division, Press and Radio Division, Films Division, General Division). B.I.S. is a part of the Foreign Office foreign information services. It has a library of official documents, British newspapers and periodicals, and books dealing with every aspect of British life, policy, history, etc., and these are available for inter-library loan as well as for study in the B.I.S. reading room. It answers enquiries on British affairs, and publishes information papers, pamphlets, and periodicals. Special sections deal with information on Colonial (but not Dominions) affairs. The Films Division has a collection of British Government films for hire or sale. The Press and Radio Division does not compete with commercial news-agencies, but supplies background material not available elsewhere. Speakers and exhibitions are provided for clubs, schools, universities and other organizations. B.I.S. is the agency in the United States for His Majesty's Stationery Office. It has branch offices in Washington (907 15th Street, N.W.), Chicago (360 North Michigan Avenue), and San Francisco (391 Sutter Street). *Controller*—G. D'Arcy Edmondson, O.B.E.

A BRITISH-AMERICAN ASSOCIATION OF PHI BETA KAPPA (founded 1776—a society of American University scholars of distinction) was formed in England in 1924 under the presidency of Lord Balfour.

ADMISSION TO BRITISH UNIVERSITIES. Information as to the conditions of admission of American students to British Universities will be found in Appendix I.

APPENDIX VI

ANGLO-AMERICAN RELATIONS

PROFESSORSHIPS

GEORGE WATSON LECTURESHIP. Founded by Sir W. G. Watson, Bt., who presented £20,000 for the purpose on the occasion of the return of the Prince of Wales from his American tour. Each year's course usually comprises about 6 lectures by an eminent authority, American or British. The courses are given in the various British Univs. in rotation. A general Inaugural Lecture was given in London by the late Viscount Bryce, O.M., in July 1921. This and some subsequent lectures have been published in England by the Cambridge Univ. Press. Lecturer, 1940. Sir Frederick Whyte, K.C.S.I. *Subject.* "Foreign Relations of the United States" During the war years the late Sir Percy Alden gave lectures on American history in a number of schools throughout the country; it is hoped to resume the normal lectures in 1948. The Foundation is administered by the Sulgrave Manor Board. All communications should be addressed to the Secretary (H. Gough, B.Sc. Econ.) at 37 Charles St., Berkeley Sq., London, W.1. Tel. Mayfair 7400, ext. 20.

GEORGE EASTMAN VISITING PROFESSORSHIP, tenable at Oxford Univ. The holder shall be, at the time of his election, a citizen of the U.S.A., eminent in teaching or research, and he shall give instruction in the subject of study in respect of which he is appointed. Appointment—not less than 1 nor more than 5 yrs., but re-eligible. 1946–47—Vacant. 1948—Prof. L. Pauling, M.A. (Director of California Institute of Technology, Pasadena).

HAROLD VYVYAN HARMSWORTH PROFESSORSHIP OF AMERICAN HISTORY, tenable at Oxford Univ. The Prof. shall be, at the time of his election, a citizen of the U.S.A. Appointment—not less than 1 nor more than 5 yrs. from date of election, but re-eligible. Salary, £1450 p.a. Present appointment: D. M. Potter, M.A. (Yale Univ.).

COMMONWEALTH FUND PROFESSORSHIP OF AMERICAN HISTORY, tenable at the Univ. of London, University College. The Commonwealth Fund of New York appropriated a sum of \$214,500 in 1929 to endow a Department of American History at University College, London, including a professorship and assistants. Present holder: Prof. H. Hale Bellot, M.A. Ox. A sum of £4991 was raised in London and New York, the income of which is available for the library of American History at the College and the library on the same subject at the Institute of Historical Research, University of London, Senate House, London, W.C.1.

The American Universities are constantly inviting distinguished British scholars to lecture on British history and institutions, so that the need for the establishment of special foundations for the purpose has not been felt in the United States.
